NOTE duration: "00:01:01.603"

NOTE Confidence: 0.95745504

00:00:00.160 --> 00:00:01.280 I pride myself in being

NOTE Confidence: 0.95745504

00:00:01.280 --> 00:00:02.960 a general plastic and reconstructive

NOTE Confidence: 0.95745504

00:00:02.960 --> 00:00:04.319 surgeon. About fifty percent of

NOTE Confidence: 0.95745504

00:00:04.319 --> 00:00:05.759 my clinical practice is breast

NOTE Confidence: 0.95745504

00:00:05.759 --> 00:00:06.259 reconstruction.

NOTE Confidence: 0.9741206

00:00:06.559 --> 00:00:07.520 The other half of my

NOTE Confidence: 0.9741206

00:00:07.520 --> 00:00:09.519 practice is body contouring. So

NOTE Confidence: 0.9741206

00:00:09.519 --> 00:00:11.440 that includes breast reduction surgery.

NOTE Confidence: 0.9741206

00:00:11.440 --> 00:00:12.179 That includes

NOTE Confidence: 0.9492359

00:00:12.644 --> 00:00:14.804 post bariatric body contouring surgery.

NOTE Confidence: 0.9492359

00:00:14.804 --> 00:00:16.324 So patients who've had massive

NOTE Confidence: 0.9492359

00:00:16.324 --> 00:00:17.364 weight loss and they have

NOTE Confidence: 0.9492359

00:00:17.364 --> 00:00:18.265 excess skin,

NOTE Confidence: 0.96453583

00:00:18.805 --> 00:00:20.564 and irritation and challenges with

NOTE Confidence: 0.96453583

00:00:20.564 --> 00:00:22.165 that. I genuinely believe that
NOTE Confidence: 0.96453583

00:00:22.165 --> 00:00:22.965 I've got the best job
NOTE Confidence: 0.96453583

00:00:22.965 --> 00:00:24.085 in the world. Restoring form
NOTE Confidence: 0.96453583

00:00:24.085 --> 00:00:25.224 and function is,
NOTE Confidence: 0.83186084

00:00:25.845 --> 00:00:26.985 a a privilege.
NOTE Confidence: 0.9563866

00:00:27.300 --> 00:00:28.900 So as a reconstructive surgeon,
NOTE Confidence: 0.9563866

00:00:28.900 --> 00:00:30.259 obviously, we are bringing things
NOTE Confidence: 0.9563866

00:00:30.259 --> 00:00:31.640 back that they had previously
NOTE Confidence: 0.96301544

00:00:32.100 --> 00:00:34.100 either lost through trauma or
NOTE Confidence: 0.96301544

00:00:34.100 --> 00:00:36.500 cancer or we are making
NOTE Confidence: 0.96301544

00:00:36.500 --> 00:00:38.199 things better. We are enhancing
NOTE Confidence: 0.9807313

00:00:38.739 --> 00:00:40.360 a challenge that they've either
NOTE Confidence: 0.9807313

00:00:40.420 --> 00:00:41.780 dealt with for many years
NOTE Confidence: 0.9807313

00:00:41.780 --> 00:00:42.935 or even a week. I
NOTE Confidence: 0.9807313

00:00:42.935 --> 00:00:44.135 get to move the field
NOTE Confidence: 0.9807313

00:00:44.135 --> 00:00:45.655 forward with my pen as

NOTE Confidence: 0.9807313

00:00:45.655 --> 00:00:46.855 it pertains to my research

NOTE Confidence: 0.9807313

00:00:46.855 --> 00:00:47.975 endeavors. I get to move

NOTE Confidence: 0.9807313

00:00:47.975 --> 00:00:49.095 the field forward as far

NOTE Confidence: 0.9807313

00:00:49.095 --> 00:00:50.135 as how I go about

NOTE Confidence: 0.9807313

00:00:50.135 --> 00:00:51.495 educating the next generation of

NOTE Confidence: 0.9807313

00:00:51.495 --> 00:00:52.855 physicians and I think I

NOTE Confidence: 0.9807313

00:00:52.855 --> 00:00:53.735 get to carry out the

NOTE Confidence: 0.9807313

00:00:53.735 --> 00:00:54.475 most paramount

NOTE Confidence: 0.9156195

00:00:55.015 --> 00:00:56.235 and pinnacle of care.
