NOTE duration: "00:56:05.239"

NOTE Confidence: 0.94807374

00:00:00.160 --> 00:00:01.920 I'm Anna Reisman, director of

NOTE Confidence: 0.94807374

00:00:01.920 --> 00:00:03.279 the program for humanities and

NOTE Confidence: 0.94807374

00:00:03.279 --> 00:00:04.400 medicine, and this is the

NOTE Confidence: 0.94807374

00:00:04.400 --> 00:00:04.900 first,

NOTE Confidence: 0.99697304

00:00:05.680 --> 00:00:07.520 session of fall twenty twenty

NOTE Confidence: 0.99697304

00:00:07.520 --> 00:00:08.020 four.

NOTE Confidence: 0.9213264

00:00:08.400 --> 00:00:10.080 I cannot control everything forever,

NOTE Confidence: 0.9213264

00:00:10.080 --> 00:00:11.440 a mother's journey into medical

NOTE Confidence: 0.9213264

00:00:11.440 --> 00:00:11.940 uncertainty,

NOTE Confidence: 0.9130391

00:00:12.400 --> 00:00:14.000 a conversation with Emily Bloom

NOTE Confidence: 0.9130391

00:00:14.000 --> 00:00:15.059 and Randy Epstein.

NOTE Confidence: 0.96339315

00:00:15.434 --> 00:00:16.635 And this is also the

NOTE Confidence: 0.96339315

00:00:16.635 --> 00:00:18.074 Morris Dillard lecture. So I'm

NOTE Confidence: 0.96339315

00:00:18.074 --> 00:00:18.875 gonna say a couple of

NOTE Confidence: 0.96339315

00:00:18.875 --> 00:00:20.414 words about doctor Dillard,
NOTE Confidence: 0.9997307

00:00:21.515 --> 00:00:23.055 and then introduce our speakers.
NOTE Confidence: 0.94786376

00:00:25.114 --> 00:00:26.875 So, doctor Dillard was part
NOTE Confidence: 0.94786376

00:00:26.875 --> 00:00:28.634 of the Yale GIM general
NOTE Confidence: 0.94786376

00:00:28.634 --> 00:00:29.615 medicine faculty.
NOTE Confidence: 0.9780018

00:00:30.119 --> 00:00:31.580 And in the mid seventies,
NOTE Confidence: 0.9780018

00:00:31.640 --> 00:00:33.079 he founded the Wednesday evening
NOTE Confidence: 0.9780018

00:00:33.079 --> 00:00:33.579 clinic
NOTE Confidence: 0.9912037

00:00:33.960 --> 00:00:35.399 and served as its director
NOTE Confidence: 0.9912037

00:00:35.399 --> 00:00:36.379 for several decades.
NOTE Confidence: 0.9986433

00:00:36.920 --> 00:00:38.600 The Wednesday evening clinic has
NOTE Confidence: 0.9986433

00:00:38.600 --> 00:00:39.420 trained generations
NOTE Confidence: 0.9924206

00:00:39.720 --> 00:00:41.239 of Yale medical students on
NOTE Confidence: 0.9924206

00:00:41.239 --> 00:00:42.519 the essence of primary care
NOTE Confidence: 0.9924206

00:00:42.519 --> 00:00:43.720 and is legendary as a
NOTE Confidence: 0.9924206

00:00:43.720 --> 00:00:44.760 training site that was far

NOTE Confidence: 0.9924206

00:00:44.760 --> 00:00:45.640 ahead of its time in

NOTE Confidence: 0.9924206

00:00:45.640 --> 00:00:46.435 its regard.

NOTE Confidence: 0.9818888

00:00:47.135 --> 00:00:48.815 Doctor Dillard died in twenty

NOTE Confidence: 0.9818888

00:00:48.815 --> 00:00:50.175 eighteen, and he was honored

NOTE Confidence: 0.9818888

00:00:50.175 --> 00:00:51.135 by the creation of this

NOTE Confidence: 0.9818888

00:00:51.135 --> 00:00:52.655 lectureship, which he began in

NOTE Confidence: 0.9818888

00:00:52.655 --> 00:00:54.015 two thousand. And the fund

NOTE Confidence: 0.9818888

00:00:54.015 --> 00:00:55.775 that supports this was created

NOTE Confidence: 0.9818888

00:00:55.775 --> 00:00:56.835 by former students.

NOTE Confidence: 0.9895894

00:00:58.270 --> 00:00:59.710 Doctor Dillard is remembered for

NOTE Confidence: 0.9895894

00:00:59.710 --> 00:01:01.070 his work with students, his

NOTE Confidence: 0.9895894

00:01:01.070 --> 00:01:02.989 mentorship, his teaching, his support,

NOTE Confidence: 0.9895894

00:01:02.989 --> 00:01:04.430 and his food for many

NOTE Confidence: 0.9895894

00:01:04.430 --> 00:01:04.930 years.

NOTE Confidence: 0.9930511

00:01:05.470 --> 00:01:07.650 And he was known especially

NOTE Confidence: 0.9930511

00:01:07.709 --> 00:01:09.069 by many for the art
NOTE Confidence: 0.9930511

00:01:09.069 --> 00:01:10.290 of responsibility
NOTE Confidence: 0.9772559

00:01:10.750 --> 00:01:12.785 and teaching and really giving
NOTE Confidence: 0.9772559

00:01:12.785 --> 00:01:13.985 the students a lot of
NOTE Confidence: 0.9772559

00:01:13.985 --> 00:01:15.425 agency with their patients and
NOTE Confidence: 0.9772559

00:01:15.425 --> 00:01:16.165 and really
NOTE Confidence: 0.92470944

00:01:16.785 --> 00:01:18.065 instilling in them that,
NOTE Confidence: 0.99651873

00:01:18.465 --> 00:01:19.905 the idea that these were
NOTE Confidence: 0.99651873

00:01:19.905 --> 00:01:21.025 their patients to take care
NOTE Confidence: 0.99651873

00:01:21.025 --> 00:01:21.525 of
NOTE Confidence: 0.92349106

00:01:22.065 --> 00:01:22.865 and that that was a
NOTE Confidence: 0.92349106

00:01:22.865 --> 00:01:23.365 privilege.
NOTE Confidence: 0.9354174

00:01:25.680 --> 00:01:27.219 Okay. So Emily Bloom
NOTE Confidence: 0.99917275

00:01:27.759 --> 00:01:29.039 is an assistant professor of
NOTE Confidence: 0.99917275

00:01:29.039 --> 00:01:29.539 literature
NOTE Confidence: 0.97387683

00:01:30.319 --> 00:01:31.680 at Sarah Lawrence College. Her

NOTE Confidence: 0.97387683

00:01:31.680 --> 00:01:33.840 interests include twentieth century British

NOTE Confidence: 0.97387683

00:01:33.840 --> 00:01:35.360 and Irish literature, history of

NOTE Confidence: 0.97387683

00:01:35.360 --> 00:01:37.299 technology, and disability studies.

NOTE Confidence: 0.8899965

00:01:37.935 --> 00:01:39.055 She is the author of

NOTE Confidence: 0.8899965

00:01:39.055 --> 00:01:41.375 The Wireless Past, Anglo Irish

NOTE Confidence: 0.8899965

00:01:41.375 --> 00:01:42.435 Writers and the BBC,

NOTE Confidence: 0.97976816

00:01:43.135 --> 00:01:44.334 nineteen thirty one to nineteen

NOTE Confidence: 0.97976816

00:01:44.334 --> 00:01:45.615 sixty eight, which was awarded

NOTE Confidence: 0.97976816

00:01:45.615 --> 00:01:46.815 the first book prize by

NOTE Confidence: 0.97976816

00:01:46.815 --> 00:01:48.354 the Modernist Studies Association,

NOTE Confidence: 0.99058723

00:01:48.815 --> 00:01:49.715 and most recently,

NOTE Confidence: 0.9497521

00:01:50.255 --> 00:01:51.875 I Cannot Control Everything Forever,

NOTE Confidence: 0.9497521

00:01:51.935 --> 00:01:53.590 same title as our talk

NOTE Confidence: 0.9497521

00:01:53.590 --> 00:01:54.090 today.

NOTE Confidence: 0.99292254

00:01:55.270 --> 00:01:55.930 And she

NOTE Confidence: 0.94463897

00:01:56.390 --> 00:01:56.890 is,
NOTE Confidence: 0.98016614

00:01:57.670 --> 00:01:58.630 she in this book, she
NOTE Confidence: 0.98016614

00:01:58.630 --> 00:02:00.650 blends personal narrative with histories
NOTE Confidence: 0.9927847

00:02:01.190 --> 00:02:02.070 of science and art to
NOTE Confidence: 0.9927847

00:02:02.070 --> 00:02:03.910 examine how medical technologies shape
NOTE Confidence: 0.9927847

00:02:03.910 --> 00:02:05.450 the experience of motherhood.
NOTE Confidence: 0.98759735

00:02:06.995 --> 00:02:07.735 So welcome.
NOTE Confidence: 0.92652863

00:02:08.195 --> 00:02:10.675 And Randy Hutter Epstein is
NOTE Confidence: 0.92652863

00:02:10.675 --> 00:02:12.355 the writer in residence at
NOTE Confidence: 0.92652863

00:02:12.355 --> 00:02:13.794 the program for humanities in
NOTE Confidence: 0.92652863

00:02:13.794 --> 00:02:14.995 medicine here at Yale Medical
NOTE Confidence: 0.92652863

00:02:14.995 --> 00:02:15.495 School
NOTE Confidence: 0.9811049

00:02:16.035 --> 00:02:17.235 and the director of the
NOTE Confidence: 0.9811049

00:02:17.235 --> 00:02:18.675 writing for the public track
NOTE Confidence: 0.9811049

00:02:18.675 --> 00:02:20.375 within the new medical humanities
NOTE Confidence: 0.91765815

00:02:20.755 --> 00:02:21.255 concentration,

NOTE Confidence: 0.9822359
00:02:22.440 --> 00:02:24.040 for medical students, some of
NOTE Confidence: 0.9822359
00:02:24.040 --> 00:02:25.560 whom are sitting here now
NOTE Confidence: 0.9822359
00:02:25.560 --> 00:02:26.360 who are going to be
NOTE Confidence: 0.9822359
00:02:26.360 --> 00:02:27.160 part of that. So we
NOTE Confidence: 0.9822359
00:02:27.160 --> 00:02:28.440 are very excited. Randi is
NOTE Confidence: 0.9822359
00:02:28.440 --> 00:02:28.919 also,
NOTE Confidence: 0.98318535
00:02:29.240 --> 00:02:30.940 a lecturer at Yale College
NOTE Confidence: 0.98318535
00:02:31.000 --> 00:02:31.820 English department,
NOTE Confidence: 0.9912934
00:02:32.200 --> 00:02:33.320 and she also teaches at
NOTE Confidence: 0.9912934
00:02:33.320 --> 00:02:34.060 the Columbia,
NOTE Confidence: 0.96523356
00:02:34.919 --> 00:02:35.820 School of Journalism
NOTE Confidence: 0.9287911
00:02:36.280 --> 00:02:36.780 and
NOTE Confidence: 0.9981161
00:02:37.355 --> 00:02:39.114 has written two books and
NOTE Confidence: 0.9981161
00:02:39.114 --> 00:02:40.155 is working on her third
NOTE Confidence: 0.9981161
00:02:40.155 --> 00:02:40.974 book about
NOTE Confidence: 0.99937224

00:02:41.275 --> 00:02:41.775 stress.
NOTE Confidence: 0.96157104
00:02:43.754 --> 00:02:45.034 So welcome, everybody, and I
NOTE Confidence: 0.96157104
00:02:45.034 --> 00:02:46.314 will turn it over to
NOTE Confidence: 0.96157104
00:02:46.314 --> 00:02:47.375 Brandy and Emily.
NOTE Confidence: 0.9451385
00:02:50.940 --> 00:02:52.780 Okay. Speaking of stress, hello,
NOTE Confidence: 0.9451385
00:02:52.780 --> 00:02:53.280 everybody.
NOTE Confidence: 0.98900557
00:02:55.340 --> 00:02:56.540 Okay. So I just wanna
NOTE Confidence: 0.98900557
00:02:56.540 --> 00:02:57.599 begin by thanking,
NOTE Confidence: 0.97758925
00:02:58.139 --> 00:03:00.000 Randy and Anna and Karen,
NOTE Confidence: 0.9995823
00:03:00.620 --> 00:03:02.139 for the kind invitation to
NOTE Confidence: 0.9995823
00:03:02.139 --> 00:03:03.519 come talk with you today.
NOTE Confidence: 0.95530844
00:03:04.544 --> 00:03:05.345 It's an honor to give
NOTE Confidence: 0.95530844
00:03:05.345 --> 00:03:06.945 the Morris Dillard lecture here
NOTE Confidence: 0.95530844
00:03:06.945 --> 00:03:07.605 at Yale,
NOTE Confidence: 0.99925566
00:03:08.145 --> 00:03:09.185 and it seems like a
NOTE Confidence: 0.99925566
00:03:09.185 --> 00:03:10.465 rather obvious point for me

NOTE Confidence: 0.99925566

00:03:10.465 --> 00:03:11.505 to start by saying that

NOTE Confidence: 0.99925566

00:03:11.505 --> 00:03:12.705 this is very personal for

NOTE Confidence: 0.99925566

00:03:12.705 --> 00:03:13.205 me.

NOTE Confidence: 0.94222176

00:03:13.505 --> 00:03:14.544 I did, after all, write

NOTE Confidence: 0.94222176

00:03:14.544 --> 00:03:15.205 a memoir,

NOTE Confidence: 0.99407953

00:03:15.505 --> 00:03:17.425 so getting personal is kind

NOTE Confidence: 0.99407953

00:03:17.425 --> 00:03:18.750 of part of the the

NOTE Confidence: 0.99407953

00:03:18.750 --> 00:03:19.250 deal.

NOTE Confidence: 0.9992217

00:03:20.269 --> 00:03:21.709 But it's also personal in

NOTE Confidence: 0.9992217

00:03:21.709 --> 00:03:23.150 the sense that my father

NOTE Confidence: 0.9992217

00:03:23.150 --> 00:03:25.090 and grandfather were both physicians

NOTE Confidence: 0.90535355

00:03:26.030 --> 00:03:27.469 who believe strongly in the

NOTE Confidence: 0.90535355

00:03:27.469 --> 00:03:27.969 interconnections

NOTE Confidence: 0.9996091

00:03:28.349 --> 00:03:29.969 between medicine and the humanities.

NOTE Confidence: 0.9998142

00:03:31.095 --> 00:03:32.794 My grandfather was a hematologist

NOTE Confidence: 0.9994305

00:03:33.575 --> 00:03:34.474 and a violinist
NOTE Confidence: 0.9930019

00:03:35.174 --> 00:03:36.855 whose library in Buffalo, New
NOTE Confidence: 0.9930019

00:03:36.855 --> 00:03:38.614 York included everything from James
NOTE Confidence: 0.9930019

00:03:38.614 --> 00:03:39.114 Joyce
NOTE Confidence: 0.9929711

00:03:39.495 --> 00:03:40.555 to Nadine Gordimer.
NOTE Confidence: 0.9538525

00:03:41.415 --> 00:03:42.935 He read everything. I mean,
NOTE Confidence: 0.9538525

00:03:42.935 --> 00:03:43.435 everything.
NOTE Confidence: 0.99851036

00:03:44.959 --> 00:03:46.420 My father is a pediatric
NOTE Confidence: 0.99851036

00:03:46.480 --> 00:03:46.980 urologist
NOTE Confidence: 0.95193684

00:03:47.599 --> 00:03:48.980 who used to read passages
NOTE Confidence: 0.95193684

00:03:49.040 --> 00:03:50.659 of EO Wilson's Consilience
NOTE Confidence: 0.9926669

00:03:51.120 --> 00:03:52.239 out loud at the dinner
NOTE Confidence: 0.9926669

00:03:52.239 --> 00:03:52.739 table.
NOTE Confidence: 0.9676844

00:03:53.760 --> 00:03:54.799 And as you can imagine,
NOTE Confidence: 0.9676844

00:03:54.799 --> 00:03:55.680 as a teenager, I had
NOTE Confidence: 0.9676844

00:03:55.680 --> 00:03:56.560 a lot of thoughts about

NOTE Confidence: 0.9676844

00:03:56.560 --> 00:03:57.060 that.

NOTE Confidence: 0.9894115

00:03:58.625 --> 00:04:00.385 So though very different people,

NOTE Confidence: 0.9894115

00:04:00.385 --> 00:04:01.665 they both believed that it

NOTE Confidence: 0.9894115

00:04:01.665 --> 00:04:03.265 was a physician's job to

NOTE Confidence: 0.9894115

00:04:03.265 --> 00:04:05.105 dive deeply into all branches

NOTE Confidence: 0.9894115

00:04:05.105 --> 00:04:06.165 of human knowledge.

NOTE Confidence: 0.9893062

00:04:07.905 --> 00:04:09.345 So I'm gonna begin today,

NOTE Confidence: 0.9893062

00:04:09.665 --> 00:04:11.025 with reading a passage from

NOTE Confidence: 0.9893062

00:04:11.025 --> 00:04:11.765 this book.

NOTE Confidence: 0.99128634

00:04:12.250 --> 00:04:13.530 But before I do so,

NOTE Confidence: 0.99128634

00:04:13.530 --> 00:04:14.250 I wanna give you a

NOTE Confidence: 0.99128634

00:04:14.250 --> 00:04:15.870 little context for it.

NOTE Confidence: 0.99769866

00:04:17.130 --> 00:04:18.750 I started writing this book,

NOTE Confidence: 0.9998843

00:04:19.210 --> 00:04:20.729 after my daughter was diagnosed

NOTE Confidence: 0.9998843

00:04:20.729 --> 00:04:21.470 with diabetes

NOTE Confidence: 0.97697484

00:04:21.930 --> 00:04:23.550 just after her first birthday.
NOTE Confidence: 0.9991312

00:04:25.095 --> 00:04:26.375 This was not our first
NOTE Confidence: 0.9991312

00:04:26.375 --> 00:04:28.555 time getting difficult medical news.
NOTE Confidence: 0.9773072

00:04:29.415 --> 00:04:31.255 An earlier pregnancy had revealed
NOTE Confidence: 0.9773072

00:04:31.255 --> 00:04:33.115 a diagnosis of Pompe disease.
NOTE Confidence: 0.99403435

00:04:33.815 --> 00:04:35.095 And a year later, when
NOTE Confidence: 0.99403435

00:04:35.095 --> 00:04:36.214 my daughter was born in
NOTE Confidence: 0.99403435

00:04:36.214 --> 00:04:38.295 twenty eighteen, she was diagnosed
NOTE Confidence: 0.99403435

00:04:38.295 --> 00:04:39.675 with congenital deafness.
NOTE Confidence: 0.9993292

00:04:41.180 --> 00:04:42.300 When I decided to write
NOTE Confidence: 0.9993292

00:04:42.300 --> 00:04:43.759 a memoir about these experiences,
NOTE Confidence: 0.9988111

00:04:44.699 --> 00:04:45.820 it was because I wanted
NOTE Confidence: 0.9988111

00:04:45.820 --> 00:04:47.100 to say something about what
NOTE Confidence: 0.9988111

00:04:47.100 --> 00:04:47.979 I took to be a
NOTE Confidence: 0.9988111

00:04:47.979 --> 00:04:50.479 widening gap between the expectations
NOTE Confidence: 0.99964476

00:04:50.940 --> 00:04:52.000 placed on parents

NOTE Confidence: 0.8102498
00:04:52.460 --> 00:04:53.600 and women especially
NOTE Confidence: 0.9984369
00:04:54.435 --> 00:04:55.794 and the support available to
NOTE Confidence: 0.9984369
00:04:55.794 --> 00:04:56.294 them.
NOTE Confidence: 0.9896235
00:04:57.555 --> 00:04:59.555 I wrote about common and
NOTE Confidence: 0.9896235
00:04:59.555 --> 00:05:00.935 not so common experiences,
NOTE Confidence: 0.9977671
00:05:02.115 --> 00:05:02.615 miscarriage,
NOTE Confidence: 0.9996781
00:05:03.235 --> 00:05:04.594 the diagnosis of a rare
NOTE Confidence: 0.9996781
00:05:04.594 --> 00:05:05.574 genetic disorder,
NOTE Confidence: 0.9996998
00:05:06.275 --> 00:05:07.735 raising a deaf daughter
NOTE Confidence: 0.9858549
00:05:08.300 --> 00:05:09.420 with a hard of hearing
NOTE Confidence: 0.9858549
00:05:09.420 --> 00:05:09.920 spouse,
NOTE Confidence: 0.9994154
00:05:10.540 --> 00:05:11.760 and managing diabetes.
NOTE Confidence: 0.9836649
00:05:13.500 --> 00:05:15.420 We were exceptionally lucky to
NOTE Confidence: 0.9836649
00:05:15.420 --> 00:05:16.880 be able to access treatments
NOTE Confidence: 0.9836649
00:05:16.940 --> 00:05:19.100 and interventions and devices for
NOTE Confidence: 0.9836649

00:05:19.100 --> 00:05:20.240 each of these diagnoses,
NOTE Confidence: 0.99975926

00:05:21.654 --> 00:05:23.815 But each treatment also carried
NOTE Confidence: 0.99975926

00:05:23.815 --> 00:05:24.475 a significant
NOTE Confidence: 0.99920905

00:05:24.854 --> 00:05:26.635 cognitive and financial burden
NOTE Confidence: 0.9960631

00:05:27.335 --> 00:05:29.175 and required an additional outlay
NOTE Confidence: 0.9960631

00:05:29.175 --> 00:05:30.635 in terms of care labor.
NOTE Confidence: 0.9998297

00:05:32.214 --> 00:05:33.335 I wanted to write about
NOTE Confidence: 0.9998297

00:05:33.335 --> 00:05:34.154 being the beneficiaries
NOTE Confidence: 0.9830176

00:05:34.775 --> 00:05:36.670 of so many scientific and
NOTE Confidence: 0.9830176

00:05:36.670 --> 00:05:37.970 technological interventions,
NOTE Confidence: 0.9955798

00:05:38.910 --> 00:05:40.430 but also how these tools
NOTE Confidence: 0.9955798

00:05:40.430 --> 00:05:42.370 created new forms of labor
NOTE Confidence: 0.9955798

00:05:42.589 --> 00:05:43.890 that often go unnoticed.
NOTE Confidence: 0.9838605

00:05:46.830 --> 00:05:47.950 So in my book, I
NOTE Confidence: 0.9838605

00:05:47.950 --> 00:05:49.575 approach these topics not as
NOTE Confidence: 0.9838605

00:05:49.575 --> 00:05:50.855 a medical doctor, and I

NOTE Confidence: 0.9838605
00:05:50.855 --> 00:05:51.654 feel like that needs to
NOTE Confidence: 0.9838605
00:05:51.654 --> 00:05:52.555 be a big disclaimer.
NOTE Confidence: 0.9380443
00:05:53.575 --> 00:05:54.615 Not a re not a
NOTE Confidence: 0.9380443
00:05:54.615 --> 00:05:55.735 not a real doctor as
NOTE Confidence: 0.9380443
00:05:55.735 --> 00:05:57.575 my my many family members
NOTE Confidence: 0.9380443
00:05:57.575 --> 00:05:58.935 would say, not a real
NOTE Confidence: 0.9380443
00:05:58.935 --> 00:05:59.435 doctor.
NOTE Confidence: 0.9685549
00:06:00.695 --> 00:06:02.214 But as a parent and
NOTE Confidence: 0.9685549
00:06:02.214 --> 00:06:03.539 a professor of literature, a
NOTE Confidence: 0.9685549
00:06:03.539 --> 00:06:04.500 doctor of I'm a doctor
NOTE Confidence: 0.9685549
00:06:04.500 --> 00:06:05.539 of books, not a doctor
NOTE Confidence: 0.9685549
00:06:05.539 --> 00:06:06.199 of bodies.
NOTE Confidence: 0.9782937
00:06:07.379 --> 00:06:08.580 So I wanted my work
NOTE Confidence: 0.9782937
00:06:08.580 --> 00:06:10.259 as a humanist to inform
NOTE Confidence: 0.9782937
00:06:10.259 --> 00:06:10.919 my writing.
NOTE Confidence: 0.9732371

00:06:11.779 --> 00:06:12.819 And I draw in this
NOTE Confidence: 0.9732371

00:06:12.819 --> 00:06:14.020 book upon a range of
NOTE Confidence: 0.9732371

00:06:14.020 --> 00:06:15.639 works of art from literature
NOTE Confidence: 0.9732371

00:06:15.779 --> 00:06:17.159 to paintings to music
NOTE Confidence: 0.9913312

00:06:17.635 --> 00:06:19.335 that helped me better understand
NOTE Confidence: 0.9913312

00:06:19.395 --> 00:06:21.635 the uncertainty and ambivalence that
NOTE Confidence: 0.9913312

00:06:21.635 --> 00:06:23.415 defined my experience of parenting
NOTE Confidence: 0.9913312

00:06:23.635 --> 00:06:24.675 in the wake of medical
NOTE Confidence: 0.9913312

00:06:24.675 --> 00:06:25.175 interventions.
NOTE Confidence: 0.9892961

00:06:27.154 --> 00:06:28.375 This was a very medicalized
NOTE Confidence: 0.9892961

00:06:28.515 --> 00:06:29.970 time in my life, a
NOTE Confidence: 0.9892961

00:06:29.970 --> 00:06:31.890 time of failed pregnancies and
NOTE Confidence: 0.9892961

00:06:31.890 --> 00:06:34.310 testing and diagnoses and hospital
NOTE Confidence: 0.9892961

00:06:34.370 --> 00:06:34.870 stays.
NOTE Confidence: 0.99550354

00:06:36.529 --> 00:06:37.730 And in writing the book,
NOTE Confidence: 0.99550354

00:06:37.730 --> 00:06:39.970 I structured each chapter around

NOTE Confidence: 0.99550354

00:06:39.970 --> 00:06:41.570 the medical devices and tools

NOTE Confidence: 0.99550354

00:06:41.570 --> 00:06:42.930 that I encountered on my

NOTE Confidence: 0.99550354

00:06:42.930 --> 00:06:44.630 path to and through parenthood,

NOTE Confidence: 0.97843945

00:06:45.645 --> 00:06:47.745 from pregnancy tests to cochlear

NOTE Confidence: 0.97843945

00:06:47.805 --> 00:06:49.585 implants to glucose monitors.

NOTE Confidence: 0.9977448

00:06:50.685 --> 00:06:51.805 And in each chapter, I

NOTE Confidence: 0.9977448

00:06:51.805 --> 00:06:53.165 dive into the social history

NOTE Confidence: 0.9977448

00:06:53.165 --> 00:06:54.065 of these devices.

NOTE Confidence: 0.99512374

00:06:55.805 --> 00:06:56.765 I wanted to think of

NOTE Confidence: 0.99512374

00:06:56.765 --> 00:06:58.625 these medical tools as artifacts

NOTE Confidence: 0.99512374

00:06:58.845 --> 00:07:00.145 among other artifacts,

NOTE Confidence: 0.95443267

00:07:00.940 --> 00:07:02.320 including works of art,

NOTE Confidence: 0.9992479

00:07:03.020 --> 00:07:04.380 each of which provide a

NOTE Confidence: 0.9992479

00:07:04.380 --> 00:07:06.320 different way of understanding parenthood.

NOTE Confidence: 0.97830975

00:07:08.060 --> 00:07:09.100 And so I went about

NOTE Confidence: 0.97830975

00:07:09.100 --> 00:07:11.900 making connections between pregnancy tests

NOTE Confidence: 0.97830975

00:07:11.900 --> 00:07:13.520 and paintings of the Annunciation,

NOTE Confidence: 0.9765639

00:07:14.825 --> 00:07:16.925 between genetic testing and Sophocles

NOTE Confidence: 0.9765639

00:07:17.225 --> 00:07:17.725 Oedipus,

NOTE Confidence: 0.9351622

00:07:18.585 --> 00:07:20.505 between cochlear implants and Laurie

NOTE Confidence: 0.9351622

00:07:20.505 --> 00:07:21.645 Anderson's music.

NOTE Confidence: 0.9937544

00:07:23.225 --> 00:07:24.825 Through these connections, I pushed

NOTE Confidence: 0.9937544

00:07:24.825 --> 00:07:26.105 myself to understand what it

NOTE Confidence: 0.9937544

00:07:26.105 --> 00:07:27.485 means to live with uncertainty

NOTE Confidence: 0.9997125

00:07:28.260 --> 00:07:29.300 and to not know how

NOTE Confidence: 0.9997125

00:07:29.300 --> 00:07:29.960 a pregnancy

NOTE Confidence: 0.9555875

00:07:30.420 --> 00:07:32.120 or life will turn out.

NOTE Confidence: 0.9984075

00:07:33.620 --> 00:07:34.840 So on that note,

NOTE Confidence: 0.98324776

00:07:35.780 --> 00:07:36.580 I'm going to just go

NOTE Confidence: 0.98324776

00:07:36.580 --> 00:07:37.800 ahead and read a passage.

NOTE Confidence: 0.9773974

00:07:38.340 --> 00:07:39.380 And this is one of

NOTE Confidence: 0.9773974
00:07:39.380 --> 00:07:40.820 many passages in the book
NOTE Confidence: 0.9773974
00:07:40.820 --> 00:07:42.705 where I'm looking at art.
NOTE Confidence: 0.9773974
00:07:42.865 --> 00:07:43.745 I feel like the subtitle
NOTE Confidence: 0.9773974
00:07:43.745 --> 00:07:44.544 of this book could have
NOTE Confidence: 0.9773974
00:07:44.544 --> 00:07:46.064 been, you know, a new
NOTE Confidence: 0.9773974
00:07:46.064 --> 00:07:47.025 mom walks through the world
NOTE Confidence: 0.9773974
00:07:47.025 --> 00:07:47.905 and looks at art. I
NOTE Confidence: 0.9773974
00:07:47.905 --> 00:07:48.784 feel like that's, like, a
NOTE Confidence: 0.9773974
00:07:48.784 --> 00:07:49.745 big big part of this
NOTE Confidence: 0.9773974
00:07:49.745 --> 00:07:50.245 book.
NOTE Confidence: 0.97029287
00:07:50.625 --> 00:07:51.745 I think it's not incidental
NOTE Confidence: 0.97029287
00:07:51.745 --> 00:07:52.544 that I wrote it during
NOTE Confidence: 0.97029287
00:07:52.544 --> 00:07:53.585 COVID where I was, like,
NOTE Confidence: 0.97029287
00:07:53.585 --> 00:07:54.784 really missing things, like just
NOTE Confidence: 0.97029287
00:07:54.784 --> 00:07:55.745 going to an art gallery
NOTE Confidence: 0.97029287

00:07:55.745 --> 00:07:57.125 and just looking at paintings.

NOTE Confidence: 0.9604512

00:07:58.310 --> 00:07:59.350 So this is a scene

NOTE Confidence: 0.9604512

00:07:59.350 --> 00:08:00.310 of going with a friend

NOTE Confidence: 0.9604512

00:08:00.310 --> 00:08:01.210 to an art museum.

NOTE Confidence: 0.95621747

00:08:03.670 --> 00:08:04.710 Lindsay is in town for

NOTE Confidence: 0.95621747

00:08:04.710 --> 00:08:05.370 a conference,

NOTE Confidence: 0.98619014

00:08:05.830 --> 00:08:06.950 and we decide to meet

NOTE Confidence: 0.98619014

00:08:06.950 --> 00:08:08.150 up at the Museum of

NOTE Confidence: 0.98619014

00:08:08.150 --> 00:08:09.050 Modern Art.

NOTE Confidence: 0.9954767

00:08:10.175 --> 00:08:12.354 It's January and bitter cold.

NOTE Confidence: 0.91639566

00:08:13.294 --> 00:08:14.595 I'm pregnant again,

NOTE Confidence: 0.9614801

00:08:15.215 --> 00:08:16.495 and once I enter the

NOTE Confidence: 0.9614801

00:08:16.495 --> 00:08:18.574 warm atrium, I am immediately

NOTE Confidence: 0.9614801

00:08:18.574 --> 00:08:19.474 running hot.

NOTE Confidence: 0.9978864

00:08:20.574 --> 00:08:22.095 She is not pregnant and

NOTE Confidence: 0.9978864

00:08:22.095 --> 00:08:23.155 is running cold.

NOTE Confidence: 0.9864025
00:08:24.230 --> 00:08:25.590 I check my coat, and
NOTE Confidence: 0.9864025
00:08:25.590 --> 00:08:26.970 she hangs on to hers.
NOTE Confidence: 0.995837
00:08:28.550 --> 00:08:29.590 Since we first got to
NOTE Confidence: 0.995837
00:08:29.590 --> 00:08:31.050 know each other in Atlanta
NOTE Confidence: 0.995837
00:08:31.110 --> 00:08:32.070 when she was a graduate
NOTE Confidence: 0.995837
00:08:32.070 --> 00:08:32.570 student,
NOTE Confidence: 0.99975765
00:08:32.950 --> 00:08:34.150 we've been meeting up over
NOTE Confidence: 0.99975765
00:08:34.150 --> 00:08:34.730 the years.
NOTE Confidence: 0.99687356
00:08:36.084 --> 00:08:37.125 She is now working on
NOTE Confidence: 0.99687356
00:08:37.125 --> 00:08:39.065 a book on women's handiwork,
NOTE Confidence: 0.8627326
00:08:39.605 --> 00:08:40.105 craftwork.
NOTE Confidence: 0.9796821
00:08:41.605 --> 00:08:43.144 She's interested in the homegrown
NOTE Confidence: 0.9796821
00:08:43.285 --> 00:08:44.565 arts that have long been
NOTE Confidence: 0.9796821
00:08:44.565 --> 00:08:45.845 considered part of a woman's
NOTE Confidence: 0.9796821
00:08:45.845 --> 00:08:46.345 sphere,
NOTE Confidence: 0.99895847

00:08:47.045 --> 00:08:48.265 knitting, crocheting,
NOTE Confidence: 0.9901104

00:08:48.644 --> 00:08:49.144 quilting,
NOTE Confidence: 0.9953484

00:08:50.059 --> 00:08:51.420 but that are rarely considered
NOTE Confidence: 0.9953484

00:08:51.420 --> 00:08:52.160 high art.
NOTE Confidence: 0.987405

00:08:53.740 --> 00:08:55.339 A special exhibition is running
NOTE Confidence: 0.987405

00:08:55.339 --> 00:08:56.620 on the paintings and print
NOTE Confidence: 0.987405

00:08:56.620 --> 00:08:58.000 work of Louise Bourgeois.
NOTE Confidence: 0.99531645

00:08:59.260 --> 00:09:00.699 She's an artist who interests
NOTE Confidence: 0.99531645

00:09:00.699 --> 00:09:01.360 us both.
NOTE Confidence: 0.9294574

00:09:02.295 --> 00:09:03.755 Lindsay is drawn to Bourgeois'
NOTE Confidence: 0.9294574

00:09:03.895 --> 00:09:05.335 use of fabric cuttings and
NOTE Confidence: 0.9294574

00:09:05.335 --> 00:09:05.835 embroidery,
NOTE Confidence: 0.9958538

00:09:06.695 --> 00:09:08.214 while I, at eight months
NOTE Confidence: 0.9958538

00:09:08.214 --> 00:09:10.395 pregnant, have a visceral reaction
NOTE Confidence: 0.9958538

00:09:10.455 --> 00:09:12.315 to her representations of motherhood.
NOTE Confidence: 0.9779769

00:09:14.054 --> 00:09:16.135 Throughout her career, Bourgeois created

NOTE Confidence: 0.9779769

00:09:16.135 --> 00:09:17.889 a highly personal iconography

NOTE Confidence: 0.99987817

00:09:18.190 --> 00:09:18.850 of motherhood.

NOTE Confidence: 0.99255025

00:09:20.190 --> 00:09:21.709 Some of the imagery hearkens

NOTE Confidence: 0.99255025

00:09:21.709 --> 00:09:23.089 back to her own mother,

NOTE Confidence: 0.9993619

00:09:23.470 --> 00:09:25.170 a French tapestry maker.

NOTE Confidence: 0.99989045

00:09:26.589 --> 00:09:28.029 Her most famous works are

NOTE Confidence: 0.99989045

00:09:28.029 --> 00:09:29.649 enormous sculptures of spiders

NOTE Confidence: 0.9980085

00:09:30.365 --> 00:09:32.065 whose webs recall the tapestries

NOTE Confidence: 0.9980085

00:09:32.204 --> 00:09:33.105 her mother wove.

NOTE Confidence: 0.9989161

00:09:34.925 --> 00:09:36.445 On a smaller scale, she

NOTE Confidence: 0.9989161

00:09:36.445 --> 00:09:38.524 created prints and paintings embedded

NOTE Confidence: 0.9989161

00:09:38.524 --> 00:09:39.345 with textiles

NOTE Confidence: 0.99808425

00:09:39.804 --> 00:09:41.404 that also recall her mother's

NOTE Confidence: 0.99808425

00:09:41.404 --> 00:09:41.904 work.

NOTE Confidence: 0.89502996

00:09:43.199 --> 00:09:44.339 Other work by bourgeois

NOTE Confidence: 0.99720556

00:09:45.040 --> 00:09:46.559 meditates on the experience of
NOTE Confidence: 0.99720556

00:09:46.559 --> 00:09:47.059 pregnancy
NOTE Confidence: 0.9989426

00:09:47.440 --> 00:09:48.399 and her role as the
NOTE Confidence: 0.9989426

00:09:48.399 --> 00:09:49.540 mother of three boys.
NOTE Confidence: 0.98560244

00:09:50.880 --> 00:09:52.160 The color palette of these
NOTE Confidence: 0.98560244

00:09:52.160 --> 00:09:53.540 works is unvaryingly
NOTE Confidence: 0.7755058

00:09:54.160 --> 00:09:54.660 red,
NOTE Confidence: 0.9994153

00:09:55.304 --> 00:09:56.825 as if the bloody experience
NOTE Confidence: 0.9994153

00:09:56.825 --> 00:09:57.485 of pregnancy
NOTE Confidence: 0.9996943

00:09:57.865 --> 00:09:58.825 has left a mark on
NOTE Confidence: 0.9996943

00:09:58.825 --> 00:09:59.485 the page.
NOTE Confidence: 0.9995011

00:10:00.985 --> 00:10:02.345 I can't look away from
NOTE Confidence: 0.9995011

00:10:02.345 --> 00:10:04.125 one image above all others.
NOTE Confidence: 0.9222025

00:10:05.225 --> 00:10:06.505 It is the sixth image
NOTE Confidence: 0.9222025

00:10:06.505 --> 00:10:08.105 in a series called I
NOTE Confidence: 0.9222025

00:10:08.105 --> 00:10:09.865 Go to Pieces, My Inner

NOTE Confidence: 0.9222025

00:10:09.865 --> 00:10:10.365 Life.

NOTE Confidence: 0.9994023

00:10:11.920 --> 00:10:13.360 The work is comprised of

NOTE Confidence: 0.9994023

00:10:13.360 --> 00:10:14.880 three parts arranged like a

NOTE Confidence: 0.9994023

00:10:14.880 --> 00:10:15.380 triptych.

NOTE Confidence: 0.9868729

00:10:16.640 --> 00:10:18.740 On the leftmost panel, Bourgeois

NOTE Confidence: 0.9868729

00:10:18.800 --> 00:10:19.839 has sewn a collage out

NOTE Confidence: 0.9868729

00:10:19.839 --> 00:10:21.120 of strips of red, pink,

NOTE Confidence: 0.9868729

00:10:21.120 --> 00:10:22.179 and white fabric.

NOTE Confidence: 0.9605865

00:10:23.404 --> 00:10:25.485 Tangled together, the fabric slopes

NOTE Confidence: 0.9605865

00:10:25.485 --> 00:10:27.084 into a v shape like

NOTE Confidence: 0.9605865

00:10:27.084 --> 00:10:28.365 the hairy triangle of a

NOTE Confidence: 0.9605865

00:10:28.365 --> 00:10:28.865 pubis,

NOTE Confidence: 0.9318933

00:10:29.564 --> 00:10:31.264 or given its red color,

NOTE Confidence: 0.9318933

00:10:31.404 --> 00:10:32.524 the sunken lump of a

NOTE Confidence: 0.9318933

00:10:32.524 --> 00:10:34.125 placenta after it's left the

NOTE Confidence: 0.9318933

00:10:34.125 --> 00:10:34.625 body.

NOTE Confidence: 0.9739123

00:10:35.830 --> 00:10:37.990 The discarded fabric recalls the

NOTE Confidence: 0.9739123

00:10:37.990 --> 00:10:40.390 leftover scraps in Bourgeois' mother's

NOTE Confidence: 0.9739123

00:10:40.390 --> 00:10:41.529 tapestry studio.

NOTE Confidence: 0.9989623

00:10:43.190 --> 00:10:44.070 In the center of the

NOTE Confidence: 0.9989623

00:10:44.070 --> 00:10:45.350 triptych is a painting on

NOTE Confidence: 0.9989623

00:10:45.350 --> 00:10:46.730 paper of a pregnant woman.

NOTE Confidence: 0.9973628

00:10:47.445 --> 00:10:48.405 The woman is shown in

NOTE Confidence: 0.9973628

00:10:48.405 --> 00:10:50.165 profile with her distended belly

NOTE Confidence: 0.9973628

00:10:50.165 --> 00:10:51.445 pushing toward the right edge

NOTE Confidence: 0.9973628

00:10:51.445 --> 00:10:52.184 of the frame.

NOTE Confidence: 0.9899585

00:10:53.365 --> 00:10:54.725 From her belly button runs

NOTE Confidence: 0.9899585

00:10:54.725 --> 00:10:55.945 an umbilical cord

NOTE Confidence: 0.97974366

00:10:56.325 --> 00:10:57.525 that projects out of her

NOTE Confidence: 0.97974366

00:10:57.525 --> 00:10:59.605 stomach, around her body, and

NOTE Confidence: 0.97974366

00:10:59.605 --> 00:11:01.045 enters and exits through her

NOTE Confidence: 0.97974366
00:11:01.045 --> 00:11:01.545 head.
NOTE Confidence: 0.9877308
00:11:02.809 --> 00:11:04.730 The umbilical cord wraps around
NOTE Confidence: 0.9877308
00:11:04.730 --> 00:11:06.190 her in a tangled mass,
NOTE Confidence: 0.9877308
00:11:06.490 --> 00:11:07.770 mirroring the fabric on her
NOTE Confidence: 0.9877308
00:11:07.770 --> 00:11:08.270 left.
NOTE Confidence: 0.99964064
00:11:09.210 --> 00:11:10.170 It is as if her
NOTE Confidence: 0.99964064
00:11:10.170 --> 00:11:10.670 pregnancy
NOTE Confidence: 0.97059005
00:11:11.050 --> 00:11:12.910 is both inside her body,
NOTE Confidence: 0.97059005
00:11:13.210 --> 00:11:14.809 piercing her womb and mind
NOTE Confidence: 0.97059005
00:11:14.809 --> 00:11:15.309 alike,
NOTE Confidence: 0.99964297
00:11:15.804 --> 00:11:17.825 and reaching outside into the
NOTE Confidence: 0.99688166
00:11:18.845 --> 00:11:20.525 world. Her pregnancy is private
NOTE Confidence: 0.99688166
00:11:20.525 --> 00:11:21.265 and public,
NOTE Confidence: 0.99822396
00:11:21.645 --> 00:11:22.945 internal and external,
NOTE Confidence: 0.9960988
00:11:23.565 --> 00:11:25.585 bodily and cerebral at once.
NOTE Confidence: 0.99563754

00:11:26.525 --> 00:11:27.885 It is an entanglement with
NOTE Confidence: 0.99563754

00:11:27.885 --> 00:11:28.545 the world,
NOTE Confidence: 0.9959581

00:11:29.005 --> 00:11:30.304 with one's own mother,
NOTE Confidence: 0.9998002

00:11:30.779 --> 00:11:31.440 and with
NOTE Confidence: 0.9766509

00:11:33.660 --> 00:11:34.779 oneself. On the right hand
NOTE Confidence: 0.9766509

00:11:34.779 --> 00:11:36.720 panel of the triptych, Bourgeois
NOTE Confidence: 0.9766509

00:11:36.779 --> 00:11:38.320 includes another fabric panel.
NOTE Confidence: 0.9815426

00:11:38.860 --> 00:11:40.220 But this time, instead of
NOTE Confidence: 0.9815426

00:11:40.220 --> 00:11:41.660 strips of fabric, she has
NOTE Confidence: 0.9815426

00:11:41.660 --> 00:11:43.500 embroidered words arranged in a
NOTE Confidence: 0.9815426

00:11:43.500 --> 00:11:44.800 column like a poem.
NOTE Confidence: 0.9910776

00:11:46.035 --> 00:11:47.095 The words read,
NOTE Confidence: 0.99729294

00:11:48.035 --> 00:11:49.255 I go to pieces.
NOTE Confidence: 0.99864244

00:11:50.355 --> 00:11:51.895 I lose my mind,
NOTE Confidence: 0.99820864

00:11:52.355 --> 00:11:53.095 my footing,
NOTE Confidence: 0.9968544

00:11:53.795 --> 00:11:55.255 the keys to the fields,

NOTE Confidence: 0.99837655
00:11:55.955 --> 00:11:56.774 my way,
NOTE Confidence: 0.9994039
00:11:57.154 --> 00:11:59.154 my memory, my faith, my
NOTE Confidence: 0.9994039
00:11:59.154 --> 00:11:59.654 consciousness,
NOTE Confidence: 0.9780454
00:12:00.274 --> 00:12:01.095 my sight.
NOTE Confidence: 0.9660208
00:12:02.490 --> 00:12:03.690 And then at the bottom
NOTE Confidence: 0.9660208
00:12:03.690 --> 00:12:05.230 in slightly larger letters,
NOTE Confidence: 0.9994732
00:12:06.170 --> 00:12:08.830 I cannot control everything forever.
NOTE Confidence: 0.99757034
00:12:11.370 --> 00:12:13.390 Pregnancy tests and ultrasounds
NOTE Confidence: 0.9995189
00:12:14.250 --> 00:12:15.930 are not entirely dissimilar to
NOTE Confidence: 0.9995189
00:12:15.930 --> 00:12:16.830 works of art
NOTE Confidence: 0.97178274
00:12:17.505 --> 00:12:18.645 and that all are crafted
NOTE Confidence: 0.97178274
00:12:18.705 --> 00:12:20.865 by people to reveal something
NOTE Confidence: 0.97178274
00:12:20.865 --> 00:12:21.684 about reality.
NOTE Confidence: 0.8764414
00:12:23.025 --> 00:12:24.625 They all make trait claims
NOTE Confidence: 0.8764414
00:12:24.625 --> 00:12:25.365 to truth.
NOTE Confidence: 0.92324275

00:12:25.985 --> 00:12:27.665 The only one promises ninety
NOTE Confidence: 0.92324275

00:12:27.665 --> 00:12:28.725 nine percent accuracy.
NOTE Confidence: 0.9985715

00:12:30.269 --> 00:12:31.550 But they also alter the
NOTE Confidence: 0.9985715

00:12:31.550 --> 00:12:32.929 reality that they represent.
NOTE Confidence: 0.9438625

00:12:33.790 --> 00:12:35.870 Looking at Bourgeois painting, I
NOTE Confidence: 0.9438625

00:12:35.870 --> 00:12:37.330 feel my pregnancy differently.
NOTE Confidence: 0.9355147

00:12:38.029 --> 00:12:39.390 I imagine the fetus not
NOTE Confidence: 0.9355147

00:12:39.390 --> 00:12:40.269 only in my womb but
NOTE Confidence: 0.9355147

00:12:40.269 --> 00:12:41.089 in my mind,
NOTE Confidence: 0.99891144

00:12:41.470 --> 00:12:43.149 intruding into or sharing my
NOTE Confidence: 0.99891144

00:12:43.149 --> 00:12:43.649 thoughts.
NOTE Confidence: 0.984915

00:12:44.605 --> 00:12:46.205 I also imagine it extending
NOTE Confidence: 0.984915

00:12:46.205 --> 00:12:47.245 its being out into the
NOTE Confidence: 0.984915

00:12:47.245 --> 00:12:47.745 world,
NOTE Confidence: 0.9892063

00:12:48.205 --> 00:12:49.585 connecting me to my environment,
NOTE Confidence: 0.913407

00:12:49.965 --> 00:12:51.505 but also making me vulnerable

NOTE Confidence: 0.9993509
00:12:51.885 --> 00:12:53.585 to its influences and incursions.
NOTE Confidence: 0.998215
00:12:54.925 --> 00:12:56.045 It is no longer a
NOTE Confidence: 0.998215
00:12:56.045 --> 00:12:57.505 plus or minus sign,
NOTE Confidence: 0.99876165
00:12:57.885 --> 00:12:59.405 a marker of success or
NOTE Confidence: 0.99876165
00:12:59.405 --> 00:12:59.905 failure.
NOTE Confidence: 0.9789613
00:13:01.380 --> 00:13:03.220 Bourgeois' painting is a darker
NOTE Confidence: 0.9789613
00:13:03.220 --> 00:13:04.520 representation of pregnancy.
NOTE Confidence: 0.999123
00:13:05.380 --> 00:13:06.500 It is not composed of
NOTE Confidence: 0.999123
00:13:06.500 --> 00:13:08.600 the cheery pinks and antiseptic
NOTE Confidence: 0.999123
00:13:08.899 --> 00:13:10.679 whites of the pregnancy test
NOTE Confidence: 0.89051807
00:13:11.220 --> 00:13:12.980 nor the dreary gray scale
NOTE Confidence: 0.89051807
00:13:12.980 --> 00:13:13.880 of the ultrasound,
NOTE Confidence: 0.99974996
00:13:15.575 --> 00:13:16.695 and it does not promise
NOTE Confidence: 0.99974996
00:13:16.695 --> 00:13:17.195 happiness.
NOTE Confidence: 0.9615702
00:13:18.695 --> 00:13:21.035 Pregnancy, as bourgeois depicts it,
NOTE Confidence: 0.9615702

00:13:21.335 --> 00:13:23.015 expands our understanding of our

NOTE Confidence: 0.9615702

00:13:23.015 --> 00:13:24.775 bodies and our relationship to

NOTE Confidence: 0.9615702

00:13:24.775 --> 00:13:25.434 the world,

NOTE Confidence: 0.9994712

00:13:26.375 --> 00:13:27.434 and this expansion

NOTE Confidence: 0.99973613

00:13:27.815 --> 00:13:29.835 is nothing short of terrifying.

NOTE Confidence: 0.90562266

00:13:32.160 --> 00:13:33.059 So thank you.

NOTE Confidence: 0.869817

00:13:41.839 --> 00:13:42.980 So we're gonna talk.

NOTE Confidence: 0.9780675

00:13:43.565 --> 00:13:44.845 And then but we're saving

NOTE Confidence: 0.9780675

00:13:44.845 --> 00:13:45.745 room, so

NOTE Confidence: 0.9914915

00:13:46.125 --> 00:13:47.325 don't be shy. We're gonna

NOTE Confidence: 0.9914915

00:13:47.325 --> 00:13:48.285 save plenty of room for

NOTE Confidence: 0.9914915

00:13:48.285 --> 00:13:48.785 questions.

NOTE Confidence: 0.938547

00:13:49.245 --> 00:13:50.445 So I have a few

NOTE Confidence: 0.938547

00:13:50.445 --> 00:13:52.204 questions. One about the writing

NOTE Confidence: 0.938547

00:13:52.204 --> 00:13:53.964 process and then about the

NOTE Confidence: 0.938547

00:13:53.964 --> 00:13:55.985 patient doctor, patient process.

NOTE Confidence: 0.8024365
00:13:57.850 --> 00:13:58.670 So first,
NOTE Confidence: 0.9944631
00:13:59.050 --> 00:14:00.590 from what you just read,
NOTE Confidence: 0.97160715
00:14:01.370 --> 00:14:02.809 I'm curious in the writing
NOTE Confidence: 0.97160715
00:14:02.809 --> 00:14:04.410 process and maybe maybe it's
NOTE Confidence: 0.97160715
00:14:04.410 --> 00:14:05.770 in your genes because your
NOTE Confidence: 0.97160715
00:14:05.770 --> 00:14:07.710 dad and grandfather were doctors
NOTE Confidence: 0.97160715
00:14:07.770 --> 00:14:08.650 who read a lot, and
NOTE Confidence: 0.97160715
00:14:08.650 --> 00:14:10.330 they just naturally wove it
NOTE Confidence: 0.97160715
00:14:10.330 --> 00:14:11.070 all together.
NOTE Confidence: 0.9982065
00:14:11.770 --> 00:14:12.270 But
NOTE Confidence: 0.9827157
00:14:12.725 --> 00:14:14.085 you do you weave it
NOTE Confidence: 0.9827157
00:14:14.085 --> 00:14:15.925 so beautifully, the art. So
NOTE Confidence: 0.9827157
00:14:15.925 --> 00:14:17.045 here's my two and and
NOTE Confidence: 0.9827157
00:14:17.045 --> 00:14:18.804 the literature. My two questions
NOTE Confidence: 0.9827157
00:14:18.804 --> 00:14:19.305 are
NOTE Confidence: 0.89850605

00:14:20.725 --> 00:14:21.545 getting your
NOTE Confidence: 0.9398452

00:14:22.085 --> 00:14:23.845 fake doctor degree or whatever
NOTE Confidence: 0.9398452

00:14:23.845 --> 00:14:25.705 you're gonna call it. Yep.
NOTE Confidence: 0.99610865

00:14:26.050 --> 00:14:27.590 You were taught to analyze
NOTE Confidence: 0.99610865

00:14:27.650 --> 00:14:29.350 books and art and literature.
NOTE Confidence: 0.9955924

00:14:30.850 --> 00:14:32.690 Did you use did you
NOTE Confidence: 0.9955924

00:14:32.690 --> 00:14:33.890 feel that you were using
NOTE Confidence: 0.9955924

00:14:33.890 --> 00:14:34.630 those skills
NOTE Confidence: 0.9778357

00:14:35.650 --> 00:14:36.850 to look at what was
NOTE Confidence: 0.9778357

00:14:36.850 --> 00:14:38.130 going on with your daughter
NOTE Confidence: 0.9778357

00:14:38.130 --> 00:14:38.870 and medicine?
NOTE Confidence: 0.96606445

00:14:39.330 --> 00:14:40.625 And can you explain sort
NOTE Confidence: 0.96606445

00:14:40.625 --> 00:14:42.385 of those similarities of skills
NOTE Confidence: 0.96606445

00:14:42.385 --> 00:14:43.985 that you use to analyze
NOTE Confidence: 0.96606445

00:14:43.985 --> 00:14:45.585 text and then how that
NOTE Confidence: 0.96606445

00:14:45.585 --> 00:14:46.785 helped or didn't in terms

NOTE Confidence: 0.96606445
00:14:46.785 --> 00:14:47.985 of the experience with your
NOTE Confidence: 0.96606445
00:14:47.985 --> 00:14:49.765 daughter or even writing about?
NOTE Confidence: 0.9543366
00:14:50.865 --> 00:14:52.225 So I think, can you
NOTE Confidence: 0.9543366
00:14:52.225 --> 00:14:53.685 all hear me okay? Yeah.
NOTE Confidence: 0.9543366
00:14:53.949 --> 00:14:55.310 Okay. So I think that
NOTE Confidence: 0.9543366
00:14:55.310 --> 00:14:57.410 when I first, you know,
NOTE Confidence: 0.9543366
00:14:57.470 --> 00:14:58.269 as a as a kid,
NOTE Confidence: 0.9543366
00:14:58.269 --> 00:14:59.790 as a teenager, right, I
NOTE Confidence: 0.9543366
00:14:59.790 --> 00:15:00.910 very much I wanted nothing
NOTE Confidence: 0.9543366
00:15:00.910 --> 00:15:01.810 to do with medicine.
NOTE Confidence: 0.9610788
00:15:02.509 --> 00:15:03.550 I wanted you know, I
NOTE Confidence: 0.9610788
00:15:03.550 --> 00:15:04.910 was, like, very much defining
NOTE Confidence: 0.9610788
00:15:04.910 --> 00:15:06.829 myself against anything sort of
NOTE Confidence: 0.9610788
00:15:06.829 --> 00:15:08.029 in in the medical realm,
NOTE Confidence: 0.9610788
00:15:08.029 --> 00:15:09.410 in the scientific realm,
NOTE Confidence: 0.9944529

00:15:10.085 --> 00:15:10.965 and I felt like these
NOTE Confidence: 0.9944529

00:15:10.965 --> 00:15:11.685 were two things that were
NOTE Confidence: 0.9944529

00:15:11.685 --> 00:15:12.345 very opposite.
NOTE Confidence: 0.9633075

00:15:13.285 --> 00:15:16.025 And my father absolutely adamantly
NOTE Confidence: 0.9633075

00:15:16.085 --> 00:15:17.525 disagreed with that. Right? And
NOTE Confidence: 0.9633075

00:15:17.525 --> 00:15:18.725 he was, he was a
NOTE Confidence: 0.9633075

00:15:18.725 --> 00:15:19.445 voice kind of a kind
NOTE Confidence: 0.9633075

00:15:19.445 --> 00:15:20.725 of bringing these things together.
NOTE Confidence: 0.9633075

00:15:20.725 --> 00:15:21.525 But when I was a
NOTE Confidence: 0.9633075

00:15:21.525 --> 00:15:22.485 teenager, I've I think I
NOTE Confidence: 0.9633075

00:15:22.485 --> 00:15:23.545 sort of was rebelling.
NOTE Confidence: 0.99208426

00:15:24.000 --> 00:15:26.260 So the idea of having
NOTE Confidence: 0.99208426

00:15:26.400 --> 00:15:28.160 this, like, incredibly sort of
NOTE Confidence: 0.99208426

00:15:28.160 --> 00:15:30.180 medicalized experience of a pregnancy,
NOTE Confidence: 0.94313765

00:15:31.280 --> 00:15:32.160 I feel like in some
NOTE Confidence: 0.94313765

00:15:32.160 --> 00:15:33.440 ways, especially having a daughter

NOTE Confidence: 0.94313765

00:15:33.440 --> 00:15:35.040 who's diabetic, I feel like

NOTE Confidence: 0.94313765

00:15:35.040 --> 00:15:36.320 in some ways, I got

NOTE Confidence: 0.94313765

00:15:36.320 --> 00:15:36.400 a,

NOTE Confidence: 0.9791345

00:15:37.404 --> 00:15:39.165 junior junior junior nursing degree

NOTE Confidence: 0.9791345

00:15:39.165 --> 00:15:40.205 along the way. Like, all

NOTE Confidence: 0.9791345

00:15:40.205 --> 00:15:41.245 the medical care that I

NOTE Confidence: 0.9791345

00:15:41.245 --> 00:15:42.205 do on a daily basis,

NOTE Confidence: 0.9791345

00:15:42.205 --> 00:15:42.925 I was like, why didn't

NOTE Confidence: 0.9791345

00:15:42.925 --> 00:15:44.285 I go into medicine? Right?

NOTE Confidence: 0.9791345

00:15:44.285 --> 00:15:45.085 It would have been so

NOTE Confidence: 0.9791345

00:15:45.085 --> 00:15:46.145 valuable to me.

NOTE Confidence: 0.98359346

00:15:47.245 --> 00:15:49.265 But instead of regretting it,

NOTE Confidence: 0.98359346

00:15:49.565 --> 00:15:50.605 I feel like in some

NOTE Confidence: 0.98359346

00:15:50.605 --> 00:15:51.810 ways, one of the things

NOTE Confidence: 0.98359346

00:15:51.810 --> 00:15:52.690 that I was able to

NOTE Confidence: 0.98359346

00:15:52.690 --> 00:15:53.410 do with the book was
NOTE Confidence: 0.98359346

00:15:53.410 --> 00:15:54.370 kinda start to bring these
NOTE Confidence: 0.98359346

00:15:54.370 --> 00:15:55.270 things together.
NOTE Confidence: 0.99849737

00:15:56.290 --> 00:15:56.790 And
NOTE Confidence: 0.9657644

00:15:57.410 --> 00:15:58.610 I ended up, after my
NOTE Confidence: 0.9657644

00:15:58.610 --> 00:16:00.530 daughter's diagnosis, leaving my job.
NOTE Confidence: 0.97624457

00:16:01.490 --> 00:16:02.850 I had to kind of
NOTE Confidence: 0.97624457

00:16:02.850 --> 00:16:04.525 quit my job, as a
NOTE Confidence: 0.97624457

00:16:04.525 --> 00:16:06.365 English professor. I went home.
NOTE Confidence: 0.97624457

00:16:06.365 --> 00:16:07.405 I was doing, like, full
NOTE Confidence: 0.97624457

00:16:07.405 --> 00:16:08.145 time caretaking,
NOTE Confidence: 0.9911008

00:16:09.965 --> 00:16:11.485 and I was spending all
NOTE Confidence: 0.9911008

00:16:11.485 --> 00:16:12.685 my time with the glucose
NOTE Confidence: 0.9911008

00:16:12.685 --> 00:16:14.125 monitor and sort of analyzing
NOTE Confidence: 0.9911008

00:16:14.125 --> 00:16:14.865 this data.
NOTE Confidence: 0.94485193

00:16:15.405 --> 00:16:17.490 And the book allowed me

NOTE Confidence: 0.94485193

00:16:17.490 --> 00:16:18.290 to kinda bring those two

NOTE Confidence: 0.94485193

00:16:18.290 --> 00:16:18.790 parts

NOTE Confidence: 0.9275337

00:16:19.250 --> 00:16:20.630 of myself together again.

NOTE Confidence: 0.9497695

00:16:21.410 --> 00:16:23.490 And weaving was a central

NOTE Confidence: 0.9497695

00:16:23.490 --> 00:16:24.530 metaphor for that, of kind

NOTE Confidence: 0.9497695

00:16:24.530 --> 00:16:25.650 of, like, weaving these two

NOTE Confidence: 0.9497695

00:16:25.650 --> 00:16:26.470 things together.

NOTE Confidence: 0.99693006

00:16:27.170 --> 00:16:28.370 I need both of them.

NOTE Confidence: 0.99693006

00:16:28.370 --> 00:16:29.910 I need art. I need

NOTE Confidence: 0.99693006

00:16:30.050 --> 00:16:31.490 I need literature. I need,

NOTE Confidence: 0.99693006

00:16:31.810 --> 00:16:32.895 a sense of myself and

NOTE Confidence: 0.99693006

00:16:32.895 --> 00:16:34.115 my place in a larger

NOTE Confidence: 0.99693006

00:16:34.255 --> 00:16:34.755 picture.

NOTE Confidence: 0.99390966

00:16:35.935 --> 00:16:36.735 At the same time, I

NOTE Confidence: 0.99390966

00:16:36.735 --> 00:16:37.935 need to take care of

NOTE Confidence: 0.99390966

00:16:37.935 --> 00:16:38.895 my daughter, and I need
NOTE Confidence: 0.99390966

00:16:38.895 --> 00:16:40.895 to do the daily, you
NOTE Confidence: 0.99390966

00:16:40.895 --> 00:16:42.255 know, grinding kind of care
NOTE Confidence: 0.99390966

00:16:42.255 --> 00:16:43.695 work that is essential for
NOTE Confidence: 0.99390966

00:16:43.695 --> 00:16:45.829 her health and, you know,
NOTE Confidence: 0.9977185

00:16:46.310 --> 00:16:47.370 ability to thrive.
NOTE Confidence: 0.9987445

00:16:47.990 --> 00:16:48.490 So
NOTE Confidence: 0.9886991

00:16:49.430 --> 00:16:50.149 this is not a book
NOTE Confidence: 0.9886991

00:16:50.149 --> 00:16:51.589 that I ever anticipated writing.
NOTE Confidence: 0.9886991

00:16:51.910 --> 00:16:53.269 It wasn't definitely part of
NOTE Confidence: 0.9886991

00:16:53.269 --> 00:16:54.630 my, like, plan or my
NOTE Confidence: 0.9886991

00:16:54.630 --> 00:16:56.149 vision for my future, but
NOTE Confidence: 0.9886991

00:16:56.149 --> 00:16:58.009 the two parts coming together,
NOTE Confidence: 0.9850629

00:16:59.509 --> 00:17:01.635 felt absolutely necessary. And I
NOTE Confidence: 0.9850629

00:17:01.635 --> 00:17:02.695 think that the
NOTE Confidence: 0.9897366

00:17:03.075 --> 00:17:04.115 the book helps me kind

NOTE Confidence: 0.9897366

00:17:04.115 --> 00:17:04.994 of think through all the

NOTE Confidence: 0.9897366

00:17:04.994 --> 00:17:05.795 things that were going on

NOTE Confidence: 0.9897366

00:17:05.795 --> 00:17:06.515 in my life in a

NOTE Confidence: 0.9897366

00:17:06.515 --> 00:17:07.715 much more meaningful way. And

NOTE Confidence: 0.9897366

00:17:07.715 --> 00:17:09.095 I guess in my question,

NOTE Confidence: 0.9990147

00:17:09.475 --> 00:17:10.755 I was also bringing out

NOTE Confidence: 0.9990147

00:17:10.755 --> 00:17:11.255 that

NOTE Confidence: 0.9600189

00:17:11.635 --> 00:17:13.315 through your doctorate work, you

NOTE Confidence: 0.9600189

00:17:13.315 --> 00:17:15.369 seem to be immersed in

NOTE Confidence: 0.9600189

00:17:15.369 --> 00:17:16.430 analytic skills

NOTE Confidence: 0.93288624

00:17:16.810 --> 00:17:18.650 and in viewing the world

NOTE Confidence: 0.93288624

00:17:18.650 --> 00:17:20.270 and in understanding various

NOTE Confidence: 0.9675719

00:17:20.570 --> 00:17:22.650 perceptions of things. Yeah. So

NOTE Confidence: 0.9675719

00:17:22.650 --> 00:17:23.530 in some ways, I think

NOTE Confidence: 0.9675719

00:17:23.530 --> 00:17:24.410 that might have helped you

NOTE Confidence: 0.9675719

00:17:24.410 --> 00:17:25.450 with your daughter. And then

NOTE Confidence: 0.9675719

00:17:25.450 --> 00:17:25.950 also,

NOTE Confidence: 0.96853065

00:17:26.650 --> 00:17:27.690 it seemed to me reading

NOTE Confidence: 0.96853065

00:17:27.690 --> 00:17:28.350 the book

NOTE Confidence: 0.9886574

00:17:28.675 --> 00:17:30.195 that you found this solace

NOTE Confidence: 0.9886574

00:17:30.195 --> 00:17:31.715 and comfort to be able

NOTE Confidence: 0.9886574

00:17:31.715 --> 00:17:33.015 to rely on

NOTE Confidence: 0.91656095

00:17:34.115 --> 00:17:35.635 litter literature, to be able

NOTE Confidence: 0.91656095

00:17:35.635 --> 00:17:37.155 to rely on art and

NOTE Confidence: 0.91656095

00:17:37.155 --> 00:17:38.615 not to feel so alone.

NOTE Confidence: 0.98507905

00:17:39.635 --> 00:17:40.135 Absolutely.

NOTE Confidence: 0.9779079

00:17:40.609 --> 00:17:41.570 And I think also the

NOTE Confidence: 0.9779079

00:17:41.570 --> 00:17:42.930 fact that I that I

NOTE Confidence: 0.9779079

00:17:42.930 --> 00:17:43.890 had stepped away from a

NOTE Confidence: 0.9779079

00:17:43.890 --> 00:17:45.030 job, that I wasn't

NOTE Confidence: 0.9936064

00:17:45.410 --> 00:17:46.690 pursuing this book in a

NOTE Confidence: 0.9936064

00:17:46.690 --> 00:17:47.510 hyper specialized,

NOTE Confidence: 0.89617175

00:17:48.450 --> 00:17:50.310 disciplinary professional manner,

NOTE Confidence: 0.9755805

00:17:51.090 --> 00:17:52.210 it actually allowed me to

NOTE Confidence: 0.9755805

00:17:52.210 --> 00:17:53.830 kind of find a love

NOTE Confidence: 0.9755805

00:17:53.890 --> 00:17:56.154 of of literature humanities in

NOTE Confidence: 0.9755805

00:17:56.154 --> 00:17:57.195 a really different way than

NOTE Confidence: 0.9755805

00:17:57.195 --> 00:17:58.475 I think I had previously

NOTE Confidence: 0.9755805

00:17:58.475 --> 00:17:58.955 in my career.

NOTE Confidence: 0.90854925

00:18:00.875 --> 00:18:01.914 I think of this book

NOTE Confidence: 0.90854925

00:18:01.914 --> 00:18:02.794 as in some ways an

NOTE Confidence: 0.90854925

00:18:02.794 --> 00:18:03.855 exercise in amateurism.

NOTE Confidence: 0.97689736

00:18:04.234 --> 00:18:04.955 And I mean that in

NOTE Confidence: 0.97689736

00:18:04.955 --> 00:18:05.835 a positive way. I don't

NOTE Confidence: 0.97689736

00:18:05.835 --> 00:18:06.634 mean that in, like, a

NOTE Confidence: 0.97689736

00:18:06.634 --> 00:18:07.595 negative way. I mean it

NOTE Confidence: 0.97689736

00:18:07.595 --> 00:18:08.820 in the sense of to
NOTE Confidence: 0.97689736

00:18:08.820 --> 00:18:09.940 be an amateur, like, the
NOTE Confidence: 0.97689736

00:18:09.940 --> 00:18:10.760 word amateur
NOTE Confidence: 0.9967043

00:18:11.220 --> 00:18:12.340 has the word love in
NOTE Confidence: 0.9967043

00:18:12.340 --> 00:18:14.100 it. Right? It means to
NOTE Confidence: 0.9967043

00:18:14.100 --> 00:18:14.840 love something.
NOTE Confidence: 0.9986676

00:18:15.539 --> 00:18:16.039 And
NOTE Confidence: 0.98689497

00:18:16.419 --> 00:18:18.279 for me, I was absolutely
NOTE Confidence: 0.99379396

00:18:18.740 --> 00:18:20.179 rediscovering a kind of love
NOTE Confidence: 0.99379396

00:18:20.179 --> 00:18:21.000 of the humanities
NOTE Confidence: 0.9940317

00:18:21.845 --> 00:18:23.445 in stepping away from doing
NOTE Confidence: 0.9940317

00:18:23.445 --> 00:18:24.105 it professionally.
NOTE Confidence: 0.99459136

00:18:25.125 --> 00:18:25.865 It was
NOTE Confidence: 0.9689102

00:18:26.405 --> 00:18:27.365 the question that kept coming
NOTE Confidence: 0.9689102

00:18:27.365 --> 00:18:28.085 up to my mind is,
NOTE Confidence: 0.9689102

00:18:28.085 --> 00:18:28.965 like, what is this all

NOTE Confidence: 0.9689102
00:18:28.965 --> 00:18:29.465 for?
NOTE Confidence: 0.9875467
00:18:29.925 --> 00:18:30.885 What is it for when
NOTE Confidence: 0.9875467
00:18:30.885 --> 00:18:31.685 it's not part of my
NOTE Confidence: 0.9875467
00:18:31.685 --> 00:18:32.645 career? What is it for
NOTE Confidence: 0.9875467
00:18:32.645 --> 00:18:33.525 when I'm not sitting in
NOTE Confidence: 0.9875467
00:18:33.525 --> 00:18:34.965 a classroom with thirty students,
NOTE Confidence: 0.9875467
00:18:34.965 --> 00:18:35.925 you know, waiting for me
NOTE Confidence: 0.9875467
00:18:35.925 --> 00:18:36.850 to tell them what a
NOTE Confidence: 0.9875467
00:18:36.850 --> 00:18:37.669 book means?
NOTE Confidence: 0.97751546
00:18:38.289 --> 00:18:38.929 What does it mean to
NOTE Confidence: 0.97751546
00:18:38.929 --> 00:18:39.809 me, and what does it
NOTE Confidence: 0.97751546
00:18:39.809 --> 00:18:40.609 mean to me in my
NOTE Confidence: 0.97751546
00:18:40.609 --> 00:18:41.909 daily life, especially,
NOTE Confidence: 0.979816
00:18:42.529 --> 00:18:44.210 going through difficult and and
NOTE Confidence: 0.979816
00:18:44.210 --> 00:18:45.590 very medical experiences?
NOTE Confidence: 0.9319214

00:18:46.369 --> 00:18:47.409 Right. And and so here's
NOTE Confidence: 0.9319214

00:18:47.409 --> 00:18:48.585 my question also going off
NOTE Confidence: 0.9319214

00:18:48.585 --> 00:18:49.744 on that too because I
NOTE Confidence: 0.9319214

00:18:49.744 --> 00:18:51.424 was I've taken a million
NOTE Confidence: 0.9319214

00:18:51.424 --> 00:18:52.484 notes on this book.
NOTE Confidence: 0.9927964

00:18:52.865 --> 00:18:54.544 The way you weave together
NOTE Confidence: 0.9927964

00:18:54.544 --> 00:18:55.424 and go from thought to
NOTE Confidence: 0.9927964

00:18:55.424 --> 00:18:56.544 thought and I'll just I'm
NOTE Confidence: 0.9927964

00:18:56.544 --> 00:18:57.984 paraphrasing from your book. This
NOTE Confidence: 0.9927964

00:18:57.984 --> 00:18:59.184 is a chain of events
NOTE Confidence: 0.9927964

00:18:59.184 --> 00:19:00.304 from this book that you
NOTE Confidence: 0.9927964

00:19:00.304 --> 00:19:01.905 do. And my question is
NOTE Confidence: 0.9927964

00:19:01.905 --> 00:19:02.804 going to be,
NOTE Confidence: 0.96945816

00:19:03.400 --> 00:19:04.780 did this just come naturally,
NOTE Confidence: 0.96945816

00:19:04.920 --> 00:19:06.040 or you thought how am
NOTE Confidence: 0.96945816

00:19:06.040 --> 00:19:07.080 I gonna go from point

NOTE Confidence: 0.96945816
00:19:07.080 --> 00:19:08.359 a to point b? You
NOTE Confidence: 0.96945816
00:19:08.359 --> 00:19:10.520 talk about Willie yelling no
NOTE Confidence: 0.96945816
00:19:10.520 --> 00:19:12.140 music at the dinner table,
NOTE Confidence: 0.96945816
00:19:12.280 --> 00:19:13.100 which really
NOTE Confidence: 0.9624418
00:19:13.800 --> 00:19:15.160 you just feel this pang
NOTE Confidence: 0.9624418
00:19:15.160 --> 00:19:16.359 as you read the book
NOTE Confidence: 0.9624418
00:19:16.359 --> 00:19:17.960 because to you, the music
NOTE Confidence: 0.9624418
00:19:17.960 --> 00:19:19.375 was soothing. And and and
NOTE Confidence: 0.9624418
00:19:19.375 --> 00:19:20.575 then that got you thinking
NOTE Confidence: 0.9624418
00:19:20.575 --> 00:19:22.275 of, like, how does she
NOTE Confidence: 0.9890521
00:19:22.815 --> 00:19:24.494 hear with cochlear implants? How
NOTE Confidence: 0.9890521
00:19:24.494 --> 00:19:26.174 do they actually work? Which
NOTE Confidence: 0.9890521
00:19:26.174 --> 00:19:27.715 then got you thinking about
NOTE Confidence: 0.9890521
00:19:27.934 --> 00:19:29.455 online stuff, which then got
NOTE Confidence: 0.9890521
00:19:29.455 --> 00:19:31.215 you thinking about Siri, which
NOTE Confidence: 0.9890521

00:19:31.215 --> 00:19:32.335 then got you yelling at
NOTE Confidence: 0.9890521

00:19:32.335 --> 00:19:33.455 Siri to turn the damn
NOTE Confidence: 0.9890521

00:19:33.455 --> 00:19:34.109 music off,
NOTE Confidence: 0.9862733

00:19:34.750 --> 00:19:36.109 which then, of course, got
NOTE Confidence: 0.9862733

00:19:36.109 --> 00:19:37.970 you to Alexander Graham Bell.
NOTE Confidence: 0.9977174

00:19:38.750 --> 00:19:40.030 And then we went into
NOTE Confidence: 0.9977174

00:19:40.030 --> 00:19:40.609 a history
NOTE Confidence: 0.9813178

00:19:40.910 --> 00:19:42.030 of his life, and it
NOTE Confidence: 0.9813178

00:19:42.030 --> 00:19:43.549 just worked. It just flows.
NOTE Confidence: 0.9813178

00:19:43.549 --> 00:19:44.270 The way I said it
NOTE Confidence: 0.9813178

00:19:44.270 --> 00:19:45.390 didn't flow as well, but
NOTE Confidence: 0.9813178

00:19:45.390 --> 00:19:46.690 it did flow beautifully.
NOTE Confidence: 0.9976991

00:19:47.950 --> 00:19:48.450 And
NOTE Confidence: 0.99929565

00:19:49.315 --> 00:19:50.915 during this process because I
NOTE Confidence: 0.99929565

00:19:50.915 --> 00:19:51.795 think we have a lot
NOTE Confidence: 0.99929565

00:19:51.795 --> 00:19:53.095 of writers here

NOTE Confidence: 0.9529997
00:19:53.875 --> 00:19:55.875 that are brilliant people in
NOTE Confidence: 0.9529997
00:19:55.875 --> 00:19:57.335 the audience that I know
NOTE Confidence: 0.9529997
00:19:57.555 --> 00:19:58.675 that you come up with
NOTE Confidence: 0.9529997
00:19:58.675 --> 00:20:00.035 all this information and you
NOTE Confidence: 0.9529997
00:20:00.035 --> 00:20:00.960 kind of know there's a
NOTE Confidence: 0.9529997
00:20:01.119 --> 00:20:02.480 a connection, but you're not
NOTE Confidence: 0.9529997
00:20:02.480 --> 00:20:03.600 really sure. And is it
NOTE Confidence: 0.9529997
00:20:03.600 --> 00:20:04.640 right to start to that
NOTE Confidence: 0.9529997
00:20:04.640 --> 00:20:06.000 Alexander Graham Bell and Siri
NOTE Confidence: 0.9529997
00:20:06.000 --> 00:20:06.500 and,
NOTE Confidence: 0.98915744
00:20:07.039 --> 00:20:08.320 and my dinner table at
NOTE Confidence: 0.98915744
00:20:08.320 --> 00:20:09.140 the same time?
NOTE Confidence: 0.9971908
00:20:10.159 --> 00:20:10.659 So
NOTE Confidence: 0.9570662
00:20:10.960 --> 00:20:11.919 did you just kind of
NOTE Confidence: 0.9570662
00:20:11.919 --> 00:20:12.720 write and it came, or
NOTE Confidence: 0.9570662

00:20:12.720 --> 00:20:13.600 did you say, like, okay.
NOTE Confidence: 0.9570662

00:20:13.600 --> 00:20:14.399 I'm gonna have to talk
NOTE Confidence: 0.9570662

00:20:14.399 --> 00:20:15.855 about Alexander Graham Bell because
NOTE Confidence: 0.9570662

00:20:16.015 --> 00:20:17.934 his that's technology is so
NOTE Confidence: 0.9570662

00:20:17.934 --> 00:20:19.375 basic to what my daughter's
NOTE Confidence: 0.9570662

00:20:19.375 --> 00:20:20.115 going through.
NOTE Confidence: 0.9763606

00:20:20.575 --> 00:20:21.535 And then where can I
NOTE Confidence: 0.9763606

00:20:21.535 --> 00:20:22.655 place it, or how did
NOTE Confidence: 0.9763606

00:20:22.655 --> 00:20:24.115 you what's your formula?
NOTE Confidence: 0.9683159

00:20:25.054 --> 00:20:25.775 I I I wish I
NOTE Confidence: 0.9683159

00:20:25.775 --> 00:20:26.575 had a formula. That was
NOTE Confidence: 0.9683159

00:20:26.655 --> 00:20:27.934 that sounds very efficient. It
NOTE Confidence: 0.9683159

00:20:27.934 --> 00:20:28.975 sounds like a really efficient
NOTE Confidence: 0.9683159

00:20:28.975 --> 00:20:29.535 way to write,
NOTE Confidence: 0.9867207

00:20:30.119 --> 00:20:30.920 and I do not have
NOTE Confidence: 0.9867207

00:20:30.920 --> 00:20:32.280 a formula. You might be

NOTE Confidence: 0.9867207

00:20:32.280 --> 00:20:33.000 able to tell from the

NOTE Confidence: 0.9867207

00:20:33.000 --> 00:20:33.500 writing.

NOTE Confidence: 0.9813239

00:20:34.440 --> 00:20:35.480 But I did I mean,

NOTE Confidence: 0.9813239

00:20:35.480 --> 00:20:36.600 the weaving metaphor is really

NOTE Confidence: 0.9813239

00:20:36.600 --> 00:20:38.040 important to me. I I

NOTE Confidence: 0.9813239

00:20:38.040 --> 00:20:38.859 thought of

NOTE Confidence: 0.9597569

00:20:39.240 --> 00:20:41.160 each chapter having essentially, like,

NOTE Confidence: 0.9597569

00:20:41.160 --> 00:20:42.859 three central strands,

NOTE Confidence: 0.9491438

00:20:43.675 --> 00:20:44.795 and usually, one of the

NOTE Confidence: 0.9491438

00:20:44.795 --> 00:20:46.095 strands would have been,

NOTE Confidence: 0.9596362

00:20:46.795 --> 00:20:48.315 would have been something, sort

NOTE Confidence: 0.9596362

00:20:48.315 --> 00:20:49.195 of the history of a

NOTE Confidence: 0.9596362

00:20:49.195 --> 00:20:50.175 particular device.

NOTE Confidence: 0.9736019

00:20:51.035 --> 00:20:52.635 Another strand might have been,

NOTE Confidence: 0.9736019

00:20:52.875 --> 00:20:54.075 a particular work of art

NOTE Confidence: 0.9736019

00:20:54.075 --> 00:20:55.375 or a school of art.
NOTE Confidence: 0.9736019

00:20:55.435 --> 00:20:56.555 And then the other strand
NOTE Confidence: 0.9736019

00:20:56.555 --> 00:20:57.775 was the personal narrative.
NOTE Confidence: 0.9347867

00:20:58.155 --> 00:20:59.490 And I tried to kind
NOTE Confidence: 0.9347867

00:20:59.490 --> 00:21:00.609 of always think of myself
NOTE Confidence: 0.9347867

00:21:00.609 --> 00:21:01.490 as kind of weaving these
NOTE Confidence: 0.9347867

00:21:01.490 --> 00:21:02.369 things in place,
NOTE Confidence: 0.95414615

00:21:02.770 --> 00:21:03.890 and and having the right
NOTE Confidence: 0.95414615

00:21:03.890 --> 00:21:05.170 kind of proportion and making
NOTE Confidence: 0.95414615

00:21:05.170 --> 00:21:06.130 sure that I didn't drop
NOTE Confidence: 0.95414615

00:21:06.130 --> 00:21:07.010 one. You know, it's like
NOTE Confidence: 0.95414615

00:21:07.010 --> 00:21:08.369 dropping a stitch. I didn't
NOTE Confidence: 0.95414615

00:21:08.369 --> 00:21:09.250 drop a stitch that I
NOTE Confidence: 0.95414615

00:21:09.250 --> 00:21:10.290 still kind of was keeping
NOTE Confidence: 0.95414615

00:21:10.290 --> 00:21:11.190 it in play.
NOTE Confidence: 0.9242771

00:21:12.255 --> 00:21:13.555 And that makes it sound,

NOTE Confidence: 0.95498955
00:21:13.935 --> 00:21:15.535 more methodical than it was.
NOTE Confidence: 0.9621341
00:21:16.335 --> 00:21:17.855 But that was in the
NOTE Confidence: 0.9621341
00:21:17.855 --> 00:21:18.734 front of my mind, it
NOTE Confidence: 0.9621341
00:21:18.734 --> 00:21:19.615 was always those, you know,
NOTE Confidence: 0.9621341
00:21:19.615 --> 00:21:20.655 here are my main strands.
NOTE Confidence: 0.9621341
00:21:20.655 --> 00:21:21.375 Here are the things that
NOTE Confidence: 0.9621341
00:21:21.375 --> 00:21:22.435 I wanna weave together.
NOTE Confidence: 0.9756287
00:21:23.535 --> 00:21:24.575 And then other things would
NOTE Confidence: 0.9756287
00:21:24.575 --> 00:21:26.200 come up like, you know,
NOTE Confidence: 0.9756287
00:21:26.200 --> 00:21:27.399 Siri. I would and I
NOTE Confidence: 0.9756287
00:21:27.399 --> 00:21:28.440 I wanted to I really
NOTE Confidence: 0.9756287
00:21:28.440 --> 00:21:29.320 wanted to pay attention to
NOTE Confidence: 0.9756287
00:21:29.320 --> 00:21:30.200 the technologies that I was
NOTE Confidence: 0.9756287
00:21:30.200 --> 00:21:30.700 using.
NOTE Confidence: 0.97225463
00:21:31.639 --> 00:21:33.399 So even something like playing
NOTE Confidence: 0.97225463

00:21:33.399 --> 00:21:34.919 music for my daughter. Like,
NOTE Confidence: 0.97225463

00:21:34.919 --> 00:21:35.880 how do we play music
NOTE Confidence: 0.97225463

00:21:35.880 --> 00:21:37.179 nowadays? Like, especially
NOTE Confidence: 0.9740975

00:21:37.725 --> 00:21:38.605 as a mom with young
NOTE Confidence: 0.9740975

00:21:38.605 --> 00:21:39.484 children. You know, I have
NOTE Confidence: 0.9740975

00:21:39.484 --> 00:21:41.025 the device that's probably eavesdropping
NOTE Confidence: 0.9740975

00:21:41.085 --> 00:21:42.924 on all my movements right
NOTE Confidence: 0.9740975

00:21:42.924 --> 00:21:43.424 now.
NOTE Confidence: 0.99591315

00:21:43.965 --> 00:21:45.184 But I have the device.
NOTE Confidence: 0.99591315

00:21:45.325 --> 00:21:46.445 I call on the device,
NOTE Confidence: 0.9997399

00:21:46.765 --> 00:21:47.665 to play music.
NOTE Confidence: 0.9745219

00:21:48.765 --> 00:21:49.505 My daughter,
NOTE Confidence: 0.9951214

00:21:50.125 --> 00:21:51.480 you know, she doesn't like
NOTE Confidence: 0.9951214

00:21:51.480 --> 00:21:52.760 music in that way. She
NOTE Confidence: 0.9951214

00:21:52.760 --> 00:21:53.480 doesn't like it on in
NOTE Confidence: 0.9951214

00:21:53.480 --> 00:21:54.680 the background. It sounds loud

NOTE Confidence: 0.9951214

00:21:54.680 --> 00:21:55.640 to her. It's aggressive to

NOTE Confidence: 0.9951214

00:21:55.640 --> 00:21:56.359 her in a way that

NOTE Confidence: 0.9951214

00:21:56.359 --> 00:21:57.900 it's not aggressive to me.

NOTE Confidence: 0.98857975

00:21:59.240 --> 00:22:00.060 And so

NOTE Confidence: 0.9538527

00:22:00.680 --> 00:22:01.880 it kinda prompted me to

NOTE Confidence: 0.9538527

00:22:01.880 --> 00:22:02.920 think about, well, how does

NOTE Confidence: 0.9538527

00:22:02.920 --> 00:22:03.660 she hear?

NOTE Confidence: 0.9777442

00:22:04.415 --> 00:22:05.294 How does the way that

NOTE Confidence: 0.9777442

00:22:05.294 --> 00:22:06.174 she hear different from the

NOTE Confidence: 0.9777442

00:22:06.174 --> 00:22:07.695 way that I'm hearing? And

NOTE Confidence: 0.9777442

00:22:07.695 --> 00:22:08.815 then how did the technologies

NOTE Confidence: 0.9777442

00:22:08.815 --> 00:22:09.615 that we use in our

NOTE Confidence: 0.9777442

00:22:09.615 --> 00:22:10.975 everyday life, things like Siri,

NOTE Confidence: 0.9777442

00:22:10.975 --> 00:22:11.475 kind

NOTE Confidence: 0.9607369

00:22:11.775 --> 00:22:13.294 of change the environment for

NOTE Confidence: 0.9607369

00:22:13.294 --> 00:22:14.174 her and change the way
NOTE Confidence: 0.9607369

00:22:14.174 --> 00:22:15.215 that she's hearing and change
NOTE Confidence: 0.9607369

00:22:15.215 --> 00:22:16.975 my relationship between her and
NOTE Confidence: 0.9607369

00:22:16.975 --> 00:22:17.475 music?
NOTE Confidence: 0.89795095

00:22:18.720 --> 00:22:20.240 And I'll just say that,
NOTE Confidence: 0.9864498

00:22:20.960 --> 00:22:22.160 she's now in kindergarten, and
NOTE Confidence: 0.9864498

00:22:22.160 --> 00:22:23.200 she has gotten more into
NOTE Confidence: 0.9864498

00:22:23.200 --> 00:22:24.020 music lately.
NOTE Confidence: 0.98283136

00:22:24.560 --> 00:22:25.859 And one of the interesting
NOTE Confidence: 0.98283136

00:22:25.920 --> 00:22:27.359 differences is we got her
NOTE Confidence: 0.98283136

00:22:27.359 --> 00:22:28.820 one of those Tony boxes.
NOTE Confidence: 0.98283136

00:22:28.960 --> 00:22:29.920 Do we have any other
NOTE Confidence: 0.98283136

00:22:29.920 --> 00:22:31.200 parents in the room? Where
NOTE Confidence: 0.98283136

00:22:31.200 --> 00:22:32.240 she can put the music
NOTE Confidence: 0.98283136

00:22:32.240 --> 00:22:32.900 on herself.
NOTE Confidence: 0.9622993

00:22:33.955 --> 00:22:36.034 And she having that extra

NOTE Confidence: 0.9622993

00:22:36.034 --> 00:22:37.154 bit of control, being able

NOTE Confidence: 0.9622993

00:22:37.154 --> 00:22:38.434 to, like, sit and listen

NOTE Confidence: 0.9622993

00:22:38.434 --> 00:22:39.715 and enjoy music kind of

NOTE Confidence: 0.9622993

00:22:39.715 --> 00:22:40.835 on her own terms. I'm

NOTE Confidence: 0.9622993

00:22:40.835 --> 00:22:42.115 not describing it well. It's

NOTE Confidence: 0.9622993

00:22:42.115 --> 00:22:43.875 like literally a box, and

NOTE Confidence: 0.9622993

00:22:43.875 --> 00:22:45.315 they have little toys. And

NOTE Confidence: 0.9622993

00:22:45.315 --> 00:22:46.855 each toy has a recorded

NOTE Confidence: 0.9622993

00:22:47.154 --> 00:22:48.455 album on it.

NOTE Confidence: 0.9889046

00:22:49.240 --> 00:22:50.200 And so they pick up

NOTE Confidence: 0.9889046

00:22:50.279 --> 00:22:51.000 you can a kid can

NOTE Confidence: 0.9889046

00:22:51.000 --> 00:22:51.799 pick up the toy and

NOTE Confidence: 0.9889046

00:22:51.799 --> 00:22:52.940 put it on the box,

NOTE Confidence: 0.99928004

00:22:53.320 --> 00:22:54.600 and the box then plays

NOTE Confidence: 0.99928004

00:22:54.600 --> 00:22:55.260 the music.

NOTE Confidence: 0.96472627

00:22:56.359 --> 00:22:58.119 So it's a really interesting
NOTE Confidence: 0.96472627

00:22:58.119 --> 00:22:59.159 moment that we're in. I
NOTE Confidence: 0.96472627

00:22:59.159 --> 00:22:59.880 don't wanna get on a
NOTE Confidence: 0.96472627

00:22:59.880 --> 00:23:01.080 technology rant, but it's an
NOTE Confidence: 0.96472627

00:23:01.080 --> 00:23:02.600 interesting moment we're in where
NOTE Confidence: 0.96472627

00:23:02.600 --> 00:23:03.720 so much of our technologies
NOTE Confidence: 0.96472627

00:23:03.720 --> 00:23:04.965 are like, these voice activated
NOTE Confidence: 0.96472627

00:23:04.965 --> 00:23:06.885 things or digital things that
NOTE Confidence: 0.96472627

00:23:06.885 --> 00:23:07.685 kids don't have a lot
NOTE Confidence: 0.96472627

00:23:07.685 --> 00:23:09.065 of control over. And
NOTE Confidence: 0.94872564

00:23:10.005 --> 00:23:11.045 this is I promise I'm
NOTE Confidence: 0.94872564

00:23:11.045 --> 00:23:12.244 not a paid advertiser, but
NOTE Confidence: 0.94872564

00:23:12.244 --> 00:23:13.465 this is a really cool
NOTE Confidence: 0.94872564

00:23:13.525 --> 00:23:14.585 access accessibility
NOTE Confidence: 0.9871174

00:23:15.045 --> 00:23:16.725 toy for certain kids. Right?
NOTE Confidence: 0.9871174

00:23:16.725 --> 00:23:17.445 To be able to actually

NOTE Confidence: 0.9871174

00:23:17.445 --> 00:23:18.244 have a little bit more

NOTE Confidence: 0.9871174

00:23:18.244 --> 00:23:19.225 control over

NOTE Confidence: 0.9672565

00:23:19.580 --> 00:23:20.859 the things that they're listening

NOTE Confidence: 0.9672565

00:23:20.859 --> 00:23:22.220 to. And it's been really

NOTE Confidence: 0.9672565

00:23:22.220 --> 00:23:23.740 interesting because she's become very,

NOTE Confidence: 0.9672565

00:23:23.740 --> 00:23:25.420 very interested in listening to

NOTE Confidence: 0.9672565

00:23:25.420 --> 00:23:27.100 music, listening to stories. Like,

NOTE Confidence: 0.9672565

00:23:27.100 --> 00:23:29.020 a whole kinda auditory world

NOTE Confidence: 0.9672565

00:23:29.020 --> 00:23:30.060 opened up to her just

NOTE Confidence: 0.9672565

00:23:30.060 --> 00:23:31.020 because she had a little

NOTE Confidence: 0.9672565

00:23:31.020 --> 00:23:32.400 bit more control over it.

NOTE Confidence: 0.9627018

00:23:33.805 --> 00:23:34.605 That's a tangent. Yeah. I

NOTE Confidence: 0.9627018

00:23:34.605 --> 00:23:35.645 do go on tangents. I

NOTE Confidence: 0.9627018

00:23:35.645 --> 00:23:36.605 think that's the really the

NOTE Confidence: 0.9627018

00:23:36.765 --> 00:23:38.205 It's not. But speaking about

NOTE Confidence: 0.9627018

00:23:38.205 --> 00:23:39.645 your daughter Mhmm. And I

NOTE Confidence: 0.9627018

00:23:39.645 --> 00:23:40.925 know we've talked about this

NOTE Confidence: 0.9627018

00:23:40.925 --> 00:23:43.185 before. Your compassion comes through

NOTE Confidence: 0.9627018

00:23:43.484 --> 00:23:44.925 as you're speaking. It's there

NOTE Confidence: 0.9627018

00:23:44.925 --> 00:23:46.300 in the book. And the

NOTE Confidence: 0.9627018

00:23:46.300 --> 00:23:47.260 one thing that I thought

NOTE Confidence: 0.9627018

00:23:47.260 --> 00:23:48.380 was wonderful for those of

NOTE Confidence: 0.9627018

00:23:48.380 --> 00:23:49.340 us I'm sure everyone here

NOTE Confidence: 0.9627018

00:23:49.340 --> 00:23:50.540 has read a memoir, and

NOTE Confidence: 0.9627018

00:23:50.540 --> 00:23:51.660 I'm sure we've all been

NOTE Confidence: 0.9627018

00:23:51.660 --> 00:23:53.580 like, yikes. What did their

NOTE Confidence: 0.9627018

00:23:53.580 --> 00:23:55.820 sister think now? You know,

NOTE Confidence: 0.9627018

00:23:55.820 --> 00:23:56.619 did they read it to

NOTE Confidence: 0.9627018

00:23:56.619 --> 00:23:58.460 them before? You are so

NOTE Confidence: 0.9627018

00:23:58.460 --> 00:23:58.960 cognizant

NOTE Confidence: 0.9997987

00:24:00.125 --> 00:24:00.625 about

NOTE Confidence: 0.94871736

00:24:00.925 --> 00:24:01.965 not you not just not

NOTE Confidence: 0.94871736

00:24:01.965 --> 00:24:03.585 using your daughter's name,

NOTE Confidence: 0.89739865

00:24:04.205 --> 00:24:05.744 but one, like,

NOTE Confidence: 0.9994828

00:24:06.045 --> 00:24:07.665 there's nothing really identifiable

NOTE Confidence: 0.90320504

00:24:08.765 --> 00:24:09.585 about her.

NOTE Confidence: 0.9983298

00:24:09.965 --> 00:24:11.905 And you even talk about

NOTE Confidence: 0.9699277

00:24:13.000 --> 00:24:15.000 grappling with doing things to

NOTE Confidence: 0.9699277

00:24:15.000 --> 00:24:15.740 her body,

NOTE Confidence: 0.99240035

00:24:16.119 --> 00:24:17.880 that you're making decisions about

NOTE Confidence: 0.99240035

00:24:17.880 --> 00:24:19.260 her body. And there's one

NOTE Confidence: 0.99240035

00:24:19.400 --> 00:24:21.080 beautiful line, and I think

NOTE Confidence: 0.99240035

00:24:21.080 --> 00:24:22.940 it's with the cochlear implants

NOTE Confidence: 0.94461656

00:24:23.559 --> 00:24:24.619 where you feel

NOTE Confidence: 0.9649455

00:24:25.095 --> 00:24:26.294 kind of, like, am I

NOTE Confidence: 0.9649455

00:24:26.695 --> 00:24:27.755 is this action

NOTE Confidence: 0.99828285

00:24:28.135 --> 00:24:29.575 that I'm taking on her
NOTE Confidence: 0.99828285

00:24:29.575 --> 00:24:30.075 body
NOTE Confidence: 0.98586965

00:24:30.375 --> 00:24:32.695 without her understanding it, is
NOTE Confidence: 0.98586965

00:24:32.695 --> 00:24:34.054 this gonna backfire when she's
NOTE Confidence: 0.98586965

00:24:34.054 --> 00:24:35.255 a teenager if she wants
NOTE Confidence: 0.98586965

00:24:35.494 --> 00:24:36.375 if she had wanted to
NOTE Confidence: 0.98586965

00:24:36.375 --> 00:24:37.835 belong to the deaf community
NOTE Confidence: 0.9759772

00:24:38.215 --> 00:24:39.355 in a different way?
NOTE Confidence: 0.9867034

00:24:40.080 --> 00:24:41.359 And then what you say
NOTE Confidence: 0.9867034

00:24:41.359 --> 00:24:42.960 is, but not doing not
NOTE Confidence: 0.9867034

00:24:42.960 --> 00:24:44.480 taking an action is also
NOTE Confidence: 0.9867034

00:24:44.480 --> 00:24:45.140 an action.
NOTE Confidence: 0.9976745

00:24:46.559 --> 00:24:47.059 And
NOTE Confidence: 0.990292

00:24:47.359 --> 00:24:49.039 that was such a like,
NOTE Confidence: 0.990292

00:24:49.039 --> 00:24:50.240 I think I stopped reading
NOTE Confidence: 0.990292

00:24:50.240 --> 00:24:51.200 for a moment. Just sit

NOTE Confidence: 0.990292

00:24:51.200 --> 00:24:52.260 back and think. So

NOTE Confidence: 0.9792795

00:24:52.725 --> 00:24:54.085 how did you grapple, and

NOTE Confidence: 0.9792795

00:24:54.085 --> 00:24:55.205 how did was this something

NOTE Confidence: 0.9792795

00:24:55.205 --> 00:24:56.164 that you thought about in

NOTE Confidence: 0.9792795

00:24:56.164 --> 00:24:57.044 the beginning of maybe I

NOTE Confidence: 0.9792795

00:24:57.044 --> 00:24:57.924 shouldn't write this book, or

NOTE Confidence: 0.9792795

00:24:57.924 --> 00:24:58.885 maybe it's not fair to

NOTE Confidence: 0.9792795

00:24:58.885 --> 00:25:00.005 her? I mean, it landed

NOTE Confidence: 0.9792795

00:25:00.005 --> 00:25:01.684 so perfectly well, but I'm

NOTE Confidence: 0.9792795

00:25:01.684 --> 00:25:03.365 curious about what how you

NOTE Confidence: 0.9792795

00:25:03.365 --> 00:25:05.400 grappled with this. Yeah.

NOTE Confidence: 0.99863416

00:25:05.780 --> 00:25:07.059 I had a lot of

NOTE Confidence: 0.99863416

00:25:07.059 --> 00:25:08.260 a lot of back and

NOTE Confidence: 0.99863416

00:25:08.260 --> 00:25:09.780 forth about what I was

NOTE Confidence: 0.99863416

00:25:09.780 --> 00:25:10.980 doing, whether I should do

NOTE Confidence: 0.99863416

00:25:10.980 --> 00:25:11.480 this,
NOTE Confidence: 0.95040435

00:25:12.660 --> 00:25:13.859 whether it was the right
NOTE Confidence: 0.95040435

00:25:13.859 --> 00:25:15.540 thing sort of in ethical
NOTE Confidence: 0.95040435

00:25:15.540 --> 00:25:16.500 terms, you know, to write
NOTE Confidence: 0.95040435

00:25:16.500 --> 00:25:17.559 a book about parenthood,
NOTE Confidence: 0.9993055

00:25:18.660 --> 00:25:19.160 that
NOTE Confidence: 0.9943679

00:25:19.534 --> 00:25:20.894 implicates so many other lives.
NOTE Confidence: 0.9943679

00:25:20.894 --> 00:25:21.695 I mean, not just my
NOTE Confidence: 0.9943679

00:25:21.695 --> 00:25:22.654 daughter, but I have a
NOTE Confidence: 0.9943679

00:25:22.654 --> 00:25:23.615 lot about my mother in
NOTE Confidence: 0.9943679

00:25:23.615 --> 00:25:24.494 the book. It's a book
NOTE Confidence: 0.9943679

00:25:24.494 --> 00:25:25.615 very much about motherhood. I
NOTE Confidence: 0.9943679

00:25:25.615 --> 00:25:26.335 have a lot about my
NOTE Confidence: 0.9943679

00:25:26.335 --> 00:25:26.835 mother
NOTE Confidence: 0.86135757

00:25:27.215 --> 00:25:28.195 who was,
NOTE Confidence: 0.95968133

00:25:28.654 --> 00:25:30.255 the parent. My brother is

NOTE Confidence: 0.95968133

00:25:30.255 --> 00:25:31.315 intellectually disabled.

NOTE Confidence: 0.9852677

00:25:31.789 --> 00:25:32.750 So I talk about kind

NOTE Confidence: 0.9852677

00:25:32.750 --> 00:25:33.869 of how her experience of

NOTE Confidence: 0.9852677

00:25:33.869 --> 00:25:35.230 motherhood, being a parent of

NOTE Confidence: 0.9852677

00:25:35.230 --> 00:25:36.590 a child with intellectual disabilities

NOTE Confidence: 0.9852677

00:25:36.590 --> 00:25:37.649 in the nineteen seventies,

NOTE Confidence: 0.969863

00:25:38.190 --> 00:25:39.789 compares to the experience that

NOTE Confidence: 0.969863

00:25:39.789 --> 00:25:41.149 I had, right, in the,

NOTE Confidence: 0.969863

00:25:41.149 --> 00:25:42.350 you know, whatever we are

NOTE Confidence: 0.969863

00:25:42.350 --> 00:25:43.549 in. I don't even remember

NOTE Confidence: 0.969863

00:25:43.549 --> 00:25:44.049 anymore.

NOTE Confidence: 0.9758131

00:25:45.225 --> 00:25:46.665 And sort of so bringing

NOTE Confidence: 0.9758131

00:25:46.665 --> 00:25:47.804 in those lives,

NOTE Confidence: 0.99784684

00:25:48.825 --> 00:25:49.865 you really you can't

NOTE Confidence: 0.9681156

00:25:50.345 --> 00:25:51.625 unfortunately, it's sort of baked

NOTE Confidence: 0.9681156

00:25:51.625 --> 00:25:52.744 into the genre. You cannot
NOTE Confidence: 0.9681156

00:25:52.744 --> 00:25:54.125 write a memoir without implicating
NOTE Confidence: 0.9681156

00:25:54.184 --> 00:25:54.845 other people.
NOTE Confidence: 0.93767375

00:25:55.385 --> 00:25:56.424 Memoirs are not just about
NOTE Confidence: 0.93767375

00:25:56.424 --> 00:25:57.804 a self. They're about relationships.
NOTE Confidence: 0.9987632

00:25:58.820 --> 00:25:59.320 And
NOTE Confidence: 0.97361207

00:25:59.700 --> 00:26:01.059 so that was a hard
NOTE Confidence: 0.97361207

00:26:01.059 --> 00:26:02.580 decision for me. I knew
NOTE Confidence: 0.97361207

00:26:02.580 --> 00:26:03.960 my mom would forgive me,
NOTE Confidence: 0.97361207

00:26:04.020 --> 00:26:05.059 but you don't know about
NOTE Confidence: 0.97361207

00:26:05.059 --> 00:26:05.859 you don't know about your
NOTE Confidence: 0.97361207

00:26:05.859 --> 00:26:06.740 child because you don't know
NOTE Confidence: 0.97361207

00:26:06.740 --> 00:26:07.619 your child yet. You don't
NOTE Confidence: 0.97361207

00:26:07.619 --> 00:26:08.580 know them as you only
NOTE Confidence: 0.97361207

00:26:08.580 --> 00:26:09.780 know them as a baby
NOTE Confidence: 0.97361207

00:26:09.780 --> 00:26:10.740 and then as a toddler

NOTE Confidence: 0.97361207

00:26:10.740 --> 00:26:11.619 and then as a young

NOTE Confidence: 0.97361207

00:26:11.619 --> 00:26:12.500 child. You don't know them

NOTE Confidence: 0.97361207

00:26:12.500 --> 00:26:12.902 as a teenager.

NOTE Confidence: 0.99737775

00:26:13.945 --> 00:26:14.744 You don't know them as

NOTE Confidence: 0.99737775

00:26:14.744 --> 00:26:15.544 an adult. You don't know

NOTE Confidence: 0.99737775

00:26:15.544 --> 00:26:16.825 how they're gonna feel about

NOTE Confidence: 0.99737775

00:26:16.825 --> 00:26:18.264 having a story like this

NOTE Confidence: 0.99737775

00:26:18.264 --> 00:26:18.764 told.

NOTE Confidence: 0.9777362

00:26:20.184 --> 00:26:20.684 So

NOTE Confidence: 0.99436444

00:26:21.865 --> 00:26:22.904 I had some ways of

NOTE Confidence: 0.99436444

00:26:22.904 --> 00:26:24.345 kind of making myself feel

NOTE Confidence: 0.99436444

00:26:24.345 --> 00:26:25.384 better about it, which was,

NOTE Confidence: 0.99436444

00:26:25.384 --> 00:26:26.664 you know, changing names and

NOTE Confidence: 0.99436444

00:26:26.664 --> 00:26:27.565 things like that.

NOTE Confidence: 0.9770198

00:26:28.200 --> 00:26:28.679 But at the end of

NOTE Confidence: 0.9770198

00:26:28.679 --> 00:26:30.520 the day, I tried to
NOTE Confidence: 0.9770198

00:26:30.520 --> 00:26:32.919 make that ethos or that
NOTE Confidence: 0.9770198

00:26:32.919 --> 00:26:34.679 awareness kind of permeate my
NOTE Confidence: 0.9770198

00:26:34.679 --> 00:26:35.179 writing,
NOTE Confidence: 0.99244726

00:26:35.720 --> 00:26:37.480 and tried to think of
NOTE Confidence: 0.99244726

00:26:37.480 --> 00:26:38.780 anything that I was writing
NOTE Confidence: 0.99758875

00:26:39.159 --> 00:26:41.295 in terms of an awareness
NOTE Confidence: 0.99758875

00:26:41.435 --> 00:26:43.215 of her as a person,
NOTE Confidence: 0.9743341

00:26:43.994 --> 00:26:45.195 apart from me, and her
NOTE Confidence: 0.9743341

00:26:45.195 --> 00:26:46.075 as a person who's gonna
NOTE Confidence: 0.9743341

00:26:46.075 --> 00:26:47.595 grow and change and and
NOTE Confidence: 0.9743341

00:26:47.595 --> 00:26:48.734 have her own identity.
NOTE Confidence: 0.9513426

00:26:50.635 --> 00:26:51.135 So
NOTE Confidence: 0.9610125

00:26:52.075 --> 00:26:53.275 my way of rationalizing maybe
NOTE Confidence: 0.9610125

00:26:53.275 --> 00:26:54.315 this is rationalizing. My way
NOTE Confidence: 0.9610125

00:26:54.315 --> 00:26:55.435 of rationalizing the fact of

NOTE Confidence: 0.9610125
00:26:55.435 --> 00:26:56.240 writing the book is I
NOTE Confidence: 0.9610125
00:26:56.240 --> 00:26:56.880 try to keep in mind
NOTE Confidence: 0.9610125
00:26:56.880 --> 00:26:57.840 that I'm writing a book
NOTE Confidence: 0.9610125
00:26:57.840 --> 00:26:59.280 about myself at the end
NOTE Confidence: 0.9610125
00:26:59.280 --> 00:27:00.000 of the day and my
NOTE Confidence: 0.9610125
00:27:00.000 --> 00:27:01.140 experience of parenthood.
NOTE Confidence: 0.9872506
00:27:01.520 --> 00:27:03.040 And I'm writing about parenthood
NOTE Confidence: 0.9872506
00:27:03.040 --> 00:27:04.340 more than I'm writing about
NOTE Confidence: 0.9872506
00:27:04.400 --> 00:27:06.000 my daughter specifically, and that
NOTE Confidence: 0.9872506
00:27:06.000 --> 00:27:06.800 was kind of the way
NOTE Confidence: 0.9872506
00:27:06.800 --> 00:27:08.260 that I I approached it.
NOTE Confidence: 0.9872506
00:27:08.480 --> 00:27:09.520 And the reason I decided
NOTE Confidence: 0.9872506
00:27:09.520 --> 00:27:10.080 to do it in the
NOTE Confidence: 0.9872506
00:27:10.080 --> 00:27:10.880 end is because I felt
NOTE Confidence: 0.9872506
00:27:10.880 --> 00:27:11.380 like,
NOTE Confidence: 0.9865204

00:27:12.935 --> 00:27:14.455 you know, I wish that
NOTE Confidence: 0.9865204

00:27:14.455 --> 00:27:15.255 I had read a book
NOTE Confidence: 0.9865204

00:27:15.255 --> 00:27:16.215 like this. I mean, that
NOTE Confidence: 0.9865204

00:27:16.215 --> 00:27:17.095 sounds that sounds like a
NOTE Confidence: 0.9865204

00:27:17.095 --> 00:27:18.055 strange way to come about
NOTE Confidence: 0.9865204

00:27:18.055 --> 00:27:19.415 it. But some of the
NOTE Confidence: 0.9865204

00:27:19.415 --> 00:27:21.415 experiences that that I had,
NOTE Confidence: 0.9865204

00:27:21.655 --> 00:27:23.015 with parenthood just felt like
NOTE Confidence: 0.9865204

00:27:23.015 --> 00:27:24.135 I'd never read them before.
NOTE Confidence: 0.9865204

00:27:24.135 --> 00:27:25.975 I hadn't read someone describe
NOTE Confidence: 0.9865204

00:27:25.975 --> 00:27:27.115 it in this way.
NOTE Confidence: 0.9747729

00:27:27.869 --> 00:27:29.230 And I sort of wanted
NOTE Confidence: 0.9747729

00:27:29.230 --> 00:27:30.109 to write that book, I
NOTE Confidence: 0.9747729

00:27:30.109 --> 00:27:31.790 guess, for for myself, if
NOTE Confidence: 0.9747729

00:27:31.790 --> 00:27:32.990 that sounds sort of, self
NOTE Confidence: 0.9747729

00:27:32.990 --> 00:27:34.050 involved. But,

NOTE Confidence: 0.98696834
00:27:34.590 --> 00:27:35.710 that was how I rationalized
NOTE Confidence: 0.98696834
00:27:35.710 --> 00:27:37.010 the decision to do it.
NOTE Confidence: 0.98696834
00:27:37.150 --> 00:27:38.109 So I'm gonna ask one
NOTE Confidence: 0.98696834
00:27:38.109 --> 00:27:39.150 more question, then we're gonna
NOTE Confidence: 0.98696834
00:27:39.150 --> 00:27:40.050 open it up.
NOTE Confidence: 0.9632498
00:27:41.325 --> 00:27:42.684 You talk there I know
NOTE Confidence: 0.9632498
00:27:42.684 --> 00:27:44.365 you're you kind of, like,
NOTE Confidence: 0.9632498
00:27:44.365 --> 00:27:45.484 had this shocked look when
NOTE Confidence: 0.9632498
00:27:45.484 --> 00:27:46.044 I said this to you
NOTE Confidence: 0.9632498
00:27:46.044 --> 00:27:47.325 before, but I can actually
NOTE Confidence: 0.9632498
00:27:47.325 --> 00:27:47.825 find
NOTE Confidence: 0.9723385
00:27:48.205 --> 00:27:49.484 pages where I believe I'm
NOTE Confidence: 0.9723385
00:27:49.484 --> 00:27:50.945 right. There's a little snarkiness
NOTE Confidence: 0.9564169
00:27:51.244 --> 00:27:53.024 at times, which I love.
NOTE Confidence: 0.9564169
00:27:53.164 --> 00:27:53.664 Oh.
NOTE Confidence: 0.94915354

00:27:54.960 --> 00:27:55.919 It was kind of a
NOTE Confidence: 0.94915354

00:27:55.919 --> 00:27:57.460 snarky mid in a Midwestern
NOTE Confidence: 0.94915354

00:27:57.679 --> 00:27:59.200 kind of way. I have
NOTE Confidence: 0.94915354

00:27:59.200 --> 00:28:00.960 to really read the text
NOTE Confidence: 0.94915354

00:28:00.960 --> 00:28:02.000 carefully. Are you saying my
NOTE Confidence: 0.94915354

00:28:02.000 --> 00:28:03.760 book is Midwestern nice? Yes.
NOTE Confidence: 0.94915354

00:28:03.760 --> 00:28:04.260 Yeah.
NOTE Confidence: 0.91180235

00:28:05.119 --> 00:28:06.320 With a snark with a
NOTE Confidence: 0.91180235

00:28:06.320 --> 00:28:06.820 snark.
NOTE Confidence: 0.9935421

00:28:07.520 --> 00:28:08.020 So
NOTE Confidence: 0.9283729

00:28:08.734 --> 00:28:09.695 you have had to have
NOTE Confidence: 0.9283729

00:28:09.695 --> 00:28:10.994 a lot of difficult
NOTE Confidence: 0.99935466

00:28:11.455 --> 00:28:11.955 conversations
NOTE Confidence: 0.9923873

00:28:12.734 --> 00:28:14.575 with doctors and nurses and
NOTE Confidence: 0.9923873

00:28:14.575 --> 00:28:15.075 geneticists.
NOTE Confidence: 0.9965946

00:28:15.455 --> 00:28:16.494 You had to make decisions

NOTE Confidence: 0.9965946
00:28:16.494 --> 00:28:18.015 about genetic testing. You had
NOTE Confidence: 0.9965946
00:28:18.015 --> 00:28:19.535 to make decisions about ending
NOTE Confidence: 0.9965946
00:28:19.535 --> 00:28:20.115 a pregnancy.
NOTE Confidence: 0.9993772
00:28:20.655 --> 00:28:22.115 You had to talk about
NOTE Confidence: 0.9993772
00:28:22.255 --> 00:28:23.179 the chances
NOTE Confidence: 0.9668562
00:28:23.559 --> 00:28:24.919 of your daughter being deaf,
NOTE Confidence: 0.9668562
00:28:24.919 --> 00:28:25.639 and then what do you
NOTE Confidence: 0.9668562
00:28:25.639 --> 00:28:26.919 do? And then diabetes, and
NOTE Confidence: 0.9668562
00:28:26.919 --> 00:28:28.859 they didn't and so
NOTE Confidence: 0.9812584
00:28:29.559 --> 00:28:31.500 for future doctors and nurses
NOTE Confidence: 0.9812584
00:28:31.559 --> 00:28:33.419 and health care providers here,
NOTE Confidence: 0.98842853
00:28:33.960 --> 00:28:35.000 what can you tell us
NOTE Confidence: 0.98842853
00:28:35.000 --> 00:28:36.525 from the patient's side that
NOTE Confidence: 0.98842853
00:28:36.525 --> 00:28:37.885 worked or didn't? I mean,
NOTE Confidence: 0.98842853
00:28:37.885 --> 00:28:38.765 I'm I'm not asking for
NOTE Confidence: 0.98842853

00:28:38.765 --> 00:28:39.565 a list, but maybe you
NOTE Confidence: 0.98842853

00:28:39.565 --> 00:28:40.845 could tell stories of things
NOTE Confidence: 0.98842853

00:28:40.845 --> 00:28:42.125 that made you feel more
NOTE Confidence: 0.98842853

00:28:42.125 --> 00:28:42.625 comfortable
NOTE Confidence: 0.9704288

00:28:43.005 --> 00:28:44.465 or things that didn't.
NOTE Confidence: 0.9651382

00:28:45.085 --> 00:28:46.845 Yes. You asked me that
NOTE Confidence: 0.9651382

00:28:46.845 --> 00:28:48.045 before, and I I feel
NOTE Confidence: 0.9651382

00:28:48.045 --> 00:28:49.559 like in some ways, I've
NOTE Confidence: 0.9651382

00:28:49.559 --> 00:28:50.679 had so there was so
NOTE Confidence: 0.9651382

00:28:50.679 --> 00:28:51.480 many I had to scan
NOTE Confidence: 0.9651382

00:28:51.480 --> 00:28:52.440 my brain for, like, all
NOTE Confidence: 0.9651382

00:28:52.440 --> 00:28:53.720 of the conversations I've had
NOTE Confidence: 0.9651382

00:28:53.720 --> 00:28:55.480 with doctors and and nurses
NOTE Confidence: 0.9651382

00:28:55.480 --> 00:28:55.960 and,
NOTE Confidence: 0.9694952

00:28:56.280 --> 00:28:57.420 all of those interactions.
NOTE Confidence: 0.97905403

00:28:59.000 --> 00:29:00.520 And one of the first

NOTE Confidence: 0.97905403
00:29:00.520 --> 00:29:01.480 reactions I had when you
NOTE Confidence: 0.97905403
00:29:01.480 --> 00:29:02.540 asked me that question,
NOTE Confidence: 0.9998122
00:29:03.695 --> 00:29:04.195 was
NOTE Confidence: 0.9447122
00:29:05.375 --> 00:29:06.335 one thing that's come up
NOTE Confidence: 0.9447122
00:29:06.335 --> 00:29:07.934 before is especially with genetic
NOTE Confidence: 0.9447122
00:29:07.934 --> 00:29:08.434 information,
NOTE Confidence: 0.99918693
00:29:09.695 --> 00:29:10.755 I've had conversations
NOTE Confidence: 0.9946699
00:29:11.135 --> 00:29:12.655 where I've had moments where
NOTE Confidence: 0.9946699
00:29:12.655 --> 00:29:13.795 I get sent a PDF
NOTE Confidence: 0.901336
00:29:14.495 --> 00:29:15.395 and get told,
NOTE Confidence: 0.97015405
00:29:16.060 --> 00:29:17.520 don't don't Google it.
NOTE Confidence: 0.9642006
00:29:17.820 --> 00:29:18.940 Okay? Like, wait till you
NOTE Confidence: 0.9642006
00:29:18.940 --> 00:29:19.980 have a conversate wait till
NOTE Confidence: 0.9642006
00:29:19.980 --> 00:29:21.020 we have a conversation. Don't
NOTE Confidence: 0.9642006
00:29:21.020 --> 00:29:21.840 Google anything.
NOTE Confidence: 0.9979735

00:29:23.500 --> 00:29:24.000 And
NOTE Confidence: 0.98404384

00:29:24.300 --> 00:29:25.660 the reality is, what is
NOTE Confidence: 0.98404384

00:29:25.660 --> 00:29:26.940 the first thing anybody's gonna
NOTE Confidence: 0.98404384

00:29:26.940 --> 00:29:27.740 do if they get a
NOTE Confidence: 0.98404384

00:29:27.740 --> 00:29:28.240 diagnosis?
NOTE Confidence: 0.98441553

00:29:28.894 --> 00:29:30.255 They're going to Google it.
NOTE Confidence: 0.98441553

00:29:30.255 --> 00:29:30.755 Right?
NOTE Confidence: 0.986448

00:29:31.455 --> 00:29:32.894 So the information is out
NOTE Confidence: 0.986448

00:29:32.894 --> 00:29:34.495 there. There's so much information.
NOTE Confidence: 0.986448

00:29:34.495 --> 00:29:35.695 There's so much bad information,
NOTE Confidence: 0.986448

00:29:35.695 --> 00:29:36.495 of course. And I think
NOTE Confidence: 0.986448

00:29:36.495 --> 00:29:37.695 that's what you wanna protect
NOTE Confidence: 0.986448

00:29:37.855 --> 00:29:38.975 you're trying to protect your
NOTE Confidence: 0.986448

00:29:38.975 --> 00:29:40.014 patients from, is all the
NOTE Confidence: 0.986448

00:29:40.014 --> 00:29:41.635 bad information that's out there.
NOTE Confidence: 0.9981755

00:29:42.815 --> 00:29:43.315 But

NOTE Confidence: 0.97706646

00:29:43.880 --> 00:29:44.840 the reality I mean, we're

NOTE Confidence: 0.97706646

00:29:44.920 --> 00:29:46.520 it's like Pandora's box. Right?

NOTE Confidence: 0.97706646

00:29:46.520 --> 00:29:47.560 Like, we all are gonna

NOTE Confidence: 0.97706646

00:29:47.560 --> 00:29:48.680 peak. We all wanna know

NOTE Confidence: 0.97706646

00:29:48.680 --> 00:29:49.820 what's under that lid.

NOTE Confidence: 0.9870583

00:29:50.520 --> 00:29:52.200 And I think trying to

NOTE Confidence: 0.9870583

00:29:52.200 --> 00:29:53.660 kind of meet

NOTE Confidence: 0.9489105

00:29:54.520 --> 00:29:56.300 meet people halfway, understanding

NOTE Confidence: 0.9828208

00:29:56.600 --> 00:29:57.720 that they are going to

NOTE Confidence: 0.9828208

00:29:57.720 --> 00:29:58.934 read things online. They are

NOTE Confidence: 0.9828208

00:29:58.934 --> 00:30:00.534 going to have these,

NOTE Confidence: 0.9658731

00:30:00.855 --> 00:30:02.855 this information overload, right, when

NOTE Confidence: 0.9658731

00:30:02.855 --> 00:30:04.075 they get a new diagnosis.

NOTE Confidence: 0.983268

00:30:06.695 --> 00:30:08.054 And assuming that they're going

NOTE Confidence: 0.983268

00:30:08.054 --> 00:30:08.695 to do that and kind

NOTE Confidence: 0.983268

00:30:08.695 --> 00:30:09.495 of trying to meet them
NOTE Confidence: 0.983268

00:30:09.495 --> 00:30:10.455 halfway with that a little
NOTE Confidence: 0.983268

00:30:10.455 --> 00:30:11.914 bit. Right? Helping them contextualize
NOTE Confidence: 0.983268

00:30:12.134 --> 00:30:12.875 that information,
NOTE Confidence: 0.9836352

00:30:13.720 --> 00:30:15.399 having conversation about the information
NOTE Confidence: 0.9836352

00:30:15.399 --> 00:30:16.380 that's out there,
NOTE Confidence: 0.98454976

00:30:17.960 --> 00:30:18.840 giving people sort of a
NOTE Confidence: 0.98454976

00:30:18.840 --> 00:30:20.919 sense of why some incorrect
NOTE Confidence: 0.98454976

00:30:20.919 --> 00:30:21.960 information is out there, like,
NOTE Confidence: 0.98454976

00:30:21.960 --> 00:30:23.259 where that's coming from.
NOTE Confidence: 0.92140716

00:30:24.600 --> 00:30:25.899 I think of things particularly
NOTE Confidence: 0.92140716

00:30:25.960 --> 00:30:26.600 like the
NOTE Confidence: 0.9587986

00:30:27.465 --> 00:30:28.825 my first reaction and any
NOTE Confidence: 0.9587986

00:30:28.825 --> 00:30:30.265 diagnosis I've ever been given
NOTE Confidence: 0.9587986

00:30:30.265 --> 00:30:31.225 related to my daughter is
NOTE Confidence: 0.9587986

00:30:31.225 --> 00:30:32.345 life ex I always Google

NOTE Confidence: 0.9587986
00:30:32.345 --> 00:30:34.184 life expectancy. That's like, it's
NOTE Confidence: 0.9587986
00:30:34.184 --> 00:30:36.345 this this scary thing that
NOTE Confidence: 0.9587986
00:30:36.345 --> 00:30:37.465 I that I have to
NOTE Confidence: 0.9587986
00:30:37.465 --> 00:30:38.664 do. I have to know
NOTE Confidence: 0.9587986
00:30:38.664 --> 00:30:39.865 what does Google say the
NOTE Confidence: 0.9587986
00:30:39.865 --> 00:30:41.419 life expectancy of this is.
NOTE Confidence: 0.9587986
00:30:41.419 --> 00:30:42.860 Now what the where the
NOTE Confidence: 0.9587986
00:30:42.860 --> 00:30:43.900 heck does Google get this
NOTE Confidence: 0.9587986
00:30:43.900 --> 00:30:45.440 information from? Right?
NOTE Confidence: 0.9930612
00:30:46.220 --> 00:30:47.820 What does that number have
NOTE Confidence: 0.9930612
00:30:47.820 --> 00:30:48.860 to say that, you know,
NOTE Confidence: 0.9930612
00:30:48.860 --> 00:30:50.240 a conversation with a physician
NOTE Confidence: 0.9930612
00:30:50.380 --> 00:30:50.880 wouldn't
NOTE Confidence: 0.9908485
00:30:51.500 --> 00:30:52.720 give me better information?
NOTE Confidence: 0.96108365
00:30:53.179 --> 00:30:54.299 I don't know. But it's
NOTE Confidence: 0.96108365

00:30:54.299 --> 00:30:56.294 that the vulnerability and that

NOTE Confidence: 0.96108365

00:30:56.294 --> 00:30:57.495 sort of the need to

NOTE Confidence: 0.96108365

00:30:57.495 --> 00:30:58.775 get the bad information that

NOTE Confidence: 0.96108365

00:30:58.775 --> 00:30:59.815 you sometimes are afraid your

NOTE Confidence: 0.96108365

00:30:59.815 --> 00:31:00.934 doctor's not giving you, I

NOTE Confidence: 0.96108365

00:31:00.934 --> 00:31:01.815 think is part of that

NOTE Confidence: 0.96108365

00:31:01.815 --> 00:31:02.315 too.

NOTE Confidence: 0.9691235

00:31:03.415 --> 00:31:04.375 So some of the better

NOTE Confidence: 0.9691235

00:31:04.375 --> 00:31:06.215 conversations I've had with doctors

NOTE Confidence: 0.9691235

00:31:06.215 --> 00:31:07.915 and physicians and genetic scientists,

NOTE Confidence: 0.96264046

00:31:08.460 --> 00:31:09.740 genetic counselors and,

NOTE Confidence: 0.96871567

00:31:11.100 --> 00:31:12.540 all the thousands of people

NOTE Confidence: 0.96871567

00:31:12.540 --> 00:31:13.179 we talk to on a

NOTE Confidence: 0.96871567

00:31:13.179 --> 00:31:14.080 daily basis,

NOTE Confidence: 0.97347057

00:31:15.100 --> 00:31:16.160 some of the best conversations

NOTE Confidence: 0.97347057

00:31:16.299 --> 00:31:17.740 have been where they really

NOTE Confidence: 0.97347057

00:31:17.740 --> 00:31:19.280 sat down and talked about

NOTE Confidence: 0.97347057

00:31:19.340 --> 00:31:20.000 the information

NOTE Confidence: 0.9547718

00:31:20.620 --> 00:31:22.465 and explained where the information

NOTE Confidence: 0.9547718

00:31:22.465 --> 00:31:23.665 comes from, why the information

NOTE Confidence: 0.9547718

00:31:23.665 --> 00:31:24.405 is fallible.

NOTE Confidence: 0.9112479

00:31:26.544 --> 00:31:27.825 It's it's kind of a

NOTE Confidence: 0.9112479

00:31:27.825 --> 00:31:28.405 a literacy

NOTE Confidence: 0.99463516

00:31:28.945 --> 00:31:29.845 teaching literacy

NOTE Confidence: 0.9552154

00:31:30.385 --> 00:31:32.885 about medical statistics and information,

NOTE Confidence: 0.9552154

00:31:33.025 --> 00:31:34.145 I think, is really, really

NOTE Confidence: 0.9552154

00:31:34.145 --> 00:31:34.645 critical.

NOTE Confidence: 0.831066

00:31:34.980 --> 00:31:35.480 And

NOTE Confidence: 0.9984692

00:31:36.900 --> 00:31:37.780 that those have been some

NOTE Confidence: 0.9984692

00:31:37.780 --> 00:31:38.580 of the best and most

NOTE Confidence: 0.9984692

00:31:38.580 --> 00:31:39.640 reassuring conversations.

NOTE Confidence: 0.9206214

00:31:40.660 --> 00:31:41.559 There was one
NOTE Confidence: 0.9457042

00:31:42.020 --> 00:31:43.240 specialist that we saw.
NOTE Confidence: 0.9616661

00:31:43.620 --> 00:31:44.740 And, again, the some of
NOTE Confidence: 0.9616661

00:31:44.740 --> 00:31:45.860 this is a time thing,
NOTE Confidence: 0.9616661

00:31:45.860 --> 00:31:46.900 but he sat down with
NOTE Confidence: 0.9616661

00:31:46.900 --> 00:31:48.674 us for, like, thirty minutes
NOTE Confidence: 0.9616661

00:31:48.674 --> 00:31:50.054 and went through the genetics
NOTE Confidence: 0.9187679

00:31:50.595 --> 00:31:51.554 and ex and showed us
NOTE Confidence: 0.9187679

00:31:51.554 --> 00:31:52.934 exactly why it's ambiguous,
NOTE Confidence: 0.9933739

00:31:53.475 --> 00:31:54.375 why it's unclear,
NOTE Confidence: 0.9742232

00:31:55.075 --> 00:31:57.075 why why there's not a
NOTE Confidence: 0.9742232

00:31:57.075 --> 00:31:58.434 easy answer, why he can't
NOTE Confidence: 0.9742232

00:31:58.434 --> 00:31:59.794 give us a straightforward yes
NOTE Confidence: 0.9742232

00:31:59.794 --> 00:32:01.554 or no, or a straight
NOTE Confidence: 0.9742232

00:32:01.554 --> 00:32:02.775 number about something.
NOTE Confidence: 0.9844522

00:32:03.490 --> 00:32:05.010 And having that clarity, that

NOTE Confidence: 0.9844522
00:32:05.010 --> 00:32:06.049 literacy of being able to
NOTE Confidence: 0.9844522
00:32:06.049 --> 00:32:07.730 actually look at the genetics
NOTE Confidence: 0.9844522
00:32:07.730 --> 00:32:09.350 and understand why it's unclear,
NOTE Confidence: 0.9844522
00:32:09.490 --> 00:32:10.390 why it's uncertain,
NOTE Confidence: 0.9104802
00:32:11.330 --> 00:32:12.710 for me was really helpful
NOTE Confidence: 0.9104802
00:32:12.850 --> 00:32:13.970 rather than just,
NOTE Confidence: 0.93548054
00:32:14.610 --> 00:32:15.650 leaving a patient with a
NOTE Confidence: 0.93548054
00:32:15.650 --> 00:32:16.690 sense of we just don't
NOTE Confidence: 0.93548054
00:32:16.690 --> 00:32:18.070 know. Right? It's just uncertain.
NOTE Confidence: 0.982962
00:32:18.855 --> 00:32:20.055 So understanding the kind of
NOTE Confidence: 0.982962
00:32:20.055 --> 00:32:21.095 the why behind it has
NOTE Confidence: 0.982962
00:32:21.095 --> 00:32:22.135 always been really important to
NOTE Confidence: 0.982962
00:32:22.135 --> 00:32:24.135 me. And as putting on
NOTE Confidence: 0.982962
00:32:24.135 --> 00:32:25.975 your English professor hat for
NOTE Confidence: 0.982962
00:32:25.975 --> 00:32:27.595 a second, we also once
NOTE Confidence: 0.982962

00:32:27.815 --> 00:32:28.315 recently
NOTE Confidence: 0.9995115

00:32:28.615 --> 00:32:29.355 spoke about
NOTE Confidence: 0.99581903

00:32:29.895 --> 00:32:31.655 having different perceptions of the
NOTE Confidence: 0.99581903

00:32:31.655 --> 00:32:33.735 same conversation. Would you share
NOTE Confidence: 0.99581903

00:32:34.135 --> 00:32:35.890 Yes. Yes. Without naming names?
NOTE Confidence: 0.99581903

00:32:35.950 --> 00:32:36.450 Yes.
NOTE Confidence: 0.9604206

00:32:36.750 --> 00:32:38.429 So, I was I was
NOTE Confidence: 0.9604206

00:32:38.429 --> 00:32:40.270 talking to Randy earlier about,
NOTE Confidence: 0.99448955

00:32:40.910 --> 00:32:42.429 some interesting correspondence that I've
NOTE Confidence: 0.99448955

00:32:42.429 --> 00:32:43.890 had since publishing the book.
NOTE Confidence: 0.99366

00:32:45.150 --> 00:32:45.890 My daughter's
NOTE Confidence: 0.97706

00:32:46.350 --> 00:32:48.289 first, primary care physician
NOTE Confidence: 0.9949122

00:32:48.985 --> 00:32:49.485 retired,
NOTE Confidence: 0.99820465

00:32:49.945 --> 00:32:51.225 and moved back to France.
NOTE Confidence: 0.99820465

00:32:51.225 --> 00:32:52.184 She's French. She moved back
NOTE Confidence: 0.99820465

00:32:52.184 --> 00:32:52.845 to France.

NOTE Confidence: 0.98535657

00:32:53.225 --> 00:32:54.284 I did give identification

NOTE Confidence: 0.80283856

00:32:54.825 --> 00:32:56.365 information there. Probably the French.

NOTE Confidence: 0.80283856

00:32:56.585 --> 00:32:57.705 There's no Are there other

NOTE Confidence: 0.80283856

00:32:57.705 --> 00:32:59.085 French doctors? Yes.

NOTE Confidence: 0.9604557

00:32:59.945 --> 00:33:01.544 Anyway, she had retired. We'd

NOTE Confidence: 0.9604557

00:33:01.544 --> 00:33:03.225 lost touch, but she somehow

NOTE Confidence: 0.9604557

00:33:03.225 --> 00:33:04.524 ran across my book,

NOTE Confidence: 0.95392567

00:33:04.880 --> 00:33:06.240 read the book. She said

NOTE Confidence: 0.95392567

00:33:06.240 --> 00:33:07.280 she knew immediately from the

NOTE Confidence: 0.95392567

00:33:07.280 --> 00:33:08.320 description. She said, I knew

NOTE Confidence: 0.95392567

00:33:08.320 --> 00:33:09.060 it was you.

NOTE Confidence: 0.9911624

00:33:09.920 --> 00:33:10.880 And she read the book

NOTE Confidence: 0.9911624

00:33:10.880 --> 00:33:12.180 and reached out to me.

NOTE Confidence: 0.9989058

00:33:12.640 --> 00:33:13.140 And

NOTE Confidence: 0.98761785

00:33:13.440 --> 00:33:14.480 it was interesting because the

NOTE Confidence: 0.98761785

00:33:14.480 --> 00:33:15.680 scene that I was describing
NOTE Confidence: 0.98761785

00:33:15.680 --> 00:33:17.200 was the scene when I
NOTE Confidence: 0.98761785

00:33:17.200 --> 00:33:18.900 came in with my daughter
NOTE Confidence: 0.9802368

00:33:19.755 --> 00:33:21.195 having spent all night on
NOTE Confidence: 0.9802368

00:33:21.195 --> 00:33:21.695 WebMD.
NOTE Confidence: 0.97451633

00:33:22.075 --> 00:33:22.575 Sorry.
NOTE Confidence: 0.971356

00:33:22.955 --> 00:33:24.235 Sorry. Not sorry. I spent
NOTE Confidence: 0.971356

00:33:24.235 --> 00:33:25.215 all night on WebMD
NOTE Confidence: 0.9756346

00:33:25.515 --> 00:33:26.955 and became convinced that my
NOTE Confidence: 0.9756346

00:33:26.955 --> 00:33:27.935 daughter had diabetes,
NOTE Confidence: 0.96157044

00:33:28.315 --> 00:33:29.995 because she'd been peeing through
NOTE Confidence: 0.96157044

00:33:29.995 --> 00:33:31.435 her diaper. She was thirsty
NOTE Confidence: 0.96157044

00:33:31.435 --> 00:33:32.255 all the time.
NOTE Confidence: 0.90889066

00:33:32.635 --> 00:33:33.755 And I I just couldn't
NOTE Confidence: 0.90889066

00:33:33.755 --> 00:33:35.218 find another explanation in my
NOTE Confidence: 0.90889066

00:33:35.218 --> 00:33:36.361 head for it. And so

NOTE Confidence: 0.90889066

00:33:36.361 --> 00:33:36.870 I went to She was

NOTE Confidence: 0.90889066

00:33:36.870 --> 00:33:37.150 how old? She was only

NOTE Confidence: 0.90889066

00:33:37.150 --> 00:33:37.799 thirteen months. It was a

NOTE Confidence: 0.90889066

00:33:37.799 --> 00:33:38.403 month after her first birthday.

NOTE Confidence: 0.90889066

00:33:38.403 --> 00:33:39.309 So I knew enough from

NOTE Confidence: 0.90889066

00:33:39.309 --> 00:33:40.270 WebMD to know that these

NOTE Confidence: 0.90889066

00:33:40.270 --> 00:33:41.169 are symptoms, and

NOTE Confidence: 0.97116345

00:33:47.155 --> 00:33:47.955 I didn't know enough from

NOTE Confidence: 0.97116345

00:33:47.955 --> 00:33:49.495 Web WebMD to know how

NOTE Confidence: 0.97116345

00:33:49.715 --> 00:33:51.315 unbelievably rare you know, unusual

NOTE Confidence: 0.97116345

00:33:51.315 --> 00:33:51.955 it would be for a

NOTE Confidence: 0.97116345

00:33:51.955 --> 00:33:53.015 thirteen month old.

NOTE Confidence: 0.99305224

00:33:53.395 --> 00:33:54.275 So I went in kind

NOTE Confidence: 0.99305224

00:33:54.275 --> 00:33:55.655 of armed with some certainty

NOTE Confidence: 0.99305224

00:33:55.715 --> 00:33:57.155 and just not knowing other

NOTE Confidence: 0.99305224

00:33:57.155 --> 00:33:58.434 things. And in this case,
NOTE Confidence: 0.99305224

00:33:58.434 --> 00:33:59.395 the things I didn't know
NOTE Confidence: 0.99305224

00:33:59.395 --> 00:34:00.355 ended up being the things
NOTE Confidence: 0.99305224

00:34:00.355 --> 00:34:01.910 that made me wanna diagnose
NOTE Confidence: 0.99305224

00:34:01.910 --> 00:34:02.810 her with diabetes.
NOTE Confidence: 0.9901288

00:34:04.150 --> 00:34:05.210 So I went to the,
NOTE Confidence: 0.9285906

00:34:05.910 --> 00:34:07.590 my p the pediatrician, and
NOTE Confidence: 0.9285906

00:34:07.590 --> 00:34:09.190 I told her, that I
NOTE Confidence: 0.9285906

00:34:09.190 --> 00:34:10.550 thought I might have diabetes.
NOTE Confidence: 0.9285906

00:34:10.550 --> 00:34:11.270 I wanted her to get
NOTE Confidence: 0.9285906

00:34:11.270 --> 00:34:12.410 a diabetes check.
NOTE Confidence: 0.9986834

00:34:12.950 --> 00:34:13.450 And
NOTE Confidence: 0.9568317

00:34:13.805 --> 00:34:14.845 she in in her, you
NOTE Confidence: 0.9568317

00:34:14.845 --> 00:34:15.805 know, in her very sort
NOTE Confidence: 0.9568317

00:34:15.805 --> 00:34:17.425 of French manner, in my
NOTE Confidence: 0.9568317

00:34:17.485 --> 00:34:18.605 recollection, was sort of like,

NOTE Confidence: 0.9568317

00:34:18.605 --> 00:34:19.565 oh, you know, that's very

NOTE Confidence: 0.9568317

00:34:19.565 --> 00:34:21.165 unlikely. Very, very unlikely. I

NOTE Confidence: 0.9568317

00:34:21.165 --> 00:34:21.725 I always have to do

NOTE Confidence: 0.9568317

00:34:21.725 --> 00:34:22.364 it with, like, a weird

NOTE Confidence: 0.9568317

00:34:22.364 --> 00:34:23.105 French accent.

NOTE Confidence: 0.9652356

00:34:23.485 --> 00:34:24.864 She's, you know, very unlikely.

NOTE Confidence: 0.98827416

00:34:25.885 --> 00:34:27.090 But she did the test,

NOTE Confidence: 0.98827416

00:34:27.330 --> 00:34:28.690 and she came right back

NOTE Confidence: 0.98827416

00:34:28.690 --> 00:34:29.650 in and said, yes. She

NOTE Confidence: 0.98827416

00:34:29.650 --> 00:34:30.610 has diabetes. You have to

NOTE Confidence: 0.98827416

00:34:30.610 --> 00:34:31.489 go to the hospital. You

NOTE Confidence: 0.98827416

00:34:31.489 --> 00:34:31.969 have to go to the

NOTE Confidence: 0.98827416

00:34:31.969 --> 00:34:33.270 emergency room right now.

NOTE Confidence: 0.99781966

00:34:34.050 --> 00:34:34.550 And

NOTE Confidence: 0.9778778

00:34:35.090 --> 00:34:36.050 she emailed me and said,

NOTE Confidence: 0.9778778

00:34:36.050 --> 00:34:37.170 that's not how I remember
NOTE Confidence: 0.9778778

00:34:37.170 --> 00:34:37.910 that scene.
NOTE Confidence: 0.9660407

00:34:38.930 --> 00:34:40.370 And we didn't have chance
NOTE Confidence: 0.9660407

00:34:40.370 --> 00:34:41.810 to clarify exactly how she
NOTE Confidence: 0.9660407

00:34:41.810 --> 00:34:42.825 remembered the scene.
NOTE Confidence: 0.9787907

00:34:43.385 --> 00:34:44.505 But it is an interesting
NOTE Confidence: 0.9787907

00:34:44.505 --> 00:34:45.724 moment, right, where
NOTE Confidence: 0.95535123

00:34:47.224 --> 00:34:48.665 it absolutely in my mind
NOTE Confidence: 0.95535123

00:34:48.665 --> 00:34:50.185 happened that way, but that's
NOTE Confidence: 0.95535123

00:34:50.185 --> 00:34:51.864 not necessarily exactly how it
NOTE Confidence: 0.95535123

00:34:51.864 --> 00:34:52.844 happened. Right?
NOTE Confidence: 0.9855873

00:34:53.625 --> 00:34:54.744 The version in my head
NOTE Confidence: 0.9855873

00:34:54.744 --> 00:34:56.025 is the version that's driven
NOTE Confidence: 0.9855873

00:34:56.025 --> 00:34:57.565 by fear and anxiety
NOTE Confidence: 0.51490855

00:34:57.864 --> 00:34:58.364 and
NOTE Confidence: 0.89356184

00:34:58.800 --> 00:34:59.840 probably on some level wanting

NOTE Confidence: 0.89356184

00:34:59.840 --> 00:35:00.509 to be the hero of

NOTE Confidence: 0.89356184

00:35:00.509 --> 00:35:01.246 the story. Right? The mom

NOTE Confidence: 0.89356184

00:35:01.246 --> 00:35:01.983 who, like, figured it out.

NOTE Confidence: 0.89356184

00:35:02.130 --> 00:35:03.040 And that doesn't mean that

NOTE Confidence: 0.89356184

00:35:03.040 --> 00:35:04.340 that's not true,

NOTE Confidence: 0.9689029

00:35:05.680 --> 00:35:06.719 that that's not how the

NOTE Confidence: 0.9689029

00:35:06.719 --> 00:35:08.080 scene played out in my

NOTE Confidence: 0.9689029

00:35:08.080 --> 00:35:09.040 mind, but I also can

NOTE Confidence: 0.9689029

00:35:09.040 --> 00:35:10.080 recognize that she was coming

NOTE Confidence: 0.9689029

00:35:10.080 --> 00:35:11.280 at it with a really

NOTE Confidence: 0.9689029

00:35:11.280 --> 00:35:11.780 different

NOTE Confidence: 0.9830937

00:35:14.875 --> 00:35:16.555 different emotional state, a different

NOTE Confidence: 0.9830937

00:35:16.715 --> 00:35:18.155 probably not nearly as hyped

NOTE Confidence: 0.9830937

00:35:18.155 --> 00:35:19.055 up as I was.

NOTE Confidence: 0.9687324

00:35:19.594 --> 00:35:20.635 She was coming at that

NOTE Confidence: 0.9687324

00:35:20.635 --> 00:35:21.594 from a really different set
NOTE Confidence: 0.9687324

00:35:21.594 --> 00:35:22.335 of experiences.
NOTE Confidence: 0.97702366

00:35:24.155 --> 00:35:24.655 So
NOTE Confidence: 0.9620398

00:35:25.435 --> 00:35:26.475 when you're writing a memoir,
NOTE Confidence: 0.9620398

00:35:26.475 --> 00:35:27.675 when you're recollecting an event,
NOTE Confidence: 0.9620398

00:35:27.675 --> 00:35:29.055 when you have these interactions
NOTE Confidence: 0.9620398

00:35:29.114 --> 00:35:29.855 with physicians,
NOTE Confidence: 0.7647025

00:35:30.155 --> 00:35:30.630 yeah.
NOTE Confidence: 0.99313635

00:35:31.829 --> 00:35:33.589 There is the sense that
NOTE Confidence: 0.99313635

00:35:33.589 --> 00:35:34.630 two people can come at
NOTE Confidence: 0.99313635

00:35:34.630 --> 00:35:35.609 the exact same
NOTE Confidence: 0.93652815

00:35:36.069 --> 00:35:37.670 scene and be coming from
NOTE Confidence: 0.93652815

00:35:37.670 --> 00:35:39.509 completely different perspectives and actually
NOTE Confidence: 0.93652815

00:35:39.509 --> 00:35:41.029 walk away with a different
NOTE Confidence: 0.93652815

00:35:41.109 --> 00:35:42.469 an entirely different memory of
NOTE Confidence: 0.93652815

00:35:42.469 --> 00:35:43.450 how something happened.

NOTE Confidence: 0.96291935
00:35:45.015 --> 00:35:46.295 I don't know exactly because
NOTE Confidence: 0.96291935
00:35:46.295 --> 00:35:47.094 we it was all over
NOTE Confidence: 0.96291935
00:35:47.094 --> 00:35:48.375 email, and she she didn't
NOTE Confidence: 0.96291935
00:35:48.375 --> 00:35:50.295 elaborate completely. But I think
NOTE Confidence: 0.96291935
00:35:50.295 --> 00:35:52.055 that she what she explained
NOTE Confidence: 0.96291935
00:35:52.055 --> 00:35:53.575 was that she doesn't remember
NOTE Confidence: 0.96291935
00:35:53.575 --> 00:35:55.194 being resistant to the
NOTE Confidence: 0.9969036
00:35:55.815 --> 00:35:56.934 the idea that it was
NOTE Confidence: 0.9969036
00:35:56.934 --> 00:35:57.434 diabetes.
NOTE Confidence: 0.9987409
00:35:57.815 --> 00:35:58.315 Yeah.
NOTE Confidence: 0.9952519
00:35:58.930 --> 00:36:00.290 So she and she also
NOTE Confidence: 0.9952519
00:36:00.290 --> 00:36:00.790 said,
NOTE Confidence: 0.9776409
00:36:01.090 --> 00:36:02.930 but I recognize that, like,
NOTE Confidence: 0.9776409
00:36:02.930 --> 00:36:04.610 I might not be remembering
NOTE Confidence: 0.9776409
00:36:04.610 --> 00:36:05.330 it the same way that
NOTE Confidence: 0.9776409

00:36:05.330 --> 00:36:06.450 you are. So we kind
NOTE Confidence: 0.9776409

00:36:06.450 --> 00:36:07.489 of we agreed we agreed
NOTE Confidence: 0.9776409

00:36:07.489 --> 00:36:08.370 that we were coming at
NOTE Confidence: 0.9776409

00:36:08.370 --> 00:36:09.430 it from different directions.
NOTE Confidence: 0.97053355

00:36:10.050 --> 00:36:11.410 But she didn't remember it
NOTE Confidence: 0.97053355

00:36:11.410 --> 00:36:11.810 as,
NOTE Confidence: 0.99902415

00:36:12.690 --> 00:36:13.989 she doesn't remember coming
NOTE Confidence: 0.9880106

00:36:14.415 --> 00:36:16.015 into that scene from a
NOTE Confidence: 0.9880106

00:36:16.015 --> 00:36:16.575 sense of,
NOTE Confidence: 0.9885325

00:36:18.094 --> 00:36:18.175 of,
NOTE Confidence: 0.99667686

00:36:18.895 --> 00:36:20.275 dubiousness or doubt.
NOTE Confidence: 0.9986259

00:36:21.135 --> 00:36:22.255 Mhmm. But that's how I
NOTE Confidence: 0.9986259

00:36:22.255 --> 00:36:23.235 remembered it.
NOTE Confidence: 0.9491482

00:36:24.495 --> 00:36:24.995 Mhmm.
NOTE Confidence: 0.9757276

00:36:26.094 --> 00:36:27.455 Okay. So I think, we've
NOTE Confidence: 0.9757276

00:36:27.455 --> 00:36:29.180 talked enough just among ourselves.

NOTE Confidence: 0.9757276

00:36:29.180 --> 00:36:29.680 Let's

NOTE Confidence: 0.9589661

00:36:30.299 --> 00:36:32.640 hear from you. Questions, comments.

NOTE Confidence: 0.9589661

00:36:32.780 --> 00:36:33.900 Even if you haven't read

NOTE Confidence: 0.9589661

00:36:33.900 --> 00:36:35.839 the book, please feel free

NOTE Confidence: 0.9589661

00:36:35.980 --> 00:36:37.579 to ask a question about

NOTE Confidence: 0.9589661

00:36:37.579 --> 00:36:38.940 the writing process or the

NOTE Confidence: 0.97463936

00:36:51.434 --> 00:36:52.394 So this is this is

NOTE Confidence: 0.97463936

00:36:52.394 --> 00:36:53.755 more of a functional question

NOTE Confidence: 0.97463936

00:36:53.755 --> 00:36:56.494 than a in-depth psychological question,

NOTE Confidence: 0.97463936

00:36:56.555 --> 00:36:57.594 but maybe it'll help to

NOTE Confidence: 0.97463936

00:36:57.594 --> 00:36:58.809 get get things going. I'm

NOTE Confidence: 0.97463936

00:36:58.809 --> 00:36:59.549 just curious.

NOTE Confidence: 0.9858593

00:37:00.410 --> 00:37:01.450 You you had written a

NOTE Confidence: 0.9858593

00:37:01.450 --> 00:37:02.190 book before,

NOTE Confidence: 0.9686147

00:37:02.489 --> 00:37:03.770 so you had interacted with

NOTE Confidence: 0.9686147

00:37:03.770 --> 00:37:04.430 a publisher.
NOTE Confidence: 0.9866497

00:37:05.049 --> 00:37:06.410 But my guess is that
NOTE Confidence: 0.9866497

00:37:06.410 --> 00:37:07.609 maybe it was a different
NOTE Confidence: 0.9866497

00:37:07.609 --> 00:37:09.369 publisher for this book. And
NOTE Confidence: 0.9866497

00:37:09.369 --> 00:37:11.289 so just maybe to hear
NOTE Confidence: 0.9866497

00:37:11.289 --> 00:37:12.750 about how you decided
NOTE Confidence: 0.97328794

00:37:13.235 --> 00:37:14.114 when you were ready to
NOTE Confidence: 0.97328794

00:37:14.114 --> 00:37:15.235 talk to someone and how
NOTE Confidence: 0.97328794

00:37:15.235 --> 00:37:16.515 you figured out who to
NOTE Confidence: 0.97328794

00:37:16.515 --> 00:37:18.195 talk to and just sort
NOTE Confidence: 0.97328794

00:37:18.195 --> 00:37:19.315 of the functional pieces I
NOTE Confidence: 0.97328794

00:37:19.315 --> 00:37:20.195 think would be helpful for
NOTE Confidence: 0.97328794

00:37:20.195 --> 00:37:21.655 people to hear. Absolutely.
NOTE Confidence: 0.9829195

00:37:22.355 --> 00:37:23.795 So my first book was
NOTE Confidence: 0.9829195

00:37:23.795 --> 00:37:25.395 very much an academic book.
NOTE Confidence: 0.9829195

00:37:25.555 --> 00:37:26.435 It was a book that

NOTE Confidence: 0.9829195

00:37:26.435 --> 00:37:27.715 I it started as my

NOTE Confidence: 0.9829195

00:37:27.715 --> 00:37:28.215 dissertation,

NOTE Confidence: 0.9905047

00:37:28.710 --> 00:37:30.070 and then it became, an

NOTE Confidence: 0.9905047

00:37:30.070 --> 00:37:31.589 academic monograph. I published it

NOTE Confidence: 0.9905047

00:37:31.589 --> 00:37:33.210 with Oxford University Press.

NOTE Confidence: 0.9878236

00:37:33.830 --> 00:37:35.589 And so for academic books

NOTE Confidence: 0.9878236

00:37:35.589 --> 00:37:37.190 like that, it you send

NOTE Confidence: 0.9878236

00:37:37.190 --> 00:37:38.410 it straight to the publisher,

NOTE Confidence: 0.99189

00:37:38.790 --> 00:37:39.530 to the editor.

NOTE Confidence: 0.99744844

00:37:39.989 --> 00:37:41.290 It goes through peer review.

NOTE Confidence: 0.9773351

00:37:41.765 --> 00:37:43.625 It's incredibly long process.

NOTE Confidence: 0.9836174

00:37:44.565 --> 00:37:46.165 The you know, you get

NOTE Confidence: 0.9836174

00:37:46.165 --> 00:37:47.685 peer reviews back. You have

NOTE Confidence: 0.9836174

00:37:47.685 --> 00:37:49.285 to edit it, address the

NOTE Confidence: 0.9836174

00:37:49.285 --> 00:37:51.125 the queries, and then, it

NOTE Confidence: 0.9836174

00:37:51.125 --> 00:37:52.965 goes into print. So, overall,

NOTE Confidence: 0.9836174

00:37:52.965 --> 00:37:54.105 you know, it was probably

NOTE Confidence: 0.97819585

00:37:54.660 --> 00:37:56.119 two years between,

NOTE Confidence: 0.9797856

00:37:56.819 --> 00:37:58.980 submit submission and publishing for

NOTE Confidence: 0.9797856

00:37:58.980 --> 00:37:59.559 that book.

NOTE Confidence: 0.9620381

00:38:00.260 --> 00:38:01.380 And I knew that for

NOTE Confidence: 0.9620381

00:38:01.380 --> 00:38:02.579 this, I did not want

NOTE Confidence: 0.9620381

00:38:02.579 --> 00:38:03.539 to do that. I wanted

NOTE Confidence: 0.9620381

00:38:03.539 --> 00:38:05.059 it, it felt like especially

NOTE Confidence: 0.9620381

00:38:05.059 --> 00:38:06.020 someone thinks I was talking

NOTE Confidence: 0.9620381

00:38:06.020 --> 00:38:06.920 about with technology,

NOTE Confidence: 0.9878384

00:38:07.425 --> 00:38:08.305 felt like they there was

NOTE Confidence: 0.9878384

00:38:08.305 --> 00:38:09.985 a more urgency there. It

NOTE Confidence: 0.9878384

00:38:09.985 --> 00:38:10.945 felt like there was a

NOTE Confidence: 0.9878384

00:38:10.945 --> 00:38:11.605 a timeliness,

NOTE Confidence: 0.96938187

00:38:12.065 --> 00:38:13.344 to the book, and I

NOTE Confidence: 0.96938187
00:38:13.344 --> 00:38:14.645 also wanted it to,
NOTE Confidence: 0.990445
00:38:15.265 --> 00:38:17.025 have a wider distribution than
NOTE Confidence: 0.990445
00:38:17.025 --> 00:38:18.565 a university press book.
NOTE Confidence: 0.99695265
00:38:19.105 --> 00:38:20.625 So, for this book, I
NOTE Confidence: 0.99695265
00:38:20.625 --> 00:38:22.180 kinda had to totally learn
NOTE Confidence: 0.99695265
00:38:22.180 --> 00:38:24.040 everything from scratch, because
NOTE Confidence: 0.9123922
00:38:24.500 --> 00:38:25.620 it is really a different
NOTE Confidence: 0.9123922
00:38:25.620 --> 00:38:26.120 process.
NOTE Confidence: 0.9781917
00:38:26.420 --> 00:38:27.300 You have to find an
NOTE Confidence: 0.9781917
00:38:27.300 --> 00:38:27.800 agent.
NOTE Confidence: 0.9900571
00:38:28.500 --> 00:38:29.880 You have to query agents,
NOTE Confidence: 0.9900571
00:38:30.180 --> 00:38:31.460 and then the agent sends
NOTE Confidence: 0.9900571
00:38:31.460 --> 00:38:32.440 it to a publisher.
NOTE Confidence: 0.967464
00:38:34.020 --> 00:38:34.520 So
NOTE Confidence: 0.99863523
00:38:35.155 --> 00:38:36.275 as far as the the
NOTE Confidence: 0.99863523

00:38:36.275 --> 00:38:37.235 process goes,
NOTE Confidence: 0.9951404

00:38:37.555 --> 00:38:38.675 I did a lot of
NOTE Confidence: 0.9951404

00:38:38.675 --> 00:38:40.515 talking to, I I was
NOTE Confidence: 0.9951404

00:38:40.515 --> 00:38:41.315 lucky to have a really
NOTE Confidence: 0.9951404

00:38:41.315 --> 00:38:42.695 great network of friends,
NOTE Confidence: 0.9980713

00:38:43.155 --> 00:38:44.855 former graduate student friends,
NOTE Confidence: 0.94825286

00:38:45.635 --> 00:38:47.255 colleagues, people who had published
NOTE Confidence: 0.94825286

00:38:47.315 --> 00:38:47.795 books,
NOTE Confidence: 0.96820664

00:38:48.195 --> 00:38:49.495 trade books like this.
NOTE Confidence: 0.99945575

00:38:49.875 --> 00:38:50.695 And I just
NOTE Confidence: 0.9807754

00:38:51.210 --> 00:38:52.570 talked I just, you know,
NOTE Confidence: 0.9807754

00:38:52.570 --> 00:38:54.010 called and emailed everybody that
NOTE Confidence: 0.9807754

00:38:54.010 --> 00:38:54.670 I knew,
NOTE Confidence: 0.9859468

00:38:55.050 --> 00:38:55.930 who had a book that
NOTE Confidence: 0.9859468

00:38:55.930 --> 00:38:57.390 I'd been excited about,
NOTE Confidence: 0.99569154

00:38:58.250 --> 00:38:59.290 and just asked for their

NOTE Confidence: 0.99569154
00:38:59.290 --> 00:38:59.770 advice.
NOTE Confidence: 0.9841268
00:39:00.170 --> 00:39:00.810 So I got a lot
NOTE Confidence: 0.9841268
00:39:00.810 --> 00:39:02.250 of advice from friends and
NOTE Confidence: 0.9841268
00:39:02.250 --> 00:39:02.650 kind of,
NOTE Confidence: 0.98881423
00:39:03.444 --> 00:39:04.484 relied a lot on that.
NOTE Confidence: 0.98881423
00:39:04.484 --> 00:39:06.005 So the agent who I
NOTE Confidence: 0.98881423
00:39:06.005 --> 00:39:06.905 ended up finding,
NOTE Confidence: 0.9692108
00:39:07.844 --> 00:39:09.444 was through a similar agency
NOTE Confidence: 0.9692108
00:39:09.444 --> 00:39:10.405 to someone I knew who
NOTE Confidence: 0.9692108
00:39:10.405 --> 00:39:12.164 had recommended this agency, and
NOTE Confidence: 0.9692108
00:39:12.164 --> 00:39:13.545 I queried this agent.
NOTE Confidence: 0.99948657
00:39:13.844 --> 00:39:14.984 And she was really
NOTE Confidence: 0.9534271
00:39:15.525 --> 00:39:16.724 one of the things with
NOTE Confidence: 0.9534271
00:39:16.724 --> 00:39:18.600 querying agents is that it's
NOTE Confidence: 0.9534271
00:39:18.600 --> 00:39:19.640 kind of like a match
NOTE Confidence: 0.9009131

00:39:20.040 --> 00:39:21.160 speaking of medical students, it's
NOTE Confidence: 0.9009131

00:39:21.160 --> 00:39:22.200 kinda like match. You know?
NOTE Confidence: 0.9009131

00:39:22.200 --> 00:39:23.400 Like, they're looking for something
NOTE Confidence: 0.9009131

00:39:23.400 --> 00:39:24.780 and you're looking for something.
NOTE Confidence: 0.9662506

00:39:25.640 --> 00:39:27.420 And I happen to find
NOTE Confidence: 0.9662506

00:39:27.560 --> 00:39:29.000 a agent who was really
NOTE Confidence: 0.9662506

00:39:29.000 --> 00:39:30.200 looking for a book. She
NOTE Confidence: 0.9662506

00:39:30.200 --> 00:39:31.800 herself was a mother with
NOTE Confidence: 0.9662506

00:39:31.800 --> 00:39:33.255 young children. She was really
NOTE Confidence: 0.9662506

00:39:33.255 --> 00:39:34.295 looking at a book that
NOTE Confidence: 0.9662506

00:39:34.295 --> 00:39:35.674 she felt like spoke to
NOTE Confidence: 0.98591095

00:39:35.974 --> 00:39:37.174 this current moment that we're
NOTE Confidence: 0.98591095

00:39:37.174 --> 00:39:38.775 living in, and kind of
NOTE Confidence: 0.98591095

00:39:38.775 --> 00:39:39.734 some of the challenges of
NOTE Confidence: 0.98591095

00:39:39.734 --> 00:39:40.714 parenting today.
NOTE Confidence: 0.9969321

00:39:41.015 --> 00:39:42.214 And the book resonated with

NOTE Confidence: 0.9969321
00:39:42.214 --> 00:39:42.714 her.
NOTE Confidence: 0.96239614
00:39:43.414 --> 00:39:44.375 I think it also helped
NOTE Confidence: 0.96239614
00:39:44.375 --> 00:39:45.335 that she happens to have
NOTE Confidence: 0.96239614
00:39:45.335 --> 00:39:46.290 a father who's a professor
NOTE Confidence: 0.96239614
00:39:46.850 --> 00:39:48.450 technology studies. And so there
NOTE Confidence: 0.96239614
00:39:48.450 --> 00:39:49.330 was, like, this, I think,
NOTE Confidence: 0.96239614
00:39:49.330 --> 00:39:50.690 this intuitive understanding of the
NOTE Confidence: 0.96239614
00:39:50.690 --> 00:39:51.410 book and what it was
NOTE Confidence: 0.96239614
00:39:51.410 --> 00:39:52.310 trying to do.
NOTE Confidence: 0.95353717
00:39:53.730 --> 00:39:54.710 And then similarly,
NOTE Confidence: 0.94796765
00:39:55.730 --> 00:39:56.690 the agent sent it out
NOTE Confidence: 0.94796765
00:39:56.690 --> 00:39:57.510 to publishers.
NOTE Confidence: 0.9695228
00:39:58.210 --> 00:39:58.710 And,
NOTE Confidence: 0.9969571
00:39:59.545 --> 00:40:00.745 again, it landed on the
NOTE Confidence: 0.9969571
00:40:00.745 --> 00:40:03.165 desk of, an editor who
NOTE Confidence: 0.99400234

00:40:03.625 --> 00:40:05.305 was also a parent, and
NOTE Confidence: 0.99400234

00:40:05.305 --> 00:40:06.505 I think it it resonated
NOTE Confidence: 0.99400234

00:40:06.505 --> 00:40:08.025 in a similar way. So
NOTE Confidence: 0.99400234

00:40:08.025 --> 00:40:09.385 I think that that having
NOTE Confidence: 0.99400234

00:40:09.385 --> 00:40:11.065 those just finding it on
NOTE Confidence: 0.99400234

00:40:11.065 --> 00:40:11.945 the right desk at the
NOTE Confidence: 0.99400234

00:40:11.945 --> 00:40:12.905 right time, I think, was
NOTE Confidence: 0.99400234

00:40:12.905 --> 00:40:14.125 a huge part of it.
NOTE Confidence: 0.52355546

00:40:14.750 --> 00:40:15.650 On the page?
NOTE Confidence: 0.997951

00:40:17.469 --> 00:40:18.510 Oh, yeah. That's that's a
NOTE Confidence: 0.997951

00:40:18.510 --> 00:40:19.950 good question. So for this
NOTE Confidence: 0.997951

00:40:19.950 --> 00:40:20.450 book,
NOTE Confidence: 0.9302727

00:40:21.230 --> 00:40:22.349 unlike my first book where
NOTE Confidence: 0.9302727

00:40:22.349 --> 00:40:23.230 I wrote the whole thing
NOTE Confidence: 0.9302727

00:40:23.230 --> 00:40:24.910 and edited it edited it,
NOTE Confidence: 0.9302727

00:40:24.910 --> 00:40:25.869 this book I actually had

NOTE Confidence: 0.9302727

00:40:25.869 --> 00:40:27.315 written I sent the editor,

NOTE Confidence: 0.9302727

00:40:27.395 --> 00:40:28.295 the agents,

NOTE Confidence: 0.99382097

00:40:29.234 --> 00:40:31.255 a proposal and three chapters.

NOTE Confidence: 0.9921106

00:40:32.114 --> 00:40:32.994 So it was a proposal

NOTE Confidence: 0.9921106

00:40:32.994 --> 00:40:34.114 and three chapters that I

NOTE Confidence: 0.9921106

00:40:34.114 --> 00:40:35.635 sent. And then once it

NOTE Confidence: 0.9921106

00:40:35.635 --> 00:40:36.915 was accepted, I still was

NOTE Confidence: 0.9921106

00:40:36.915 --> 00:40:37.954 very much in the process

NOTE Confidence: 0.9921106

00:40:37.954 --> 00:40:38.935 of writing it.

NOTE Confidence: 0.98794013

00:40:40.590 --> 00:40:41.630 And sort of an interesting

NOTE Confidence: 0.98794013

00:40:41.630 --> 00:40:42.430 thing happened as I was

NOTE Confidence: 0.98794013

00:40:42.430 --> 00:40:43.470 writing where, like, time kind

NOTE Confidence: 0.98794013

00:40:43.470 --> 00:40:44.610 of caught up with me.

NOTE Confidence: 0.97471476

00:40:45.070 --> 00:40:46.030 So I was writing it

NOTE Confidence: 0.97471476

00:40:46.030 --> 00:40:47.330 and, like, things were happening.

NOTE Confidence: 0.97681844

00:40:48.190 --> 00:40:49.390 And, actually, the chapter I
NOTE Confidence: 0.97681844

00:40:49.390 --> 00:40:51.170 wrote about cochlear implants was
NOTE Confidence: 0.9700237

00:40:51.470 --> 00:40:52.670 almost written in real time
NOTE Confidence: 0.9700237

00:40:52.670 --> 00:40:53.710 where I was, like, deciding
NOTE Confidence: 0.9700237

00:40:53.710 --> 00:40:54.285 whether or not,
NOTE Confidence: 0.995335

00:40:55.005 --> 00:40:56.364 we should get cochlear implants,
NOTE Confidence: 0.995335

00:40:56.684 --> 00:40:57.505 for my daughter.
NOTE Confidence: 0.99105316

00:40:57.885 --> 00:40:58.645 And at the same time,
NOTE Confidence: 0.99105316

00:40:58.645 --> 00:40:59.885 I was, like, writing it,
NOTE Confidence: 0.99105316

00:41:00.204 --> 00:41:01.325 almost, like, in real time
NOTE Confidence: 0.99105316

00:41:01.325 --> 00:41:02.285 as I was grappling with
NOTE Confidence: 0.99105316

00:41:02.285 --> 00:41:02.944 that decision.
NOTE Confidence: 0.94703615

00:41:03.405 --> 00:41:03.724 So,
NOTE Confidence: 0.98106915

00:41:04.605 --> 00:41:06.045 it it is very different
NOTE Confidence: 0.98106915

00:41:06.045 --> 00:41:07.244 in terms of timeliness than
NOTE Confidence: 0.98106915

00:41:07.244 --> 00:41:08.204 my experience of the first

NOTE Confidence: 0.98106915

00:41:08.204 --> 00:41:08.910 book where everyone

NOTE Confidence: 0.99127406

00:41:10.910 --> 00:41:10.954 was, like, long dead by

NOTE Confidence: 0.99127406

00:41:10.954 --> 00:41:11.309 the time I I wrote

NOTE Confidence: 0.99127406

00:41:11.309 --> 00:41:11.809 about

NOTE Confidence: 0.9228406

00:41:12.270 --> 00:41:13.950 them. And then to add

NOTE Confidence: 0.9228406

00:41:13.950 --> 00:41:15.469 to it Mhmm. You actually

NOTE Confidence: 0.9228406

00:41:15.469 --> 00:41:16.829 get a child in real

NOTE Confidence: 0.9228406

00:41:16.829 --> 00:41:18.609 life as you're actually

NOTE Confidence: 0.968382

00:41:18.910 --> 00:41:20.829 typing. Yes. So yeah. Like,

NOTE Confidence: 0.968382

00:41:20.829 --> 00:41:22.130 you're like and you were

NOTE Confidence: 0.91141826

00:41:22.734 --> 00:41:24.094 having to deal with all

NOTE Confidence: 0.91141826

00:41:24.094 --> 00:41:25.695 of her medical issues at

NOTE Confidence: 0.91141826

00:41:25.695 --> 00:41:26.734 the same time as all

NOTE Confidence: 0.91141826

00:41:26.734 --> 00:41:27.775 that. Yes. If the book

NOTE Confidence: 0.91141826

00:41:27.775 --> 00:41:28.815 feels if if if I

NOTE Confidence: 0.91141826

00:41:28.815 --> 00:41:29.935 if I if the book
NOTE Confidence: 0.91141826

00:41:29.935 --> 00:41:31.295 feels like it's it's written
NOTE Confidence: 0.91141826

00:41:31.295 --> 00:41:32.755 in the anxiety of stressfulness.
NOTE Confidence: 0.9540585

00:41:33.214 --> 00:41:34.415 Yeah. So all that was
NOTE Confidence: 0.9540585

00:41:34.415 --> 00:41:35.295 kinda going on as I
NOTE Confidence: 0.9540585

00:41:35.295 --> 00:41:36.255 was writing it. And other
NOTE Confidence: 0.9540585

00:41:36.255 --> 00:41:37.214 things were happening.
NOTE Confidence: 0.9550551

00:41:37.830 --> 00:41:38.950 You know, like, for instance,
NOTE Confidence: 0.9550551

00:41:38.950 --> 00:41:40.250 I wrote the first chapter,
NOTE Confidence: 0.9550551

00:41:40.469 --> 00:41:41.430 the chapter about,
NOTE Confidence: 0.99050456

00:41:42.070 --> 00:41:43.050 terminating a pregnancy
NOTE Confidence: 0.9970704

00:41:43.350 --> 00:41:44.810 after medical diagnosis.
NOTE Confidence: 0.9737294

00:41:45.510 --> 00:41:46.710 I wrote that chapter before
NOTE Confidence: 0.9737294

00:41:46.710 --> 00:41:47.690 the Dobbs decision,
NOTE Confidence: 0.95899475

00:41:48.310 --> 00:41:50.230 submitted that inquiry. The Dobbs
NOTE Confidence: 0.95899475

00:41:50.230 --> 00:41:51.210 decision happened,

NOTE Confidence: 0.95948386

00:41:52.325 --> 00:41:53.765 and my later chapters, you

NOTE Confidence: 0.95948386

00:41:53.765 --> 00:41:54.645 know, I was kind of

NOTE Confidence: 0.95948386

00:41:54.645 --> 00:41:55.625 grappling with

NOTE Confidence: 0.9869637

00:41:56.085 --> 00:41:57.605 with writing having written a

NOTE Confidence: 0.9869637

00:41:57.605 --> 00:41:59.364 chapter about termination for medical

NOTE Confidence: 0.9869637

00:41:59.364 --> 00:42:01.364 reasons before the Dobbs decision

NOTE Confidence: 0.9869637

00:42:01.364 --> 00:42:02.565 and finishing a book after

NOTE Confidence: 0.9869637

00:42:02.565 --> 00:42:04.085 the Dobbs decision. So some

NOTE Confidence: 0.9869637

00:42:04.085 --> 00:42:05.204 of those things were happening

NOTE Confidence: 0.9869637

00:42:05.204 --> 00:42:06.244 kind of in in real

NOTE Confidence: 0.9869637

00:42:06.244 --> 00:42:06.744 time.

NOTE Confidence: 0.73849946

00:42:11.420 --> 00:42:12.860 Hi, Nathan. Hi. Hey. I

NOTE Confidence: 0.73849946

00:42:12.860 --> 00:42:13.520 know Lisa.

NOTE Confidence: 0.91338277

00:42:14.380 --> 00:42:16.219 I'm I'm a disenchanting English

NOTE Confidence: 0.91338277

00:42:16.219 --> 00:42:18.400 PhD student. Good. Awesome.

NOTE Confidence: 0.99891025

00:42:19.020 --> 00:42:20.219 And I know you mentioned
NOTE Confidence: 0.99891025

00:42:20.219 --> 00:42:21.435 a little bit earlier about
NOTE Confidence: 0.98984426

00:42:21.915 --> 00:42:23.275 sort of this remapping your
NOTE Confidence: 0.98984426

00:42:23.275 --> 00:42:24.895 understanding of what the humanities
NOTE Confidence: 0.98984426

00:42:25.035 --> 00:42:25.775 can do.
NOTE Confidence: 0.9848684

00:42:26.555 --> 00:42:27.755 And I would imagine that's
NOTE Confidence: 0.9848684

00:42:27.755 --> 00:42:28.955 also true on the flip
NOTE Confidence: 0.9848684

00:42:28.955 --> 00:42:30.235 side of publishing a book
NOTE Confidence: 0.9848684

00:42:30.235 --> 00:42:31.515 in both places. And I
NOTE Confidence: 0.9848684

00:42:31.515 --> 00:42:32.315 was just wondering if you
NOTE Confidence: 0.9848684

00:42:32.315 --> 00:42:33.195 could say a little bit
NOTE Confidence: 0.9848684

00:42:33.195 --> 00:42:34.790 more about where you are
NOTE Confidence: 0.9848684

00:42:34.790 --> 00:42:35.910 now and that sort of
NOTE Confidence: 0.9848684

00:42:35.910 --> 00:42:36.410 thinking.
NOTE Confidence: 0.98970896

00:42:36.710 --> 00:42:37.370 Oh, yeah.
NOTE Confidence: 0.9649879

00:42:37.989 --> 00:42:39.450 Still lost in it.

NOTE Confidence: 0.9966831

00:42:40.870 --> 00:42:41.989 So before I wrote the

NOTE Confidence: 0.9966831

00:42:41.989 --> 00:42:42.390 book,

NOTE Confidence: 0.9701982

00:42:43.030 --> 00:42:43.910 one of one of the

NOTE Confidence: 0.9701982

00:42:43.910 --> 00:42:44.790 positions that I had is

NOTE Confidence: 0.9701982

00:42:44.790 --> 00:42:45.670 I was director of a

NOTE Confidence: 0.9701982

00:42:45.670 --> 00:42:46.810 humanities center.

NOTE Confidence: 0.9989269

00:42:47.265 --> 00:42:48.545 So I was thinking a

NOTE Confidence: 0.9989269

00:42:48.545 --> 00:42:49.924 lot about, you

NOTE Confidence: 0.9519097

00:42:50.385 --> 00:42:51.424 know, what what is this

NOTE Confidence: 0.9519097

00:42:51.424 --> 00:42:52.625 for? What is especially in

NOTE Confidence: 0.9519097

00:42:52.625 --> 00:42:53.844 a, you know, an era

NOTE Confidence: 0.9731973

00:42:54.145 --> 00:42:56.464 of sometimes dwindling majors. Right?

NOTE Confidence: 0.91214824

00:42:57.265 --> 00:42:58.805 Job market, precarity.

NOTE Confidence: 0.9201569

00:42:59.105 --> 00:43:00.625 Right? It it a feeling

NOTE Confidence: 0.9201569

00:43:00.625 --> 00:43:01.844 that, the humanities,

NOTE Confidence: 0.95473963

00:43:02.440 --> 00:43:03.320 there you know, there's a
NOTE Confidence: 0.95473963

00:43:03.320 --> 00:43:04.520 million think pieces out there
NOTE Confidence: 0.95473963

00:43:04.520 --> 00:43:05.739 about death of the humanities.
NOTE Confidence: 0.95473963

00:43:05.880 --> 00:43:06.680 The fact that, you know,
NOTE Confidence: 0.95473963

00:43:06.680 --> 00:43:07.880 enrollments are down. The fact
NOTE Confidence: 0.95473963

00:43:07.880 --> 00:43:08.920 that students don't read as
NOTE Confidence: 0.95473963

00:43:08.920 --> 00:43:09.880 much as they used to.
NOTE Confidence: 0.95473963

00:43:09.880 --> 00:43:10.600 That there's a,
NOTE Confidence: 0.9922528

00:43:11.320 --> 00:43:13.239 anxiety about sort of, people
NOTE Confidence: 0.9922528

00:43:13.239 --> 00:43:13.739 feeling,
NOTE Confidence: 0.9922641

00:43:14.280 --> 00:43:15.320 that this is less vital
NOTE Confidence: 0.9922641

00:43:15.320 --> 00:43:16.620 or important in their lives,
NOTE Confidence: 0.99200225

00:43:17.125 --> 00:43:17.864 the humanities.
NOTE Confidence: 0.9983795

00:43:18.565 --> 00:43:19.945 And so I think that
NOTE Confidence: 0.99878955

00:43:20.405 --> 00:43:21.385 that abstract
NOTE Confidence: 0.9794665

00:43:21.685 --> 00:43:22.965 conversation that I've been having

NOTE Confidence: 0.9794665
00:43:22.965 --> 00:43:24.165 at the humanities center that
NOTE Confidence: 0.9794665
00:43:24.165 --> 00:43:25.605 I worked at was made
NOTE Confidence: 0.9794665
00:43:25.605 --> 00:43:27.285 more concrete when I actually,
NOTE Confidence: 0.9794665
00:43:27.285 --> 00:43:28.425 like, lost my job
NOTE Confidence: 0.9644635
00:43:28.900 --> 00:43:29.619 and when I was actually
NOTE Confidence: 0.9644635
00:43:29.619 --> 00:43:30.580 out of work. And when
NOTE Confidence: 0.9644635
00:43:30.580 --> 00:43:31.780 I was thinking about, well,
NOTE Confidence: 0.9644635
00:43:31.780 --> 00:43:32.900 what did the humanities mean
NOTE Confidence: 0.9644635
00:43:32.900 --> 00:43:34.520 for me, in the absence
NOTE Confidence: 0.9644635
00:43:34.580 --> 00:43:36.660 of a professional future or
NOTE Confidence: 0.9644635
00:43:36.660 --> 00:43:37.640 professional present?
NOTE Confidence: 0.99354804
00:43:39.060 --> 00:43:40.020 So there's a lot of
NOTE Confidence: 0.99354804
00:43:40.020 --> 00:43:41.140 grappling with that in the
NOTE Confidence: 0.99354804
00:43:41.140 --> 00:43:41.540 book.
NOTE Confidence: 0.99791694
00:43:42.100 --> 00:43:42.900 And where am I at
NOTE Confidence: 0.99791694

00:43:42.900 --> 00:43:43.940 now? That's a really good
NOTE Confidence: 0.99791694

00:43:43.940 --> 00:43:44.440 question.
NOTE Confidence: 0.9988714

00:43:44.984 --> 00:43:45.484 I
NOTE Confidence: 0.97183627

00:43:46.025 --> 00:43:47.484 ended up taking a position,
NOTE Confidence: 0.9639403

00:43:47.864 --> 00:43:48.825 and I I take it
NOTE Confidence: 0.9639403

00:43:48.825 --> 00:43:49.864 while I'm writing the book.
NOTE Confidence: 0.9639403

00:43:50.025 --> 00:43:51.065 So it's in the book,
NOTE Confidence: 0.9947181

00:43:52.025 --> 00:43:53.644 which was a public humanities
NOTE Confidence: 0.9947181

00:43:53.785 --> 00:43:54.285 fellowship.
NOTE Confidence: 0.9827601

00:43:55.144 --> 00:43:56.265 So the idea for this
NOTE Confidence: 0.9827601

00:43:56.265 --> 00:43:57.704 position was that I would
NOTE Confidence: 0.9827601

00:43:57.704 --> 00:43:59.420 be teaching part time at
NOTE Confidence: 0.9827601

00:43:59.420 --> 00:44:00.880 a university teaching literature
NOTE Confidence: 0.9752332

00:44:01.739 --> 00:44:03.260 and working at a senior
NOTE Confidence: 0.9752332

00:44:03.260 --> 00:44:05.119 center, an adult care community.
NOTE Confidence: 0.9149121

00:44:06.140 --> 00:44:07.579 And this was like

NOTE Confidence: 0.9840451
00:44:08.539 --> 00:44:09.660 the job ad was one
NOTE Confidence: 0.9840451
00:44:09.660 --> 00:44:11.195 of those freaky things where
NOTE Confidence: 0.9840451
00:44:11.195 --> 00:44:11.835 you're like, I don't know
NOTE Confidence: 0.9840451
00:44:11.835 --> 00:44:12.555 if I wanna go back
NOTE Confidence: 0.9840451
00:44:12.555 --> 00:44:13.675 to the humanities. I I
NOTE Confidence: 0.9840451
00:44:13.675 --> 00:44:14.475 don't know if I, you
NOTE Confidence: 0.9840451
00:44:14.475 --> 00:44:15.435 know, really wanna go back
NOTE Confidence: 0.9840451
00:44:15.435 --> 00:44:16.235 to my career the way
NOTE Confidence: 0.9840451
00:44:16.235 --> 00:44:17.375 I it was before.
NOTE Confidence: 0.9845387
00:44:17.835 --> 00:44:19.455 And then this job ad
NOTE Confidence: 0.9845387
00:44:19.515 --> 00:44:20.895 popped up that was like,
NOTE Confidence: 0.9845387
00:44:21.114 --> 00:44:21.915 here's a way of kind
NOTE Confidence: 0.9845387
00:44:21.915 --> 00:44:23.435 of reimagining what you do.
NOTE Confidence: 0.96942234
00:44:23.915 --> 00:44:25.035 And it was very exciting
NOTE Confidence: 0.96942234
00:44:25.035 --> 00:44:26.619 to me. And I ended
NOTE Confidence: 0.96942234

00:44:26.619 --> 00:44:28.560 up for three years teaching,
NOTE Confidence: 0.9773888

00:44:28.860 --> 00:44:30.540 at Sarah Lawrence College and
NOTE Confidence: 0.9773888

00:44:30.540 --> 00:44:32.540 working with, seniors in this
NOTE Confidence: 0.9773888

00:44:32.540 --> 00:44:33.600 adult day center.
NOTE Confidence: 0.9781432

00:44:34.140 --> 00:44:35.820 And it was an awesome
NOTE Confidence: 0.9781432

00:44:35.820 --> 00:44:37.260 experience. Like, it was really
NOTE Confidence: 0.9781432

00:44:37.420 --> 00:44:38.460 it was kind of blending
NOTE Confidence: 0.9781432

00:44:38.460 --> 00:44:39.500 these two worlds in a
NOTE Confidence: 0.9781432

00:44:39.500 --> 00:44:40.540 way that was really exciting
NOTE Confidence: 0.9781432

00:44:40.540 --> 00:44:41.200 to me.
NOTE Confidence: 0.99632293

00:44:41.885 --> 00:44:43.265 It was talking to
NOTE Confidence: 0.9884506

00:44:43.885 --> 00:44:45.405 eighty year olds about, you
NOTE Confidence: 0.9884506

00:44:45.405 --> 00:44:46.464 know, reading
NOTE Confidence: 0.9223122

00:44:47.085 --> 00:44:47.885 I don't know. We've read
NOTE Confidence: 0.9223122

00:44:47.885 --> 00:44:48.925 a lot of random stuff.
NOTE Confidence: 0.9223122

00:44:49.165 --> 00:44:50.605 Reading what was the last

NOTE Confidence: 0.9223122

00:44:50.605 --> 00:44:52.364 thing we did? Maya Angelou.

NOTE Confidence: 0.9223122

00:44:52.364 --> 00:44:54.219 Right? With talking about Maya

NOTE Confidence: 0.9223122

00:44:54.219 --> 00:44:54.719 Angelou's,

NOTE Confidence: 0.9852719

00:44:55.020 --> 00:44:55.739 I Know Why the Caged

NOTE Confidence: 0.9852719

00:44:55.739 --> 00:44:56.780 Bird Sings with an eighty

NOTE Confidence: 0.9852719

00:44:56.780 --> 00:44:57.980 year old retired nun. I

NOTE Confidence: 0.9852719

00:44:57.980 --> 00:44:59.660 mean, it was really cool,

NOTE Confidence: 0.9852719

00:44:59.660 --> 00:45:00.940 like, to be kinda out

NOTE Confidence: 0.9852719

00:45:00.940 --> 00:45:01.680 and and

NOTE Confidence: 0.9840446

00:45:02.460 --> 00:45:04.060 taking literature, taking art into

NOTE Confidence: 0.9840446

00:45:04.060 --> 00:45:05.120 this different context.

NOTE Confidence: 0.9806397

00:45:05.739 --> 00:45:06.744 But it was a fellowship.

NOTE Confidence: 0.9806397

00:45:06.744 --> 00:45:08.125 It lasted for three years.

NOTE Confidence: 0.9806397

00:45:08.265 --> 00:45:08.765 And,

NOTE Confidence: 0.9382583

00:45:09.145 --> 00:45:10.105 now I'm actually back in

NOTE Confidence: 0.9382583

00:45:10.105 --> 00:45:10.925 a more conventional,
NOTE Confidence: 0.95999646

00:45:13.225 --> 00:45:14.605 job at Sarah Lawrence.
NOTE Confidence: 0.9798522

00:45:15.705 --> 00:45:16.205 And
NOTE Confidence: 0.97102094

00:45:16.905 --> 00:45:18.025 I still have it with
NOTE Confidence: 0.97102094

00:45:18.025 --> 00:45:19.145 me, and I'm like, I
NOTE Confidence: 0.97102094

00:45:19.145 --> 00:45:20.710 still kinda feel like this
NOTE Confidence: 0.97102094

00:45:20.710 --> 00:45:21.670 is what I wanna be
NOTE Confidence: 0.97102094

00:45:21.670 --> 00:45:23.450 doing, more public facing work.
NOTE Confidence: 0.9850048

00:45:24.070 --> 00:45:24.870 And I'm still kind of
NOTE Confidence: 0.9850048

00:45:24.870 --> 00:45:25.910 thinking through how to do
NOTE Confidence: 0.9850048

00:45:25.910 --> 00:45:26.870 that and continue to do
NOTE Confidence: 0.9850048

00:45:26.870 --> 00:45:27.370 that.
NOTE Confidence: 0.9989941

00:45:27.910 --> 00:45:29.110 But it's a challenge. It's
NOTE Confidence: 0.9989941

00:45:29.110 --> 00:45:30.010 a real challenge.
NOTE Confidence: 0.89708716

00:45:32.150 --> 00:45:33.210 Yeah. Hello.
NOTE Confidence: 0.99661267

00:45:33.989 --> 00:45:35.030 I have yet to read

NOTE Confidence: 0.99661267
00:45:35.030 --> 00:45:36.330 your book, but
NOTE Confidence: 0.99952596
00:45:36.924 --> 00:45:38.364 it strikes me that your
NOTE Confidence: 0.99952596
00:45:38.364 --> 00:45:39.664 title is fantastic
NOTE Confidence: 0.95245296
00:45:40.045 --> 00:45:41.244 because it has the words
NOTE Confidence: 0.95245296
00:45:41.244 --> 00:45:42.224 cannot control
NOTE Confidence: 0.94016635
00:45:42.924 --> 00:45:44.684 and uncertainty, and yet you've
NOTE Confidence: 0.94016635
00:45:44.684 --> 00:45:45.904 managed to rest
NOTE Confidence: 0.996063
00:45:46.204 --> 00:45:47.904 control of your experience
NOTE Confidence: 0.98999006
00:45:48.525 --> 00:45:50.204 in the book. So that
NOTE Confidence: 0.98999006
00:45:50.204 --> 00:45:51.505 seems to me a triumph.
NOTE Confidence: 0.99792093
00:45:52.070 --> 00:45:53.590 Thank you so much. Yeah.
NOTE Confidence: 0.99792093
00:45:53.590 --> 00:45:54.070 It's,
NOTE Confidence: 0.93633944
00:45:54.710 --> 00:45:55.670 I mean, I can't take
NOTE Confidence: 0.93633944
00:45:55.670 --> 00:45:56.790 credit for the title. On,
NOTE Confidence: 0.93633944
00:45:56.790 --> 00:45:57.590 like, two levels, I can't
NOTE Confidence: 0.93633944

00:45:57.590 --> 00:45:58.390 take credit for the title.
NOTE Confidence: 0.93633944

00:45:58.390 --> 00:45:59.770 It comes from Louise Bourgeois.
NOTE Confidence: 0.93777454

00:46:00.070 --> 00:46:01.190 So I I poached that
NOTE Confidence: 0.93777454

00:46:01.190 --> 00:46:02.010 from that painting.
NOTE Confidence: 0.95759875

00:46:02.869 --> 00:46:03.989 And then actually, I think
NOTE Confidence: 0.95759875

00:46:03.989 --> 00:46:05.634 I I I shopped it
NOTE Confidence: 0.95759875

00:46:05.634 --> 00:46:06.755 around with a different title,
NOTE Confidence: 0.95759875

00:46:06.755 --> 00:46:07.954 and my agent said, no.
NOTE Confidence: 0.95759875

00:46:07.954 --> 00:46:09.474 That's your title. And she
NOTE Confidence: 0.95759875

00:46:09.474 --> 00:46:11.954 was absolutely right. Laura Usselman.
NOTE Confidence: 0.95759875

00:46:11.954 --> 00:46:12.914 I'm gonna give her full
NOTE Confidence: 0.95759875

00:46:12.914 --> 00:46:14.114 credit for that because it
NOTE Confidence: 0.95759875

00:46:14.114 --> 00:46:15.474 was that passage that I
NOTE Confidence: 0.95759875

00:46:15.474 --> 00:46:16.355 read you was in the
NOTE Confidence: 0.95759875

00:46:16.355 --> 00:46:17.760 book. You know, that's that
NOTE Confidence: 0.95759875

00:46:18.080 --> 00:46:19.760 phrase was incredibly important to

NOTE Confidence: 0.95759875

00:46:19.760 --> 00:46:20.800 me in thinking through what

NOTE Confidence: 0.95759875

00:46:20.800 --> 00:46:22.080 the book does, but it

NOTE Confidence: 0.95759875

00:46:22.080 --> 00:46:23.520 wasn't my title. And it

NOTE Confidence: 0.95759875

00:46:23.520 --> 00:46:25.040 it it absolutely makes the

NOTE Confidence: 0.95759875

00:46:25.040 --> 00:46:26.960 book. I'm so grateful for

NOTE Confidence: 0.95759875

00:46:26.960 --> 00:46:28.340 her suggesting this title.

NOTE Confidence: 0.9637075

00:46:28.880 --> 00:46:29.920 Yeah. But you're right. I

NOTE Confidence: 0.9637075

00:46:29.920 --> 00:46:30.800 think the actual act of

NOTE Confidence: 0.9637075

00:46:30.800 --> 00:46:31.840 writing was a was a

NOTE Confidence: 0.9637075

00:46:31.840 --> 00:46:32.445 way of kind of trying

NOTE Confidence: 0.9637075

00:46:32.445 --> 00:46:33.725 to at least mold, if

NOTE Confidence: 0.9637075

00:46:33.725 --> 00:46:34.765 not control, at least kind

NOTE Confidence: 0.9637075

00:46:34.765 --> 00:46:35.725 of mold or shape,

NOTE Confidence: 0.9961853

00:46:36.364 --> 00:46:37.485 experiences that felt kind of

NOTE Confidence: 0.9961853

00:46:37.485 --> 00:46:38.765 meaningless into something that felt

NOTE Confidence: 0.9961853

00:46:38.765 --> 00:46:39.265 meaningful.
NOTE Confidence: 0.96479446

00:46:48.869 --> 00:46:50.230 So there's a lot of
NOTE Confidence: 0.96479446

00:46:50.230 --> 00:46:51.910 reading other people's writing in
NOTE Confidence: 0.96479446

00:46:51.910 --> 00:46:53.430 academia, and I'm guessing in
NOTE Confidence: 0.96479446

00:46:53.430 --> 00:46:54.869 particular in the sort of
NOTE Confidence: 0.96479446

00:46:54.869 --> 00:46:56.410 English and literature world.
NOTE Confidence: 0.99211115

00:46:56.950 --> 00:46:58.570 And I'm curious about how
NOTE Confidence: 0.99211115

00:46:58.630 --> 00:46:59.930 you feel that that influenced
NOTE Confidence: 0.99211115

00:46:59.989 --> 00:47:00.885 you as you were writing,
NOTE Confidence: 0.8865223

00:47:02.325 --> 00:47:03.545 I guess for a nonacademic
NOTE Confidence: 0.97459424

00:47:03.925 --> 00:47:04.425 audience.
NOTE Confidence: 0.9447305

00:47:04.725 --> 00:47:06.344 Yeah. So how how my
NOTE Confidence: 0.9447305

00:47:06.485 --> 00:47:08.245 reading of academic writing or
NOTE Confidence: 0.9447305

00:47:08.245 --> 00:47:09.445 my reading of just, like,
NOTE Confidence: 0.9447305

00:47:09.445 --> 00:47:10.105 in general?
NOTE Confidence: 0.9763102

00:47:13.045 --> 00:47:14.425 I guess either or both.

NOTE Confidence: 0.9763102
00:47:14.645 --> 00:47:15.145 Okay.
NOTE Confidence: 0.99809587
00:47:15.525 --> 00:47:16.005 Yeah.
NOTE Confidence: 0.930657
00:47:16.820 --> 00:47:18.680 So as far as academic,
NOTE Confidence: 0.9182186
00:47:20.500 --> 00:47:21.800 writing goes, scholarship,
NOTE Confidence: 0.980795
00:47:23.700 --> 00:47:24.500 so the first book I
NOTE Confidence: 0.980795
00:47:24.500 --> 00:47:26.100 wrote was a scholarly book.
NOTE Confidence: 0.980795
00:47:26.100 --> 00:47:27.700 Right? And it has so
NOTE Confidence: 0.980795
00:47:27.700 --> 00:47:29.060 many footnotes, like, so many
NOTE Confidence: 0.980795
00:47:29.060 --> 00:47:30.660 footnotes. Right? And it's very,
NOTE Confidence: 0.980795
00:47:30.660 --> 00:47:32.695 very dense. And, and I
NOTE Confidence: 0.980795
00:47:32.695 --> 00:47:33.415 I did a lot a
NOTE Confidence: 0.980795
00:47:33.415 --> 00:47:34.455 lot of research for that
NOTE Confidence: 0.980795
00:47:34.455 --> 00:47:34.955 book.
NOTE Confidence: 0.9880927
00:47:36.055 --> 00:47:37.015 And so when I came
NOTE Confidence: 0.9880927
00:47:37.015 --> 00:47:38.135 to write a memoir, I
NOTE Confidence: 0.9880927

00:47:38.135 --> 00:47:39.494 kinda had to rethink how
NOTE Confidence: 0.9880927

00:47:39.494 --> 00:47:40.315 I do research,
NOTE Confidence: 0.977697

00:47:41.015 --> 00:47:43.255 like, how scholarship informs this
NOTE Confidence: 0.977697

00:47:43.255 --> 00:47:44.935 book. And there is I
NOTE Confidence: 0.977697

00:47:44.935 --> 00:47:46.135 I did do research, but
NOTE Confidence: 0.977697

00:47:46.135 --> 00:47:47.520 not that not at that
NOTE Confidence: 0.977697

00:47:47.520 --> 00:47:48.400 level. You know what I'm
NOTE Confidence: 0.977697

00:47:48.400 --> 00:47:49.120 talking about. Not at that,
NOTE Confidence: 0.977697

00:47:49.120 --> 00:47:50.080 like, level of, like, an
NOTE Confidence: 0.977697

00:47:50.080 --> 00:47:51.060 academic PhD.
NOTE Confidence: 0.978458

00:47:52.239 --> 00:47:53.120 So I tried to sort
NOTE Confidence: 0.978458

00:47:53.120 --> 00:47:54.239 of more have a conversation
NOTE Confidence: 0.978458

00:47:54.239 --> 00:47:55.060 with the research.
NOTE Confidence: 0.9800604

00:47:56.239 --> 00:47:57.440 And some of the research
NOTE Confidence: 0.9800604

00:47:57.440 --> 00:47:58.480 that I was really drawn
NOTE Confidence: 0.9800604

00:47:58.480 --> 00:47:59.600 to for this book was,

NOTE Confidence: 0.9800604

00:47:59.840 --> 00:48:01.200 especially work in science and

NOTE Confidence: 0.9800604

00:48:01.200 --> 00:48:02.260 technology studies.

NOTE Confidence: 0.9757092

00:48:02.744 --> 00:48:03.704 That was a a big

NOTE Confidence: 0.9757092

00:48:03.704 --> 00:48:04.984 influence on kind of how

NOTE Confidence: 0.9757092

00:48:04.984 --> 00:48:05.944 I was thinking about the

NOTE Confidence: 0.9757092

00:48:05.944 --> 00:48:07.164 history of these technologies,

NOTE Confidence: 0.98013777

00:48:07.704 --> 00:48:08.585 the kind of culture that

NOTE Confidence: 0.98013777

00:48:08.585 --> 00:48:09.644 goes into them.

NOTE Confidence: 0.9611084

00:48:11.065 --> 00:48:12.025 But I tried to think

NOTE Confidence: 0.9611084

00:48:12.025 --> 00:48:13.224 of myself as, like, having

NOTE Confidence: 0.9611084

00:48:13.224 --> 00:48:14.825 a conversation with the research

NOTE Confidence: 0.9611084

00:48:14.825 --> 00:48:16.585 rather than, you know, rather

NOTE Confidence: 0.9611084

00:48:16.585 --> 00:48:17.565 than sort of,

NOTE Confidence: 0.96040356

00:48:18.160 --> 00:48:19.520 I'm going to challenge the

NOTE Confidence: 0.96040356

00:48:19.520 --> 00:48:21.360 assertions of this scholar. I'm

NOTE Confidence: 0.96040356

00:48:21.360 --> 00:48:22.880 going to write that kind
NOTE Confidence: 0.96040356

00:48:22.880 --> 00:48:24.020 of scholarly approach.
NOTE Confidence: 0.9938007

00:48:25.120 --> 00:48:26.239 And I found that very
NOTE Confidence: 0.9938007

00:48:26.239 --> 00:48:26.739 refreshing.
NOTE Confidence: 0.97752345

00:48:27.040 --> 00:48:28.400 I came to enjoy reading
NOTE Confidence: 0.97752345

00:48:28.400 --> 00:48:30.239 research again, you know, kind
NOTE Confidence: 0.97752345

00:48:30.239 --> 00:48:31.280 of engaging with it in
NOTE Confidence: 0.97752345

00:48:31.280 --> 00:48:33.344 this more conversational manner. I
NOTE Confidence: 0.97752345

00:48:33.344 --> 00:48:34.625 started to, like, enjoy reading
NOTE Confidence: 0.97752345

00:48:34.625 --> 00:48:35.125 again,
NOTE Confidence: 0.99805194

00:48:35.585 --> 00:48:36.945 which was really fun and
NOTE Confidence: 0.99805194

00:48:36.945 --> 00:48:37.445 refreshing.
NOTE Confidence: 0.97529966

00:48:38.705 --> 00:48:39.685 And then as far
NOTE Confidence: 0.9771218

00:48:39.985 --> 00:48:41.825 as reading as, someone who
NOTE Confidence: 0.9771218

00:48:41.825 --> 00:48:42.725 studies literature,
NOTE Confidence: 0.9827058

00:48:43.910 --> 00:48:45.030 Yeah. It was it's it

NOTE Confidence: 0.9827058
00:48:45.030 --> 00:48:45.830 was just such a gift
NOTE Confidence: 0.9827058
00:48:45.830 --> 00:48:46.790 to have all those voices
NOTE Confidence: 0.9827058
00:48:46.790 --> 00:48:47.590 in my head when I
NOTE Confidence: 0.9827058
00:48:47.590 --> 00:48:48.710 sat down to tell a
NOTE Confidence: 0.9827058
00:48:48.710 --> 00:48:49.210 story.
NOTE Confidence: 0.9364084
00:48:50.390 --> 00:48:51.910 I'd always you know, obviously,
NOTE Confidence: 0.9364084
00:48:51.910 --> 00:48:52.870 I always loved literature. I
NOTE Confidence: 0.9364084
00:48:52.870 --> 00:48:53.850 always loved reading.
NOTE Confidence: 0.9995502
00:48:54.469 --> 00:48:55.050 I didn't
NOTE Confidence: 0.95880526
00:48:55.430 --> 00:48:57.045 you know, they were flirted
NOTE Confidence: 0.95880526
00:48:57.045 --> 00:48:58.165 with creative writing when I
NOTE Confidence: 0.95880526
00:48:58.165 --> 00:49:00.325 was younger, but I really
NOTE Confidence: 0.95880526
00:49:00.325 --> 00:49:01.685 hadn't, as an adult, done
NOTE Confidence: 0.95880526
00:49:01.685 --> 00:49:02.984 any serious creative writing.
NOTE Confidence: 0.99477595
00:49:04.325 --> 00:49:06.405 But it was great to
NOTE Confidence: 0.99477595

00:49:06.405 --> 00:49:08.085 feel like I had something
NOTE Confidence: 0.9650505

00:49:08.690 --> 00:49:09.730 you know, situation in my
NOTE Confidence: 0.9650505

00:49:09.730 --> 00:49:10.530 life that sort of felt
NOTE Confidence: 0.9650505

00:49:10.530 --> 00:49:11.730 like it demanded me writing
NOTE Confidence: 0.9650505

00:49:11.730 --> 00:49:12.770 something. Like, I really felt
NOTE Confidence: 0.9650505

00:49:12.770 --> 00:49:14.070 kinda driven to write something.
NOTE Confidence: 0.98142713

00:49:14.450 --> 00:49:15.250 And then when I did,
NOTE Confidence: 0.98142713

00:49:15.250 --> 00:49:15.970 I felt like I just
NOTE Confidence: 0.98142713

00:49:15.970 --> 00:49:16.690 had all these kind of
NOTE Confidence: 0.98142713

00:49:16.690 --> 00:49:17.910 voices in my head.
NOTE Confidence: 0.9460595

00:49:18.370 --> 00:49:19.330 I I mean that in
NOTE Confidence: 0.9460595

00:49:19.330 --> 00:49:20.950 a non pathological way.
NOTE Confidence: 0.98616683

00:49:22.125 --> 00:49:23.165 I had all these voices
NOTE Confidence: 0.98616683

00:49:23.165 --> 00:49:23.965 in my head, and it
NOTE Confidence: 0.98616683

00:49:23.965 --> 00:49:25.105 was it was really,
NOTE Confidence: 0.98721564

00:49:25.565 --> 00:49:27.085 fun and and kind of

NOTE Confidence: 0.98721564
00:49:27.085 --> 00:49:27.965 exciting to be able to
NOTE Confidence: 0.98721564
00:49:27.965 --> 00:49:29.245 kinda let let those voices
NOTE Confidence: 0.98721564
00:49:29.245 --> 00:49:30.145 out a little bit.
NOTE Confidence: 0.96265125
00:49:43.100 --> 00:49:44.060 I know you touch upon
NOTE Confidence: 0.96265125
00:49:44.060 --> 00:49:45.020 this a bit towards the
NOTE Confidence: 0.96265125
00:49:45.020 --> 00:49:45.820 end of the book, but
NOTE Confidence: 0.96265125
00:49:45.820 --> 00:49:46.700 I was wondering if you
NOTE Confidence: 0.96265125
00:49:46.700 --> 00:49:47.660 could speak a little bit
NOTE Confidence: 0.96265125
00:49:47.660 --> 00:49:49.180 more to your relationship with
NOTE Confidence: 0.96265125
00:49:49.180 --> 00:49:50.719 the Irish author, Teresa Deavey,
NOTE Confidence: 0.9782561
00:49:51.255 --> 00:49:52.555 and the interplay between,
NOTE Confidence: 0.9808687
00:49:52.934 --> 00:49:53.894 being the mother of a
NOTE Confidence: 0.9808687
00:49:53.894 --> 00:49:55.494 deaf child and a scholar
NOTE Confidence: 0.9808687
00:49:55.494 --> 00:49:57.174 of a deaf author? Yeah.
NOTE Confidence: 0.9808687
00:49:57.174 --> 00:49:58.375 Thank you for that question.
NOTE Confidence: 0.9808687

00:49:58.375 --> 00:49:59.335 So I wasn't expecting a
NOTE Confidence: 0.9808687

00:49:59.335 --> 00:50:00.614 question about Teresa Deavey, but
NOTE Confidence: 0.9808687

00:50:00.614 --> 00:50:01.335 let me tell you about
NOTE Confidence: 0.9808687

00:50:01.335 --> 00:50:02.234 Teresa Deavey.
NOTE Confidence: 0.9804951

00:50:03.335 --> 00:50:03.835 So
NOTE Confidence: 0.80538607

00:50:04.295 --> 00:50:04.694 one,
NOTE Confidence: 0.97464496

00:50:05.600 --> 00:50:06.560 area in my sort of
NOTE Confidence: 0.97464496

00:50:06.560 --> 00:50:07.680 academic life that I became
NOTE Confidence: 0.97464496

00:50:07.680 --> 00:50:09.040 interested in, especially as a
NOTE Confidence: 0.97464496

00:50:09.040 --> 00:50:10.719 scholar of Irish literature, was
NOTE Confidence: 0.97464496

00:50:10.719 --> 00:50:12.420 the twentieth century playwright
NOTE Confidence: 0.8227413

00:50:12.880 --> 00:50:14.100 named Teresa Devey.
NOTE Confidence: 0.9570845

00:50:15.120 --> 00:50:16.900 She was she was publishing,
NOTE Confidence: 0.87598515

00:50:17.440 --> 00:50:18.420 she was in Ireland,
NOTE Confidence: 0.9872579

00:50:19.600 --> 00:50:21.114 and she went deaf,
NOTE Confidence: 0.9936608

00:50:21.575 --> 00:50:23.175 from Meniere's disease when she

NOTE Confidence: 0.9936608

00:50:23.175 --> 00:50:24.315 was nineteen years old.

NOTE Confidence: 0.9945662

00:50:24.934 --> 00:50:25.434 And

NOTE Confidence: 0.9435803

00:50:25.895 --> 00:50:27.255 at the time, this is

NOTE Confidence: 0.9435803

00:50:27.255 --> 00:50:29.094 early twentieth century, the time

NOTE Confidence: 0.9435803

00:50:29.094 --> 00:50:30.075 that she went deaf

NOTE Confidence: 0.51156306

00:50:31.094 --> 00:50:31.594 was

NOTE Confidence: 0.90041065

00:50:33.080 --> 00:50:34.219 at the height of oralism.

NOTE Confidence: 0.9001699

00:50:34.840 --> 00:50:36.360 So the the she went

NOTE Confidence: 0.9001699

00:50:36.360 --> 00:50:37.719 to London to study lip

NOTE Confidence: 0.9001699

00:50:37.719 --> 00:50:38.219 reading,

NOTE Confidence: 0.9753256

00:50:38.600 --> 00:50:40.380 which was kind of the

NOTE Confidence: 0.9386815

00:50:40.840 --> 00:50:42.360 the solution, right, for deafness

NOTE Confidence: 0.9386815

00:50:42.360 --> 00:50:43.100 at the time.

NOTE Confidence: 0.9946049

00:50:43.560 --> 00:50:44.060 And

NOTE Confidence: 0.99678963

00:50:44.360 --> 00:50:45.560 in her time in London,

NOTE Confidence: 0.99678963

00:50:45.560 --> 00:50:46.840 she went and saw tons
NOTE Confidence: 0.99678963

00:50:46.840 --> 00:50:47.580 of plays
NOTE Confidence: 0.98669976

00:50:47.915 --> 00:50:48.955 as a way of practicing
NOTE Confidence: 0.98669976

00:50:48.955 --> 00:50:49.775 her lip reading.
NOTE Confidence: 0.9847131

00:50:50.395 --> 00:50:51.675 And going and watching all
NOTE Confidence: 0.9847131

00:50:51.675 --> 00:50:52.635 those plays made her very
NOTE Confidence: 0.9847131

00:50:52.635 --> 00:50:53.515 interested in the craft of
NOTE Confidence: 0.9847131

00:50:53.515 --> 00:50:54.015 playwriting.
NOTE Confidence: 0.87885225

00:50:54.395 --> 00:50:55.535 And so she became,
NOTE Confidence: 0.99331784

00:50:55.835 --> 00:50:57.515 a playwright after having gone
NOTE Confidence: 0.99331784

00:50:57.515 --> 00:50:58.015 deaf.
NOTE Confidence: 0.9261266

00:50:58.395 --> 00:50:59.755 And then the next step
NOTE Confidence: 0.9261266

00:50:59.755 --> 00:51:00.474 of that that I was
NOTE Confidence: 0.9261266

00:51:00.474 --> 00:51:01.680 very interested in is then
NOTE Confidence: 0.9261266

00:51:01.839 --> 00:51:03.380 she started writing for radio.
NOTE Confidence: 0.9911072

00:51:04.239 --> 00:51:05.200 And radio was a new

NOTE Confidence: 0.9911072

00:51:05.200 --> 00:51:06.559 enough medium that she'd actually

NOTE Confidence: 0.9911072

00:51:06.719 --> 00:51:07.440 by the time she went

NOTE Confidence: 0.9911072

00:51:07.440 --> 00:51:08.480 deaf, there had not been

NOTE Confidence: 0.9911072

00:51:08.480 --> 00:51:10.559 a radio play before. So

NOTE Confidence: 0.9911072

00:51:10.559 --> 00:51:11.920 she wrote radio wrote for

NOTE Confidence: 0.9911072

00:51:11.920 --> 00:51:13.119 radio, wrote radio plays without

NOTE Confidence: 0.9911072

00:51:13.119 --> 00:51:14.319 ever having heard a radio

NOTE Confidence: 0.9911072

00:51:14.319 --> 00:51:14.819 play.

NOTE Confidence: 0.99275994

00:51:15.760 --> 00:51:16.260 So

NOTE Confidence: 0.98356616

00:51:16.625 --> 00:51:17.585 I was able to go

NOTE Confidence: 0.98356616

00:51:17.585 --> 00:51:18.944 to her archives and kind

NOTE Confidence: 0.98356616

00:51:18.944 --> 00:51:20.145 of study them and look

NOTE Confidence: 0.98356616

00:51:20.145 --> 00:51:21.905 at how she how she

NOTE Confidence: 0.98356616

00:51:21.905 --> 00:51:23.025 kind of developed her craft,

NOTE Confidence: 0.98356616

00:51:23.025 --> 00:51:24.065 how she thought of herself

NOTE Confidence: 0.98356616

00:51:24.065 --> 00:51:25.045 as a deaf playwright.
NOTE Confidence: 0.99234396

00:51:25.585 --> 00:51:26.625 And one of the takeaways
NOTE Confidence: 0.99234396

00:51:26.625 --> 00:51:27.744 from that research that I
NOTE Confidence: 0.99234396

00:51:27.744 --> 00:51:29.344 was most interested in was
NOTE Confidence: 0.99234396

00:51:29.344 --> 00:51:30.224 she talked a lot about
NOTE Confidence: 0.99234396

00:51:30.224 --> 00:51:31.844 her relationship with her family
NOTE Confidence: 0.99021685

00:51:32.190 --> 00:51:33.230 and the way that she
NOTE Confidence: 0.99021685

00:51:33.230 --> 00:51:34.510 and her family members developed
NOTE Confidence: 0.99021685

00:51:34.510 --> 00:51:35.550 kind of home signs with
NOTE Confidence: 0.99021685

00:51:35.550 --> 00:51:36.210 each other.
NOTE Confidence: 0.9801218

00:51:36.829 --> 00:51:38.589 She really never learned in
NOTE Confidence: 0.9801218

00:51:38.589 --> 00:51:39.869 a formal way British sign
NOTE Confidence: 0.9801218

00:51:39.869 --> 00:51:41.150 language, but she and her
NOTE Confidence: 0.9801218

00:51:41.150 --> 00:51:42.510 family members kind of created
NOTE Confidence: 0.9801218

00:51:42.510 --> 00:51:43.810 their own system of signing.
NOTE Confidence: 0.9837636

00:51:45.310 --> 00:51:45.810 So

NOTE Confidence: 0.95777845
00:51:46.164 --> 00:51:47.125 that was the moment where
NOTE Confidence: 0.95777845
00:51:47.125 --> 00:51:48.005 I felt like I was
NOTE Confidence: 0.95777845
00:51:48.005 --> 00:51:48.825 able to
NOTE Confidence: 0.921751
00:51:49.125 --> 00:51:51.224 make my academic research and
NOTE Confidence: 0.98444724
00:51:51.525 --> 00:51:52.244 the things that I was
NOTE Confidence: 0.98444724
00:51:52.244 --> 00:51:53.364 learning as the parent of
NOTE Confidence: 0.98444724
00:51:53.364 --> 00:51:54.565 a of a deaf daughter
NOTE Confidence: 0.98444724
00:51:54.565 --> 00:51:55.684 kind of come together for
NOTE Confidence: 0.98444724
00:51:55.684 --> 00:51:56.585 the first time.
NOTE Confidence: 0.9467312
00:51:56.964 --> 00:51:57.684 It gave a kind of
NOTE Confidence: 0.9467312
00:51:57.684 --> 00:51:59.045 urgency to my research that
NOTE Confidence: 0.9467312
00:51:59.045 --> 00:52:00.244 I hadn't had before, where
NOTE Confidence: 0.9467312
00:52:00.244 --> 00:52:01.270 I was like, I wanna
NOTE Confidence: 0.9467312
00:52:01.270 --> 00:52:02.150 tell the story. Like, I
NOTE Confidence: 0.9467312
00:52:02.150 --> 00:52:03.110 wanna tell the story of
NOTE Confidence: 0.9467312

00:52:03.110 --> 00:52:04.010 Teresa Deavey,
NOTE Confidence: 0.993786

00:52:04.550 --> 00:52:05.850 of this, like, fabulous
NOTE Confidence: 0.9740346

00:52:06.710 --> 00:52:08.550 Irish playwright who was deaf
NOTE Confidence: 0.9740346

00:52:08.550 --> 00:52:09.830 and who, you know, had
NOTE Confidence: 0.9740346

00:52:09.830 --> 00:52:11.030 a tremendous career. She was
NOTE Confidence: 0.9740346

00:52:11.030 --> 00:52:11.830 really one of the only
NOTE Confidence: 0.9740346

00:52:11.830 --> 00:52:13.590 women of her period whose
NOTE Confidence: 0.9740346

00:52:13.590 --> 00:52:14.710 plays were being performed at
NOTE Confidence: 0.9740346

00:52:14.710 --> 00:52:15.750 the Abbey Theatre. I mean,
NOTE Confidence: 0.9740346

00:52:15.750 --> 00:52:16.875 she had a really pretty
NOTE Confidence: 0.9740346

00:52:16.875 --> 00:52:17.775 imminent career,
NOTE Confidence: 0.9380379

00:52:18.555 --> 00:52:19.835 and then was lost. Right?
NOTE Confidence: 0.9380379

00:52:19.835 --> 00:52:20.715 Like like so many of
NOTE Confidence: 0.9380379

00:52:20.715 --> 00:52:22.555 these these women, writers at
NOTE Confidence: 0.9380379

00:52:22.555 --> 00:52:23.675 the period, like, just kind
NOTE Confidence: 0.9380379

00:52:23.675 --> 00:52:24.655 of lost to history.

NOTE Confidence: 0.98493534

00:52:25.195 --> 00:52:26.155 So I'm giving a long

NOTE Confidence: 0.98493534

00:52:26.155 --> 00:52:27.195 answer because I was excited

NOTE Confidence: 0.98493534

00:52:27.195 --> 00:52:28.015 about the question.

NOTE Confidence: 0.98891324

00:52:28.800 --> 00:52:30.000 But I will say also,

NOTE Confidence: 0.98891324

00:52:30.000 --> 00:52:30.960 you know, to talk about

NOTE Confidence: 0.98891324

00:52:30.960 --> 00:52:32.480 sort of academic work versus

NOTE Confidence: 0.98891324

00:52:32.480 --> 00:52:33.920 this kind of public facing

NOTE Confidence: 0.98891324

00:52:33.920 --> 00:52:34.420 work.

NOTE Confidence: 0.91116387

00:52:35.520 --> 00:52:37.360 I submitted that article on

NOTE Confidence: 0.91116387

00:52:37.360 --> 00:52:38.260 Teresa Deavey,

NOTE Confidence: 0.9808664

00:52:40.160 --> 00:52:41.200 and it went through the

NOTE Confidence: 0.9808664

00:52:41.200 --> 00:52:43.325 very, very slow entrails of

NOTE Confidence: 0.9808664

00:52:43.325 --> 00:52:44.305 academic publishing.

NOTE Confidence: 0.9950621

00:52:44.605 --> 00:52:45.805 And between the time of

NOTE Confidence: 0.9950621

00:52:45.805 --> 00:52:47.405 researching, writing, and having that

NOTE Confidence: 0.9950621

00:52:47.405 --> 00:52:48.444 published, I was able to
NOTE Confidence: 0.9950621

00:52:48.444 --> 00:52:49.805 write a book about having
NOTE Confidence: 0.9950621

00:52:49.805 --> 00:52:50.785 written that article,
NOTE Confidence: 0.9986241

00:52:51.164 --> 00:52:52.204 and they came out at
NOTE Confidence: 0.9986241

00:52:52.204 --> 00:52:53.105 the same time.
NOTE Confidence: 0.98362905

00:53:01.140 --> 00:53:02.339 You may address this in
NOTE Confidence: 0.98362905

00:53:02.339 --> 00:53:03.299 the book, but I'd love
NOTE Confidence: 0.98362905

00:53:03.299 --> 00:53:04.099 to hear you talk about
NOTE Confidence: 0.98362905

00:53:04.099 --> 00:53:05.460 it. I'm curious about your
NOTE Confidence: 0.98362905

00:53:05.460 --> 00:53:06.680 experience of uncertainty
NOTE Confidence: 0.9765547

00:53:06.980 --> 00:53:08.760 as it, like, differed from
NOTE Confidence: 0.9765547

00:53:08.945 --> 00:53:10.465 or maybe overlapped with your
NOTE Confidence: 0.9765547

00:53:10.465 --> 00:53:11.765 spouse's experience,
NOTE Confidence: 0.9696601

00:53:12.305 --> 00:53:14.244 but also the provider's experience
NOTE Confidence: 0.9288099

00:53:14.785 --> 00:53:15.445 of uncertainty.
NOTE Confidence: 0.9671917

00:53:15.905 --> 00:53:16.945 The so the health care

NOTE Confidence: 0.9671917

00:53:16.945 --> 00:53:18.864 providers. Yeah. Yep. Okay. That's

NOTE Confidence: 0.9671917

00:53:18.864 --> 00:53:19.364 great.

NOTE Confidence: 0.90008307

00:53:20.625 --> 00:53:21.605 Yeah. So,

NOTE Confidence: 0.99614793

00:53:23.080 --> 00:53:24.540 one important piece of context

NOTE Confidence: 0.99614793

00:53:24.599 --> 00:53:25.000 is,

NOTE Confidence: 0.99924946

00:53:25.800 --> 00:53:27.339 my spouse is also

NOTE Confidence: 0.9547198

00:53:27.640 --> 00:53:28.839 a English professor, so we're

NOTE Confidence: 0.9547198

00:53:28.839 --> 00:53:30.119 in the same career field,

NOTE Confidence: 0.9547198

00:53:30.119 --> 00:53:31.580 which is, you know, challenging.

NOTE Confidence: 0.9976507

00:53:32.040 --> 00:53:33.080 There are very few jobs

NOTE Confidence: 0.9976507

00:53:33.080 --> 00:53:33.900 in our field.

NOTE Confidence: 0.95796925

00:53:34.359 --> 00:53:35.739 It's it's a very challenging

NOTE Confidence: 0.95796925

00:53:35.800 --> 00:53:36.760 kind of situation to try

NOTE Confidence: 0.95796925

00:53:36.760 --> 00:53:37.739 and find two jobs,

NOTE Confidence: 0.992901

00:53:38.214 --> 00:53:39.835 anywhere near each other geographically.

NOTE Confidence: 0.9437114

00:53:41.015 --> 00:53:41.974 So one of the things
NOTE Confidence: 0.9437114

00:53:41.974 --> 00:53:42.855 I talk about is, you
NOTE Confidence: 0.9437114

00:53:42.855 --> 00:53:43.974 know, our careers that kind
NOTE Confidence: 0.9437114

00:53:43.974 --> 00:53:44.855 of ended up always on
NOTE Confidence: 0.9437114

00:53:44.855 --> 00:53:46.055 the seesaw. You know, kinda
NOTE Confidence: 0.9437114

00:53:46.055 --> 00:53:47.175 one up, one down, one
NOTE Confidence: 0.9437114

00:53:47.175 --> 00:53:48.155 up, one down.
NOTE Confidence: 0.97501487

00:53:49.335 --> 00:53:50.454 And the other context that
NOTE Confidence: 0.97501487

00:53:50.454 --> 00:53:51.415 I think is important is
NOTE Confidence: 0.97501487

00:53:51.415 --> 00:53:52.460 that he is also hard
NOTE Confidence: 0.97501487

00:53:52.460 --> 00:53:53.119 of hearing.
NOTE Confidence: 0.9942771

00:53:53.579 --> 00:53:55.599 And his hearing loss,
NOTE Confidence: 0.9961451

00:53:56.219 --> 00:53:57.660 is really the the hearing
NOTE Confidence: 0.9961451

00:53:57.660 --> 00:53:58.960 loss that my daughter inherited,
NOTE Confidence: 0.9739292

00:53:59.739 --> 00:54:01.339 but has to a more,
NOTE Confidence: 0.9990342

00:54:01.739 --> 00:54:03.440 substantial degree than he does.

NOTE Confidence: 0.9674458

00:54:04.565 --> 00:54:06.085 So his relationship to the

NOTE Confidence: 0.9674458

00:54:06.085 --> 00:54:07.225 hearing loss in particular,

NOTE Confidence: 0.98506063

00:54:07.685 --> 00:54:09.205 has been has been different

NOTE Confidence: 0.98506063

00:54:09.205 --> 00:54:09.865 from mine.

NOTE Confidence: 0.97622645

00:54:10.645 --> 00:54:11.685 In some ways, I actually

NOTE Confidence: 0.97622645

00:54:11.685 --> 00:54:12.885 think and I talk about

NOTE Confidence: 0.97622645

00:54:12.885 --> 00:54:13.525 this in the book

NOTE Confidence: 0.99540526

00:54:14.085 --> 00:54:15.365 I think he actually experiences

NOTE Confidence: 0.99540526

00:54:15.365 --> 00:54:16.105 more sadness

NOTE Confidence: 0.8918226

00:54:16.805 --> 00:54:17.580 about it,

NOTE Confidence: 0.8799451

00:54:18.620 --> 00:54:20.300 more sense of kind of

NOTE Confidence: 0.8799451

00:54:20.300 --> 00:54:20.800 responsibility.

NOTE Confidence: 0.9381503

00:54:22.380 --> 00:54:23.820 And and that we this

NOTE Confidence: 0.9381503

00:54:23.820 --> 00:54:25.180 is very complicated with genetics.

NOTE Confidence: 0.9381503

00:54:25.180 --> 00:54:26.960 Right? Thinking about feeling responsible

NOTE Confidence: 0.9381503

00:54:27.100 --> 00:54:28.320 for someone's existence,
NOTE Confidence: 0.9977224

00:54:29.260 --> 00:54:30.880 when their existence is complicated
NOTE Confidence: 0.9977224

00:54:31.100 --> 00:54:32.620 by genetic factors that they
NOTE Confidence: 0.9977224

00:54:32.620 --> 00:54:33.525 get from you.
NOTE Confidence: 0.7442795

00:54:34.885 --> 00:54:35.385 So
NOTE Confidence: 0.9762943

00:54:36.724 --> 00:54:38.484 I think he really cutely
NOTE Confidence: 0.9762943

00:54:38.484 --> 00:54:39.364 feels some of the sense
NOTE Confidence: 0.9762943

00:54:39.364 --> 00:54:40.484 of uncertainty, but there's also
NOTE Confidence: 0.9762943

00:54:40.484 --> 00:54:41.444 this sense of kind of
NOTE Confidence: 0.9762943

00:54:41.444 --> 00:54:41.944 responsibility
NOTE Confidence: 0.98426163

00:54:42.484 --> 00:54:43.224 that's there,
NOTE Confidence: 0.99920315

00:54:44.565 --> 00:54:45.065 which
NOTE Confidence: 0.953655

00:54:46.000 --> 00:54:47.040 I suppose I should feel
NOTE Confidence: 0.953655

00:54:47.040 --> 00:54:48.239 too because it's my genetics
NOTE Confidence: 0.953655

00:54:48.239 --> 00:54:48.739 too.
NOTE Confidence: 0.95587265

00:54:49.200 --> 00:54:50.400 But I I feel it

NOTE Confidence: 0.95587265

00:54:50.400 --> 00:54:51.700 differently than he does.

NOTE Confidence: 0.98062485

00:54:52.560 --> 00:54:53.360 And then as far as

NOTE Confidence: 0.98062485

00:54:53.360 --> 00:54:54.820 uncertainty for health care providers,

NOTE Confidence: 0.9593874

00:54:56.720 --> 00:54:58.239 my daughter's situation is very,

NOTE Confidence: 0.9593874

00:54:58.239 --> 00:54:59.060 very complicated,

NOTE Confidence: 0.9972059

00:54:59.680 --> 00:55:01.785 and they I've become more

NOTE Confidence: 0.9972059

00:55:01.785 --> 00:55:02.825 aware over the years how

NOTE Confidence: 0.9972059

00:55:02.825 --> 00:55:04.765 much uncertainty they have about

NOTE Confidence: 0.9984779

00:55:05.224 --> 00:55:06.444 about her

NOTE Confidence: 0.9978888

00:55:06.744 --> 00:55:08.685 genetics, about the the

NOTE Confidence: 0.99896145

00:55:09.145 --> 00:55:09.645 combination

NOTE Confidence: 0.99906075

00:55:10.025 --> 00:55:11.565 of symptoms that she has.

NOTE Confidence: 0.99926823

00:55:12.585 --> 00:55:13.085 And

NOTE Confidence: 0.95899916

00:55:13.809 --> 00:55:14.789 as I've progressed

NOTE Confidence: 0.975978

00:55:15.089 --> 00:55:16.049 as a parent of a

NOTE Confidence: 0.975978

00:55:16.049 --> 00:55:17.349 child with these complicated,
NOTE Confidence: 0.9685911

00:55:18.049 --> 00:55:19.730 symptoms and these complicated diagnoses,
NOTE Confidence: 0.9685911

00:55:19.730 --> 00:55:20.529 I've kind of come to
NOTE Confidence: 0.9685911

00:55:20.529 --> 00:55:21.489 be able to recognize a
NOTE Confidence: 0.9685911

00:55:21.489 --> 00:55:22.770 little bit more that we're
NOTE Confidence: 0.9685911

00:55:22.770 --> 00:55:23.809 all in the same boat,
NOTE Confidence: 0.9444985

00:55:24.529 --> 00:55:26.130 that the health care providers
NOTE Confidence: 0.9444985

00:55:26.130 --> 00:55:26.789 are also,
NOTE Confidence: 0.9740051

00:55:27.435 --> 00:55:29.135 uncertain about what's going on,
NOTE Confidence: 0.9743001

00:55:30.715 --> 00:55:32.795 and feeling less stung by
NOTE Confidence: 0.9743001

00:55:32.795 --> 00:55:34.555 that or less, affronted by
NOTE Confidence: 0.9743001

00:55:34.555 --> 00:55:36.094 that and feeling more
NOTE Confidence: 0.98762274

00:55:36.395 --> 00:55:37.775 that this is something we're
NOTE Confidence: 0.98762274

00:55:37.915 --> 00:55:39.295 trying to figure out together.
NOTE Confidence: 0.9616303

00:55:40.020 --> 00:55:40.900 But that's taken a lot
NOTE Confidence: 0.9616303

00:55:40.900 --> 00:55:41.860 of time. And I think

NOTE Confidence: 0.9616303

00:55:41.860 --> 00:55:42.360 sometimes

NOTE Confidence: 0.87158704

00:55:42.739 --> 00:55:43.880 those initial interactions,

NOTE Confidence: 0.9710142

00:55:45.940 --> 00:55:46.980 not all of my health

NOTE Confidence: 0.9710142

00:55:46.980 --> 00:55:48.260 care providers have been good

NOTE Confidence: 0.9710142

00:55:48.260 --> 00:55:48.760 at

NOTE Confidence: 0.9957794

00:55:50.180 --> 00:55:50.680 at

NOTE Confidence: 0.99948275

00:55:50.980 --> 00:55:51.480 explaining

NOTE Confidence: 0.9957884

00:55:51.860 --> 00:55:53.460 and being vulnerable about their

NOTE Confidence: 0.9957884

00:55:53.460 --> 00:55:54.360 own uncertainty.

NOTE Confidence: 0.9818974

00:55:54.875 --> 00:55:56.395 And so sometimes there's there

NOTE Confidence: 0.9818974

00:55:56.395 --> 00:55:57.755 have been experiences where they've

NOTE Confidence: 0.9818974

00:55:57.755 --> 00:55:58.494 come in

NOTE Confidence: 0.93691444

00:55:58.795 --> 00:55:59.355 kind of,

NOTE Confidence: 0.9991337

00:56:00.315 --> 00:56:01.434 wanting to project an image

NOTE Confidence: 0.9991337

00:56:01.434 --> 00:56:02.094 of confidence

NOTE Confidence: 0.96624947

00:56:02.555 --> 00:56:03.515 that then has put me

NOTE Confidence: 0.96624947

00:56:03.515 --> 00:56:04.714 in sort of a defensive

NOTE Confidence: 0.96624947

00:56:04.714 --> 00:56:05.214 position.
