

WEBVTT

NOTE duration: "00:54:25.578"

NOTE Confidence: 0.8214753

00:00:00.080 --> 00:00:01.120 Zoom, you like blurring, just

NOTE Confidence: 0.8214753

00:00:01.120 --> 00:00:02.340 make sure that's back on.

NOTE Confidence: 0.84898263

00:00:02.800 --> 00:00:04.420 And welcome to noon conference.

NOTE Confidence: 0.90828156

00:00:04.880 --> 00:00:06.319 We'll start hi. I'm Carrie

NOTE Confidence: 0.90828156

00:00:06.319 --> 00:00:06.819 Gross.

NOTE Confidence: 0.80389833

00:00:08.320 --> 00:00:08.820 Today,

NOTE Confidence: 0.98254275

00:00:09.200 --> 00:00:10.820 here's our CME code.

NOTE Confidence: 0.99688107

00:00:14.045 --> 00:00:14.545 Upcoming

NOTE Confidence: 0.9958322

00:00:15.325 --> 00:00:15.825 retreats

NOTE Confidence: 0.97755456

00:00:16.125 --> 00:00:17.505 with a special

NOTE Confidence: 0.976494

00:00:19.005 --> 00:00:20.445 upcoming one. This is only

NOTE Confidence: 0.976494

00:00:20.445 --> 00:00:21.564 a few weeks away now.

NOTE Confidence: 0.976494

00:00:21.564 --> 00:00:22.945 It's the research and scholarship

NOTE Confidence: 0.976494

00:00:23.085 --> 00:00:23.585 retreat.

NOTE Confidence: 0.93385154

00:00:24.045 --> 00:00:25.005 We sent out a few
NOTE Confidence: 0.93385154

00:00:25.005 --> 00:00:25.965 emails and,
NOTE Confidence: 0.96941566

00:00:26.605 --> 00:00:28.365 Outlook invites and such, but,
NOTE Confidence: 0.96941566

00:00:28.840 --> 00:00:29.720 we already have a very
NOTE Confidence: 0.96941566

00:00:29.720 --> 00:00:29.960 good,
NOTE Confidence: 0.9795928

00:00:30.680 --> 00:00:32.059 response as far as attendance.
NOTE Confidence: 0.9795928

00:00:32.280 --> 00:00:33.560 And we're looking for folks
NOTE Confidence: 0.9795928

00:00:33.560 --> 00:00:34.300 who wanted
NOTE Confidence: 0.98493284

00:00:34.840 --> 00:00:36.620 to get feedback on abstracts
NOTE Confidence: 0.98493284

00:00:36.920 --> 00:00:37.420 or
NOTE Confidence: 0.99831575

00:00:38.040 --> 00:00:39.900 research ideas, grant ideas,
NOTE Confidence: 0.9857955

00:00:40.520 --> 00:00:41.640 things that are in progress.
NOTE Confidence: 0.9857955

00:00:41.640 --> 00:00:43.260 So anyone who wants to,
NOTE Confidence: 0.99984074

00:00:44.040 --> 00:00:44.540 present
NOTE Confidence: 0.9453721

00:00:44.865 --> 00:00:45.365 verbally,
NOTE Confidence: 0.94779205

00:00:45.745 --> 00:00:47.345 and get feedback or share

NOTE Confidence: 0.94779205
00:00:47.345 --> 00:00:48.805 an abstract for a workshopping,
NOTE Confidence: 0.98775905
00:00:49.505 --> 00:00:50.465 please let us know,
NOTE Confidence: 0.99707377
00:00:51.104 --> 00:00:52.325 as far as the retreat.
NOTE Confidence: 0.96041346
00:00:54.864 --> 00:00:55.364 Okay.
NOTE Confidence: 0.98574334
00:00:57.320 --> 00:00:58.120 This is the,
NOTE Confidence: 0.9271574
00:00:58.840 --> 00:00:59.500 the FDAC,
NOTE Confidence: 0.9854065
00:01:00.520 --> 00:01:01.020 process.
NOTE Confidence: 0.96405864
00:01:01.720 --> 00:01:03.000 So, I guess I'll I'm
NOTE Confidence: 0.96405864
00:01:03.000 --> 00:01:03.880 supposed to walk you through
NOTE Confidence: 0.96405864
00:01:03.880 --> 00:01:04.120 this.
NOTE Confidence: 0.9959354
00:01:04.760 --> 00:01:06.540 The idea is, it
NOTE Confidence: 0.9987283
00:01:06.920 --> 00:01:08.280 just launched a couple of
NOTE Confidence: 0.9987283
00:01:08.280 --> 00:01:09.015 weeks ago.
NOTE Confidence: 0.98896694
00:01:09.415 --> 00:01:10.375 As you know, this is
NOTE Confidence: 0.98896694
00:01:10.375 --> 00:01:11.975 the opportunity for everyone to
NOTE Confidence: 0.98896694

00:01:11.975 --> 00:01:13.755 get feedback working with their,
NOTE Confidence: 0.9861315

00:01:14.135 --> 00:01:15.415 their mentors and also getting
NOTE Confidence: 0.9861315

00:01:15.415 --> 00:01:17.354 feedback eventually from senior faculty.
NOTE Confidence: 0.98423404

00:01:17.735 --> 00:01:19.095 So the first step, is
NOTE Confidence: 0.98423404

00:01:19.095 --> 00:01:20.795 to complete your FDAC form
NOTE Confidence: 0.8816196

00:01:21.920 --> 00:01:23.520 within we have plenty of
NOTE Confidence: 0.8816196

00:01:23.520 --> 00:01:24.819 time. So by February,
NOTE Confidence: 0.80299807

00:01:25.200 --> 00:01:25.700 please,
NOTE Confidence: 0.9851358

00:01:26.079 --> 00:01:27.119 fill out your form and
NOTE Confidence: 0.9851358

00:01:27.119 --> 00:01:28.560 submit it. Then you will
NOTE Confidence: 0.9851358

00:01:28.560 --> 00:01:28.880 meet
NOTE Confidence: 0.99334997

00:01:30.000 --> 00:01:30.880 you don't have plenty of
NOTE Confidence: 0.99334997

00:01:30.880 --> 00:01:31.840 time. You do not have
NOTE Confidence: 0.99334997

00:01:31.840 --> 00:01:32.740 plenty of time.
NOTE Confidence: 0.97429127

00:01:33.920 --> 00:01:34.959 You have plenty of time.
NOTE Confidence: 0.97429127

00:01:34.959 --> 00:01:36.025 Let me rephrase that. You

NOTE Confidence: 0.97429127
00:01:36.025 --> 00:01:37.405 have plenty of time today
NOTE Confidence: 0.7590216
00:01:38.265 --> 00:01:39.465 to complete your F DAC
NOTE Confidence: 0.7590216
00:01:39.465 --> 00:01:39.965 form,
NOTE Confidence: 0.9450917
00:01:40.744 --> 00:01:41.405 and then,
NOTE Confidence: 0.906275
00:01:42.744 --> 00:01:44.104 meet with your mentor. So
NOTE Confidence: 0.906275
00:01:44.104 --> 00:01:45.064 actually, it's something that always
NOTE Confidence: 0.906275
00:01:45.064 --> 00:01:45.965 causes confusion.
NOTE Confidence: 0.99428886
00:01:46.265 --> 00:01:47.064 Confusion is,
NOTE Confidence: 0.90257424
00:01:48.710 --> 00:01:49.590 who you're meeting with and
NOTE Confidence: 0.90257424
00:01:49.590 --> 00:01:50.549 when. So you submit your
NOTE Confidence: 0.90257424
00:01:50.549 --> 00:01:51.990 f tag form. You meet
NOTE Confidence: 0.90257424
00:01:51.990 --> 00:01:52.890 with your mentor,
NOTE Confidence: 0.9609404
00:01:53.270 --> 00:01:54.390 who is someone who is
NOTE Confidence: 0.9609404
00:01:54.390 --> 00:01:56.250 a faculty member in the
NOTE Confidence: 0.9609404
00:01:56.310 --> 00:01:57.049 in the section.
NOTE Confidence: 0.99895495

00:01:57.990 --> 00:01:59.130 After that meeting,
NOTE Confidence: 0.93099374

00:01:59.430 --> 00:02:00.765 we have these spring
NOTE Confidence: 0.99523467

00:02:01.965 --> 00:02:03.505 senior faculty meetings,
NOTE Confidence: 0.97516644

00:02:04.205 --> 00:02:05.645 where we, go through and
NOTE Confidence: 0.97516644

00:02:05.645 --> 00:02:07.325 talk about each of the
NOTE Confidence: 0.97516644

00:02:07.325 --> 00:02:09.485 faculty and, people raise suggestions
NOTE Confidence: 0.97516644

00:02:09.485 --> 00:02:10.365 about who they should be
NOTE Confidence: 0.97516644

00:02:10.365 --> 00:02:11.565 meeting with or just other
NOTE Confidence: 0.97516644

00:02:11.565 --> 00:02:13.105 general career advice suggestions.
NOTE Confidence: 0.9951529

00:02:13.485 --> 00:02:15.240 After those meetings, then you
NOTE Confidence: 0.9951529

00:02:15.240 --> 00:02:15.860 will have
NOTE Confidence: 0.9976753

00:02:16.240 --> 00:02:16.820 a section
NOTE Confidence: 0.9976858

00:02:17.600 --> 00:02:18.100 leader
NOTE Confidence: 0.9460067

00:02:18.400 --> 00:02:20.400 designee, Patrick or some other
NOTE Confidence: 0.9460067

00:02:20.400 --> 00:02:21.440 vice chief or someone else
NOTE Confidence: 0.9460067

00:02:21.440 --> 00:02:22.419 within the section,

NOTE Confidence: 0.9510216

00:02:22.960 --> 00:02:24.080 that you'll be meeting with.

NOTE Confidence: 0.9510216

00:02:24.080 --> 00:02:25.200 So first, you meet with

NOTE Confidence: 0.9510216

00:02:25.200 --> 00:02:26.020 your mentor.

NOTE Confidence: 0.90782875

00:02:26.320 --> 00:02:27.300 That's, like, in,

NOTE Confidence: 0.96109873

00:02:28.235 --> 00:02:30.635 February, early March. Then later

NOTE Confidence: 0.96109873

00:02:30.635 --> 00:02:31.675 in the spring, you'll meet

NOTE Confidence: 0.96109873

00:02:31.675 --> 00:02:33.275 with another, leader within the

NOTE Confidence: 0.96109873

00:02:33.275 --> 00:02:33.775 section.

NOTE Confidence: 0.97647005

00:02:34.555 --> 00:02:36.235 And then FDAC is closed

NOTE Confidence: 0.97647005

00:02:36.235 --> 00:02:37.514 out. It's all good. But

NOTE Confidence: 0.97647005

00:02:37.514 --> 00:02:38.415 it's an important,

NOTE Confidence: 0.9740692

00:02:39.595 --> 00:02:40.555 process just to make sure

NOTE Confidence: 0.9740692

00:02:40.555 --> 00:02:41.915 everyone's getting getting some good

NOTE Confidence: 0.9740692

00:02:41.915 --> 00:02:42.415 feedback.

NOTE Confidence: 0.8566445

00:02:45.049 --> 00:02:45.549 Upcoming,

NOTE Confidence: 0.949289

00:02:46.650 --> 00:02:48.430 grand rounds. So next week,
NOTE Confidence: 0.9638952

00:02:48.730 --> 00:02:49.709 Sachin Majumdar
NOTE Confidence: 0.9964458

00:02:50.090 --> 00:02:50.829 is presenting
NOTE Confidence: 0.8731648

00:02:51.530 --> 00:02:52.969 a medicine general medicine grand
NOTE Confidence: 0.8731648

00:02:52.969 --> 00:02:54.889 rounds, the evaluation and management
NOTE Confidence: 0.8731648

00:02:54.889 --> 00:02:56.030 of thyroid nodules.
NOTE Confidence: 0.8716585

00:02:56.409 --> 00:02:57.689 And then Joe Dhanra will
NOTE Confidence: 0.8716585

00:02:57.689 --> 00:02:58.909 be, here
NOTE Confidence: 0.99149626

00:02:59.345 --> 00:03:00.785 at noon, presenting,
NOTE Confidence: 0.9390443

00:03:01.185 --> 00:03:03.345 assessing internist competency and point
NOTE Confidence: 0.9390443

00:03:03.345 --> 00:03:04.405 of care ultrasound
NOTE Confidence: 0.9782106

00:03:04.865 --> 00:03:06.645 using the EPA framework.
NOTE Confidence: 0.97534776

00:03:08.544 --> 00:03:09.764 Disclosures, etcetera.
NOTE Confidence: 0.987188

00:03:12.639 --> 00:03:13.460 More disclosures.
NOTE Confidence: 0.8868125

00:03:14.320 --> 00:03:15.919 Here you go. Now last
NOTE Confidence: 0.8868125

00:03:15.919 --> 00:03:17.600 but not least, excited to,

NOTE Confidence: 0.65246856
00:03:19.200 --> 00:03:19.700 introduce
NOTE Confidence: 0.8023626
00:03:20.240 --> 00:03:22.180 a close colleague, Carol Oladile.
NOTE Confidence: 0.9525478
00:03:22.480 --> 00:03:24.400 Carol comes to us originally
NOTE Confidence: 0.9525478
00:03:24.400 --> 00:03:26.285 from Florida where she, got
NOTE Confidence: 0.9525478
00:03:26.285 --> 00:03:27.025 her undergraduate
NOTE Confidence: 0.9677855
00:03:27.405 --> 00:03:28.044 degree at,
NOTE Confidence: 0.97100896
00:03:29.165 --> 00:03:31.325 Florida State and PhD at
NOTE Confidence: 0.97100896
00:03:31.325 --> 00:03:32.465 University of Southern
NOTE Confidence: 0.9575963
00:03:32.845 --> 00:03:33.985 Florida in epidemiology.
NOTE Confidence: 0.9895123
00:03:34.285 --> 00:03:35.565 And she's actually been here,
NOTE Confidence: 0.97389424
00:03:36.765 --> 00:03:38.525 since two thousand twelve and
NOTE Confidence: 0.97389424
00:03:38.525 --> 00:03:39.185 has really
NOTE Confidence: 0.9176615
00:03:39.680 --> 00:03:41.200 not only done instrumental work,
NOTE Confidence: 0.9176615
00:03:41.440 --> 00:03:42.720 as an investigator, but also
NOTE Confidence: 0.9176615
00:03:42.720 --> 00:03:43.940 has played a major leadership
NOTE Confidence: 0.9176615

00:03:44.080 --> 00:03:45.760 role, in ERIC and more
NOTE Confidence: 0.9176615

00:03:45.760 --> 00:03:46.260 specifically
NOTE Confidence: 0.92428875

00:03:46.960 --> 00:03:49.300 examining how social, and structural
NOTE Confidence: 0.92428875

00:03:49.360 --> 00:03:50.580 drivers of health
NOTE Confidence: 0.9773163

00:03:50.880 --> 00:03:52.800 influence chronic disease outcomes with
NOTE Confidence: 0.9773163

00:03:52.800 --> 00:03:54.180 a focus on food environments,
NOTE Confidence: 0.9773163

00:03:54.320 --> 00:03:54.820 hypertension,
NOTE Confidence: 0.8793187

00:03:55.775 --> 00:03:56.275 cardiovascular,
NOTE Confidence: 0.94178146

00:03:56.815 --> 00:03:58.275 and cancer health equity.
NOTE Confidence: 0.91226315

00:03:59.455 --> 00:04:01.615 She's a multiple principal investigator
NOTE Confidence: 0.91226315

00:04:01.615 --> 00:04:03.455 of the NIH Compass Hub
NOTE Confidence: 0.91226315

00:04:03.455 --> 00:04:05.215 here at Yale, which provides
NOTE Confidence: 0.91226315

00:04:05.215 --> 00:04:06.275 technical assistance,
NOTE Confidence: 0.99668735

00:04:06.655 --> 00:04:08.035 to community organizations
NOTE Confidence: 0.9965487

00:04:08.820 --> 00:04:10.980 implementing structural interventions to advance
NOTE Confidence: 0.9965487

00:04:10.980 --> 00:04:11.720 health equity.

NOTE Confidence: 0.93057734

00:04:12.500 --> 00:04:13.780 She's led and contributed to

NOTE Confidence: 0.93057734

00:04:13.780 --> 00:04:14.260 multiple,

NOTE Confidence: 0.93682694

00:04:14.660 --> 00:04:15.640 NIH and,

NOTE Confidence: 0.89230645

00:04:16.740 --> 00:04:18.520 private foundations such as

NOTE Confidence: 0.9114659

00:04:18.900 --> 00:04:19.640 funded projects

NOTE Confidence: 0.7323582

00:04:20.020 --> 00:04:22.120 addressing inequities and cardiovascular

NOTE Confidence: 0.99457693

00:04:22.500 --> 00:04:24.085 care and outcomes in the

NOTE Confidence: 0.99457693

00:04:24.085 --> 00:04:25.865 US and across the Caribbean.

NOTE Confidence: 0.9066038

00:04:27.605 --> 00:04:28.964 And here, she is going

NOTE Confidence: 0.9066038

00:04:28.964 --> 00:04:30.425 to present for us strengthening

NOTE Confidence: 0.99862325

00:04:30.885 --> 00:04:33.544 community capacity for structural change

NOTE Confidence: 0.9719222

00:04:33.845 --> 00:04:36.105 to advance health equity. So

NOTE Confidence: 0.9719222

00:04:36.165 --> 00:04:36.665 welcome.

NOTE Confidence: 0.96745425

00:04:42.960 --> 00:04:44.160 Thank you, Carrie, and thanks

NOTE Confidence: 0.96745425

00:04:44.160 --> 00:04:46.100 everyone for for being here.

NOTE Confidence: 0.9864235

00:04:49.760 --> 00:04:51.040 So for those of you
NOTE Confidence: 0.9864235

00:04:51.040 --> 00:04:51.290 who,
NOTE Confidence: 0.9505261

00:04:52.354 --> 00:04:53.475 don't know me, I'm Carol
NOTE Confidence: 0.9505261

00:04:53.475 --> 00:04:55.415 Aladale. I'm an assistant professor
NOTE Confidence: 0.9505261

00:04:55.475 --> 00:04:56.375 in the section
NOTE Confidence: 0.9608765

00:04:56.755 --> 00:04:58.035 and director of research at
NOTE Confidence: 0.9608765

00:04:58.035 --> 00:04:59.654 the Equity Research and Innovation
NOTE Confidence: 0.9608765

00:04:59.875 --> 00:05:00.375 Center.
NOTE Confidence: 0.96456856

00:05:01.475 --> 00:05:02.435 And this is the title
NOTE Confidence: 0.96456856

00:05:02.435 --> 00:05:04.854 of my, talk, strengthening community
NOTE Confidence: 0.96456856

00:05:04.914 --> 00:05:06.354 capacity for structural change to
NOTE Confidence: 0.96456856

00:05:06.354 --> 00:05:07.495 advance health equity.
NOTE Confidence: 0.8998969

00:05:08.279 --> 00:05:09.100 And I will
NOTE Confidence: 0.9410956

00:05:09.480 --> 00:05:10.940 focus today on the,
NOTE Confidence: 0.9572471

00:05:11.560 --> 00:05:13.660 project that Carrie mentioned, Compass.
NOTE Confidence: 0.9868398

00:05:16.919 --> 00:05:17.400 So,

NOTE Confidence: 0.9962099

00:05:17.800 --> 00:05:18.919 I'll start by sharing a

NOTE Confidence: 0.9962099

00:05:18.919 --> 00:05:20.680 bit about my journey and

NOTE Confidence: 0.9962099

00:05:20.680 --> 00:05:21.740 research contributions,

NOTE Confidence: 0.9997106

00:05:22.585 --> 00:05:23.485 how my personal

NOTE Confidence: 0.9785007

00:05:23.865 --> 00:05:26.125 and professional experiences have shaped

NOTE Confidence: 0.9785007

00:05:26.185 --> 00:05:27.145 the kind of work that

NOTE Confidence: 0.9785007

00:05:27.145 --> 00:05:28.025 I do and how I

NOTE Confidence: 0.9785007

00:05:28.025 --> 00:05:29.464 do that work. Then I'll

NOTE Confidence: 0.9785007

00:05:29.464 --> 00:05:30.505 talk about how I've built

NOTE Confidence: 0.9785007

00:05:30.505 --> 00:05:32.505 upon Yale strong foundation of

NOTE Confidence: 0.9785007

00:05:32.505 --> 00:05:34.125 community engaged research

NOTE Confidence: 0.9775353

00:05:34.729 --> 00:05:36.430 and how that's informed my

NOTE Confidence: 0.9775353

00:05:36.650 --> 00:05:38.910 approach to advancing health equity.

NOTE Confidence: 0.9775353

00:05:39.210 --> 00:05:41.050 From there, I'll highlight current

NOTE Confidence: 0.9775353

00:05:41.050 --> 00:05:42.410 work with the Yale Compass

NOTE Confidence: 0.9775353

00:05:42.410 --> 00:05:44.110 Hub, which focuses on strengthening
NOTE Confidence: 0.9994651

00:05:44.570 --> 00:05:46.665 community capacity for structural change.
NOTE Confidence: 0.99779946

00:05:46.985 --> 00:05:48.505 Finally, I'll close by looking
NOTE Confidence: 0.99779946

00:05:48.505 --> 00:05:49.005 ahead,
NOTE Confidence: 0.9872338

00:05:49.625 --> 00:05:51.065 at the next phase of
NOTE Confidence: 0.9872338

00:05:51.065 --> 00:05:51.805 my research.
NOTE Confidence: 0.9199818

00:05:58.745 --> 00:06:00.045 If I can go forward.
NOTE Confidence: 0.99456406

00:06:01.509 --> 00:06:02.009 Okay.
NOTE Confidence: 0.9868206

00:06:06.229 --> 00:06:07.750 So before I begin, I
NOTE Confidence: 0.9868206

00:06:07.750 --> 00:06:09.270 think it's important to talk
NOTE Confidence: 0.9868206

00:06:09.270 --> 00:06:11.029 about what drives the research
NOTE Confidence: 0.9868206

00:06:11.029 --> 00:06:12.229 that I do, like, you
NOTE Confidence: 0.9868206

00:06:12.229 --> 00:06:13.689 know, to answer my why,
NOTE Confidence: 0.9926667

00:06:14.435 --> 00:06:16.435 and explain how and which
NOTE Confidence: 0.9926667

00:06:16.435 --> 00:06:17.555 explains how I approach my
NOTE Confidence: 0.9926667

00:06:17.555 --> 00:06:19.395 work. So I'm influenced by

NOTE Confidence: 0.9926667

00:06:19.395 --> 00:06:20.435 who I am and my

NOTE Confidence: 0.9926667

00:06:20.435 --> 00:06:20.935 background.

NOTE Confidence: 0.96801835

00:06:21.315 --> 00:06:22.355 I spent the early years

NOTE Confidence: 0.96801835

00:06:22.355 --> 00:06:23.395 of my life growing up

NOTE Confidence: 0.96801835

00:06:23.395 --> 00:06:24.675 in Kingston, Jamaica where my

NOTE Confidence: 0.96801835

00:06:24.675 --> 00:06:26.915 family's from. We migrated to

NOTE Confidence: 0.96801835

00:06:26.915 --> 00:06:28.355 the South Florida area when

NOTE Confidence: 0.96801835

00:06:28.355 --> 00:06:29.255 I was ten.

NOTE Confidence: 0.9583507

00:06:29.580 --> 00:06:30.620 And from there, I I

NOTE Confidence: 0.9583507

00:06:30.620 --> 00:06:31.980 grew up there, most of

NOTE Confidence: 0.9583507

00:06:31.980 --> 00:06:33.760 my life. With an ICU

NOTE Confidence: 0.9583507

00:06:33.980 --> 00:06:35.500 nurse for a mom, I

NOTE Confidence: 0.9583507

00:06:35.500 --> 00:06:37.339 was drawn early on to

NOTE Confidence: 0.9583507

00:06:37.339 --> 00:06:39.040 health care and health experiences

NOTE Confidence: 0.9793588

00:06:39.500 --> 00:06:41.279 and to understanding the experiences

NOTE Confidence: 0.9793588

00:06:41.580 --> 00:06:43.600 of the people around me.
NOTE Confidence: 0.9654126

00:06:44.005 --> 00:06:46.745 So these experiences really shaped
NOTE Confidence: 0.9654126

00:06:46.805 --> 00:06:47.545 my why.
NOTE Confidence: 0.91038865

00:06:48.085 --> 00:06:50.005 I'm motivated to a commitment
NOTE Confidence: 0.91038865

00:06:50.005 --> 00:06:51.285 to drop to close,
NOTE Confidence: 0.9462735

00:06:51.765 --> 00:06:53.045 gaps in how health care
NOTE Confidence: 0.9462735

00:06:53.045 --> 00:06:54.265 and public health systems
NOTE Confidence: 0.9994561

00:06:54.805 --> 00:06:56.565 serve and benefit populations that
NOTE Confidence: 0.9994561

00:06:56.565 --> 00:06:57.625 share my background.
NOTE Confidence: 0.98634785

00:06:58.240 --> 00:06:59.919 My why also comes from
NOTE Confidence: 0.98634785

00:06:59.919 --> 00:07:00.979 firsthand observations
NOTE Confidence: 0.99990594

00:07:01.680 --> 00:07:03.539 of a disconnect between how
NOTE Confidence: 0.9256028

00:07:03.839 --> 00:07:05.360 care was provided to black
NOTE Confidence: 0.9256028

00:07:05.360 --> 00:07:06.099 and immigrant
NOTE Confidence: 0.9792081

00:07:06.400 --> 00:07:06.900 communities,
NOTE Confidence: 0.955889

00:07:07.759 --> 00:07:09.219 versus their lived experiences.

NOTE Confidence: 0.9996103

00:07:09.759 --> 00:07:10.800 And I'm also driven to

NOTE Confidence: 0.9996103

00:07:10.800 --> 00:07:12.240 ensure that the models and

NOTE Confidence: 0.9996103

00:07:12.240 --> 00:07:12.740 solutions

NOTE Confidence: 0.9887578

00:07:13.185 --> 00:07:14.965 that we develop are relevant,

NOTE Confidence: 0.99953544

00:07:15.665 --> 00:07:17.044 that they truly reflect

NOTE Confidence: 0.99660045

00:07:17.345 --> 00:07:19.345 the the needs of populations

NOTE Confidence: 0.99660045

00:07:19.345 --> 00:07:20.725 that experience health disparities

NOTE Confidence: 0.94111717

00:07:21.665 --> 00:07:23.365 or populations that are underserved,

NOTE Confidence: 0.995502

00:07:23.745 --> 00:07:25.205 marginalized, and disenfranchised.

NOTE Confidence: 0.9512199

00:07:30.050 --> 00:07:31.510 This slide's a lot. It's

NOTE Confidence: 0.91282827

00:07:31.890 --> 00:07:33.510 my journey, which Carrie,

NOTE Confidence: 0.9878875

00:07:33.890 --> 00:07:34.790 touched on.

NOTE Confidence: 0.99453616

00:07:35.330 --> 00:07:36.690 But the important thing is

NOTE Confidence: 0.99453616

00:07:36.690 --> 00:07:37.970 that each step of my

NOTE Confidence: 0.99453616

00:07:37.970 --> 00:07:39.810 journey, even the unexpected steps,

NOTE Confidence: 0.99453616

00:07:39.810 --> 00:07:40.850 which I think most of
NOTE Confidence: 0.99453616

00:07:40.850 --> 00:07:41.590 us have,
NOTE Confidence: 0.9832034

00:07:42.215 --> 00:07:43.415 they build the skills they've
NOTE Confidence: 0.9832034

00:07:43.415 --> 00:07:44.715 built the skills and perspective
NOTE Confidence: 0.9832034

00:07:44.855 --> 00:07:45.815 that I bring to my
NOTE Confidence: 0.9832034

00:07:45.815 --> 00:07:48.215 work today. After graduating from
NOTE Confidence: 0.9832034

00:07:48.215 --> 00:07:49.675 high school in South Florida,
NOTE Confidence: 0.9832034

00:07:49.815 --> 00:07:51.015 I attended FSU, where I
NOTE Confidence: 0.9832034

00:07:51.015 --> 00:07:52.315 majored in health education,
NOTE Confidence: 0.9516555

00:07:52.855 --> 00:07:54.535 followed by a master's degree
NOTE Confidence: 0.9516555

00:07:54.535 --> 00:07:56.155 and, doctorate in
NOTE Confidence: 0.9986294

00:07:57.520 --> 00:07:58.960 epidemiology from the University of
NOTE Confidence: 0.9986294

00:07:58.960 --> 00:07:59.699 South Florida.
NOTE Confidence: 0.9854057

00:08:00.160 --> 00:08:01.520 My subsequent move to New
NOTE Confidence: 0.9854057

00:08:01.520 --> 00:08:03.540 Haven was certainly an unexpected
NOTE Confidence: 0.9854057

00:08:03.760 --> 00:08:04.960 one and one that I

NOTE Confidence: 0.9854057

00:08:04.960 --> 00:08:06.740 expected would last two years.

NOTE Confidence: 0.9854057

00:08:06.960 --> 00:08:08.340 It's fifteen years later.

NOTE Confidence: 0.94490325

00:08:09.505 --> 00:08:11.345 Nearly married, my husband, was

NOTE Confidence: 0.94490325

00:08:11.345 --> 00:08:13.365 suddenly interested in business school.

NOTE Confidence: 0.9658343

00:08:14.385 --> 00:08:15.205 Here I am.

NOTE Confidence: 0.95760554

00:08:15.505 --> 00:08:17.505 I completed my dissertation work,

NOTE Confidence: 0.95760554

00:08:17.825 --> 00:08:18.945 while here in New Haven

NOTE Confidence: 0.95760554

00:08:18.945 --> 00:08:19.985 while working at the Center

NOTE Confidence: 0.95760554

00:08:19.985 --> 00:08:21.525 for Outcomes Research and Evaluation

NOTE Confidence: 0.95760554

00:08:21.665 --> 00:08:22.405 or CORE.

NOTE Confidence: 0.9507258

00:08:23.030 --> 00:08:24.630 I met Marcela Nunez Smith

NOTE Confidence: 0.9507258

00:08:24.630 --> 00:08:25.990 in spring of twenty twelve,

NOTE Confidence: 0.9507258

00:08:25.990 --> 00:08:27.030 and just a few months

NOTE Confidence: 0.9507258

00:08:27.030 --> 00:08:28.870 later, had the opportunity to

NOTE Confidence: 0.9507258

00:08:28.870 --> 00:08:30.410 join the faculty in GIM

NOTE Confidence: 0.9507258

00:08:30.550 --> 00:08:32.490 as a associate research scientist,
NOTE Confidence: 0.9983418

00:08:33.190 --> 00:08:34.630 and project director for an
NOTE Confidence: 0.9983418

00:08:34.630 --> 00:08:36.089 NCI funded project.
NOTE Confidence: 0.930393

00:08:37.545 --> 00:08:38.825 I later on became co
NOTE Confidence: 0.930393

00:08:38.825 --> 00:08:40.525 investigator on several projects,
NOTE Confidence: 0.96456814

00:08:41.225 --> 00:08:42.025 at ERIC.
NOTE Confidence: 0.9356198

00:08:42.345 --> 00:08:44.345 In twenty nineteen, I received
NOTE Confidence: 0.9356198

00:08:44.345 --> 00:08:45.485 a K01 award,
NOTE Confidence: 0.87212

00:08:46.025 --> 00:08:48.605 followed by a YIGH Global
NOTE Confidence: 0.9555051

00:08:49.640 --> 00:08:51.400 health faculty research award in
NOTE Confidence: 0.9555051

00:08:51.400 --> 00:08:52.840 twenty two and a UO
NOTE Confidence: 0.9555051

00:08:52.840 --> 00:08:54.280 one in twenty twenty four,
NOTE Confidence: 0.9555051

00:08:54.280 --> 00:08:55.480 which I'll I'll focus on
NOTE Confidence: 0.9555051

00:08:55.480 --> 00:08:56.620 later on in the presentation.
NOTE Confidence: 0.9983885

00:09:02.154 --> 00:09:03.195 My early work was a
NOTE Confidence: 0.9983885

00:09:03.195 --> 00:09:05.375 mix of investigating social determinants

NOTE Confidence: 0.9983885
00:09:05.434 --> 00:09:06.175 of health,
NOTE Confidence: 0.9263263
00:09:07.115 --> 00:09:08.335 nutrition, and cardiovascular
NOTE Confidence: 0.93556845
00:09:08.714 --> 00:09:10.495 research, and health care disparities.
NOTE Confidence: 0.99697685
00:09:10.955 --> 00:09:12.154 I've been fortunate over the
NOTE Confidence: 0.99697685
00:09:12.154 --> 00:09:14.575 years to have really fantastic
NOTE Confidence: 0.99697685
00:09:14.635 --> 00:09:15.135 mentors,
NOTE Confidence: 0.9347804
00:09:16.270 --> 00:09:18.830 including doctor Elizabeth Barnett, now
NOTE Confidence: 0.9347804
00:09:18.830 --> 00:09:19.490 at NHLBI.
NOTE Confidence: 0.9987332
00:09:20.030 --> 00:09:21.230 But she's the person who
NOTE Confidence: 0.9987332
00:09:21.230 --> 00:09:22.530 introduced me to epidemiology
NOTE Confidence: 0.9370079
00:09:22.910 --> 00:09:24.990 and health disparities research, and
NOTE Confidence: 0.9370079
00:09:24.990 --> 00:09:26.030 I really credit a lot
NOTE Confidence: 0.9370079
00:09:26.030 --> 00:09:27.675 of my interests and my
NOTE Confidence: 0.98743325
00:09:28.154 --> 00:09:29.515 where I am today, to
NOTE Confidence: 0.98743325
00:09:29.515 --> 00:09:30.795 her along with the mentors
NOTE Confidence: 0.98743325

00:09:30.795 --> 00:09:32.175 that that followed her.
NOTE Confidence: 0.9940326

00:09:36.154 --> 00:09:37.675 As project director of the
NOTE Confidence: 0.9940326

00:09:37.675 --> 00:09:39.595 NCI funded project that brought
NOTE Confidence: 0.9940326

00:09:39.595 --> 00:09:41.455 me to the GIM faculty,
NOTE Confidence: 0.9890974

00:09:41.920 --> 00:09:44.080 I led the, daily operations
NOTE Confidence: 0.9890974

00:09:44.080 --> 00:09:45.600 of the project, oversaw study
NOTE Confidence: 0.9890974

00:09:45.600 --> 00:09:46.100 implementation,
NOTE Confidence: 0.9980067

00:09:47.360 --> 00:09:48.100 the analysis,
NOTE Confidence: 0.9899789

00:09:48.480 --> 00:09:50.480 dissemination efforts. The goal of
NOTE Confidence: 0.9899789

00:09:50.480 --> 00:09:51.679 that project was to develop
NOTE Confidence: 0.9899789

00:09:51.679 --> 00:09:53.679 a standardized approach for measurement
NOTE Confidence: 0.9899789

00:09:53.679 --> 00:09:54.820 of health care discrimination.
NOTE Confidence: 0.9978285

00:10:00.105 --> 00:10:02.265 Other scholarly contributions are focused
NOTE Confidence: 0.9978285

00:10:02.265 --> 00:10:03.965 on health care system inequities
NOTE Confidence: 0.9978285

00:10:04.025 --> 00:10:05.005 and health disparities.
NOTE Confidence: 0.9487772

00:10:05.625 --> 00:10:07.145 I, along with my colleague

NOTE Confidence: 0.9487772

00:10:07.145 --> 00:10:08.585 Karen Wan, led a group

NOTE Confidence: 0.9487772

00:10:08.585 --> 00:10:10.184 of fifty investigators during the

NOTE Confidence: 0.9487772

00:10:10.184 --> 00:10:11.565 height of the COVID pandemic,

NOTE Confidence: 0.9619045

00:10:12.220 --> 00:10:14.240 to investigate disparities in COVID-nineteen

NOTE Confidence: 0.925714

00:10:14.780 --> 00:10:15.920 infection and outcomes,

NOTE Confidence: 0.95659196

00:10:16.620 --> 00:10:18.160 within our own healthcare system.

NOTE Confidence: 0.96196157

00:10:18.860 --> 00:10:19.660 And we have a number

NOTE Confidence: 0.96196157

00:10:19.660 --> 00:10:21.260 of, we're fortunate to have

NOTE Confidence: 0.96196157

00:10:21.260 --> 00:10:22.160 a number of publications,

NOTE Confidence: 0.98938

00:10:23.340 --> 00:10:23.985 from that.

NOTE Confidence: 0.97834367

00:10:24.464 --> 00:10:25.505 My other work has sort

NOTE Confidence: 0.97834367

00:10:25.505 --> 00:10:26.865 of broadly focused on,

NOTE Confidence: 0.95157945

00:10:27.425 --> 00:10:29.204 disparities in quality of care.

NOTE Confidence: 0.9994941

00:10:32.464 --> 00:10:33.445 I have a rapidly

NOTE Confidence: 0.99545556

00:10:33.904 --> 00:10:35.425 growing body of work on

NOTE Confidence: 0.99545556

00:10:35.425 --> 00:10:37.265 ultra processed food consumption and
NOTE Confidence: 0.99545556

00:10:37.265 --> 00:10:37.765 cardiovascular
NOTE Confidence: 0.93932533

00:10:38.225 --> 00:10:38.725 outcomes,
NOTE Confidence: 0.9846158

00:10:39.590 --> 00:10:41.590 and its role in racial
NOTE Confidence: 0.9846158

00:10:41.590 --> 00:10:43.990 disparities in cardiovascular disease. My
NOTE Confidence: 0.9846158

00:10:43.990 --> 00:10:45.030 work has been this work
NOTE Confidence: 0.9846158

00:10:45.030 --> 00:10:46.150 has been recognized by the
NOTE Confidence: 0.9846158

00:10:46.150 --> 00:10:47.290 American Heart Association
NOTE Confidence: 0.9669557

00:10:47.750 --> 00:10:49.510 through an award for excellence
NOTE Confidence: 0.9669557

00:10:49.510 --> 00:10:51.130 in research addressing cardiovascular
NOTE Confidence: 0.99956644

00:10:51.590 --> 00:10:52.330 health equity.
NOTE Confidence: 0.9774788

00:10:57.804 --> 00:10:59.245 My global research is mainly
NOTE Confidence: 0.9774788

00:10:59.245 --> 00:11:00.785 focused in the Eastern Caribbean,
NOTE Confidence: 0.9998481

00:11:01.325 --> 00:11:01.825 leveraging
NOTE Confidence: 0.9482066

00:11:02.285 --> 00:11:04.225 the infrastructure of the ECHORNE
NOTE Confidence: 0.9482066

00:11:04.285 --> 00:11:05.904 cohort. That's the Eastern Caribbean

NOTE Confidence: 0.9163103

00:11:06.285 --> 00:11:08.385 Health Outcomes Research Network cohort

NOTE Confidence: 0.9866767

00:11:09.910 --> 00:11:11.350 to conduct research on food

NOTE Confidence: 0.9866767

00:11:11.350 --> 00:11:13.450 systems, food insecurity, and cardiovascular

NOTE Confidence: 0.99924445

00:11:13.830 --> 00:11:14.330 health.

NOTE Confidence: 0.99943733

00:11:18.710 --> 00:11:20.090 I've also had the opportunity

NOTE Confidence: 0.99976647

00:11:20.470 --> 00:11:22.490 to collaborate with several incredible

NOTE Confidence: 0.97792256

00:11:23.145 --> 00:11:25.145 investigators across the institution, some

NOTE Confidence: 0.97792256

00:11:25.145 --> 00:11:26.505 of whom are are are,

NOTE Confidence: 0.97792256

00:11:26.665 --> 00:11:28.905 pictured here, whose expertise has

NOTE Confidence: 0.97792256

00:11:28.905 --> 00:11:30.765 really helped broaden the scope,

NOTE Confidence: 0.9994453

00:11:31.305 --> 00:11:32.765 and impact of my research.

NOTE Confidence: 0.99542946

00:11:40.290 --> 00:11:41.650 I've also been fortunate to

NOTE Confidence: 0.99542946

00:11:41.650 --> 00:11:43.270 build collaborations internationally,

NOTE Confidence: 0.99916327

00:11:43.809 --> 00:11:44.550 in Jamaica,

NOTE Confidence: 0.9835038

00:11:45.090 --> 00:11:46.550 Brazil, and the Netherlands.

NOTE Confidence: 0.95439756

00:11:47.010 --> 00:11:48.450 Had an invited talk in,
NOTE Confidence: 0.97412956

00:11:48.930 --> 00:11:50.070 a few years ago,
NOTE Confidence: 0.974593

00:11:50.385 --> 00:11:51.585 at the University of Sao
NOTE Confidence: 0.974593

00:11:51.585 --> 00:11:52.945 Paulo School of Public Health
NOTE Confidence: 0.974593

00:11:52.945 --> 00:11:54.945 in Brazil. The faculty there
NOTE Confidence: 0.974593

00:11:54.945 --> 00:11:56.304 are the developers of the
NOTE Confidence: 0.974593

00:11:56.304 --> 00:11:58.304 NOVA classification system, which is
NOTE Confidence: 0.974593

00:11:58.304 --> 00:12:00.325 widely used now to,
NOTE Confidence: 0.9863977

00:12:00.945 --> 00:12:02.705 classify foods to examine ultra
NOTE Confidence: 0.9863977

00:12:02.705 --> 00:12:04.720 processed food consumption, which has
NOTE Confidence: 0.9863977

00:12:04.720 --> 00:12:06.640 really taken off, that body
NOTE Confidence: 0.9863977

00:12:06.640 --> 00:12:07.679 of work over the last
NOTE Confidence: 0.9863977

00:12:07.679 --> 00:12:08.980 few years. Lots of attention
NOTE Confidence: 0.9619453

00:12:09.360 --> 00:12:10.740 on ultra processed foods.
NOTE Confidence: 0.9379732

00:12:11.920 --> 00:12:12.800 And so it was,
NOTE Confidence: 0.9739234

00:12:13.440 --> 00:12:14.320 great. I got a chance

NOTE Confidence: 0.9739234
00:12:14.320 --> 00:12:15.460 to meet with the
NOTE Confidence: 0.87569606
00:12:16.335 --> 00:12:16.835 the,
NOTE Confidence: 0.9966234
00:12:18.095 --> 00:12:19.955 senior investigator of that group,
NOTE Confidence: 0.9731237
00:12:20.495 --> 00:12:22.175 and really, learn from them,
NOTE Confidence: 0.9731237
00:12:22.175 --> 00:12:23.135 give a talk and learn
NOTE Confidence: 0.9731237
00:12:23.135 --> 00:12:24.355 from them during that time.
NOTE Confidence: 0.90417963
00:12:24.735 --> 00:12:26.015 I was awarded a Vlog
NOTE Confidence: 0.90417963
00:12:26.015 --> 00:12:26.515 Fellowship,
NOTE Confidence: 0.98928833
00:12:27.295 --> 00:12:29.135 at Wageningen University in the
NOTE Confidence: 0.98928833
00:12:29.135 --> 00:12:30.940 Netherlands in twenty twenty four.
NOTE Confidence: 0.98928833
00:12:30.940 --> 00:12:32.220 This is a research fellowship
NOTE Confidence: 0.98928833
00:12:32.220 --> 00:12:32.880 to strengthen
NOTE Confidence: 0.99649477
00:12:33.340 --> 00:12:34.559 international collaborations.
NOTE Confidence: 0.9786843
00:12:35.020 --> 00:12:36.460 I embedded with the nutrition
NOTE Confidence: 0.9786843
00:12:36.460 --> 00:12:37.200 and cardiometabolic
NOTE Confidence: 0.9525182

00:12:37.820 --> 00:12:38.960 research team there.
NOTE Confidence: 0.9983861

00:12:39.740 --> 00:12:40.880 And the photo
NOTE Confidence: 0.93453294

00:12:41.660 --> 00:12:43.260 on my, what is this,
NOTE Confidence: 0.93453294

00:12:43.260 --> 00:12:43.760 left,
NOTE Confidence: 0.98898375

00:12:44.705 --> 00:12:45.905 is a picture of me
NOTE Confidence: 0.98898375

00:12:45.905 --> 00:12:46.965 and other investigators,
NOTE Confidence: 0.76509523

00:12:47.905 --> 00:12:48.805 at Wakningen.
NOTE Confidence: 0.9762974

00:12:49.185 --> 00:12:50.565 I organized a workshop,
NOTE Confidence: 0.9361699

00:12:51.905 --> 00:12:52.705 as a sort of,
NOTE Confidence: 0.9187924

00:12:54.945 --> 00:12:56.065 to cap off my time
NOTE Confidence: 0.9187924

00:12:56.065 --> 00:12:56.565 there,
NOTE Confidence: 0.9771574

00:12:57.185 --> 00:12:57.925 which is wonderful.
NOTE Confidence: 0.96469235

00:12:59.889 --> 00:13:01.170 My collaboration with,
NOTE Confidence: 0.9940408

00:13:01.809 --> 00:13:03.429 the team at the Caribbean
NOTE Confidence: 0.9940408

00:13:03.490 --> 00:13:04.870 Institute for Health Research,
NOTE Confidence: 0.9980486

00:13:05.730 --> 00:13:07.589 on my right, your left,

NOTE Confidence: 0.93463594

00:13:08.290 --> 00:13:08.949 has been,

NOTE Confidence: 0.9649744

00:13:09.250 --> 00:13:10.870 wonderful and really

NOTE Confidence: 0.9827281

00:13:11.649 --> 00:13:12.610 a a goal of mine

NOTE Confidence: 0.9827281

00:13:12.610 --> 00:13:13.410 over the years. And I've

NOTE Confidence: 0.9827281

00:13:13.410 --> 00:13:14.535 talked to some of you

NOTE Confidence: 0.9827281

00:13:14.535 --> 00:13:15.735 in this in this room

NOTE Confidence: 0.9827281

00:13:15.735 --> 00:13:16.235 about,

NOTE Confidence: 0.99158764

00:13:17.255 --> 00:13:18.635 my desire to,

NOTE Confidence: 0.981277

00:13:19.255 --> 00:13:20.455 and commitment to,

NOTE Confidence: 0.94844735

00:13:21.255 --> 00:13:23.035 bringing my expertise back to

NOTE Confidence: 0.94844735

00:13:23.175 --> 00:13:25.095 Jamaica where I'm from. We've

NOTE Confidence: 0.94844735

00:13:25.095 --> 00:13:26.230 been working together for about

NOTE Confidence: 0.94844735

00:13:26.230 --> 00:13:27.030 three years now,

NOTE Confidence: 0.9820084

00:13:27.350 --> 00:13:28.550 on a project that was

NOTE Confidence: 0.9820084

00:13:28.550 --> 00:13:30.790 funded through a YIGH faculty

NOTE Confidence: 0.9820084

00:13:30.790 --> 00:13:31.690 research award
NOTE Confidence: 0.9922856

00:13:32.070 --> 00:13:33.350 to examine the prevalence of
NOTE Confidence: 0.9922856

00:13:33.350 --> 00:13:35.130 food insecurity and its contribution
NOTE Confidence: 0.9922856

00:13:35.270 --> 00:13:36.490 to blood pressure control
NOTE Confidence: 0.9949611

00:13:36.870 --> 00:13:38.630 in two chronic disease clinics
NOTE Confidence: 0.9949611

00:13:38.630 --> 00:13:39.510 at the University of the
NOTE Confidence: 0.9949611

00:13:39.510 --> 00:13:40.330 West Indies.
NOTE Confidence: 0.995892

00:13:45.085 --> 00:13:46.865 And that work was highlighted
NOTE Confidence: 0.995892

00:13:46.925 --> 00:13:49.005 by American Heart Association this
NOTE Confidence: 0.995892

00:13:49.005 --> 00:13:49.505 year,
NOTE Confidence: 0.9404561

00:13:50.365 --> 00:13:51.725 with a Paul Dudley White
NOTE Confidence: 0.9404561

00:13:51.725 --> 00:13:53.645 International Scholar Award. So one
NOTE Confidence: 0.9404561

00:13:53.645 --> 00:13:54.385 of our abstracts,
NOTE Confidence: 0.90436494

00:13:54.845 --> 00:13:56.279 received that award. It's a
NOTE Confidence: 0.90436494

00:13:56.279 --> 00:13:57.019 photo of,
NOTE Confidence: 0.85478646

00:13:58.199 --> 00:13:59.639 what well, a former trainee,

NOTE Confidence: 0.85478646

00:13:59.639 --> 00:14:00.779 now research associate,

NOTE Confidence: 0.9423644

00:14:01.720 --> 00:14:02.839 Vivian and the rest of

NOTE Confidence: 0.9423644

00:14:02.839 --> 00:14:03.740 our team at

NOTE Confidence: 0.9095421

00:14:04.199 --> 00:14:05.339 EPI this year.

NOTE Confidence: 0.99955696

00:14:10.815 --> 00:14:11.934 I've been fortunate to have

NOTE Confidence: 0.99955696

00:14:11.934 --> 00:14:14.015 leadership opportunities related to my

NOTE Confidence: 0.99955696

00:14:14.015 --> 00:14:14.995 areas of scholarship.

NOTE Confidence: 0.91810864

00:14:16.255 --> 00:14:16.975 I'm the lead for the

NOTE Confidence: 0.91810864

00:14:16.975 --> 00:14:18.995 regards nutrition working group.

NOTE Confidence: 0.98879725

00:14:19.455 --> 00:14:20.975 That's a group that brings

NOTE Confidence: 0.98879725

00:14:20.975 --> 00:14:21.475 investigators,

NOTE Confidence: 0.9680974

00:14:22.015 --> 00:14:23.935 together around a shared, shared

NOTE Confidence: 0.9680974

00:14:23.935 --> 00:14:25.230 goal to advance science,

NOTE Confidence: 0.9989664

00:14:25.790 --> 00:14:27.389 to inform policy and practice

NOTE Confidence: 0.9989664

00:14:27.389 --> 00:14:27.889 change.

NOTE Confidence: 0.9581851

00:14:28.430 --> 00:14:29.790 More recently, I serve as
NOTE Confidence: 0.9581851

00:14:29.790 --> 00:14:30.670 chair of the,
NOTE Confidence: 0.8487143

00:14:31.070 --> 00:14:32.750 ECORN Data and Scientific Review
NOTE Confidence: 0.8487143

00:14:32.750 --> 00:14:33.250 Committee.
NOTE Confidence: 0.98318267

00:14:34.430 --> 00:14:35.709 I serve as director of
NOTE Confidence: 0.98318267

00:14:35.709 --> 00:14:36.209 research,
NOTE Confidence: 0.9378265

00:14:36.510 --> 00:14:37.790 at ERIC where I contribute
NOTE Confidence: 0.9378265

00:14:37.790 --> 00:14:39.089 to our strategic
NOTE Confidence: 0.97231793

00:14:39.565 --> 00:14:40.705 vision and advancing
NOTE Confidence: 0.99275243

00:14:41.245 --> 00:14:43.105 our health equity research agenda.
NOTE Confidence: 0.9454109

00:14:43.485 --> 00:14:44.685 I was also honored to
NOTE Confidence: 0.9454109

00:14:44.685 --> 00:14:45.805 serve as an advisor for
NOTE Confidence: 0.9454109

00:14:45.805 --> 00:14:47.565 the Commonwealth Fund bias in
NOTE Confidence: 0.9454109

00:14:47.565 --> 00:14:49.645 health care advisory panel. All
NOTE Confidence: 0.9454109

00:14:49.645 --> 00:14:51.585 of these experiences have really,
NOTE Confidence: 0.9819706

00:14:52.839 --> 00:14:54.940 been learning experiences and shaped,

NOTE Confidence: 0.9947267

00:14:55.960 --> 00:14:57.480 my perspectives and and the

NOTE Confidence: 0.9947267

00:14:57.480 --> 00:14:58.920 next step steps of my

NOTE Confidence: 0.9947267

00:14:58.920 --> 00:15:00.040 research and how I do

NOTE Confidence: 0.9947267

00:15:00.040 --> 00:15:00.700 my research.

NOTE Confidence: 0.9956732

00:15:07.095 --> 00:15:08.695 So a common thread that

NOTE Confidence: 0.9956732

00:15:08.695 --> 00:15:09.515 kept emerging,

NOTE Confidence: 0.9774106

00:15:10.135 --> 00:15:11.255 through all of this work.

NOTE Confidence: 0.9774106

00:15:11.255 --> 00:15:12.935 So all of the patient

NOTE Confidence: 0.9774106

00:15:12.935 --> 00:15:13.995 experience work,

NOTE Confidence: 0.9789967

00:15:14.855 --> 00:15:16.615 you know, investigating disparities in

NOTE Confidence: 0.9789967

00:15:16.615 --> 00:15:18.315 the Caribbean, thinking about,

NOTE Confidence: 0.9986947

00:15:19.370 --> 00:15:21.290 clinical care, social determinants of

NOTE Confidence: 0.9986947

00:15:21.290 --> 00:15:21.790 health,

NOTE Confidence: 0.99769

00:15:22.329 --> 00:15:23.550 thinking about solutions.

NOTE Confidence: 0.99837524

00:15:24.490 --> 00:15:25.690 So when I was trained

NOTE Confidence: 0.99837524

00:15:25.690 --> 00:15:26.509 as an epidemiologist,
NOTE Confidence: 0.9873372

00:15:26.810 --> 00:15:27.310 I
NOTE Confidence: 0.9605824

00:15:27.850 --> 00:15:29.070 there was no focus
NOTE Confidence: 0.95555735

00:15:29.610 --> 00:15:31.370 on solutions. It was you
NOTE Confidence: 0.95555735

00:15:31.370 --> 00:15:32.889 generate the evidence. It's somebody
NOTE Confidence: 0.95555735

00:15:32.889 --> 00:15:34.695 else's job to sort of
NOTE Confidence: 0.95555735

00:15:34.695 --> 00:15:36.515 take that evidence, implement it.
NOTE Confidence: 0.9630806

00:15:37.295 --> 00:15:39.215 And while that wasn't so,
NOTE Confidence: 0.9630806

00:15:39.215 --> 00:15:40.435 so long ago, I mean,
NOTE Confidence: 0.99764144

00:15:40.775 --> 00:15:41.275 that
NOTE Confidence: 0.97090507

00:15:41.615 --> 00:15:42.835 was sort of the culture.
NOTE Confidence: 0.97090507

00:15:43.055 --> 00:15:45.695 However, the longer that I
NOTE Confidence: 0.97090507

00:15:45.695 --> 00:15:46.350 am in this
NOTE Confidence: 0.9729449

00:15:47.310 --> 00:15:49.149 line of research, you know,
NOTE Confidence: 0.9729449

00:15:49.149 --> 00:15:50.509 you have to have a
NOTE Confidence: 0.9729449

00:15:50.509 --> 00:15:51.970 hand in sort of translating

NOTE Confidence: 0.9729449
00:15:52.029 --> 00:15:53.089 the evidence. So,
NOTE Confidence: 0.9624475
00:15:54.029 --> 00:15:55.149 a couple things came up
NOTE Confidence: 0.9624475
00:15:55.149 --> 00:15:56.449 as I started to reflect,
NOTE Confidence: 0.99735695
00:15:57.709 --> 00:15:59.089 about how to achieve meaningful
NOTE Confidence: 0.99735695
00:15:59.149 --> 00:16:00.850 change through my research.
NOTE Confidence: 0.97323436
00:16:01.465 --> 00:16:03.145 And looking across all the
NOTE Confidence: 0.97323436
00:16:03.145 --> 00:16:04.745 projects, the common thread was
NOTE Confidence: 0.97323436
00:16:04.745 --> 00:16:05.725 a need to center
NOTE Confidence: 0.9990448
00:16:06.105 --> 00:16:07.245 community expertise
NOTE Confidence: 0.8549802
00:16:07.705 --> 00:16:09.165 to coproduce research
NOTE Confidence: 0.97376966
00:16:09.625 --> 00:16:11.965 and also to cocreate solutions.
NOTE Confidence: 0.9964886
00:16:12.825 --> 00:16:14.090 So without it, you know,
NOTE Confidence: 0.9964886
00:16:14.090 --> 00:16:15.450 we're not really centering the
NOTE Confidence: 0.9964886
00:16:15.450 --> 00:16:16.810 needs of those who are
NOTE Confidence: 0.9964886
00:16:16.810 --> 00:16:17.310 impacted,
NOTE Confidence: 0.99967754

00:16:18.010 --> 00:16:18.750 by disparities.
NOTE Confidence: 0.9902688

00:16:20.810 --> 00:16:22.330 So I want to develop
NOTE Confidence: 0.9902688

00:16:22.330 --> 00:16:25.150 interventions that consider contextual realities,
NOTE Confidence: 0.8924844

00:16:25.770 --> 00:16:27.050 given my work, both,
NOTE Confidence: 0.9153603

00:16:27.610 --> 00:16:29.230 domestic and and and global,
NOTE Confidence: 0.93831956

00:16:29.904 --> 00:16:32.005 increase successful translation of interventions
NOTE Confidence: 0.93831956

00:16:32.305 --> 00:16:34.085 in communities that experience disparities,
NOTE Confidence: 0.9979748

00:16:34.464 --> 00:16:36.545 and elevate community leadership and
NOTE Confidence: 0.9979748

00:16:36.545 --> 00:16:37.045 expertise.
NOTE Confidence: 0.9725859

00:16:43.800 --> 00:16:45.160 So thankfully, there are others
NOTE Confidence: 0.9725859

00:16:45.160 --> 00:16:46.120 who have been doing this
NOTE Confidence: 0.9725859

00:16:46.120 --> 00:16:48.040 work for that center doing
NOTE Confidence: 0.9725859

00:16:48.040 --> 00:16:49.640 work that centers communities for
NOTE Confidence: 0.9725859

00:16:49.640 --> 00:16:51.100 a very long time, including
NOTE Confidence: 0.9725859

00:16:51.240 --> 00:16:52.300 many in this room.
NOTE Confidence: 0.98033524

00:16:53.080 --> 00:16:54.680 I had shoulders to stand

NOTE Confidence: 0.98033524
00:16:54.680 --> 00:16:56.440 on in in elevating community
NOTE Confidence: 0.98033524
00:16:56.440 --> 00:16:57.615 expertise and leadership,
NOTE Confidence: 0.96075183
00:16:58.095 --> 00:16:59.214 in my work. And I'll
NOTE Confidence: 0.96075183
00:16:59.295 --> 00:17:00.255 the next few slides will
NOTE Confidence: 0.96075183
00:17:00.255 --> 00:17:02.255 sort of touch on the
NOTE Confidence: 0.96075183
00:17:02.255 --> 00:17:03.935 long history of community engaged
NOTE Confidence: 0.96075183
00:17:03.935 --> 00:17:04.435 research,
NOTE Confidence: 0.98899335
00:17:05.054 --> 00:17:06.035 here at Yale,
NOTE Confidence: 0.9626477
00:17:07.135 --> 00:17:08.815 which started with the,
NOTE Confidence: 0.93533516
00:17:09.455 --> 00:17:11.295 Robert Wood Johnson Clinical Scholars
NOTE Confidence: 0.93533516
00:17:11.295 --> 00:17:12.810 Program, two thousand and five,
NOTE Confidence: 0.93533516
00:17:12.970 --> 00:17:13.950 focused on CBPR,
NOTE Confidence: 0.98885
00:17:14.970 --> 00:17:15.470 research.
NOTE Confidence: 0.99773777
00:17:16.010 --> 00:17:17.950 That body that program established
NOTE Confidence: 0.99773777
00:17:18.090 --> 00:17:20.250 an advisory body for community
NOTE Confidence: 0.99773777

00:17:20.250 --> 00:17:21.710 based participatory research,
NOTE Confidence: 0.99873143

00:17:22.490 --> 00:17:23.610 which has gone on to
NOTE Confidence: 0.99873143

00:17:23.610 --> 00:17:25.710 advise and guide numerous projects
NOTE Confidence: 0.99951446

00:17:26.170 --> 00:17:26.670 over
NOTE Confidence: 0.9976956

00:17:27.050 --> 00:17:28.270 a twenty year period.
NOTE Confidence: 0.9632023

00:17:29.525 --> 00:17:30.405 There have been lots of
NOTE Confidence: 0.9632023

00:17:30.405 --> 00:17:31.365 advances in the field at
NOTE Confidence: 0.9632023

00:17:31.365 --> 00:17:32.664 the in in the meanwhile,
NOTE Confidence: 0.9930533

00:17:33.125 --> 00:17:34.905 with regards to models, principles,
NOTE Confidence: 0.9930533

00:17:35.044 --> 00:17:37.065 and community engaged initiatives.
NOTE Confidence: 0.94683987

00:17:37.845 --> 00:17:39.044 The office of health equity
NOTE Confidence: 0.94683987

00:17:39.044 --> 00:17:40.645 research was established with,
NOTE Confidence: 0.9705292

00:17:41.365 --> 00:17:42.585 support from the YSM,
NOTE Confidence: 0.8855585

00:17:43.044 --> 00:17:43.945 dean's office
NOTE Confidence: 0.9254573

00:17:45.030 --> 00:17:46.730 in twenty in twenty twenty,
NOTE Confidence: 0.9057702

00:17:48.230 --> 00:17:50.090 the community health equity accelerator,

NOTE Confidence: 0.9868843

00:17:51.030 --> 00:17:52.390 an initiative of,

NOTE Confidence: 0.9621016

00:17:53.030 --> 00:17:54.230 the office of health equity

NOTE Confidence: 0.9621016

00:17:54.230 --> 00:17:55.590 research was launched in twenty

NOTE Confidence: 0.9621016

00:17:55.590 --> 00:17:57.075 twenty two. I'll talk a

NOTE Confidence: 0.9621016

00:17:57.075 --> 00:17:58.215 little bit more about,

NOTE Confidence: 0.91382116

00:17:58.755 --> 00:18:00.615 the Community Health Equity Accelerator,

NOTE Confidence: 0.91382116

00:18:00.835 --> 00:18:01.335 CHIA,

NOTE Confidence: 0.9874759

00:18:01.715 --> 00:18:03.075 in a few minutes. And

NOTE Confidence: 0.9874759

00:18:03.075 --> 00:18:04.275 today, there are more efforts

NOTE Confidence: 0.9874759

00:18:04.275 --> 00:18:04.934 to establish

NOTE Confidence: 0.96616083

00:18:05.395 --> 00:18:07.234 bold new initiatives to support

NOTE Confidence: 0.96616083

00:18:07.234 --> 00:18:07.734 community

NOTE Confidence: 0.988507

00:18:08.275 --> 00:18:09.414 led work, which

NOTE Confidence: 0.93443686

00:18:09.875 --> 00:18:10.695 I'll get into.

NOTE Confidence: 0.9927664

00:18:14.330 --> 00:18:16.330 Early examples of community engaged

NOTE Confidence: 0.9927664

00:18:16.330 --> 00:18:16.830 research,
NOTE Confidence: 0.9966089

00:18:17.450 --> 00:18:19.710 really focused on equitable partnerships,
NOTE Confidence: 0.9966089

00:18:19.770 --> 00:18:20.990 shared decision making,
NOTE Confidence: 0.9218886

00:18:21.450 --> 00:18:21.950 evaluation,
NOTE Confidence: 0.99557614

00:18:22.330 --> 00:18:23.390 and sustainability,
NOTE Confidence: 0.9680001

00:18:24.250 --> 00:18:26.510 which were were were great.
NOTE Confidence: 0.99647695

00:18:31.905 --> 00:18:32.405 The
NOTE Confidence: 0.9622325

00:18:32.945 --> 00:18:34.385 the steering committee on community
NOTE Confidence: 0.9622325

00:18:34.385 --> 00:18:36.325 partnered research, which I mentioned,
NOTE Confidence: 0.95773834

00:18:37.905 --> 00:18:39.425 that originally was the advisory
NOTE Confidence: 0.95773834

00:18:39.425 --> 00:18:40.385 body for the Robert Wood
NOTE Confidence: 0.95773834

00:18:40.385 --> 00:18:42.244 Johnson clinical scholars program.
NOTE Confidence: 0.9787759

00:18:42.820 --> 00:18:44.420 It was reorganized as an
NOTE Confidence: 0.9787759

00:18:44.420 --> 00:18:47.060 overarching community academic advisory body
NOTE Confidence: 0.9787759

00:18:47.060 --> 00:18:48.040 in twenty fifteen.
NOTE Confidence: 0.9993742

00:18:48.500 --> 00:18:49.640 And all of our work

NOTE Confidence: 0.95614576

00:18:49.940 --> 00:18:50.680 at at ERIC,

NOTE Confidence: 0.9538882

00:18:52.180 --> 00:18:52.760 you know,

NOTE Confidence: 0.98226506

00:18:53.859 --> 00:18:55.095 is governed by this

NOTE Confidence: 0.6975118

00:18:55.655 --> 00:18:57.034 by by the steering committee.

NOTE Confidence: 0.9792681

00:18:57.494 --> 00:18:58.695 They sort of serve as,

NOTE Confidence: 0.9792681

00:18:58.695 --> 00:19:00.075 like, a board of directors.

NOTE Confidence: 0.99820113

00:19:00.534 --> 00:19:01.414 It's a group of twenty

NOTE Confidence: 0.99820113

00:19:01.414 --> 00:19:03.335 five members that represent many

NOTE Confidence: 0.99820113

00:19:03.335 --> 00:19:05.195 New Haven community based organizations,

NOTE Confidence: 0.99820113

00:19:05.414 --> 00:19:06.234 city government,

NOTE Confidence: 0.97145116

00:19:06.695 --> 00:19:09.275 neighborhood leaders, neighborhood management teams,

NOTE Confidence: 0.97145116

00:19:09.540 --> 00:19:11.220 and New Haven colleges and

NOTE Confidence: 0.97145116

00:19:11.220 --> 00:19:11.720 universities.

NOTE Confidence: 0.94022787

00:19:13.060 --> 00:19:14.520 And they co develop research

NOTE Confidence: 0.94677335

00:19:14.900 --> 00:19:15.400 initiatives,

NOTE Confidence: 0.98566246

00:19:16.340 --> 00:19:18.340 and provide oversight for Yale

NOTE Confidence: 0.98566246

00:19:18.340 --> 00:19:20.280 trainee research projects as well.

NOTE Confidence: 0.853622

00:19:24.015 --> 00:19:25.295 Other community engaged,

NOTE Confidence: 0.85928845

00:19:25.695 --> 00:19:26.195 initiatives,

NOTE Confidence: 0.9638002

00:19:26.734 --> 00:19:28.655 the community research fellows program.

NOTE Confidence: 0.9638002

00:19:28.655 --> 00:19:29.955 This is a program that

NOTE Confidence: 0.9638002

00:19:30.255 --> 00:19:30.755 trains,

NOTE Confidence: 0.9851546

00:19:31.455 --> 00:19:32.595 community members,

NOTE Confidence: 0.953471

00:19:33.615 --> 00:19:34.815 in research, and they get

NOTE Confidence: 0.953471

00:19:34.815 --> 00:19:35.730 to embed with,

NOTE Confidence: 0.98202974

00:19:36.369 --> 00:19:38.290 research teams to bring lived

NOTE Confidence: 0.98202974

00:19:38.290 --> 00:19:40.369 experiences and their perspectives to

NOTE Confidence: 0.98202974

00:19:40.369 --> 00:19:41.030 to research,

NOTE Confidence: 0.97687435

00:19:42.530 --> 00:19:44.609 the cultural ambassador program, which

NOTE Confidence: 0.97687435

00:19:44.609 --> 00:19:45.750 many of us are,

NOTE Confidence: 0.9732968

00:19:46.210 --> 00:19:47.669 probably familiar with.
NOTE Confidence: 0.9365222

00:19:51.455 --> 00:19:53.395 The community health equity accelerator,
NOTE Confidence: 0.9948656

00:19:54.335 --> 00:19:55.395 is one example,
NOTE Confidence: 0.8075453

00:19:56.255 --> 00:19:56.755 of,
NOTE Confidence: 0.9950738

00:19:58.335 --> 00:19:59.775 how we've we've grown in
NOTE Confidence: 0.9950738

00:19:59.775 --> 00:20:00.815 this area of work here
NOTE Confidence: 0.9950738

00:20:00.815 --> 00:20:01.875 at here at Yale.
NOTE Confidence: 0.98802674

00:20:02.415 --> 00:20:04.595 Again, it's funded by, YSM,
NOTE Confidence: 0.9798832

00:20:05.220 --> 00:20:06.260 through funds from the dean's
NOTE Confidence: 0.9798832

00:20:06.260 --> 00:20:06.760 office.
NOTE Confidence: 0.9943101

00:20:07.859 --> 00:20:09.540 CHIA is a model for
NOTE Confidence: 0.9943101

00:20:09.540 --> 00:20:11.320 health equity research that unites
NOTE Confidence: 0.9943101

00:20:11.380 --> 00:20:14.040 community leaders across multiple sectors
NOTE Confidence: 0.99859333

00:20:14.500 --> 00:20:16.119 to tackle health equity issues.
NOTE Confidence: 0.99859333

00:20:16.419 --> 00:20:17.780 It's led by a guiding
NOTE Confidence: 0.99859333

00:20:17.780 --> 00:20:20.025 coalition, and that coalition includes

NOTE Confidence: 0.99859333

00:20:20.265 --> 00:20:20.765 community

NOTE Confidence: 0.99172705

00:20:21.385 --> 00:20:23.565 leaders, that oversee all aspects

NOTE Confidence: 0.99172705

00:20:23.865 --> 00:20:25.305 of Chia. So they are

NOTE Confidence: 0.99172705

00:20:25.305 --> 00:20:25.965 the primary

NOTE Confidence: 0.9933344

00:20:26.425 --> 00:20:28.045 decision makers here. So,

NOTE Confidence: 0.9551126

00:20:28.585 --> 00:20:29.565 you know, I mentioned,

NOTE Confidence: 0.9929279

00:20:30.185 --> 00:20:31.885 sort of earlier models where,

NOTE Confidence: 0.92973655

00:20:32.345 --> 00:20:34.140 there's sort of co development,

NOTE Confidence: 0.92973655

00:20:34.200 --> 00:20:34.859 co design.

NOTE Confidence: 0.972404

00:20:35.800 --> 00:20:36.380 In this,

NOTE Confidence: 0.95288867

00:20:37.000 --> 00:20:38.440 paradigm, they are they are

NOTE Confidence: 0.95288867

00:20:38.440 --> 00:20:38.940 leading,

NOTE Confidence: 0.97128826

00:20:39.320 --> 00:20:40.840 and the academic folks are

NOTE Confidence: 0.97128826

00:20:40.840 --> 00:20:41.740 sort of supporting,

NOTE Confidence: 0.9740187

00:20:42.840 --> 00:20:44.679 and providing technical assistance in

NOTE Confidence: 0.9740187

00:20:44.679 --> 00:20:45.500 the back seat.
NOTE Confidence: 0.9551732

00:20:46.200 --> 00:20:47.980 So they, you know, they're
NOTE Confidence: 0.9762927

00:20:48.415 --> 00:20:50.835 charged with, you know, identifying
NOTE Confidence: 0.9762927

00:20:50.895 --> 00:20:52.255 the health equity topic that
NOTE Confidence: 0.9762927

00:20:52.255 --> 00:20:53.155 will be addressed,
NOTE Confidence: 0.96306103

00:20:54.015 --> 00:20:55.775 the review process, the development
NOTE Confidence: 0.96306103

00:20:55.775 --> 00:20:57.455 of a request the request
NOTE Confidence: 0.96306103

00:20:57.455 --> 00:20:58.515 for, applications,
NOTE Confidence: 0.9897028

00:20:59.295 --> 00:21:01.075 final selection of those teams,
NOTE Confidence: 0.9818444

00:21:01.375 --> 00:21:02.835 and also budget decisions.
NOTE Confidence: 0.9618636

00:21:08.190 --> 00:21:09.250 This slide shows,
NOTE Confidence: 0.96700287

00:21:10.750 --> 00:21:11.650 our our funded,
NOTE Confidence: 0.95258206

00:21:11.950 --> 00:21:14.190 cycle structure. So, you know,
NOTE Confidence: 0.95258206

00:21:14.190 --> 00:21:16.510 selected interventions, they're implemented over
NOTE Confidence: 0.95258206

00:21:16.510 --> 00:21:17.890 an eighteen month period.
NOTE Confidence: 0.98935574

00:21:19.335 --> 00:21:20.855 And at the end, investigators

NOTE Confidence: 0.98935574

00:21:20.855 --> 00:21:22.395 will determine which aspects

NOTE Confidence: 0.96724457

00:21:22.934 --> 00:21:24.215 of the project they will

NOTE Confidence: 0.96724457

00:21:24.215 --> 00:21:25.255 scale or,

NOTE Confidence: 0.8014204

00:21:26.294 --> 00:21:28.154 or or d descale.

NOTE Confidence: 0.95061314

00:21:28.855 --> 00:21:30.215 To date, she has had

NOTE Confidence: 0.95061314

00:21:30.215 --> 00:21:30.955 two cycles.

NOTE Confidence: 0.94502884

00:21:31.255 --> 00:21:32.934 One focused on pediatric asthma

NOTE Confidence: 0.94502884

00:21:32.934 --> 00:21:34.119 and the other focused on

NOTE Confidence: 0.94502884

00:21:34.119 --> 00:21:36.440 colorectal cancer screening led by

NOTE Confidence: 0.94502884

00:21:36.440 --> 00:21:38.040 our very own Alana Richmond

NOTE Confidence: 0.94502884

00:21:38.040 --> 00:21:39.340 in our section. Congratulations.

NOTE Confidence: 0.97901607

00:21:45.784 --> 00:21:47.544 So leadership in community gaze

NOTE Confidence: 0.97901607

00:21:47.544 --> 00:21:49.144 research and health equity research

NOTE Confidence: 0.97901607

00:21:49.144 --> 00:21:49.644 really,

NOTE Confidence: 0.9685525

00:21:50.984 --> 00:21:52.184 poised us well for a

NOTE Confidence: 0.9685525

00:21:52.184 --> 00:21:53.945 national initiative to shift the
NOTE Confidence: 0.9685525

00:21:53.945 --> 00:21:55.965 current health equity research paradigm
NOTE Confidence: 0.99796575

00:21:56.265 --> 00:21:57.465 to one where we have
NOTE Confidence: 0.99796575

00:21:57.465 --> 00:21:58.684 communities leading.
NOTE Confidence: 0.9400645

00:22:04.420 --> 00:22:05.619 And the example I'll present
NOTE Confidence: 0.9400645

00:22:05.619 --> 00:22:06.500 today is, the,
NOTE Confidence: 0.84767294

00:22:07.859 --> 00:22:09.000 Yale Compass Hub.
NOTE Confidence: 0.9437776

00:22:09.700 --> 00:22:10.900 This is Compass stands for
NOTE Confidence: 0.9437776

00:22:10.900 --> 00:22:13.059 Community Partnerships to Advance Science
NOTE Confidence: 0.9437776

00:22:13.059 --> 00:22:13.800 for Society.
NOTE Confidence: 0.9973675

00:22:16.035 --> 00:22:17.494 So before I dive deeper,
NOTE Confidence: 0.9814104

00:22:17.795 --> 00:22:19.315 into Compass, I wanna orient
NOTE Confidence: 0.9814104

00:22:19.315 --> 00:22:20.355 you to the to our
NOTE Confidence: 0.9814104

00:22:20.355 --> 00:22:21.555 journey with this project because
NOTE Confidence: 0.9814104

00:22:21.555 --> 00:22:23.015 it's really been a journey.
NOTE Confidence: 0.96643627

00:22:24.675 --> 00:22:25.175 So,

NOTE Confidence: 0.9889734
00:22:25.715 --> 00:22:26.215 Compass,
NOTE Confidence: 0.96500486
00:22:27.075 --> 00:22:28.055 Compass awarded,
NOTE Confidence: 0.8676963
00:22:29.395 --> 00:22:30.935 twenty five, grants,
NOTE Confidence: 0.9975187
00:22:31.690 --> 00:22:33.550 in twenty twenty three to
NOTE Confidence: 0.9975187
00:22:33.609 --> 00:22:35.790 twenty five community based organizations
NOTE Confidence: 0.7138279
00:22:36.170 --> 00:22:37.310 that call CHESIs,
NOTE Confidence: 0.9463095
00:22:38.730 --> 00:22:39.230 community
NOTE Confidence: 0.92556
00:22:40.570 --> 00:22:42.750 health equity structural intervention teams
NOTE Confidence: 0.93913376
00:22:43.050 --> 00:22:43.790 to implement
NOTE Confidence: 0.9996474
00:22:44.244 --> 00:22:45.065 structural interventions.
NOTE Confidence: 0.98143977
00:22:45.605 --> 00:22:47.125 In twenty twenty four, they
NOTE Confidence: 0.98143977
00:22:47.125 --> 00:22:47.625 awarded,
NOTE Confidence: 0.9949587
00:22:48.965 --> 00:22:50.184 health equity hubs,
NOTE Confidence: 0.9932715
00:22:50.965 --> 00:22:53.125 to support provide support for
NOTE Confidence: 0.9932715
00:22:53.125 --> 00:22:55.125 those twenty five community based
NOTE Confidence: 0.9932715

00:22:55.125 --> 00:22:56.404 organizations. And I forgot to
NOTE Confidence: 0.9932715

00:22:56.404 --> 00:22:57.684 mention, in twenty twenty three,
NOTE Confidence: 0.9932715

00:22:57.684 --> 00:22:59.065 they also funded a coordinating
NOTE Confidence: 0.9932715

00:22:59.205 --> 00:22:59.705 center.
NOTE Confidence: 0.95735604

00:23:01.420 --> 00:23:03.020 We were, thankfully, one of
NOTE Confidence: 0.95735604

00:23:03.020 --> 00:23:04.400 the five hubs selected,
NOTE Confidence: 0.9655773

00:23:05.420 --> 00:23:06.940 along with our colleagues at
NOTE Confidence: 0.9655773

00:23:06.940 --> 00:23:07.440 Michigan,
NOTE Confidence: 0.9886281

00:23:08.060 --> 00:23:10.380 NYU, University of Maryland, and
NOTE Confidence: 0.9886281

00:23:10.380 --> 00:23:12.480 University of Mississippi Medical Center.
NOTE Confidence: 0.98837537

00:23:14.165 --> 00:23:15.365 We got a we received
NOTE Confidence: 0.98837537

00:23:15.365 --> 00:23:16.345 a letter of termination,
NOTE Confidence: 0.99036026

00:23:16.885 --> 00:23:18.505 in April of this year,
NOTE Confidence: 0.99338114

00:23:20.325 --> 00:23:21.684 and we were reinstated in
NOTE Confidence: 0.99338114

00:23:21.684 --> 00:23:23.365 July of this year, and
NOTE Confidence: 0.99338114

00:23:23.365 --> 00:23:25.545 our project continues today. So

NOTE Confidence: 0.99338114

00:23:25.684 --> 00:23:26.565 I will tell you a

NOTE Confidence: 0.99338114

00:23:26.565 --> 00:23:27.605 little bit about what the

NOTE Confidence: 0.99338114

00:23:27.605 --> 00:23:28.105 project

NOTE Confidence: 0.96141183

00:23:28.650 --> 00:23:30.109 looked like sort of before,

NOTE Confidence: 0.9788608

00:23:31.530 --> 00:23:32.650 termination and what it looks

NOTE Confidence: 0.9788608

00:23:32.650 --> 00:23:33.390 like today.

NOTE Confidence: 0.9776809

00:23:37.850 --> 00:23:39.609 So in twenty twenty three,

NOTE Confidence: 0.9776809

00:23:39.609 --> 00:23:40.490 you know, this is the,

NOTE Confidence: 0.9776809

00:23:40.890 --> 00:23:42.810 announcement for the health equity

NOTE Confidence: 0.9776809

00:23:42.810 --> 00:23:44.425 research hubs. We responded to

NOTE Confidence: 0.9776809

00:23:44.425 --> 00:23:46.105 the RFA for health equity

NOTE Confidence: 0.9776809

00:23:46.105 --> 00:23:46.925 research hubs.

NOTE Confidence: 0.9988604

00:23:47.785 --> 00:23:48.765 We were successful,

NOTE Confidence: 0.98191506

00:23:49.705 --> 00:23:51.145 in getting the award, which

NOTE Confidence: 0.98191506

00:23:51.145 --> 00:23:52.905 started in September twenty twenty

NOTE Confidence: 0.98191506

00:23:52.905 --> 00:23:54.025 four. We are one of
NOTE Confidence: 0.98191506

00:23:54.025 --> 00:23:55.785 five institutions, as I mentioned,
NOTE Confidence: 0.98191506

00:23:55.785 --> 00:23:57.965 along with Michigan, NYU, Mississippi,
NOTE Confidence: 0.98191506

00:23:58.185 --> 00:23:58.845 and Maryland.
NOTE Confidence: 0.98993134

00:24:04.830 --> 00:24:05.950 So this is an initiative
NOTE Confidence: 0.98993134

00:24:05.950 --> 00:24:07.230 that was funded from the
NOTE Confidence: 0.98993134

00:24:07.470 --> 00:24:08.830 by the NIH office of
NOTE Confidence: 0.98993134

00:24:08.830 --> 00:24:10.109 the director. It was a
NOTE Confidence: 0.98993134

00:24:10.109 --> 00:24:11.169 bold new initiative
NOTE Confidence: 0.94654405

00:24:11.494 --> 00:24:13.015 to shift health equity research,
NOTE Confidence: 0.94654405

00:24:13.015 --> 00:24:14.375 to shift the health equity
NOTE Confidence: 0.94654405

00:24:14.375 --> 00:24:16.395 research paradigm to have communities
NOTE Confidence: 0.94654405

00:24:16.615 --> 00:24:18.855 lead structural change. There was
NOTE Confidence: 0.94654405

00:24:18.855 --> 00:24:20.475 a focus on health equity.
NOTE Confidence: 0.5807884

00:24:22.615 --> 00:24:23.115 Communities
NOTE Confidence: 0.98368686

00:24:23.415 --> 00:24:24.855 leading the implementation of these

NOTE Confidence: 0.98368686

00:24:24.855 --> 00:24:25.355 interventions.

NOTE Confidence: 0.9880667

00:24:26.040 --> 00:24:27.180 There's a focus on leveraging

NOTE Confidence: 0.9880667

00:24:27.240 --> 00:24:28.460 multisectoral partnerships

NOTE Confidence: 0.99025565

00:24:29.000 --> 00:24:30.520 and intervening on social determinants

NOTE Confidence: 0.99025565

00:24:30.520 --> 00:24:31.100 of health.

NOTE Confidence: 0.99671316

00:24:32.200 --> 00:24:33.400 And it came with a

NOTE Confidence: 0.99671316

00:24:33.400 --> 00:24:35.180 pretty big price tag, but

NOTE Confidence: 0.999209

00:24:35.880 --> 00:24:37.560 structural intervention work is hard

NOTE Confidence: 0.999209

00:24:37.560 --> 00:24:38.300 and expensive.

NOTE Confidence: 0.9518731

00:24:43.055 --> 00:24:44.335 There was a three phased

NOTE Confidence: 0.9518731

00:24:44.335 --> 00:24:45.795 approach to the original,

NOTE Confidence: 0.9975227

00:24:46.175 --> 00:24:46.675 project.

NOTE Confidence: 0.97318715

00:24:48.255 --> 00:24:49.795 So the first two years

NOTE Confidence: 0.97318715

00:24:49.855 --> 00:24:51.155 were focused on planning.

NOTE Confidence: 0.9957997

00:24:52.255 --> 00:24:54.655 So, you know, getting IRB

NOTE Confidence: 0.9957997

00:24:54.655 --> 00:24:55.155 approvals,
NOTE Confidence: 0.8467614

00:24:57.130 --> 00:24:57.630 instruments,
NOTE Confidence: 0.97925967

00:24:58.730 --> 00:25:00.429 things like instrument selection,
NOTE Confidence: 0.94066167

00:25:00.809 --> 00:25:01.950 you know, developing,
NOTE Confidence: 0.99870235

00:25:02.730 --> 00:25:04.809 data collection infrastructures, things like
NOTE Confidence: 0.99870235

00:25:04.809 --> 00:25:05.309 that.
NOTE Confidence: 0.9936207

00:25:05.929 --> 00:25:06.429 Years
NOTE Confidence: 0.99307394

00:25:06.970 --> 00:25:08.190 three through eight,
NOTE Confidence: 0.94528264

00:25:08.970 --> 00:25:10.650 were focused on implementing the
NOTE Confidence: 0.94528264

00:25:10.650 --> 00:25:11.710 actual intervention,
NOTE Confidence: 0.99682075

00:25:12.535 --> 00:25:13.975 and then nine and ten
NOTE Confidence: 0.99682075

00:25:13.975 --> 00:25:15.595 were focused on dissemination
NOTE Confidence: 0.9994476

00:25:15.895 --> 00:25:16.635 of findings.
NOTE Confidence: 0.9713089

00:25:21.415 --> 00:25:22.855 And I mentioned earlier that
NOTE Confidence: 0.9713089

00:25:22.855 --> 00:25:23.755 many of these,
NOTE Confidence: 0.9660756

00:25:25.100 --> 00:25:26.720 CHESIs, as they were previously

NOTE Confidence: 0.9660756
00:25:26.780 --> 00:25:28.560 called, were focused on,
NOTE Confidence: 0.8510792
00:25:28.940 --> 00:25:29.440 addressing,
NOTE Confidence: 0.9545225
00:25:30.060 --> 00:25:31.520 social determinants of health,
NOTE Confidence: 0.9738046
00:25:32.060 --> 00:25:33.740 many of them mainly nutrition
NOTE Confidence: 0.9738046
00:25:33.740 --> 00:25:34.480 and food,
NOTE Confidence: 0.9995482
00:25:35.100 --> 00:25:35.600 interventions,
NOTE Confidence: 0.9803398
00:25:36.060 --> 00:25:37.680 health care access, and economic
NOTE Confidence: 0.9803398
00:25:37.740 --> 00:25:38.240 development.
NOTE Confidence: 0.99899834
00:25:42.494 --> 00:25:44.014 So in this model, each
NOTE Confidence: 0.99899834
00:25:44.014 --> 00:25:45.315 of the five hubs
NOTE Confidence: 0.9989975
00:25:45.934 --> 00:25:46.755 are assigned
NOTE Confidence: 0.9159189
00:25:47.375 --> 00:25:49.695 or community based organizations that
NOTE Confidence: 0.9159189
00:25:49.695 --> 00:25:51.554 they provide support to.
NOTE Confidence: 0.94685376
00:25:52.909 --> 00:25:54.429 And so the Yale hub
NOTE Confidence: 0.94685376
00:25:54.429 --> 00:25:55.869 was a fine was originally
NOTE Confidence: 0.94685376

00:25:55.869 --> 00:25:56.990 assigned five. We now have
NOTE Confidence: 0.94685376

00:25:56.990 --> 00:25:58.769 six with the restructuring.
NOTE Confidence: 0.9955673

00:26:00.269 --> 00:26:01.570 Most of them are tribal
NOTE Confidence: 0.9955673

00:26:01.710 --> 00:26:02.210 communities
NOTE Confidence: 0.9942964

00:26:02.510 --> 00:26:04.049 in Alaska, Maine,
NOTE Confidence: 0.95641214

00:26:04.350 --> 00:26:06.450 New Mexico, California, and Hawaii.
NOTE Confidence: 0.9950916

00:26:06.865 --> 00:26:08.225 And we have one that's,
NOTE Confidence: 0.99844694

00:26:09.505 --> 00:26:11.345 not a tribal community in
NOTE Confidence: 0.99844694

00:26:11.345 --> 00:26:12.644 Los Angeles, California.
NOTE Confidence: 0.99083334

00:26:13.585 --> 00:26:14.804 So our
NOTE Confidence: 0.8686495

00:26:15.664 --> 00:26:16.404 San Francisco,
NOTE Confidence: 0.9178977

00:26:17.105 --> 00:26:18.565 so they they work. Jesse's,
NOTE Confidence: 0.9178977

00:26:18.625 --> 00:26:20.725 they're now called CRPs, community
NOTE Confidence: 0.9178977

00:26:20.865 --> 00:26:22.080 research projects.
NOTE Confidence: 0.9935149

00:26:22.859 --> 00:26:24.880 You've probably all experienced the,
NOTE Confidence: 0.99665165

00:26:25.900 --> 00:26:28.080 name the word word changes

NOTE Confidence: 0.99665165
00:26:28.220 --> 00:26:28.720 that
NOTE Confidence: 0.9759849
00:26:29.180 --> 00:26:30.080 had to happen.
NOTE Confidence: 0.9786694
00:26:30.700 --> 00:26:32.540 So CHESIs and CRPs are
NOTE Confidence: 0.9786694
00:26:32.540 --> 00:26:33.600 are the same thing.
NOTE Confidence: 0.94570076
00:26:34.060 --> 00:26:36.080 It's been really wonderful. Yes?
NOTE Confidence: 0.96317285
00:26:39.295 --> 00:26:39.795 That's
NOTE Confidence: 0.7827507
00:26:42.095 --> 00:26:42.595 yeah.
NOTE Confidence: 0.9861197
00:26:43.455 --> 00:26:44.655 Yeah. When we got our
NOTE Confidence: 0.9861197
00:26:44.655 --> 00:26:46.335 initial assignment, we were like,
NOTE Confidence: 0.9861197
00:26:46.335 --> 00:26:46.835 woah.
NOTE Confidence: 0.99243575
00:26:47.934 --> 00:26:48.975 They're all over the place.
NOTE Confidence: 0.99243575
00:26:48.975 --> 00:26:50.320 We've had to, like, figure
NOTE Confidence: 0.99243575
00:26:50.320 --> 00:26:52.480 out meetings across time zones,
NOTE Confidence: 0.99243575
00:26:52.480 --> 00:26:53.300 things like that.
NOTE Confidence: 0.9626198
00:26:53.920 --> 00:26:55.520 They were we were told
NOTE Confidence: 0.9626198

00:26:55.520 --> 00:26:56.420 that they were,
NOTE Confidence: 0.979318

00:26:57.280 --> 00:26:58.480 the match was made based
NOTE Confidence: 0.979318

00:26:58.480 --> 00:26:59.460 on hub expertise.
NOTE Confidence: 0.9714192

00:26:59.920 --> 00:27:01.619 So many of our assigned,
NOTE Confidence: 0.9914584

00:27:03.075 --> 00:27:03.575 CRPs
NOTE Confidence: 0.9244418

00:27:04.034 --> 00:27:04.855 were implementing,
NOTE Confidence: 0.99829805

00:27:06.034 --> 00:27:07.975 food environment, food security,
NOTE Confidence: 0.92412597

00:27:09.635 --> 00:27:11.975 you know, housing, economic development
NOTE Confidence: 0.92412597

00:27:12.034 --> 00:27:12.434 type,
NOTE Confidence: 0.99749863

00:27:13.475 --> 00:27:13.975 interventions.
NOTE Confidence: 0.9609219

00:27:15.470 --> 00:27:17.150 So that's that's how they
NOTE Confidence: 0.9609219

00:27:17.150 --> 00:27:18.350 made the match. But, yes,
NOTE Confidence: 0.9609219

00:27:18.350 --> 00:27:19.310 initially, we were like, they're
NOTE Confidence: 0.9609219

00:27:19.310 --> 00:27:20.030 all over the place. How
NOTE Confidence: 0.9609219

00:27:20.030 --> 00:27:20.770 are we gonna,
NOTE Confidence: 0.9978836

00:27:21.630 --> 00:27:22.850 but it's worked beautifully.

NOTE Confidence: 0.99955034
00:27:23.390 --> 00:27:24.770 It's been a real pleasure
NOTE Confidence: 0.99955034
00:27:24.830 --> 00:27:25.330 to
NOTE Confidence: 0.99949855
00:27:25.790 --> 00:27:27.410 meet and learn from
NOTE Confidence: 0.99679154
00:27:27.994 --> 00:27:29.455 all of these teams. So
NOTE Confidence: 0.99679154
00:27:29.595 --> 00:27:30.475 the other thing I had
NOTE Confidence: 0.99679154
00:27:30.555 --> 00:27:31.755 I didn't mention is that
NOTE Confidence: 0.99679154
00:27:31.755 --> 00:27:32.575 each of these
NOTE Confidence: 0.99494886
00:27:33.115 --> 00:27:35.295 CRPs has an academic partner.
NOTE Confidence: 0.9688469
00:27:35.675 --> 00:27:37.055 So we're sort of the,
NOTE Confidence: 0.9910534
00:27:38.795 --> 00:27:39.595 I like to think of
NOTE Confidence: 0.9910534
00:27:39.595 --> 00:27:40.795 us as sort of a
NOTE Confidence: 0.9910534
00:27:40.795 --> 00:27:42.175 a deep bench of expertise
NOTE Confidence: 0.9101686
00:27:42.635 --> 00:27:43.115 beyond,
NOTE Confidence: 0.99628794
00:27:44.360 --> 00:27:46.040 the community based organizations and
NOTE Confidence: 0.99628794
00:27:46.040 --> 00:27:47.180 their academic partner,
NOTE Confidence: 0.9800432

00:27:47.880 --> 00:27:48.780 that can provide,
NOTE Confidence: 0.97662985

00:27:49.320 --> 00:27:49.820 support,
NOTE Confidence: 0.9697996

00:27:50.280 --> 00:27:52.040 with them implementing these structural
NOTE Confidence: 0.9697996

00:27:52.040 --> 00:27:52.540 interventions.
NOTE Confidence: 0.99047065

00:27:53.400 --> 00:27:55.160 Our team in Los Angeles
NOTE Confidence: 0.99047065

00:27:55.160 --> 00:27:56.600 is really focused on addressing
NOTE Confidence: 0.99047065

00:27:56.600 --> 00:27:57.580 economic instability,
NOTE Confidence: 0.98748386

00:27:58.805 --> 00:28:00.165 and its impact on mental
NOTE Confidence: 0.98748386

00:28:00.325 --> 00:28:01.605 the mental health of folks
NOTE Confidence: 0.98748386

00:28:01.605 --> 00:28:02.505 in their community.
NOTE Confidence: 0.99959785

00:28:02.885 --> 00:28:04.265 And they are implementing
NOTE Confidence: 0.9029863

00:28:04.645 --> 00:28:07.125 a workforce program to develop
NOTE Confidence: 0.9029863

00:28:07.125 --> 00:28:07.625 promontories
NOTE Confidence: 0.80832005

00:28:07.925 --> 00:28:08.425 who,
NOTE Confidence: 0.99978435

00:28:09.045 --> 00:28:09.785 can provide
NOTE Confidence: 0.9998169

00:28:11.080 --> 00:28:12.380 services to people

NOTE Confidence: 0.99942386
00:28:12.680 --> 00:28:13.180 in
NOTE Confidence: 0.9019606
00:28:13.960 --> 00:28:15.660 culturally relevant ways.
NOTE Confidence: 0.9286146
00:28:15.960 --> 00:28:17.480 They're learning. They're being trained
NOTE Confidence: 0.9286146
00:28:17.480 --> 00:28:17.980 in,
NOTE Confidence: 0.89212626
00:28:19.000 --> 00:28:20.700 native cultural healing practices,
NOTE Confidence: 0.92258257
00:28:21.640 --> 00:28:22.619 as well as,
NOTE Confidence: 0.9964456
00:28:23.480 --> 00:28:24.380 helping to
NOTE Confidence: 0.83427954
00:28:26.044 --> 00:28:27.184 navigate people,
NOTE Confidence: 0.9912124
00:28:28.044 --> 00:28:28.544 through
NOTE Confidence: 0.5918645
00:28:29.885 --> 00:28:30.705 a closed system,
NOTE Confidence: 0.9021973
00:28:31.565 --> 00:28:32.304 of services,
NOTE Confidence: 0.9378219
00:28:32.605 --> 00:28:34.205 health care services and services
NOTE Confidence: 0.9378219
00:28:34.205 --> 00:28:35.505 to address social needs.
NOTE Confidence: 0.97311944
00:28:36.125 --> 00:28:38.365 In LA, their interventions focused
NOTE Confidence: 0.97311944
00:28:38.365 --> 00:28:40.225 on, improving the built environment,
NOTE Confidence: 0.97311944

00:28:40.365 --> 00:28:41.424 addressing blight.
NOTE Confidence: 0.9578945

00:28:42.730 --> 00:28:43.470 In Alaska,
NOTE Confidence: 0.96338636

00:28:45.690 --> 00:28:46.730 this is this is one
NOTE Confidence: 0.96338636

00:28:46.730 --> 00:28:48.170 of the CRPs that I
NOTE Confidence: 0.96338636

00:28:48.170 --> 00:28:50.090 was really, really, really fascinated
NOTE Confidence: 0.96338636

00:28:50.090 --> 00:28:51.950 with. They are addressing,
NOTE Confidence: 0.9994338

00:28:52.730 --> 00:28:54.350 food security and food sovereignty
NOTE Confidence: 0.95967895

00:28:54.725 --> 00:28:56.105 and are working with communities
NOTE Confidence: 0.95967895

00:28:56.165 --> 00:28:58.165 in in very remote parts
NOTE Confidence: 0.95967895

00:28:58.165 --> 00:28:58.905 of Alaska
NOTE Confidence: 0.9384992

00:28:59.285 --> 00:29:00.725 where it's hard to get
NOTE Confidence: 0.9384992

00:29:00.965 --> 00:29:02.425 it's just logistically hard.
NOTE Confidence: 0.9993021

00:29:03.125 --> 00:29:04.405 And it's logistically hard to
NOTE Confidence: 0.9993021

00:29:04.405 --> 00:29:04.905 get
NOTE Confidence: 0.97721297

00:29:05.285 --> 00:29:06.805 fresh fruits and vegetables, things
NOTE Confidence: 0.97721297

00:29:06.805 --> 00:29:07.845 like that, things that don't

NOTE Confidence: 0.97721297

00:29:08.005 --> 00:29:09.299 that that don't have long

NOTE Confidence: 0.97721297

00:29:09.299 --> 00:29:11.299 shelf life to them. For

NOTE Confidence: 0.97721297

00:29:11.299 --> 00:29:12.340 example, we met with the

NOTE Confidence: 0.97721297

00:29:12.340 --> 00:29:13.140 team, and they were like,

NOTE Confidence: 0.97721297

00:29:13.140 --> 00:29:14.019 oh, in the,

NOTE Confidence: 0.9872281

00:29:14.580 --> 00:29:15.460 in the winter, we have

NOTE Confidence: 0.9872281

00:29:15.460 --> 00:29:16.600 to take a bush plane

NOTE Confidence: 0.9929741

00:29:17.220 --> 00:29:18.580 there. And in the summer,

NOTE Confidence: 0.9929741

00:29:18.580 --> 00:29:20.100 we can take a barge,

NOTE Confidence: 0.9929741

00:29:20.100 --> 00:29:20.760 I think,

NOTE Confidence: 0.93715763

00:29:21.795 --> 00:29:22.755 out to these areas. But,

NOTE Confidence: 0.93715763

00:29:22.755 --> 00:29:23.255 anyway,

NOTE Confidence: 0.9974094

00:29:24.035 --> 00:29:24.755 you know, it was really

NOTE Confidence: 0.9974094

00:29:24.755 --> 00:29:26.115 fantastic to to sort of

NOTE Confidence: 0.9974094

00:29:26.115 --> 00:29:27.175 work along with,

NOTE Confidence: 0.9695199

00:29:27.635 --> 00:29:29.395 the CBO and the academic
NOTE Confidence: 0.9695199

00:29:29.395 --> 00:29:30.935 partner in thinking about,
NOTE Confidence: 0.9867232

00:29:31.635 --> 00:29:32.595 you know, how to,
NOTE Confidence: 0.99874556

00:29:33.155 --> 00:29:34.615 implement their their interventions.
NOTE Confidence: 0.99902666

00:29:35.250 --> 00:29:37.010 In Maine, they're also focused
NOTE Confidence: 0.99902666

00:29:37.010 --> 00:29:38.210 on food security and food
NOTE Confidence: 0.99902666

00:29:38.210 --> 00:29:38.710 sovereignty
NOTE Confidence: 0.9109975

00:29:39.170 --> 00:29:40.770 and are implementing a food,
NOTE Confidence: 0.9897009

00:29:41.890 --> 00:29:43.430 sort of food pantry truck,
NOTE Confidence: 0.95354664

00:29:43.970 --> 00:29:46.310 intervention and also addressing the
NOTE Confidence: 0.95354664

00:29:46.370 --> 00:29:47.350 lack of data,
NOTE Confidence: 0.9497311

00:29:47.985 --> 00:29:49.525 in their in their community
NOTE Confidence: 0.9497311

00:29:49.665 --> 00:29:51.345 to be able to monitor,
NOTE Confidence: 0.9497311

00:29:51.345 --> 00:29:52.305 like, how many people have
NOTE Confidence: 0.9497311

00:29:52.305 --> 00:29:53.905 food insecurity, what's you know,
NOTE Confidence: 0.9497311

00:29:53.905 --> 00:29:55.265 and and prevalence of just,

NOTE Confidence: 0.9976887

00:29:56.065 --> 00:29:57.685 many conditions that are related.

NOTE Confidence: 0.9976887

00:29:57.905 --> 00:29:59.665 Our Hawaii team is newly

NOTE Confidence: 0.9976887

00:29:59.665 --> 00:30:00.625 assigned to us,

NOTE Confidence: 0.94435453

00:30:01.025 --> 00:30:01.845 after reinstatement,

NOTE Confidence: 0.9657658

00:30:02.780 --> 00:30:03.820 and they are focused on

NOTE Confidence: 0.9657658

00:30:03.820 --> 00:30:05.340 improving health and well-being among

NOTE Confidence: 0.9657658

00:30:05.340 --> 00:30:06.780 youth through the development of

NOTE Confidence: 0.9657658

00:30:06.780 --> 00:30:07.840 culturally relevant,

NOTE Confidence: 0.9367236

00:30:08.620 --> 00:30:10.460 approach research approaches and,

NOTE Confidence: 0.99073744

00:30:11.500 --> 00:30:12.880 and care approaches.

NOTE Confidence: 0.9981625

00:30:13.740 --> 00:30:14.940 The final one in New

NOTE Confidence: 0.9981625

00:30:14.940 --> 00:30:16.880 Mexico, they're focused on

NOTE Confidence: 0.9978768

00:30:18.165 --> 00:30:20.345 implementing interventions to address harmful

NOTE Confidence: 0.9978768

00:30:20.645 --> 00:30:22.485 environmental exposures in the home

NOTE Confidence: 0.9978768

00:30:22.485 --> 00:30:24.025 and and asthma disparities.

NOTE Confidence: 0.9552352

00:30:30.019 --> 00:30:31.059 So while we were, like,
NOTE Confidence: 0.9552352

00:30:31.059 --> 00:30:32.440 getting to know these teams
NOTE Confidence: 0.9552352

00:30:32.580 --> 00:30:33.620 and a big part of
NOTE Confidence: 0.9552352

00:30:33.620 --> 00:30:34.600 it was,
NOTE Confidence: 0.97325885

00:30:35.700 --> 00:30:37.000 you know, building relationship.
NOTE Confidence: 0.9687167

00:30:38.019 --> 00:30:39.460 So remember they already had
NOTE Confidence: 0.9687167

00:30:39.460 --> 00:30:41.059 an academic partner, and then
NOTE Confidence: 0.9687167

00:30:41.059 --> 00:30:42.820 NIH said, okay. Now you're
NOTE Confidence: 0.9687167

00:30:42.820 --> 00:30:44.875 gonna have, like, another partner
NOTE Confidence: 0.9687167

00:30:44.934 --> 00:30:46.135 to, you know, support your
NOTE Confidence: 0.9687167

00:30:46.135 --> 00:30:46.875 work. So,
NOTE Confidence: 0.98810434

00:30:47.575 --> 00:30:48.855 you know, the first few
NOTE Confidence: 0.98810434

00:30:48.855 --> 00:30:50.615 months, was spent sort of
NOTE Confidence: 0.98810434

00:30:50.615 --> 00:30:51.894 getting to know them, their
NOTE Confidence: 0.98810434

00:30:51.894 --> 00:30:53.115 communities, doing,
NOTE Confidence: 0.9608705

00:30:54.215 --> 00:30:55.735 you know, research on their

NOTE Confidence: 0.9608705
00:30:55.735 --> 00:30:56.934 communities, what are the sort
NOTE Confidence: 0.9608705
00:30:56.934 --> 00:30:58.075 of local,
NOTE Confidence: 0.9969455
00:31:00.690 --> 00:31:01.190 local,
NOTE Confidence: 0.9705364
00:31:01.570 --> 00:31:02.930 like, newspapers, things like that.
NOTE Confidence: 0.9705364
00:31:02.930 --> 00:31:03.730 Just trying to get a
NOTE Confidence: 0.9705364
00:31:03.730 --> 00:31:04.690 feel of, like, what their
NOTE Confidence: 0.9705364
00:31:04.690 --> 00:31:05.190 communities
NOTE Confidence: 0.97085905
00:31:05.650 --> 00:31:07.190 are, were like.
NOTE Confidence: 0.9227888
00:31:07.730 --> 00:31:09.510 But on April seventh, we,
NOTE Confidence: 0.9342935
00:31:09.890 --> 00:31:10.630 were terminated.
NOTE Confidence: 0.98392725
00:31:11.755 --> 00:31:13.115 And with great support from
NOTE Confidence: 0.98392725
00:31:13.115 --> 00:31:14.655 the office of general counsel,
NOTE Confidence: 0.98392725
00:31:14.715 --> 00:31:16.095 we appealed the termination,
NOTE Confidence: 0.9944808
00:31:16.635 --> 00:31:17.615 which was rejected.
NOTE Confidence: 0.98680186
00:31:22.875 --> 00:31:23.375 However,
NOTE Confidence: 0.9913847

00:31:24.430 --> 00:31:25.550 through the action of one

NOTE Confidence: 0.9913847

00:31:25.550 --> 00:31:26.910 of our fantastic team members

NOTE Confidence: 0.9913847

00:31:26.910 --> 00:31:27.970 who had an active,

NOTE Confidence: 0.96330476

00:31:28.590 --> 00:31:30.270 APHA membership and joined the

NOTE Confidence: 0.96330476

00:31:30.270 --> 00:31:32.510 EPHA lawsuit, our grant was

NOTE Confidence: 0.96330476

00:31:32.510 --> 00:31:33.010 reinstated

NOTE Confidence: 0.9959466

00:31:33.950 --> 00:31:34.930 with the ruling,

NOTE Confidence: 0.85925364

00:31:35.310 --> 00:31:36.770 that terminations were illegal.

NOTE Confidence: 0.9974694

00:31:37.070 --> 00:31:37.570 So

NOTE Confidence: 0.9267026

00:31:37.955 --> 00:31:39.575 if you're support APHA.

NOTE Confidence: 0.8342155

00:31:41.395 --> 00:31:42.855 Did you clarify? Yes.

NOTE Confidence: 0.9760272

00:31:43.155 --> 00:31:45.175 Were all terminations deemed illegal?

NOTE Confidence: 0.98340344

00:31:46.035 --> 00:31:47.235 Well, this was the ruling

NOTE Confidence: 0.98340344

00:31:47.235 --> 00:31:48.755 on the APHA lawsuit. So

NOTE Confidence: 0.98340344

00:31:48.755 --> 00:31:49.875 everyone who had signed on

NOTE Confidence: 0.98340344

00:31:49.875 --> 00:31:50.675 to that lawsuit

NOTE Confidence: 0.971157
00:31:51.850 --> 00:31:52.350 Yes.
NOTE Confidence: 0.99738467
00:31:53.049 --> 00:31:53.549 Yes.
NOTE Confidence: 0.99698055
00:31:54.809 --> 00:31:55.309 Yeah.
NOTE Confidence: 0.9987809
00:31:57.210 --> 00:31:58.570 So we're grateful for our
NOTE Confidence: 0.9987809
00:31:58.570 --> 00:32:00.669 team member who signed on.
NOTE Confidence: 0.6952745
00:32:04.815 --> 00:32:05.535 And can I spell it
NOTE Confidence: 0.6952745
00:32:05.535 --> 00:32:06.355 a bit? Yeah.
NOTE Confidence: 0.94739664
00:32:07.294 --> 00:32:09.375 Going through office council here
NOTE Confidence: 0.94739664
00:32:09.375 --> 00:32:10.975 at Yale, did they suggest
NOTE Confidence: 0.94739664
00:32:10.975 --> 00:32:12.415 that you should pursue it
NOTE Confidence: 0.94739664
00:32:12.415 --> 00:32:13.475 after it was rejected?
NOTE Confidence: 0.9993487
00:32:14.095 --> 00:32:14.595 No.
NOTE Confidence: 0.9997924
00:32:15.215 --> 00:32:16.195 They did not.
NOTE Confidence: 0.99902415
00:32:17.215 --> 00:32:18.674 However, after the ruling,
NOTE Confidence: 0.9750952
00:32:21.320 --> 00:32:22.760 they thought that it was
NOTE Confidence: 0.9750952

00:32:22.760 --> 00:32:23.260 likely
NOTE Confidence: 0.99596286

00:32:23.640 --> 00:32:24.300 we would
NOTE Confidence: 0.992848

00:32:24.920 --> 00:32:26.600 get the grant back. I
NOTE Confidence: 0.992848

00:32:26.600 --> 00:32:28.520 wasn't so sure personally, but
NOTE Confidence: 0.992848

00:32:28.520 --> 00:32:29.260 we did.
NOTE Confidence: 0.95446825

00:32:31.640 --> 00:32:32.520 I I just wonder if
NOTE Confidence: 0.95446825

00:32:32.520 --> 00:32:33.740 they did any soul searching
NOTE Confidence: 0.95446825

00:32:33.800 --> 00:32:34.860 themselves after.
NOTE Confidence: 0.88710976

00:32:39.765 --> 00:32:40.585 Right? Yeah.
NOTE Confidence: 0.9359549

00:32:41.605 --> 00:32:42.105 Yep.
NOTE Confidence: 0.92756957

00:32:43.044 --> 00:32:45.205 Carol. The other hubs did
NOTE Confidence: 0.92756957

00:32:45.205 --> 00:32:46.325 not come back because they
NOTE Confidence: 0.92756957

00:32:46.325 --> 00:32:47.705 weren't part of the APH.
NOTE Confidence: 0.92756957

00:32:47.845 --> 00:32:49.755 Right. They're five Thank you.
NOTE Confidence: 0.92756957

00:32:50.005 --> 00:32:50.664 To two.
NOTE Confidence: 0.9987202

00:32:51.140 --> 00:32:51.640 Yep.

NOTE Confidence: 0.9982652

00:32:52.020 --> 00:32:53.400 So yes. Thanks, Emily.

NOTE Confidence: 0.76042175

00:32:54.740 --> 00:32:55.240 Yeah.

NOTE Confidence: 0.7770001

00:32:56.980 --> 00:32:57.720 Yeah. So

NOTE Confidence: 0.9870914

00:32:58.260 --> 00:32:59.800 it it really so

NOTE Confidence: 0.9356662

00:33:00.180 --> 00:33:00.680 yeah.

NOTE Confidence: 0.9811232

00:33:02.260 --> 00:33:03.700 So in total now so

NOTE Confidence: 0.9811232

00:33:03.700 --> 00:33:05.380 remember, originally, there were twenty

NOTE Confidence: 0.9811232

00:33:05.380 --> 00:33:05.880 five

NOTE Confidence: 0.9897499

00:33:06.415 --> 00:33:07.395 CRPs funded.

NOTE Confidence: 0.9425681

00:33:08.255 --> 00:33:09.135 After it was all said

NOTE Confidence: 0.9425681

00:33:09.135 --> 00:33:10.755 and done in in July,

NOTE Confidence: 0.9853781

00:33:11.135 --> 00:33:12.575 two hubs came back. Those

NOTE Confidence: 0.9853781

00:33:12.575 --> 00:33:14.095 two hubs were on the

NOTE Confidence: 0.9853781

00:33:14.095 --> 00:33:15.155 APHA lawsuit,

NOTE Confidence: 0.99907947

00:33:15.775 --> 00:33:16.275 and

NOTE Confidence: 0.99168706

00:33:17.535 --> 00:33:19.809 seven more seven CRPs were
NOTE Confidence: 0.99168706

00:33:19.809 --> 00:33:20.309 reinstated.
NOTE Confidence: 0.99755335

00:33:20.929 --> 00:33:22.470 The six CRPs that
NOTE Confidence: 0.9546336

00:33:23.330 --> 00:33:25.250 were they were terminated in
NOTE Confidence: 0.9546336

00:33:25.250 --> 00:33:26.210 less than twenty four hours.
NOTE Confidence: 0.9546336

00:33:26.210 --> 00:33:27.330 So, really, they didn't, you
NOTE Confidence: 0.9546336

00:33:27.330 --> 00:33:27.809 know,
NOTE Confidence: 0.9925105

00:33:28.210 --> 00:33:29.590 they didn't really stop working.
NOTE Confidence: 0.9925105

00:33:29.889 --> 00:33:31.110 They were all tribal,
NOTE Confidence: 0.93430394

00:33:32.485 --> 00:33:32.985 CBOs,
NOTE Confidence: 0.9928106

00:33:33.365 --> 00:33:34.265 tribal communities.
NOTE Confidence: 0.9994683

00:33:34.804 --> 00:33:35.625 So they
NOTE Confidence: 0.99931425

00:33:36.165 --> 00:33:37.465 they were still working
NOTE Confidence: 0.99971825

00:33:38.165 --> 00:33:38.665 alone
NOTE Confidence: 0.9890159

00:33:39.205 --> 00:33:39.705 while
NOTE Confidence: 0.9960731

00:33:40.085 --> 00:33:42.184 everybody else was terminated,

NOTE Confidence: 0.9572969

00:33:42.804 --> 00:33:44.485 with no support in this

NOTE Confidence: 0.9572969

00:33:44.485 --> 00:33:45.810 program that, you know, that

NOTE Confidence: 0.9572969

00:33:46.050 --> 00:33:47.510 so So the tribal

NOTE Confidence: 0.86248016

00:33:47.810 --> 00:33:49.750 grants continue Yes.

NOTE Confidence: 0.91326004

00:33:50.770 --> 00:33:52.390 Where on the APHA lawsuit

NOTE Confidence: 0.91326004

00:33:52.450 --> 00:33:53.270 got reactivated,

NOTE Confidence: 0.99940664

00:33:53.570 --> 00:33:55.030 and then the rest are

NOTE Confidence: 0.9451318

00:33:55.410 --> 00:33:56.790 no longer. Yes.

NOTE Confidence: 0.9963878

00:33:57.330 --> 00:33:58.130 So we now

NOTE Confidence: 0.93993425

00:33:59.010 --> 00:34:00.050 It's been a challenge. I

NOTE Confidence: 0.93993425

00:34:00.050 --> 00:34:01.110 mean I

NOTE Confidence: 0.9692211

00:34:03.865 --> 00:34:05.225 some have there there were

NOTE Confidence: 0.9692211

00:34:05.225 --> 00:34:06.685 some other lawsuits that

NOTE Confidence: 0.9309923

00:34:09.305 --> 00:34:11.165 folks had signed on to.

NOTE Confidence: 0.99321765

00:34:11.545 --> 00:34:12.745 Nothing has come out of

NOTE Confidence: 0.99321765

00:34:12.745 --> 00:34:14.425 them yet, but we are
NOTE Confidence: 0.9728959

00:34:15.290 --> 00:34:17.450 now we're thirteen CRPs, two
NOTE Confidence: 0.9728959

00:34:17.450 --> 00:34:19.150 hubs. So the Yale hub
NOTE Confidence: 0.9728959

00:34:19.210 --> 00:34:20.589 and University of Maryland.
NOTE Confidence: 0.99731255

00:34:21.770 --> 00:34:23.609 And the coordinating center? And
NOTE Confidence: 0.99731255

00:34:23.609 --> 00:34:25.290 the coordinating center. Thank you.
NOTE Confidence: 0.99731255

00:34:25.290 --> 00:34:26.570 Yes. And the coordinating center.
NOTE Confidence: 0.99731255

00:34:26.570 --> 00:34:27.950 So coordinating center,
NOTE Confidence: 0.99793744

00:34:28.765 --> 00:34:29.825 thirteen CRPs,
NOTE Confidence: 0.8819585

00:34:30.125 --> 00:34:30.864 two hubs,
NOTE Confidence: 0.9939964

00:34:31.325 --> 00:34:32.685 where we had five hubs
NOTE Confidence: 0.9939964

00:34:32.685 --> 00:34:34.605 before, one coordinating center, and
NOTE Confidence: 0.9939964

00:34:34.605 --> 00:34:35.425 twenty five
NOTE Confidence: 0.9400094

00:34:35.725 --> 00:34:36.225 CRPs,
NOTE Confidence: 0.9750859

00:34:39.405 --> 00:34:41.505 which takes me to oops.
NOTE Confidence: 0.9729543

00:34:43.330 --> 00:34:45.109 So changes. Lots of changes

NOTE Confidence: 0.9729543

00:34:45.170 --> 00:34:45.989 after reinstatement.

NOTE Confidence: 0.93533164

00:34:47.330 --> 00:34:49.090 So before this was a

NOTE Confidence: 0.93533164

00:34:49.090 --> 00:34:50.710 program. Right? Very

NOTE Confidence: 0.9931218

00:34:51.410 --> 00:34:52.530 well thought out. There are

NOTE Confidence: 0.9931218

00:34:52.530 --> 00:34:53.830 many years planning

NOTE Confidence: 0.978215

00:34:54.335 --> 00:34:56.094 for this program. It's very

NOTE Confidence: 0.978215

00:34:56.094 --> 00:34:57.934 bold. Again, big price tag,

NOTE Confidence: 0.978215

00:34:57.934 --> 00:34:59.634 but, like, big benefit too,

NOTE Confidence: 0.99928224

00:35:00.414 --> 00:35:01.795 or potential for benefit.

NOTE Confidence: 0.9415756

00:35:02.335 --> 00:35:04.434 The program had different course

NOTE Confidence: 0.9415756

00:35:04.654 --> 00:35:05.875 to support training

NOTE Confidence: 0.9822995

00:35:06.414 --> 00:35:08.255 in many different areas, research

NOTE Confidence: 0.9822995

00:35:08.255 --> 00:35:09.700 and capacity building,

NOTE Confidence: 0.9764822

00:35:10.079 --> 00:35:12.019 data management, and data collection.

NOTE Confidence: 0.97846067

00:35:12.559 --> 00:35:14.000 There was a scholars program

NOTE Confidence: 0.97846067

00:35:14.000 --> 00:35:15.859 included that would train both,
NOTE Confidence: 0.97712153

00:35:16.719 --> 00:35:18.099 scholars in CBOs
NOTE Confidence: 0.997362

00:35:18.400 --> 00:35:20.900 and scholars in academic settings.
NOTE Confidence: 0.9991956

00:35:21.519 --> 00:35:22.500 It was really
NOTE Confidence: 0.9576262

00:35:23.715 --> 00:35:25.155 just, you know, well thought
NOTE Confidence: 0.9576262

00:35:25.155 --> 00:35:26.035 out, and there were lots
NOTE Confidence: 0.9576262

00:35:26.035 --> 00:35:27.415 of components to really
NOTE Confidence: 0.99942553

00:35:28.275 --> 00:35:30.275 support community based organizations in
NOTE Confidence: 0.99942553

00:35:30.275 --> 00:35:30.935 a way
NOTE Confidence: 0.9975246

00:35:32.595 --> 00:35:33.795 to ensure that they'd be
NOTE Confidence: 0.9975246

00:35:33.795 --> 00:35:34.675 successful at the end of
NOTE Confidence: 0.9975246

00:35:34.675 --> 00:35:35.735 the ten year period.
NOTE Confidence: 0.9840109

00:35:36.680 --> 00:35:38.300 All of that went away.
NOTE Confidence: 0.9974616

00:35:38.840 --> 00:35:39.739 So grantees
NOTE Confidence: 0.9914284

00:35:40.040 --> 00:35:42.220 were reinstated as individual grants.
NOTE Confidence: 0.99550056

00:35:42.680 --> 00:35:43.960 So, you know,

NOTE Confidence: 0.9648962
00:35:44.360 --> 00:35:45.820 we are an individual
NOTE Confidence: 0.93643403
00:35:46.200 --> 00:35:47.400 just an individual grant. We're
NOTE Confidence: 0.93643403
00:35:47.400 --> 00:35:48.360 not part of the program
NOTE Confidence: 0.93643403
00:35:48.360 --> 00:35:49.100 as disbanded.
NOTE Confidence: 0.97361404
00:35:49.965 --> 00:35:51.005 Instead of ten years of
NOTE Confidence: 0.97361404
00:35:51.005 --> 00:35:52.205 support for the for the
NOTE Confidence: 0.97361404
00:35:52.205 --> 00:35:53.805 CRPs, there's now there'll be
NOTE Confidence: 0.97361404
00:35:53.805 --> 00:35:54.785 a total of five.
NOTE Confidence: 0.9685824
00:35:55.085 --> 00:35:55.965 They had two. They just
NOTE Confidence: 0.9685824
00:35:55.965 --> 00:35:57.165 started we all just started
NOTE Confidence: 0.9685824
00:35:57.165 --> 00:35:57.905 year three.
NOTE Confidence: 0.9502992
00:35:58.605 --> 00:36:00.125 Again, twenty five CHESIs, one
NOTE Confidence: 0.9502992
00:36:00.125 --> 00:36:01.805 coordinating center, five hubs. Now
NOTE Confidence: 0.9502992
00:36:01.805 --> 00:36:02.625 there are thirteen,
NOTE Confidence: 0.97506684
00:36:03.640 --> 00:36:04.140 CRPs,
NOTE Confidence: 0.99934006

00:36:04.440 --> 00:36:06.300 one coordinating center, two hubs.

NOTE Confidence: 0.9901923

00:36:07.000 --> 00:36:09.000 Before, the intention was for

NOTE Confidence: 0.9901923

00:36:09.000 --> 00:36:10.360 them to pilot and then

NOTE Confidence: 0.9901923

00:36:10.360 --> 00:36:11.980 fully implement their interventions.

NOTE Confidence: 0.99527216

00:36:12.680 --> 00:36:14.280 Now with the three years

NOTE Confidence: 0.99527216

00:36:14.280 --> 00:36:15.045 they have left,

NOTE Confidence: 0.97778076

00:36:15.444 --> 00:36:16.645 the guidance from NIH has

NOTE Confidence: 0.97778076

00:36:16.645 --> 00:36:17.605 been, you know, we're gonna

NOTE Confidence: 0.97778076

00:36:17.605 --> 00:36:19.145 pilot interventions only,

NOTE Confidence: 0.998691

00:36:19.844 --> 00:36:20.505 you know,

NOTE Confidence: 0.9721828

00:36:21.125 --> 00:36:22.165 have a focus on sort

NOTE Confidence: 0.9721828

00:36:22.165 --> 00:36:23.605 of the next steps, like,

NOTE Confidence: 0.9721828

00:36:23.605 --> 00:36:24.805 what can you produce during

NOTE Confidence: 0.9721828

00:36:24.805 --> 00:36:25.864 this pilot period,

NOTE Confidence: 0.9982935

00:36:26.885 --> 00:36:28.724 to, you know, position you

NOTE Confidence: 0.9982935

00:36:28.724 --> 00:36:29.625 to go for

NOTE Confidence: 0.9080512

00:36:30.989 --> 00:36:32.430 RON or or some other

NOTE Confidence: 0.9080512

00:36:32.430 --> 00:36:32.930 award.

NOTE Confidence: 0.9915253

00:36:34.590 --> 00:36:35.810 Again, the program wide,

NOTE Confidence: 0.99865746

00:36:36.110 --> 00:36:37.250 you know, training

NOTE Confidence: 0.9826045

00:36:37.550 --> 00:36:38.610 is is gone.

NOTE Confidence: 0.9866259

00:36:39.550 --> 00:36:41.310 However, CRPs can still get

NOTE Confidence: 0.9866259

00:36:41.310 --> 00:36:43.469 training from their assigned hubs.

NOTE Confidence: 0.9866259

00:36:43.469 --> 00:36:45.230 For example, we we've done

NOTE Confidence: 0.9866259

00:36:45.230 --> 00:36:46.484 a photovoice training for one

NOTE Confidence: 0.9866259

00:36:46.484 --> 00:36:47.464 of our CRPs,

NOTE Confidence: 0.7658801

00:36:49.605 --> 00:36:50.265 you know,

NOTE Confidence: 0.98275375

00:36:50.805 --> 00:36:51.704 decision making,

NOTE Confidence: 0.99988544

00:36:52.404 --> 00:36:52.904 between

NOTE Confidence: 0.9922894

00:36:53.204 --> 00:36:54.964 community based partners and academic

NOTE Confidence: 0.9922894

00:36:54.964 --> 00:36:56.884 partners. So we've provided we

NOTE Confidence: 0.9922894

00:36:56.884 --> 00:36:58.505 provide support sort of individually,
NOTE Confidence: 0.9922894

00:36:58.565 --> 00:37:00.805 but the coordinating center originally
NOTE Confidence: 0.9922894

00:37:00.805 --> 00:37:01.684 had the role of sort
NOTE Confidence: 0.9922894

00:37:01.684 --> 00:37:02.690 of providing
NOTE Confidence: 0.80115086

00:37:03.150 --> 00:37:04.530 compass wide training.
NOTE Confidence: 0.96530604

00:37:04.910 --> 00:37:06.109 And now that is you
NOTE Confidence: 0.96530604

00:37:06.109 --> 00:37:07.550 know, it's just each hub
NOTE Confidence: 0.96530604

00:37:07.550 --> 00:37:08.210 would provide,
NOTE Confidence: 0.99945694

00:37:08.589 --> 00:37:09.089 training
NOTE Confidence: 0.9866881

00:37:09.390 --> 00:37:11.630 whatever training each CRP needed.
NOTE Confidence: 0.9866881

00:37:11.630 --> 00:37:12.829 And I I mentioned before
NOTE Confidence: 0.9866881

00:37:12.829 --> 00:37:14.270 the elimination of the scholars
NOTE Confidence: 0.9866881

00:37:14.270 --> 00:37:14.770 program.
NOTE Confidence: 0.94896877

00:37:18.155 --> 00:37:19.195 So with all with all
NOTE Confidence: 0.94896877

00:37:19.195 --> 00:37:20.555 that, that's what that that
NOTE Confidence: 0.94896877

00:37:20.555 --> 00:37:21.855 is the project that,

NOTE Confidence: 0.96540236

00:37:23.435 --> 00:37:24.474 has been sort of the

NOTE Confidence: 0.96540236

00:37:24.474 --> 00:37:25.835 the focus for for me

NOTE Confidence: 0.96540236

00:37:25.835 --> 00:37:26.734 over the last,

NOTE Confidence: 0.9990966

00:37:27.114 --> 00:37:28.094 number of months.

NOTE Confidence: 0.9885029

00:37:29.114 --> 00:37:30.234 The next few slides, I'll

NOTE Confidence: 0.9885029

00:37:30.234 --> 00:37:32.120 talk about my the next

NOTE Confidence: 0.9885029

00:37:32.120 --> 00:37:33.500 phase of my research.

NOTE Confidence: 0.97049344

00:37:37.080 --> 00:37:38.520 So areas for growth and

NOTE Confidence: 0.97049344

00:37:38.520 --> 00:37:40.300 expansion and areas that I'm

NOTE Confidence: 0.99987316

00:37:40.840 --> 00:37:41.340 thinking

NOTE Confidence: 0.9594121

00:37:42.360 --> 00:37:44.040 carefully about and and and

NOTE Confidence: 0.9594121

00:37:44.040 --> 00:37:45.660 and planning and thinking about

NOTE Confidence: 0.9963848

00:37:46.545 --> 00:37:47.984 how to achieve these things.

NOTE Confidence: 0.9963848

00:37:47.984 --> 00:37:48.484 So,

NOTE Confidence: 0.99503833

00:37:49.025 --> 00:37:50.625 one is to you know,

NOTE Confidence: 0.99503833

00:37:50.625 --> 00:37:51.905 I'm thinking about how we
NOTE Confidence: 0.99503833

00:37:51.905 --> 00:37:53.684 can have a sustainable infrastructure
NOTE Confidence: 0.99503833

00:37:53.905 --> 00:37:55.765 to support community led research.
NOTE Confidence: 0.9882748

00:37:56.704 --> 00:37:57.525 With the
NOTE Confidence: 0.9556706

00:37:58.809 --> 00:38:00.489 Compass program no longer in
NOTE Confidence: 0.9556706

00:38:00.489 --> 00:38:00.989 existence,
NOTE Confidence: 0.9440891

00:38:02.250 --> 00:38:03.049 you know, at the end
NOTE Confidence: 0.9440891

00:38:03.049 --> 00:38:03.849 of the day and and
NOTE Confidence: 0.9440891

00:38:03.849 --> 00:38:05.130 then I'm I'm thinking bigger
NOTE Confidence: 0.9440891

00:38:05.130 --> 00:38:06.170 than sort of Compass. Right?
NOTE Confidence: 0.9440891

00:38:06.170 --> 00:38:07.609 I'm thinking even for about
NOTE Confidence: 0.9440891

00:38:07.609 --> 00:38:09.369 CHIA, which is, like, our,
NOTE Confidence: 0.9440891

00:38:09.369 --> 00:38:11.049 like, led you know, a
NOTE Confidence: 0.9440891

00:38:11.049 --> 00:38:12.029 signature initiative
NOTE Confidence: 0.9303813

00:38:12.410 --> 00:38:13.289 of the Office of Health
NOTE Confidence: 0.9303813

00:38:13.289 --> 00:38:15.094 Review Research. But what is

NOTE Confidence: 0.9303813

00:38:15.094 --> 00:38:16.375 the like, what's the next

NOTE Confidence: 0.9303813

00:38:16.375 --> 00:38:17.895 step for for them? They're

NOTE Confidence: 0.9303813

00:38:17.895 --> 00:38:18.395 not,

NOTE Confidence: 0.93167174

00:38:19.815 --> 00:38:21.835 you know, they're not trained

NOTE Confidence: 0.93167174

00:38:21.895 --> 00:38:23.815 researchers, right, like, formally trained

NOTE Confidence: 0.93167174

00:38:23.815 --> 00:38:24.315 researchers.

NOTE Confidence: 0.99829954

00:38:25.335 --> 00:38:27.035 However, can they lead implementation

NOTE Confidence: 0.99829954

00:38:27.255 --> 00:38:27.755 of

NOTE Confidence: 0.99879164

00:38:28.160 --> 00:38:30.080 interventions to respond to their

NOTE Confidence: 0.99879164

00:38:30.080 --> 00:38:31.219 community? Absolutely.

NOTE Confidence: 0.99580884

00:38:31.840 --> 00:38:33.040 And can they be partners

NOTE Confidence: 0.99580884

00:38:33.040 --> 00:38:34.400 in research and learn about

NOTE Confidence: 0.99580884

00:38:34.400 --> 00:38:36.400 research? Yes. But we have

NOTE Confidence: 0.99580884

00:38:36.400 --> 00:38:37.620 to be able to build

NOTE Confidence: 0.99580884

00:38:37.760 --> 00:38:38.260 capacity.

NOTE Confidence: 0.9968234

00:38:39.760 --> 00:38:40.880 So figuring out what that
NOTE Confidence: 0.9968234

00:38:40.880 --> 00:38:41.380 infrastructure
NOTE Confidence: 0.9577579

00:38:41.680 --> 00:38:43.380 is to support that. So,
NOTE Confidence: 0.9577579

00:38:43.395 --> 00:38:45.555 you know, funding sources in
NOTE Confidence: 0.9577579

00:38:45.555 --> 00:38:46.755 particular is what I'm thinking
NOTE Confidence: 0.9577579

00:38:46.755 --> 00:38:47.255 about.
NOTE Confidence: 0.9676002

00:38:48.355 --> 00:38:49.955 You know, and this was
NOTE Confidence: 0.9676002

00:38:49.955 --> 00:38:51.415 a big shift for NIH.
NOTE Confidence: 0.9968602

00:38:52.114 --> 00:38:53.075 And I don't know about
NOTE Confidence: 0.9968602

00:38:53.075 --> 00:38:54.114 you, but I haven't really
NOTE Confidence: 0.9968602

00:38:54.114 --> 00:38:55.255 seen lots of,
NOTE Confidence: 0.88206387

00:38:56.700 --> 00:38:57.359 you know,
NOTE Confidence: 0.97408843

00:38:58.460 --> 00:39:00.219 opportunities like Compass or like
NOTE Confidence: 0.97408843

00:39:00.219 --> 00:39:02.380 Chia where communities are truly
NOTE Confidence: 0.97408843

00:39:02.380 --> 00:39:04.060 leading, not that you're going
NOTE Confidence: 0.97408843

00:39:04.060 --> 00:39:05.260 in together. Like, the grants

NOTE Confidence: 0.97408843

00:39:05.260 --> 00:39:06.780 were awarded to the community

NOTE Confidence: 0.97408843

00:39:06.780 --> 00:39:07.599 based organization.

NOTE Confidence: 0.99236685

00:39:08.619 --> 00:39:09.739 You know, they they have

NOTE Confidence: 0.99236685

00:39:09.739 --> 00:39:11.099 academic partners, but it is

NOTE Confidence: 0.99236685

00:39:11.099 --> 00:39:11.839 to them.

NOTE Confidence: 0.9939431

00:39:12.405 --> 00:39:13.605 So thinking about, like, what

NOTE Confidence: 0.9939431

00:39:13.765 --> 00:39:15.145 how do we get to

NOTE Confidence: 0.97667164

00:39:15.525 --> 00:39:17.285 that type of infrastructure where

NOTE Confidence: 0.97667164

00:39:17.285 --> 00:39:18.805 we can support that if

NOTE Confidence: 0.97667164

00:39:18.805 --> 00:39:20.025 we want sustainable,

NOTE Confidence: 0.8826477

00:39:20.485 --> 00:39:22.825 effective, and relevant and sustainable

NOTE Confidence: 0.8826477

00:39:22.965 --> 00:39:23.465 change?

NOTE Confidence: 0.9780232

00:39:24.165 --> 00:39:25.925 The second is, thinking about

NOTE Confidence: 0.9780232

00:39:25.925 --> 00:39:27.285 adapting, how we adapt and

NOTE Confidence: 0.9780232

00:39:27.285 --> 00:39:27.785 scale

NOTE Confidence: 0.99889433

00:39:28.299 --> 00:39:29.359 structural interventions.
NOTE Confidence: 0.99761665

00:39:30.940 --> 00:39:32.219 If I haven't learned anything
NOTE Confidence: 0.99761665

00:39:32.219 --> 00:39:32.960 from Compass,
NOTE Confidence: 0.99961877

00:39:33.260 --> 00:39:34.239 it's really hard
NOTE Confidence: 0.9653269

00:39:34.859 --> 00:39:36.619 to implement structural interventions. Just
NOTE Confidence: 0.9653269

00:39:36.619 --> 00:39:38.239 thinking about all the different,
NOTE Confidence: 0.9003747

00:39:40.585 --> 00:39:41.725 like, interest holders.
NOTE Confidence: 0.97381777

00:39:42.665 --> 00:39:44.185 It's, you know, all the
NOTE Confidence: 0.97381777

00:39:44.185 --> 00:39:45.065 people that have to and
NOTE Confidence: 0.97381777

00:39:45.065 --> 00:39:45.965 it's, like, multisectoral,
NOTE Confidence: 0.9765896

00:39:46.344 --> 00:39:47.145 who needs to be at
NOTE Confidence: 0.9765896

00:39:47.145 --> 00:39:48.425 the table, how do you
NOTE Confidence: 0.9765896

00:39:48.425 --> 00:39:50.344 actually execute this. This isn't
NOTE Confidence: 0.9765896

00:39:50.344 --> 00:39:51.805 something that's been done
NOTE Confidence: 0.9634201

00:39:52.200 --> 00:39:53.719 for, like, decades or anything.
NOTE Confidence: 0.9634201

00:39:53.719 --> 00:39:55.000 So, you know, everything is

NOTE Confidence: 0.9634201

00:39:55.000 --> 00:39:56.200 still very new. But thinking

NOTE Confidence: 0.9634201

00:39:56.200 --> 00:39:57.719 about, how we adapt and

NOTE Confidence: 0.9634201

00:39:57.719 --> 00:39:59.719 scale structural interventions that are,

NOTE Confidence: 0.99720824

00:40:00.599 --> 00:40:01.820 proven to be successful,

NOTE Confidence: 0.9985665

00:40:02.520 --> 00:40:03.339 and approaches

NOTE Confidence: 0.88667846

00:40:04.119 --> 00:40:04.839 that are,

NOTE Confidence: 0.9777523

00:40:05.945 --> 00:40:07.785 proven to be successful in

NOTE Confidence: 0.9777523

00:40:07.785 --> 00:40:08.925 implementing those interventions.

NOTE Confidence: 0.99798733

00:40:09.465 --> 00:40:10.744 The other is research training

NOTE Confidence: 0.99798733

00:40:10.744 --> 00:40:11.244 opportunities

NOTE Confidence: 0.9947359

00:40:11.545 --> 00:40:12.844 for community leaders.

NOTE Confidence: 0.9915473

00:40:14.025 --> 00:40:15.385 How can we build capacity

NOTE Confidence: 0.9915473

00:40:15.385 --> 00:40:16.364 within CBOs,

NOTE Confidence: 0.96749353

00:40:17.705 --> 00:40:19.080 to if they want to

NOTE Confidence: 0.96749353

00:40:19.080 --> 00:40:20.440 co lead research or or

NOTE Confidence: 0.96749353

00:40:20.440 --> 00:40:21.260 lead research.
NOTE Confidence: 0.952005

00:40:21.800 --> 00:40:23.320 And one example so the
NOTE Confidence: 0.952005

00:40:23.320 --> 00:40:24.680 the Office of Health Equity
NOTE Confidence: 0.952005

00:40:24.680 --> 00:40:25.180 Research,
NOTE Confidence: 0.9908469

00:40:26.280 --> 00:40:27.480 did a pilot of what's
NOTE Confidence: 0.9908469

00:40:27.480 --> 00:40:28.700 being called the academy.
NOTE Confidence: 0.9654794

00:40:29.320 --> 00:40:30.040 So I think it was
NOTE Confidence: 0.9654794

00:40:30.040 --> 00:40:31.000 like a six or eight
NOTE Confidence: 0.9654794

00:40:31.000 --> 00:40:31.900 week training,
NOTE Confidence: 0.99776995

00:40:32.760 --> 00:40:33.580 period for
NOTE Confidence: 0.99739015

00:40:33.954 --> 00:40:36.114 community based organizations to learn
NOTE Confidence: 0.99739015

00:40:36.114 --> 00:40:37.174 all about research.
NOTE Confidence: 0.89680034

00:40:46.160 --> 00:40:47.280 So projects in the pipeline,
NOTE Confidence: 0.93937063

00:40:49.600 --> 00:40:50.820 though you're in
NOTE Confidence: 0.99201214

00:40:51.120 --> 00:40:52.340 unprecedented times,
NOTE Confidence: 0.99775153

00:40:52.800 --> 00:40:53.360 I I'm

NOTE Confidence: 0.98046017
00:40:54.160 --> 00:40:55.700 I remain committed to,
NOTE Confidence: 0.95971465
00:40:56.640 --> 00:40:57.920 my area of research and
NOTE Confidence: 0.95971465
00:40:57.920 --> 00:40:59.520 to writing grants and,
NOTE Confidence: 0.9988657
00:41:00.000 --> 00:41:01.060 advancing science.
NOTE Confidence: 0.6170281
00:41:01.844 --> 00:41:02.325 One,
NOTE Confidence: 0.96289253
00:41:03.605 --> 00:41:04.745 one of the projects,
NOTE Confidence: 0.9892422
00:41:05.525 --> 00:41:06.425 under review,
NOTE Confidence: 0.91071016
00:41:06.885 --> 00:41:08.025 hopefully, one day,
NOTE Confidence: 0.8619714
00:41:08.325 --> 00:41:09.705 when the is
NOTE Confidence: 0.95390683
00:41:10.085 --> 00:41:11.525 focused on ultra processed food
NOTE Confidence: 0.95390683
00:41:11.525 --> 00:41:12.585 consumption, cardiometabolic
NOTE Confidence: 0.9525082
00:41:13.045 --> 00:41:13.545 disease,
NOTE Confidence: 0.99159735
00:41:14.325 --> 00:41:15.945 in the Caribbean territories.
NOTE Confidence: 0.98605376
00:41:16.310 --> 00:41:17.590 So that builds upon my
NOTE Confidence: 0.98605376
00:41:17.590 --> 00:41:19.270 work that I've done within
NOTE Confidence: 0.98605376

00:41:19.270 --> 00:41:20.250 the mostly,
NOTE Confidence: 0.89419097

00:41:20.950 --> 00:41:22.230 in the US with the
NOTE Confidence: 0.89419097

00:41:22.230 --> 00:41:23.210 regards cohort,
NOTE Confidence: 0.9916507

00:41:23.989 --> 00:41:25.850 investigating ultra processed food and
NOTE Confidence: 0.99969983

00:41:26.310 --> 00:41:27.530 cardiovascular outcomes.
NOTE Confidence: 0.98816997

00:41:28.515 --> 00:41:30.035 We have a PCORI grant
NOTE Confidence: 0.98816997

00:41:30.035 --> 00:41:31.795 under review to develop a
NOTE Confidence: 0.98816997

00:41:31.795 --> 00:41:33.174 Yale engagement readiness,
NOTE Confidence: 0.9065562

00:41:33.795 --> 00:41:36.994 assessment. So that's a tool
NOTE Confidence: 0.9065562

00:41:36.994 --> 00:41:37.494 that
NOTE Confidence: 0.9927453

00:41:38.275 --> 00:41:40.194 patient focused organizations can use
NOTE Confidence: 0.9927453

00:41:40.194 --> 00:41:41.895 to gauge their readiness
NOTE Confidence: 0.9813256

00:41:42.380 --> 00:41:44.080 for engagement in research.
NOTE Confidence: 0.9807647

00:41:44.460 --> 00:41:46.000 Many times, community
NOTE Confidence: 0.8015843

00:41:46.700 --> 00:41:48.620 or patient organ organizations are
NOTE Confidence: 0.8015843

00:41:48.620 --> 00:41:49.600 approached to

NOTE Confidence: 0.9754195

00:41:50.300 --> 00:41:51.580 to participate and, you know,

NOTE Confidence: 0.9754195

00:41:51.580 --> 00:41:52.860 there are many different, you

NOTE Confidence: 0.9754195

00:41:52.860 --> 00:41:55.180 know, reasons or motivations for

NOTE Confidence: 0.9754195

00:41:55.180 --> 00:41:56.460 them to participate or not

NOTE Confidence: 0.9754195

00:41:56.460 --> 00:41:56.960 participate.

NOTE Confidence: 0.9869963

00:41:57.444 --> 00:41:58.805 But many times, they haven't

NOTE Confidence: 0.9869963

00:41:58.805 --> 00:42:00.565 really assessed their readiness or

NOTE Confidence: 0.9869963

00:42:00.565 --> 00:42:02.025 know, like, what to expect

NOTE Confidence: 0.9679896

00:42:02.325 --> 00:42:03.444 until they're sort of deep

NOTE Confidence: 0.9679896

00:42:03.444 --> 00:42:04.085 in it. And they're like,

NOTE Confidence: 0.9679896

00:42:04.085 --> 00:42:04.964 well, I didn't know. You

NOTE Confidence: 0.9679896

00:42:04.964 --> 00:42:06.244 know? But, like, you know,

NOTE Confidence: 0.9679896

00:42:06.244 --> 00:42:07.364 can they make sort of

NOTE Confidence: 0.9679896

00:42:07.364 --> 00:42:08.905 a more informed and intentional

NOTE Confidence: 0.95750976

00:42:09.364 --> 00:42:10.984 decision about their participation,

NOTE Confidence: 0.998025

00:42:12.450 --> 00:42:13.890 in research. So that's the
NOTE Confidence: 0.998025

00:42:13.890 --> 00:42:15.650 focus of that. I'd like
NOTE Confidence: 0.998025

00:42:15.650 --> 00:42:16.150 to
NOTE Confidence: 0.9979462

00:42:16.690 --> 00:42:18.130 I'm working on expanding the
NOTE Confidence: 0.9979462

00:42:18.130 --> 00:42:18.609 work,
NOTE Confidence: 0.99609756

00:42:18.930 --> 00:42:19.969 that we are doing in
NOTE Confidence: 0.99609756

00:42:19.969 --> 00:42:20.469 Jamaica,
NOTE Confidence: 0.8646423

00:42:21.250 --> 00:42:22.369 through a r o one
NOTE Confidence: 0.8646423

00:42:22.369 --> 00:42:22.869 proposal,
NOTE Confidence: 0.961992

00:42:23.330 --> 00:42:24.070 to NINDS,
NOTE Confidence: 0.9923691

00:42:25.315 --> 00:42:27.395 to improve secondary stroke prevention
NOTE Confidence: 0.9923691

00:42:27.395 --> 00:42:29.155 through multimorbidity care and social
NOTE Confidence: 0.9923691

00:42:29.155 --> 00:42:30.135 needs interventions,
NOTE Confidence: 0.9976716

00:42:30.995 --> 00:42:32.055 using implementation
NOTE Confidence: 0.96121055

00:42:32.355 --> 00:42:34.435 science. So, I'm currently working
NOTE Confidence: 0.96121055

00:42:34.435 --> 00:42:36.055 with, the team there,

NOTE Confidence: 0.9316573

00:42:37.155 --> 00:42:37.975 to develop,

NOTE Confidence: 0.987383

00:42:38.915 --> 00:42:39.655 a proposal.

NOTE Confidence: 0.92645955

00:42:41.940 --> 00:42:42.580 And then,

NOTE Confidence: 0.9017279

00:42:43.860 --> 00:42:44.920 further on the horizon,

NOTE Confidence: 0.8658049

00:42:46.020 --> 00:42:48.260 you know, investigating social, clinical

NOTE Confidence: 0.8658049

00:42:48.260 --> 00:42:49.640 and healthcare system factors

NOTE Confidence: 0.99587256

00:42:49.940 --> 00:42:51.719 that contribute to blood pressure

NOTE Confidence: 0.99587256

00:42:51.780 --> 00:42:53.219 control in the region. And

NOTE Confidence: 0.99587256

00:42:53.219 --> 00:42:53.719 that's

NOTE Confidence: 0.9939687

00:42:54.174 --> 00:42:55.694 an extension of my k

NOTE Confidence: 0.9939687

00:42:55.694 --> 00:42:56.914 o one work,

NOTE Confidence: 0.9849496

00:42:57.375 --> 00:42:58.894 where I found, you know,

NOTE Confidence: 0.9856234

00:42:59.375 --> 00:43:00.894 really high rates of uncontrolled

NOTE Confidence: 0.9856234

00:43:00.894 --> 00:43:02.414 blood pressure and this link

NOTE Confidence: 0.9856234

00:43:02.414 --> 00:43:03.474 between food insecurity

NOTE Confidence: 0.99452764

00:43:04.414 --> 00:43:06.194 and blood pressure control. So
NOTE Confidence: 0.98310065

00:43:06.575 --> 00:43:07.075 yes.
NOTE Confidence: 0.6694249

00:43:07.375 --> 00:43:09.075 And, Janine, can now is
NOTE Confidence: 0.6694249

00:43:09.295 --> 00:43:10.859 this social needs screening
NOTE Confidence: 0.9553525

00:43:11.160 --> 00:43:12.600 part of clinical care? Like,
NOTE Confidence: 0.9553525

00:43:12.600 --> 00:43:14.040 how are you No. It's
NOTE Confidence: 0.9553525

00:43:14.040 --> 00:43:15.080 not. And that's well, the
NOTE Confidence: 0.9553525

00:43:15.080 --> 00:43:16.520 team has actually talked about
NOTE Confidence: 0.9553525

00:43:16.520 --> 00:43:18.600 that, social needs screening and
NOTE Confidence: 0.9553525

00:43:18.600 --> 00:43:19.100 also
NOTE Confidence: 0.9905539

00:43:21.825 --> 00:43:23.105 depression screening. So we found
NOTE Confidence: 0.9905539

00:43:23.105 --> 00:43:23.984 in our our,
NOTE Confidence: 0.98797643

00:43:24.464 --> 00:43:26.065 pilot results that a lot
NOTE Confidence: 0.98797643

00:43:26.065 --> 00:43:26.724 of people,
NOTE Confidence: 0.85199314

00:43:29.825 --> 00:43:31.045 you know, their score
NOTE Confidence: 0.8549679

00:43:31.344 --> 00:43:32.724 on the PHQ

NOTE Confidence: 0.8639679

00:43:33.105 --> 00:43:35.285 nine, but they, you know,

NOTE Confidence: 0.9852506

00:43:36.320 --> 00:43:37.140 scored high.

NOTE Confidence: 0.9743907

00:43:38.400 --> 00:43:39.920 And so they're they're considering.

NOTE Confidence: 0.9743907

00:43:39.920 --> 00:43:40.640 And I think this was

NOTE Confidence: 0.9743907

00:43:40.640 --> 00:43:41.680 a conversation they were having

NOTE Confidence: 0.9743907

00:43:41.680 --> 00:43:42.660 before, but screening

NOTE Confidence: 0.99952763

00:43:42.960 --> 00:43:43.700 for depression

NOTE Confidence: 0.9619989

00:43:44.080 --> 00:43:45.280 in the clinics as well,

NOTE Confidence: 0.9619989

00:43:45.280 --> 00:43:46.400 that's not done. But, yes,

NOTE Confidence: 0.9619989

00:43:46.400 --> 00:43:48.180 they are thinking about both

NOTE Confidence: 0.9619989

00:43:48.239 --> 00:43:49.380 both of those things

NOTE Confidence: 0.94789916

00:43:50.735 --> 00:43:52.255 and screening, yeah, especially food

NOTE Confidence: 0.94789916

00:43:52.255 --> 00:43:52.755 insecurity.

NOTE Confidence: 0.9880343

00:43:58.094 --> 00:43:59.155 So I'll I'll close,

NOTE Confidence: 0.98025787

00:43:59.855 --> 00:44:01.535 by just reiterating that my

NOTE Confidence: 0.98025787

00:44:01.535 --> 00:44:03.055 research is driven, by a
NOTE Confidence: 0.98025787

00:44:03.055 --> 00:44:05.160 commitment to improving health and,
NOTE Confidence: 0.9789263

00:44:05.559 --> 00:44:06.299 among racial,
NOTE Confidence: 0.99164927

00:44:06.680 --> 00:44:08.059 ethnic, and immigrant communities.
NOTE Confidence: 0.99931693

00:44:08.440 --> 00:44:09.660 I'll continue engaging
NOTE Confidence: 0.99950796

00:44:09.960 --> 00:44:11.319 those most affected by health
NOTE Confidence: 0.99950796

00:44:11.319 --> 00:44:11.819 disparities
NOTE Confidence: 0.997359

00:44:12.359 --> 00:44:14.280 as partners and leaders, in
NOTE Confidence: 0.997359

00:44:14.280 --> 00:44:14.780 research.
NOTE Confidence: 0.9731894

00:44:15.640 --> 00:44:17.000 I want to deepen investment
NOTE Confidence: 0.9731894

00:44:17.000 --> 00:44:18.680 in community capacity to drive
NOTE Confidence: 0.9731894

00:44:18.680 --> 00:44:20.520 systems change, both here in
NOTE Confidence: 0.9731894

00:44:20.520 --> 00:44:21.744 the US and in the
NOTE Confidence: 0.9731894

00:44:21.744 --> 00:44:22.244 Caribbean.
NOTE Confidence: 0.9945909

00:44:22.945 --> 00:44:24.385 And I definitely wanna expand
NOTE Confidence: 0.9945909

00:44:24.385 --> 00:44:26.244 my focus to incorporate intervention

NOTE Confidence: 0.9995284

00:44:26.545 --> 00:44:27.765 based research

NOTE Confidence: 0.9834427

00:44:28.145 --> 00:44:29.265 to translate some of the

NOTE Confidence: 0.9834427

00:44:29.265 --> 00:44:30.325 findings that,

NOTE Confidence: 0.9978645

00:44:30.864 --> 00:44:32.305 come from my work to

NOTE Confidence: 0.9978645

00:44:32.305 --> 00:44:32.805 solutions.

NOTE Confidence: 0.982174

00:44:33.665 --> 00:44:34.625 So thank you for your

NOTE Confidence: 0.982174

00:44:34.625 --> 00:44:35.125 attention.

NOTE Confidence: 0.97442234

00:44:39.239 --> 00:44:40.200 And I'm happy to take

NOTE Confidence: 0.97442234

00:44:40.200 --> 00:44:41.160 any questions that you have

NOTE Confidence: 0.97442234

00:44:41.160 --> 00:44:42.440 about any of the work

NOTE Confidence: 0.97442234

00:44:42.440 --> 00:44:44.060 I shared. Alana.

NOTE Confidence: 0.9266971

00:44:44.520 --> 00:44:45.800 This is amazing. Thanks for

NOTE Confidence: 0.9167433

00:44:47.000 --> 00:44:48.360 I was curious about the

NOTE Confidence: 0.9167433

00:44:48.360 --> 00:44:48.860 one,

NOTE Confidence: 0.95209426

00:44:49.720 --> 00:44:51.160 program that you're a part

NOTE Confidence: 0.95209426

00:44:51.160 --> 00:44:52.224 of. Can you talk a
NOTE Confidence: 0.95209426

00:44:52.224 --> 00:44:53.605 little bit more about the,
NOTE Confidence: 0.95209426

00:44:53.744 --> 00:44:54.945 like, what the work of
NOTE Confidence: 0.95209426

00:44:54.945 --> 00:44:56.145 the Chezzys or what they're
NOTE Confidence: 0.95209426

00:44:56.145 --> 00:44:57.585 now called? Like, what they
NOTE Confidence: 0.9441708

00:44:59.025 --> 00:44:59.744 I guess I'm thinking about
NOTE Confidence: 0.9441708

00:44:59.825 --> 00:45:01.285 sometimes there's a tension between
NOTE Confidence: 0.97964185

00:45:01.585 --> 00:45:03.344 providing services that a community
NOTE Confidence: 0.97964185

00:45:03.344 --> 00:45:04.569 needs versus studying it and
NOTE Confidence: 0.97964185

00:45:04.569 --> 00:45:06.089 making generalizable knowledge. And, like,
NOTE Confidence: 0.97964185

00:45:06.089 --> 00:45:07.450 where along that spectrum do
NOTE Confidence: 0.97964185

00:45:07.450 --> 00:45:07.950 those
NOTE Confidence: 0.994628

00:45:08.329 --> 00:45:08.829 organizations
NOTE Confidence: 0.9753233

00:45:09.130 --> 00:45:10.089 fall in terms of their
NOTE Confidence: 0.9753233

00:45:10.089 --> 00:45:10.829 objectives and the,
NOTE Confidence: 0.467533

00:45:12.250 --> 00:45:12.750 evaluation?

NOTE Confidence: 0.9953489

00:45:14.730 --> 00:45:16.349 Yeah. So they are

NOTE Confidence: 0.99964046

00:45:17.075 --> 00:45:17.815 the interventions

NOTE Confidence: 0.99948645

00:45:18.114 --> 00:45:19.015 that they've selected

NOTE Confidence: 0.99669546

00:45:19.555 --> 00:45:21.234 are really informed by their

NOTE Confidence: 0.99669546

00:45:21.234 --> 00:45:22.674 community. So I didn't mention

NOTE Confidence: 0.99669546

00:45:22.674 --> 00:45:23.714 this, but each of the

NOTE Confidence: 0.99669546

00:45:23.714 --> 00:45:24.855 CRPs has

NOTE Confidence: 0.9649097

00:45:25.315 --> 00:45:26.755 a what are what's called

NOTE Confidence: 0.9649097

00:45:26.755 --> 00:45:28.454 a AHARA health equity research

NOTE Confidence: 0.9649097

00:45:28.674 --> 00:45:31.210 advisory board. And so, you

NOTE Confidence: 0.9649097

00:45:31.210 --> 00:45:32.250 know, in the first year

NOTE Confidence: 0.9649097

00:45:32.250 --> 00:45:33.610 when we were when we

NOTE Confidence: 0.9649097

00:45:33.610 --> 00:45:35.530 were, we received our award,

NOTE Confidence: 0.9649097

00:45:35.530 --> 00:45:36.410 some of them were still

NOTE Confidence: 0.9649097

00:45:36.410 --> 00:45:37.770 thinking about trying to come

NOTE Confidence: 0.9649097

00:45:37.770 --> 00:45:39.370 to a decision, right, on,
NOTE Confidence: 0.9649097

00:45:39.370 --> 00:45:41.130 like, what's what do we
NOTE Confidence: 0.9649097

00:45:41.130 --> 00:45:41.950 focus on?
NOTE Confidence: 0.98854494

00:45:42.489 --> 00:45:44.330 And mainly because there's so
NOTE Confidence: 0.98854494

00:45:44.330 --> 00:45:44.830 many
NOTE Confidence: 0.9955138

00:45:45.864 --> 00:45:47.565 priority areas, so many needs,
NOTE Confidence: 0.95251775

00:45:47.945 --> 00:45:48.985 that it was hard in
NOTE Confidence: 0.95251775

00:45:48.985 --> 00:45:50.585 many cases to decide, okay.
NOTE Confidence: 0.95251775

00:45:50.585 --> 00:45:51.625 We're gonna focus on this,
NOTE Confidence: 0.95251775

00:45:51.625 --> 00:45:52.425 focus on that. So that
NOTE Confidence: 0.95251775

00:45:52.425 --> 00:45:53.945 was a a process to
NOTE Confidence: 0.95251775

00:45:54.105 --> 00:45:55.225 and you said something about
NOTE Confidence: 0.95251775

00:45:55.225 --> 00:45:56.285 evaluation? What
NOTE Confidence: 0.9418666

00:45:56.985 --> 00:45:58.185 what is the expectation for
NOTE Confidence: 0.9418666

00:45:58.185 --> 00:45:58.985 evaluation? Like
NOTE Confidence: 0.9755306

00:45:59.705 --> 00:46:00.205 yeah.

NOTE Confidence: 0.9928928
00:46:01.599 --> 00:46:03.440 Yeah. So the evaluation was
NOTE Confidence: 0.9928928
00:46:03.440 --> 00:46:05.119 part of I mean, part
NOTE Confidence: 0.9928928
00:46:05.119 --> 00:46:05.760 of the,
NOTE Confidence: 0.9993351
00:46:06.400 --> 00:46:06.900 original
NOTE Confidence: 0.9623021
00:46:09.359 --> 00:46:10.640 program. So that was the
NOTE Confidence: 0.9623021
00:46:10.640 --> 00:46:12.180 job of the coordinating center
NOTE Confidence: 0.9540319
00:46:12.480 --> 00:46:13.920 with support from the Health
NOTE Confidence: 0.9540319
00:46:13.920 --> 00:46:15.775 Equity Hub. So they were
NOTE Confidence: 0.9540319
00:46:15.775 --> 00:46:17.795 collecting common data elements,
NOTE Confidence: 0.9690312
00:46:19.135 --> 00:46:20.815 you know, and collecting other
NOTE Confidence: 0.9690312
00:46:20.815 --> 00:46:21.935 metrics to be able to
NOTE Confidence: 0.9690312
00:46:21.935 --> 00:46:22.835 do the evaluation.
NOTE Confidence: 0.92310965
00:46:24.094 --> 00:46:25.935 Now, as it stands and
NOTE Confidence: 0.92310965
00:46:25.935 --> 00:46:26.575 I think,
NOTE Confidence: 0.9884933
00:46:28.480 --> 00:46:29.840 there's some clarity, but I
NOTE Confidence: 0.9884933

00:46:29.840 --> 00:46:30.640 think we could use a
NOTE Confidence: 0.9884933

00:46:30.640 --> 00:46:31.600 little bit more clarity about
NOTE Confidence: 0.9884933

00:46:31.600 --> 00:46:32.239 the evaluation.
NOTE Confidence: 0.98394406

00:46:33.360 --> 00:46:35.040 But right now, each hub
NOTE Confidence: 0.98394406

00:46:35.040 --> 00:46:35.780 is guiding
NOTE Confidence: 0.99848866

00:46:36.320 --> 00:46:37.460 each of their CRPs
NOTE Confidence: 0.9619875

00:46:38.000 --> 00:46:39.040 and setting them up to
NOTE Confidence: 0.9619875

00:46:39.040 --> 00:46:40.340 figure out, like, okay,
NOTE Confidence: 0.9774562

00:46:40.640 --> 00:46:41.680 you need to collect this
NOTE Confidence: 0.9774562

00:46:41.680 --> 00:46:42.535 data, and this is how
NOTE Confidence: 0.9774562

00:46:42.535 --> 00:46:43.415 you're gonna store it. And
NOTE Confidence: 0.9774562

00:46:43.415 --> 00:46:44.455 this is how we're gonna
NOTE Confidence: 0.9774562

00:46:44.455 --> 00:46:45.495 use it for the analysis
NOTE Confidence: 0.9774562

00:46:45.495 --> 00:46:46.635 to demonstrate that,
NOTE Confidence: 0.94601494

00:46:47.015 --> 00:46:48.215 you know, your pie you
NOTE Confidence: 0.94601494

00:46:48.215 --> 00:46:49.735 know, your pilot works or,

NOTE Confidence: 0.94601494

00:46:49.735 --> 00:46:51.515 like, it's feasible. It's acceptable.

NOTE Confidence: 0.9994438

00:46:52.055 --> 00:46:53.255 So that's the work of

NOTE Confidence: 0.9994438

00:46:53.255 --> 00:46:53.755 the,

NOTE Confidence: 0.9786793

00:46:54.215 --> 00:46:55.255 the expertise on the hub.

NOTE Confidence: 0.9786793

00:46:55.255 --> 00:46:55.915 And each

NOTE Confidence: 0.9623286

00:46:56.369 --> 00:46:57.670 each hub was,

NOTE Confidence: 0.8825598

00:46:58.130 --> 00:46:59.910 each hub had a research

NOTE Confidence: 0.99481064

00:47:00.529 --> 00:47:01.829 no. What is it called?

NOTE Confidence: 0.99481064

00:47:02.049 --> 00:47:02.549 Data

NOTE Confidence: 0.7912638

00:47:03.089 --> 00:47:03.589 monitoring.

NOTE Confidence: 0.99580014

00:47:04.369 --> 00:47:05.910 I'm drawing a blank. Anyway

NOTE Confidence: 0.99476385

00:47:07.489 --> 00:47:07.989 no.

NOTE Confidence: 0.95940906

00:47:09.745 --> 00:47:10.864 Anyway, so we have the

NOTE Confidence: 0.95940906

00:47:10.864 --> 00:47:12.545 expertise in house. Right? Like,

NOTE Confidence: 0.95940906

00:47:12.545 --> 00:47:13.745 as still part of our

NOTE Confidence: 0.95940906

00:47:13.745 --> 00:47:14.485 team. Thankfully,
NOTE Confidence: 0.98091125

00:47:15.105 --> 00:47:16.405 you know, we did not
NOTE Confidence: 0.98091125

00:47:16.465 --> 00:47:17.665 lose any of our hub
NOTE Confidence: 0.98091125

00:47:17.665 --> 00:47:19.125 members. Many of our,
NOTE Confidence: 0.99824834

00:47:19.585 --> 00:47:21.205 colleagues at other institutions,
NOTE Confidence: 0.99944156

00:47:22.359 --> 00:47:23.960 you know, they lost team
NOTE Confidence: 0.99944156

00:47:23.960 --> 00:47:24.460 members.
NOTE Confidence: 0.98819447

00:47:24.840 --> 00:47:26.119 We're grateful that our team
NOTE Confidence: 0.98819447

00:47:26.119 --> 00:47:27.160 is still intact, and we
NOTE Confidence: 0.98819447

00:47:27.160 --> 00:47:29.160 still have the methodological and
NOTE Confidence: 0.98819447

00:47:29.160 --> 00:47:29.660 biostatistical
NOTE Confidence: 0.9973121

00:47:30.359 --> 00:47:30.859 expertise,
NOTE Confidence: 0.8810048

00:47:31.800 --> 00:47:33.660 implemented implementation science,
NOTE Confidence: 0.99144566

00:47:34.520 --> 00:47:35.719 among our team members. So
NOTE Confidence: 0.99144566

00:47:35.719 --> 00:47:37.155 we are sort of guiding
NOTE Confidence: 0.99144566

00:47:37.155 --> 00:47:38.835 them in in doing that,

NOTE Confidence: 0.99144566
00:47:39.155 --> 00:47:39.655 evaluation.
NOTE Confidence: 0.98103493
00:47:40.355 --> 00:47:41.315 Thank you. Yeah. But it
NOTE Confidence: 0.98103493
00:47:41.315 --> 00:47:42.055 was originally
NOTE Confidence: 0.9852911
00:47:42.515 --> 00:47:43.795 that was originally, like, the
NOTE Confidence: 0.9852911
00:47:43.795 --> 00:47:44.935 coordinating center.
NOTE Confidence: 0.9566796
00:47:45.635 --> 00:47:46.614 Yeah. Yes.
NOTE Confidence: 0.8206944
00:47:47.475 --> 00:47:48.995 I'd like to ask somewhat
NOTE Confidence: 0.8206944
00:47:48.995 --> 00:47:50.055 provocative, please.
NOTE Confidence: 0.99284625
00:47:50.915 --> 00:47:51.415 Okay.
NOTE Confidence: 0.9486805
00:47:53.170 --> 00:47:54.870 Physicians don't own health care
NOTE Confidence: 0.9486805
00:47:54.930 --> 00:47:55.670 or health.
NOTE Confidence: 0.9843228
00:47:56.610 --> 00:47:57.969 And we have a certain
NOTE Confidence: 0.9843228
00:47:57.969 --> 00:47:58.790 kind of training.
NOTE Confidence: 0.95255715
00:47:59.250 --> 00:48:01.010 Right? And others have other
NOTE Confidence: 0.95255715
00:48:01.010 --> 00:48:02.850 kinds of training. Mhmm. When
NOTE Confidence: 0.95255715

00:48:02.850 --> 00:48:04.710 we talk about structural interventions,

NOTE Confidence: 0.99967325

00:48:05.675 --> 00:48:06.474 we may not be the

NOTE Confidence: 0.99967325

00:48:06.474 --> 00:48:07.614 most appropriate people

NOTE Confidence: 0.98956585

00:48:07.915 --> 00:48:08.955 for making some of those

NOTE Confidence: 0.98956585

00:48:08.955 --> 00:48:10.335 interventions. So I'm just curious

NOTE Confidence: 0.9770068

00:48:11.275 --> 00:48:12.094 how you

NOTE Confidence: 0.9994234

00:48:12.795 --> 00:48:13.295 negotiate

NOTE Confidence: 0.9786745

00:48:13.594 --> 00:48:14.875 with the communities. You know,

NOTE Confidence: 0.9786745

00:48:14.875 --> 00:48:15.775 they may say,

NOTE Confidence: 0.96695113

00:48:16.075 --> 00:48:17.114 jeez. It would be really

NOTE Confidence: 0.96695113

00:48:17.114 --> 00:48:18.234 great if you could fix

NOTE Confidence: 0.96695113

00:48:18.234 --> 00:48:18.974 this building.

NOTE Confidence: 0.9917898

00:48:19.280 --> 00:48:20.560 Right, or something along those

NOTE Confidence: 0.9917898

00:48:20.560 --> 00:48:22.239 lines that perhaps is beyond

NOTE Confidence: 0.9917898

00:48:22.239 --> 00:48:23.300 the scope of what

NOTE Confidence: 0.9475214

00:48:23.760 --> 00:48:25.859 physicians can really help do.

NOTE Confidence: 0.94434065

00:48:26.400 --> 00:48:27.760 So I'm just curious how

NOTE Confidence: 0.94434065

00:48:27.760 --> 00:48:29.060 you negotiate that.

NOTE Confidence: 0.9988307

00:48:29.599 --> 00:48:30.099 Yeah.

NOTE Confidence: 0.98429227

00:48:30.400 --> 00:48:31.460 You know, I think

NOTE Confidence: 0.99866676

00:48:32.239 --> 00:48:33.619 I think that's part of

NOTE Confidence: 0.9979914

00:48:34.745 --> 00:48:36.364 this whole sort of shift

NOTE Confidence: 0.5720249

00:48:37.065 --> 00:48:37.565 because,

NOTE Confidence: 0.96645004

00:48:38.105 --> 00:48:39.785 typically, it's like us, the

NOTE Confidence: 0.96645004

00:48:39.785 --> 00:48:40.285 researcher,

NOTE Confidence: 0.9984206

00:48:40.665 --> 00:48:40.905 the

NOTE Confidence: 0.9752499

00:48:41.465 --> 00:48:42.045 you know,

NOTE Confidence: 0.9174794

00:48:42.505 --> 00:48:44.605 either you know, or physician

NOTE Confidence: 0.8653203

00:48:45.065 --> 00:48:45.805 sort of

NOTE Confidence: 0.9900337

00:48:46.265 --> 00:48:48.425 guiding that research, identifying those

NOTE Confidence: 0.9900337

00:48:48.425 --> 00:48:50.070 priorities, those needs. These are

NOTE Confidence: 0.9900337

00:48:50.070 --> 00:48:51.910 community based organizations that are

NOTE Confidence: 0.9900337

00:48:51.910 --> 00:48:52.410 saying,

NOTE Confidence: 0.9360883

00:48:52.710 --> 00:48:54.070 this is the issue. You

NOTE Confidence: 0.9360883

00:48:54.070 --> 00:48:55.270 know, many of them health

NOTE Confidence: 0.9360883

00:48:55.270 --> 00:48:56.790 related related to health out

NOTE Confidence: 0.9360883

00:48:56.950 --> 00:48:57.930 poor health outcomes,

NOTE Confidence: 0.98257095

00:48:58.870 --> 00:48:59.370 but

NOTE Confidence: 0.99787766

00:48:59.670 --> 00:49:00.810 they are sort of

NOTE Confidence: 0.54400265

00:49:01.510 --> 00:49:02.630 What would they take issues

NOTE Confidence: 0.54400265

00:49:02.630 --> 00:49:03.110 that you don't

NOTE Confidence: 0.8928759

00:49:04.125 --> 00:49:05.825 You have to address.

NOTE Confidence: 0.9955885

00:49:06.605 --> 00:49:07.645 Well, who doesn't have the

NOTE Confidence: 0.9955885

00:49:07.645 --> 00:49:08.925 capacity to oh, that they

NOTE Confidence: 0.9955885

00:49:08.925 --> 00:49:09.965 don't have the capacity to

NOTE Confidence: 0.9955885

00:49:09.965 --> 00:49:10.465 address?

NOTE Confidence: 0.8011429

00:49:11.645 --> 00:49:12.465 Team. Whatever

NOTE Confidence: 0.97370994

00:49:13.085 --> 00:49:14.364 team has the capacity to

NOTE Confidence: 0.97370994

00:49:14.364 --> 00:49:15.165 address. I mean, there are

NOTE Confidence: 0.97370994

00:49:15.165 --> 00:49:16.364 lots of structural issues that

NOTE Confidence: 0.97370994

00:49:16.364 --> 00:49:18.045 are probably well beyond any

NOTE Confidence: 0.97370994

00:49:18.045 --> 00:49:18.545 teams.

NOTE Confidence: 0.9993681

00:49:18.844 --> 00:49:19.930 Yeah. Yeah.

NOTE Confidence: 0.9734756

00:49:20.310 --> 00:49:21.750 But I think that's so

NOTE Confidence: 0.9734756

00:49:21.750 --> 00:49:23.050 this was a a

NOTE Confidence: 0.9466725

00:49:23.350 --> 00:49:24.470 a really, I think, a

NOTE Confidence: 0.9466725

00:49:24.470 --> 00:49:25.270 first of its kind. Right?

NOTE Confidence: 0.9466725

00:49:25.270 --> 00:49:26.410 That's why it was multisectoral.

NOTE Confidence: 0.97562325

00:49:26.950 --> 00:49:27.830 So you may not have

NOTE Confidence: 0.97562325

00:49:27.830 --> 00:49:29.270 that expertise, but somebody else

NOTE Confidence: 0.97562325

00:49:29.270 --> 00:49:30.230 does. And you bring those

NOTE Confidence: 0.97562325

00:49:30.230 --> 00:49:31.775 people to the table, and

NOTE Confidence: 0.97562325

00:49:31.775 --> 00:49:33.135 they're supported with lots of
NOTE Confidence: 0.97562325

00:49:33.135 --> 00:49:35.055 funding over a long time
NOTE Confidence: 0.97562325

00:49:35.055 --> 00:49:36.435 period, ten years,
NOTE Confidence: 0.9931754

00:49:36.975 --> 00:49:38.995 to implement these interventions. So
NOTE Confidence: 0.9897205

00:49:39.455 --> 00:49:41.135 they are essentially the decision
NOTE Confidence: 0.9897205

00:49:41.135 --> 00:49:41.635 makers.
NOTE Confidence: 0.95919293

00:49:41.935 --> 00:49:43.055 So if they say, you
NOTE Confidence: 0.95919293

00:49:43.055 --> 00:49:44.655 know, in New Mexico, they
NOTE Confidence: 0.95919293

00:49:44.655 --> 00:49:46.195 were like, there's radon exposure,
NOTE Confidence: 0.9808657

00:49:46.770 --> 00:49:47.969 and we think people are
NOTE Confidence: 0.9808657

00:49:47.969 --> 00:49:49.730 getting sick. And, like, you
NOTE Confidence: 0.9808657

00:49:49.730 --> 00:49:50.930 know, that's what they wanted
NOTE Confidence: 0.9808657

00:49:50.930 --> 00:49:52.210 to that's what they wanted
NOTE Confidence: 0.9808657

00:49:52.210 --> 00:49:53.750 to use the money to
NOTE Confidence: 0.9808657

00:49:53.969 --> 00:49:54.950 address. And,
NOTE Confidence: 0.99964124

00:49:55.250 --> 00:49:56.710 you know, they're working with

NOTE Confidence: 0.9199053

00:49:57.010 --> 00:49:57.510 physicians.

NOTE Confidence: 0.9687773

00:49:58.290 --> 00:50:00.150 Their academic partners are physicians,

NOTE Confidence: 0.95954406

00:50:00.895 --> 00:50:01.855 but they are really the

NOTE Confidence: 0.95954406

00:50:01.855 --> 00:50:03.055 decision makers. And so it's

NOTE Confidence: 0.95954406

00:50:03.055 --> 00:50:04.515 up to the community, actually,

NOTE Confidence: 0.99202734

00:50:05.135 --> 00:50:06.415 really, to make those decisions

NOTE Confidence: 0.99202734

00:50:06.415 --> 00:50:08.575 and execute whatever intervention that

NOTE Confidence: 0.99202734

00:50:08.575 --> 00:50:09.075 they

NOTE Confidence: 0.9984843

00:50:09.455 --> 00:50:10.435 deem a priority,

NOTE Confidence: 0.99944973

00:50:11.055 --> 00:50:11.855 for the health of their

NOTE Confidence: 0.99944973

00:50:11.855 --> 00:50:12.355 community.

NOTE Confidence: 0.99803114

00:50:13.855 --> 00:50:14.460 I don't know if that

NOTE Confidence: 0.99803114

00:50:14.460 --> 00:50:16.000 answers your question, but it's

NOTE Confidence: 0.9899511

00:50:16.540 --> 00:50:17.580 I think that's why this

NOTE Confidence: 0.9899511

00:50:17.580 --> 00:50:18.859 came about. That that's why

NOTE Confidence: 0.9899511

00:50:18.859 --> 00:50:19.739 this type of,
NOTE Confidence: 0.9612758
00:50:20.140 --> 00:50:21.200 paradigm exists.
NOTE Confidence: 0.9793085
00:50:23.340 --> 00:50:24.719 So they can address
NOTE Confidence: 0.9539491
00:50:25.180 --> 00:50:26.560 yeah. Yeah. Yeah. Yeah.
NOTE Confidence: 0.8339434
00:50:27.974 --> 00:50:28.474 Yeah.
NOTE Confidence: 0.9500004
00:50:28.934 --> 00:50:30.454 You know, one would think
NOTE Confidence: 0.9500004
00:50:30.454 --> 00:50:32.234 that the most efficient solution
NOTE Confidence: 0.9500004
00:50:32.295 --> 00:50:34.055 is one do have some
NOTE Confidence: 0.9500004
00:50:34.055 --> 00:50:35.494 back and forth. Right? Because
NOTE Confidence: 0.9500004
00:50:35.494 --> 00:50:36.315 there's probably
NOTE Confidence: 0.9368802
00:50:37.174 --> 00:50:38.555 in their list of priority
NOTE Confidence: 0.9368802
00:50:38.775 --> 00:50:39.894 stuff that you guys are
NOTE Confidence: 0.9368802
00:50:39.894 --> 00:50:40.714 just better
NOTE Confidence: 0.9991958
00:50:41.340 --> 00:50:43.040 better equipped to really
NOTE Confidence: 0.99838364
00:50:43.420 --> 00:50:43.920 address
NOTE Confidence: 0.98500776
00:50:44.700 --> 00:50:45.760 than other things.

NOTE Confidence: 0.8738947
00:50:46.220 --> 00:50:48.300 Right? Like, us specifically at,
NOTE Confidence: 0.8738947
00:50:48.300 --> 00:50:49.420 like, the Yale hub or,
NOTE Confidence: 0.8738947
00:50:49.420 --> 00:50:51.520 like, team. Okay. Mhmm.
NOTE Confidence: 0.9954965
00:50:52.140 --> 00:50:52.640 Okay.
NOTE Confidence: 0.94572586
00:50:53.355 --> 00:50:54.715 And so I I find
NOTE Confidence: 0.94572586
00:50:54.715 --> 00:50:56.395 it possible that, you know,
NOTE Confidence: 0.94572586
00:50:56.395 --> 00:50:57.375 okay. If they
NOTE Confidence: 0.95469975
00:50:58.075 --> 00:50:59.614 say, we're worried about radon,
NOTE Confidence: 0.95469975
00:50:59.755 --> 00:51:00.895 and you have absolutely
NOTE Confidence: 0.99767727
00:51:01.195 --> 00:51:01.695 no
NOTE Confidence: 0.912686
00:51:02.475 --> 00:51:03.755 good angle to come in
NOTE Confidence: 0.912686
00:51:03.755 --> 00:51:04.715 on radon, then you would
NOTE Confidence: 0.912686
00:51:04.715 --> 00:51:05.675 say, okay. Fine. Let's do
NOTE Confidence: 0.912686
00:51:05.675 --> 00:51:06.175 radon.
NOTE Confidence: 0.97310215
00:51:06.640 --> 00:51:07.440 I mean, that just doesn't
NOTE Confidence: 0.97310215

00:51:07.440 --> 00:51:08.400 make sense to me. Oh,
NOTE Confidence: 0.97310215

00:51:08.400 --> 00:51:09.760 so we would if if
NOTE Confidence: 0.97310215

00:51:09.760 --> 00:51:11.440 they propose something that we're
NOTE Confidence: 0.97310215

00:51:11.440 --> 00:51:12.719 like, we don't know anything
NOTE Confidence: 0.97310215

00:51:12.719 --> 00:51:14.100 about, I don't know, radon,
NOTE Confidence: 0.98585474

00:51:14.560 --> 00:51:16.340 then the hub is responsible
NOTE Confidence: 0.98585474

00:51:16.400 --> 00:51:17.940 for, like, bringing that expertise
NOTE Confidence: 0.98585474

00:51:18.000 --> 00:51:19.185 to the hub. So we
NOTE Confidence: 0.98585474

00:51:19.185 --> 00:51:20.385 bring that expertise to say,
NOTE Confidence: 0.98585474

00:51:20.385 --> 00:51:21.665 you wanna study radon? And
NOTE Confidence: 0.98585474

00:51:21.665 --> 00:51:22.785 if there's nobody here that
NOTE Confidence: 0.98585474

00:51:22.785 --> 00:51:24.305 can help with radon and
NOTE Confidence: 0.98585474

00:51:24.305 --> 00:51:25.665 asthma, we are going to
NOTE Confidence: 0.98585474

00:51:25.825 --> 00:51:26.645 so the original,
NOTE Confidence: 0.96189404

00:51:27.665 --> 00:51:29.285 and, you know, it's
NOTE Confidence: 0.9905018

00:51:30.145 --> 00:51:31.505 we're grateful that we are,

NOTE Confidence: 0.9905018

00:51:31.505 --> 00:51:32.790 like, at an institution where

NOTE Confidence: 0.9905018

00:51:32.790 --> 00:51:33.830 we have, like, so much

NOTE Confidence: 0.9905018

00:51:33.830 --> 00:51:35.690 expertise and deep expertise across

NOTE Confidence: 0.9905018

00:51:35.830 --> 00:51:37.590 so many different areas. But

NOTE Confidence: 0.9905018

00:51:37.590 --> 00:51:39.210 we would bring that expertise

NOTE Confidence: 0.99033225

00:51:39.510 --> 00:51:40.090 to them.

NOTE Confidence: 0.9171766

00:51:40.790 --> 00:51:42.310 You know, the photo voice,

NOTE Confidence: 0.99801373

00:51:42.870 --> 00:51:43.370 training

NOTE Confidence: 0.9830873

00:51:43.955 --> 00:51:45.075 that one of our teams

NOTE Confidence: 0.9830873

00:51:45.075 --> 00:51:45.575 requested,

NOTE Confidence: 0.9949611

00:51:46.835 --> 00:51:47.795 one of our team members

NOTE Confidence: 0.9949611

00:51:47.795 --> 00:51:49.235 knows something about photovoice, but

NOTE Confidence: 0.9949611

00:51:49.235 --> 00:51:50.215 we brought that expert

NOTE Confidence: 0.96618813

00:51:50.675 --> 00:51:51.955 to to them. They did

NOTE Confidence: 0.96618813

00:51:51.955 --> 00:51:53.155 a, you know, a whole

NOTE Confidence: 0.96618813

00:51:53.155 --> 00:51:54.375 webinar or a workshop
NOTE Confidence: 0.9813552

00:51:54.755 --> 00:51:55.955 with the team to teach
NOTE Confidence: 0.9813552

00:51:55.955 --> 00:51:57.175 them, and they've had follow-up,
NOTE Confidence: 0.93785405

00:51:58.070 --> 00:51:59.590 meetings with with that said
NOTE Confidence: 0.93785405

00:51:59.590 --> 00:52:00.090 expert.
NOTE Confidence: 0.95295733

00:52:00.710 --> 00:52:01.590 So we we would bring
NOTE Confidence: 0.95295733

00:52:01.590 --> 00:52:02.950 it there. Now is there
NOTE Confidence: 0.95295733

00:52:02.950 --> 00:52:05.350 negotiation sometimes if, you know,
NOTE Confidence: 0.95295733

00:52:05.350 --> 00:52:07.290 we recommend a particular approach,
NOTE Confidence: 0.93476135

00:52:08.390 --> 00:52:10.070 or, you know, to to
NOTE Confidence: 0.93476135

00:52:10.070 --> 00:52:11.190 doing something and they're like,
NOTE Confidence: 0.93476135

00:52:11.190 --> 00:52:12.230 no. That's not gonna work
NOTE Confidence: 0.93476135

00:52:12.230 --> 00:52:12.890 for us?
NOTE Confidence: 0.9984381

00:52:13.325 --> 00:52:14.144 They're absolutely
NOTE Confidence: 0.99924064

00:52:14.525 --> 00:52:15.724 they can absolutely go ahead
NOTE Confidence: 0.99924064

00:52:15.724 --> 00:52:16.224 and,

NOTE Confidence: 0.97295016
00:52:16.765 --> 00:52:18.364 you know, proceed however they

NOTE Confidence: 0.97295016
00:52:18.364 --> 00:52:20.204 they want because they are

NOTE Confidence: 0.97295016
00:52:20.204 --> 00:52:20.704 the

NOTE Confidence: 0.9676693
00:52:21.244 --> 00:52:22.444 they are the decision makers

NOTE Confidence: 0.9676693
00:52:22.444 --> 00:52:23.565 and the leaders, you know,

NOTE Confidence: 0.9676693
00:52:23.565 --> 00:52:24.785 they are leading the work.

NOTE Confidence: 0.9676693
00:52:25.005 --> 00:52:26.065 So it's

NOTE Confidence: 0.99800766
00:52:26.364 --> 00:52:27.664 it's a it's a totally

NOTE Confidence: 0.98933434
00:52:28.329 --> 00:52:29.930 it's just a different way

NOTE Confidence: 0.98933434
00:52:29.930 --> 00:52:31.210 of operating, a different way

NOTE Confidence: 0.98933434
00:52:31.210 --> 00:52:32.030 of doing work.

NOTE Confidence: 0.9733869
00:52:32.489 --> 00:52:33.609 And I think even for

NOTE Confidence: 0.9733869
00:52:33.609 --> 00:52:35.130 us as the hub, you

NOTE Confidence: 0.9733869
00:52:35.130 --> 00:52:36.410 know, we're all researchers and

NOTE Confidence: 0.9733869
00:52:36.410 --> 00:52:37.450 used to sort of doing

NOTE Confidence: 0.9733869

00:52:37.450 --> 00:52:38.410 the re doing the work
NOTE Confidence: 0.9733869

00:52:38.410 --> 00:52:40.089 ourselves, right, and making those
NOTE Confidence: 0.9733869

00:52:40.089 --> 00:52:40.589 decisions.
NOTE Confidence: 0.99869543

00:52:41.369 --> 00:52:42.270 But we're really
NOTE Confidence: 0.993588

00:52:43.364 --> 00:52:44.565 in a space where we're
NOTE Confidence: 0.993588

00:52:44.565 --> 00:52:45.065 providing,
NOTE Confidence: 0.99959725

00:52:46.405 --> 00:52:46.905 scientific
NOTE Confidence: 0.9647049

00:52:47.525 --> 00:52:50.265 guidance, support, technical support, training,
NOTE Confidence: 0.9647049

00:52:50.485 --> 00:52:52.165 capacity building so that they
NOTE Confidence: 0.9647049

00:52:52.165 --> 00:52:53.625 can execute whatever
NOTE Confidence: 0.95957077

00:52:53.925 --> 00:52:54.985 it is that they,
NOTE Confidence: 0.98420715

00:52:56.245 --> 00:52:57.844 have identified to select to
NOTE Confidence: 0.98420715

00:52:57.844 --> 00:52:58.344 address.
NOTE Confidence: 0.90352

00:53:00.780 --> 00:53:01.280 Yes.
NOTE Confidence: 0.9161127

00:53:01.580 --> 00:53:03.040 Thank you for your wonderful
NOTE Confidence: 0.9161127

00:53:03.100 --> 00:53:04.940 talk. I just mostly have

NOTE Confidence: 0.9161127
00:53:04.940 --> 00:53:06.960 a comment thinking about as
NOTE Confidence: 0.9161127
00:53:07.180 --> 00:53:08.560 a primary care provider,
NOTE Confidence: 0.92598313
00:53:10.220 --> 00:53:11.500 at least in Connecticut and
NOTE Confidence: 0.92598313
00:53:11.500 --> 00:53:12.239 New Haven,
NOTE Confidence: 0.95950335
00:53:12.665 --> 00:53:13.625 I have patients who are
NOTE Confidence: 0.95950335
00:53:13.625 --> 00:53:15.385 working not one job, not
NOTE Confidence: 0.95950335
00:53:15.385 --> 00:53:16.585 two jobs, but two point
NOTE Confidence: 0.95950335
00:53:16.585 --> 00:53:18.285 five or three jobs. Yeah.
NOTE Confidence: 0.92738426
00:53:19.785 --> 00:53:21.625 Ability to find community really
NOTE Confidence: 0.92738426
00:53:21.625 --> 00:53:22.925 is limited to the workplace.
NOTE Confidence: 0.99586296
00:53:23.945 --> 00:53:26.205 So, you know, they're they're
NOTE Confidence: 0.9431122
00:53:28.239 --> 00:53:29.520 not well, partly because they're
NOTE Confidence: 0.9431122
00:53:29.520 --> 00:53:30.719 working so many jobs to
NOTE Confidence: 0.9431122
00:53:30.719 --> 00:53:32.420 create a sustainable wage.
NOTE Confidence: 0.8810394
00:53:32.960 --> 00:53:34.000 And if they work here
NOTE Confidence: 0.8810394

00:53:34.000 --> 00:53:35.460 within the hospital system,
NOTE Confidence: 0.96057636

00:53:37.200 --> 00:53:38.160 and so it's a it's
NOTE Confidence: 0.96057636

00:53:38.160 --> 00:53:39.120 a piece of if you
NOTE Confidence: 0.944804

00:53:40.335 --> 00:53:41.395 like, you know,
NOTE Confidence: 0.8770402

00:53:41.855 --> 00:53:43.555 time besides family happens,
NOTE Confidence: 0.94873726

00:53:44.094 --> 00:53:45.215 you how does that occur?
NOTE Confidence: 0.94873726

00:53:45.215 --> 00:53:45.935 It it is a it
NOTE Confidence: 0.94873726

00:53:45.935 --> 00:53:47.215 is a commitment in terms
NOTE Confidence: 0.94873726

00:53:47.215 --> 00:53:47.715 of
NOTE Confidence: 0.9995538

00:53:48.575 --> 00:53:49.395 how employment
NOTE Confidence: 0.906002

00:53:49.855 --> 00:53:50.355 currently
NOTE Confidence: 0.97711

00:53:50.655 --> 00:53:52.675 in our capitalist system influences
NOTE Confidence: 0.92469734

00:53:53.695 --> 00:53:54.435 who potentially
NOTE Confidence: 0.99968994

00:53:55.210 --> 00:53:57.230 can participate in programs
NOTE Confidence: 0.9713356

00:53:58.250 --> 00:53:59.310 labeled as community.
NOTE Confidence: 0.91166395

00:54:00.010 --> 00:54:01.130 I am shocked at how

NOTE Confidence: 0.91166395
00:54:01.130 --> 00:54:02.270 much like Amazon,
NOTE Confidence: 0.9781436
00:54:02.570 --> 00:54:03.230 not to
NOTE Confidence: 0.9089404
00:54:03.690 --> 00:54:04.190 really
NOTE Confidence: 0.35299945
00:54:05.610 --> 00:54:06.110 people
NOTE Confidence: 0.7628288
00:54:07.050 --> 00:54:07.790 and defines
NOTE Confidence: 0.9975777
00:54:08.825 --> 00:54:10.265 what their health trajectories are
NOTE Confidence: 0.9975777
00:54:10.265 --> 00:54:11.005 gonna be.
NOTE Confidence: 0.93166786
00:54:12.025 --> 00:54:13.165 Yeah. Yeah. Thank you.
NOTE Confidence: 0.9959862
00:54:13.705 --> 00:54:14.765 Yeah. Thank you.
NOTE Confidence: 0.9170938
00:54:16.665 --> 00:54:17.705 I think we're out of
NOTE Confidence: 0.9170938
00:54:17.705 --> 00:54:18.605 time, but,
NOTE Confidence: 0.9108108
00:54:20.883 --> 00:54:21.623 Yeah. Sorry.
NOTE Confidence: 0.97605866
00:54:22.803 --> 00:54:24.083 Yeah. Thank you, everyone. Thanks
NOTE Confidence: 0.97605866
00:54:24.083 --> 00:54:24.903 for your questions.
