

# Women's Health Research at Yale

## Pilot Project Program 2025-26 Award Cycle Now Open!

Women's Health Research at Yale's Pilot Project Program serves as an incubator for catalyzing new approaches to understanding the health of women.

We invite applications assessing new approaches to understanding the health of women, and/or the influence of sex differences on health, consistent with the NIH definition.

Basic science, translational, and clinical research projects are welcome.

### ELIGIBILITY

This funding opportunity is open to all Yale Ladder Faculty. Investigators outside of the Yale community are invited to collaborate with Yale or Yale-affiliated principal Investigators.

To be eligible for funding, you must be a member of the newly formed Women's Health Research at Yale Collaborative.
