00:00:12.775 --> 00:00:13.974 Hello. Thank you for joining

NOTE Confidence: 0.9404018

00:00:13.974 --> 00:00:15.254 me today. My name is

NOTE Confidence: 0.9404018

NOTE Confidence: 0.9461686

00:00:27.600 --> 00:00:29.220 also known as IA2.

NOTE Confidence: 0.952342

00:00:30.240 --> 00:00:31.280 Today, I'll be sharing a

NOTE Confidence: 0.952342

00:00:31.280 --> 00:00:33.280 resource called Creating a Travel

NOTE Confidence: 0.952342

00:00:33.280 --> 00:00:34.880 Safety Net to Address Wandering

NOTE Confidence: 0.952342

00:00:34.880 --> 00:00:36.400 Persons, or as we often

NOTE Confidence: 0.952342

00:00:36.400 --> 00:00:37.600 refer to it simply as
NOTE Confidence: 0.952342

00:00:37.600 --> 00:00:38.820 the Wandering Toolkit.
NOTE Confidence: 0.97724926

00:00:39.360 --> 00:00:40.820 A little bit about IA2.
NOTE Confidence: 0.99940836

00:00:41.675 --> 00:00:43.215 We help people and organizations
NOTE Confidence: 0.97774124

00:00:43.755 --> 00:00:44.795 learn how to better reach
NOTE Confidence: 0.97774124

00:00:44.795 --> 00:00:46.655 and support Native American elders.
NOTE Confidence: 0.96738124

00:00:47.275 --> 00:00:48.715 We collaborate with people from
NOTE Confidence: 0.96738124

00:00:48.715 --> 00:00:50.655 all sectors and multiple professions,
NOTE Confidence: 0.96738124

00:00:50.955 --> 00:00:52.655 bringing their experience and expertise
NOTE Confidence: 0.96738124

00:00:52.795 --> 00:00:54.490 together to tailor programs and
NOTE Confidence: 0.96738124

00:00:54.490 --> 00:00:56.570 materials to serve American Indian
NOTE Confidence: 0.96738124

00:00:56.570 --> 00:00:58.190 Alaska Native, or AIAN,
NOTE Confidence: 0.99621737

00:00:58.810 --> 00:00:59.310 populations.
NOTE Confidence: 0.97407836

00:01:01.050 --> 00:01:02.250 Elders are at the center
NOTE Confidence: 0.97407836

00:01:02.250 --> 00:01:03.790 of our initiatives and projects
NOTE Confidence: 0.97407836

00:01:03.930 --> 00:01:05.390 with their health and well-being

NOTE Confidence: 0.97407836

00:01:05.450 --> 00:01:06.750 as our ultimate goal.

NOTE Confidence: 0.9269043

00:01:07.334 --> 00:01:08.534 We work on both Healthy

NOTE Confidence: 0.9269043

00:01:08.534 --> 00:01:10.795 BRAIN and Elder Justice initiatives.

NOTE Confidence: 0.9606244

00:01:11.334 --> 00:01:13.174 This wandering project fits between

NOTE Confidence: 0.9606244

00:01:13.174 --> 00:01:13.674 both.

NOTE Confidence: 0.99396133

00:01:14.135 --> 00:01:15.255 Why did we develop this

NOTE Confidence: 0.99396133

00:01:15.255 --> 00:01:15.755 toolkit?

NOTE Confidence: 0.99561167

00:01:16.295 --> 00:01:18.315 The rapidly aging general population

NOTE Confidence: 0.99561167

00:01:18.375 --> 00:01:19.815 is expected to nearly double

NOTE Confidence: 0.99561167

00:01:19.815 --> 00:01:20.534 by the year two thousand

NOTE Confidence: 0.99561167

00:01:20.534 --> 00:01:21.194 and sixty.

NOTE Confidence: 0.9542459

00:01:22.049 --> 00:01:23.670 The number of American IndiansAlaska

NOTE Confidence: 0.9930491

00:01:23.970 --> 00:01:25.490 Natives ages sixty five and

NOTE Confidence: 0.9930491

00:01:25.490 --> 00:01:26.770 older is projected to more

NOTE Confidence: 0.9930491

00:01:26.770 --> 00:01:27.509 than triple

NOTE Confidence: 0.9924298

00:01:27.810 --> 00:01:29.170 to one million six hundred
NOTE Confidence: 0.9924298

00:01:29.170 --> 00:01:30.450 and twenty four thousand in
NOTE Confidence: 0.9924298

00:01:30.450 --> 00:01:31.250 the year two thousand and
NOTE Confidence: 0.9924298

00:01:31.250 --> 00:01:31.750 fifty.
NOTE Confidence: 0.96181315

00:01:32.130 --> 00:01:33.090 This is a graph of
NOTE Confidence: 0.96181315

00:01:33.090 --> 00:01:34.369 people aged fifty and up
NOTE Confidence: 0.96181315

00:01:34.369 --> 00:01:36.289 showing the American IndianAlaska Native
NOTE Confidence: 0.96181315

00:01:36.289 --> 00:01:36.789 population
NOTE Confidence: 0.98953044

00:01:37.145 --> 00:01:38.525 in the darker blue color
NOTE Confidence: 0.98953044

00:01:38.584 --> 00:01:40.105 compared to the general population
NOTE Confidence: 0.98953044

00:01:40.105 --> 00:01:41.305 in the lighter blue. We
NOTE Confidence: 0.98953044

00:01:41.305 --> 00:01:42.605 can see that the AIAN
NOTE Confidence: 0.98953044

00:01:42.745 --> 00:01:44.345 population is greater. With a
NOTE Confidence: 0.98953044

00:01:44.345 --> 00:01:46.265 rapidly aging population, we can
NOTE Confidence: 0.98953044

00:01:46.265 --> 00:01:46.765 expect
NOTE Confidence: 0.9234563

00:01:48.185 --> 00:01:49.865 increased rates of Alzheimer's disease

NOTE Confidence: 0.9234563
00:01:49.865 --> 00:01:51.005 and related dementia,
NOTE Confidence: 0.9909402
00:01:51.430 --> 00:01:52.409 or ADRD.
NOTE Confidence: 0.9750378
00:01:53.030 --> 00:01:55.190 The Alzheimer's Association projects that
NOTE Confidence: 0.9750378
00:01:55.190 --> 00:01:56.390 the rate of ADRD in
NOTE Confidence: 0.9750378
00:01:56.390 --> 00:01:57.350 the U. S. Will more
NOTE Confidence: 0.9750378
00:01:57.350 --> 00:01:58.630 than double by the year
NOTE Confidence: 0.9750378
00:01:58.630 --> 00:01:59.530 two thousand and sixty.
NOTE Confidence: 0.9682566
00:01:59.830 --> 00:02:01.290 With an increase in ADRD,
NOTE Confidence: 0.9682566
00:02:01.430 --> 00:02:02.549 we can also expect to
NOTE Confidence: 0.9682566
00:02:02.549 --> 00:02:03.909 see an increase in wandering
NOTE Confidence: 0.9682566
00:02:03.909 --> 00:02:04.409 incidence,
NOTE Confidence: 0.99652755
00:02:04.885 --> 00:02:06.405 because sixty percent of persons
NOTE Confidence: 0.99652755
00:02:06.405 --> 00:02:07.064 with dementia
NOTE Confidence: 0.9970137
00:02:07.365 --> 00:02:08.985 will wander at least once.
NOTE Confidence: 0.98581827
00:02:09.525 --> 00:02:11.205 There is no mandatory reporting
NOTE Confidence: 0.98581827

00:02:11.205 --> 00:02:12.745 on missing persons with ADRD,
NOTE Confidence: 0.98522735

00:02:13.125 --> 00:02:14.405 so that means that millions
NOTE Confidence: 0.98522735

00:02:14.405 --> 00:02:16.405 of wandering incidents actually occur
NOTE Confidence: 0.98522735

00:02:16.405 --> 00:02:17.444 and we can expect to
NOTE Confidence: 0.98522735

00:02:17.444 --> 00:02:18.060 see more.
NOTE Confidence: 0.97792435

00:02:18.940 --> 00:02:20.300 This will become even more
NOTE Confidence: 0.97792435

00:02:20.300 --> 00:02:22.239 problematic in Indigenous populations
NOTE Confidence: 0.98920935

00:02:22.620 --> 00:02:24.160 because of our unique challenges.
NOTE Confidence: 0.99648345

00:02:25.099 --> 00:02:26.380 Due to a variety of
NOTE Confidence: 0.99648345

00:02:26.380 --> 00:02:27.980 factors that have impacted our
NOTE Confidence: 0.99648345

00:02:27.980 --> 00:02:28.480 cultures,
NOTE Confidence: 0.9915513

00:02:28.940 --> 00:02:31.099 Native Americans experience higher rates
NOTE Confidence: 0.9915513

00:02:31.099 --> 00:02:32.480 of chronic health problems
NOTE Confidence: 0.9889433

00:02:32.875 --> 00:02:34.394 that are risk factors for
NOTE Confidence: 0.9889433

00:02:34.394 --> 00:02:34.894 dementia,
NOTE Confidence: 0.99829453

00:02:35.595 --> 00:02:36.575 such as diabetes,

NOTE Confidence: 0.91259205
00:02:36.955 --> 00:02:37.455 hypertension,
NOTE Confidence: 0.9965817
00:02:37.834 --> 00:02:38.495 and obesity.
NOTE Confidence: 0.9981533
00:02:39.675 --> 00:02:40.175 Second,
NOTE Confidence: 0.9987368
00:02:40.555 --> 00:02:42.394 AIAN people have higher rates
NOTE Confidence: 0.9987368
00:02:42.394 --> 00:02:44.095 of mild cognitive impairment
NOTE Confidence: 0.9462974
00:02:44.555 --> 00:02:45.215 and dementia,
NOTE Confidence: 0.9745206
00:02:45.514 --> 00:02:46.815 as shown in this graph.
NOTE Confidence: 0.9745206
00:02:47.114 --> 00:02:48.474 American Indians are in the
NOTE Confidence: 0.9745206
00:02:48.474 --> 00:02:50.370 dark red as compared to
NOTE Confidence: 0.9745206
00:02:50.370 --> 00:02:52.690 non Hispanic whites, African Americans,
NOTE Confidence: 0.9745206
00:02:52.690 --> 00:02:53.430 and Hispanics.
NOTE Confidence: 0.998567
00:02:54.290 --> 00:02:55.570 Third, we must take into
NOTE Confidence: 0.998567
00:02:55.570 --> 00:02:57.330 account our unique experiences with
NOTE Confidence: 0.998567
00:02:57.330 --> 00:02:57.830 trauma.
NOTE Confidence: 0.9581293
00:02:58.450 --> 00:03:00.470 Eighty percent of AIAN adults
NOTE Confidence: 0.98731726

00:03:00.770 --> 00:03:02.630 experience violence in their lifetime.
NOTE Confidence: 0.91142845

00:03:03.165 --> 00:03:04.444 There is also the missing
NOTE Confidence: 0.91142845

00:03:04.444 --> 00:03:06.605 and murdered Indigenous peoples, or
NOTE Confidence: 0.91142845

00:03:06.605 --> 00:03:07.105 MMIP,
NOTE Confidence: 0.9756916

00:03:07.564 --> 00:03:08.064 crisis
NOTE Confidence: 0.9970422

00:03:08.444 --> 00:03:10.224 affecting American Indian communities.
NOTE Confidence: 0.99770516

00:03:11.805 --> 00:03:13.564 We must also recognize historical
NOTE Confidence: 0.99770516

00:03:13.564 --> 00:03:14.064 trauma.
NOTE Confidence: 0.99625415

00:03:14.924 --> 00:03:16.284 These factors may trigger a
NOTE Confidence: 0.99625415

00:03:16.284 --> 00:03:18.330 wandering response, a person's motivation
NOTE Confidence: 0.99625415

00:03:18.389 --> 00:03:19.830 to wander, where a person
NOTE Confidence: 0.99625415

00:03:19.830 --> 00:03:21.110 may wander, and how they
NOTE Confidence: 0.99625415

00:03:21.110 --> 00:03:22.410 respond when they are found.
NOTE Confidence: 0.88645965

00:03:23.190 --> 00:03:24.570 In response, IA2
NOTE Confidence: 0.9947157

00:03:24.950 --> 00:03:26.710 identified a need to create
NOTE Confidence: 0.9947157

00:03:26.710 --> 00:03:28.250 a culturally tailored toolkit

NOTE Confidence: 0.97954506
00:03:29.110 --> 00:03:31.110 to help Indigenous communities address
NOTE Confidence: 0.97954506
00:03:31.110 --> 00:03:32.570 wandering due to ADRD.
NOTE Confidence: 0.9907356
00:03:34.435 --> 00:03:35.715 The goals of this toolkit
NOTE Confidence: 0.9907356
00:03:35.715 --> 00:03:36.215 are
NOTE Confidence: 0.9573482
00:03:36.675 --> 00:03:38.035 to enhance the safety and
NOTE Confidence: 0.9573482
00:03:38.035 --> 00:03:39.895 well-being of elders in AIAN
NOTE Confidence: 0.9573482
00:03:39.955 --> 00:03:41.335 communities who may wander,
NOTE Confidence: 0.985869
00:03:42.275 --> 00:03:43.555 equip people with tools to
NOTE Confidence: 0.985869
00:03:43.555 --> 00:03:45.075 prevent and respond to wandering
NOTE Confidence: 0.985869
00:03:45.075 --> 00:03:45.575 incidents,
NOTE Confidence: 0.9812367
00:03:46.260 --> 00:03:48.100 A community response in collaboration
NOTE Confidence: 0.9812367
00:03:48.100 --> 00:03:49.700 with local law enforcement allows
NOTE Confidence: 0.9812367
00:03:49.700 --> 00:03:51.320 speed in locating the elder.
NOTE Confidence: 0.999243
00:03:51.620 --> 00:03:53.060 This is especially important in
NOTE Confidence: 0.999243
00:03:53.060 --> 00:03:54.340 communities that may not have
NOTE Confidence: 0.999243

00:03:54.340 --> 00:03:56.340 enough law enforcement officers to
NOTE Confidence: 0.999243

00:03:56.340 --> 00:03:57.300 be able to respond to
NOTE Confidence: 0.999243

00:03:57.300 --> 00:03:58.680 wandering incidents quickly.
NOTE Confidence: 0.99323004

00:03:59.095 --> 00:04:00.235 Time is of the essence.
NOTE Confidence: 0.9833649

00:04:00.694 --> 00:04:02.635 Survival rates for wandering elders
NOTE Confidence: 0.9833649

00:04:02.775 --> 00:04:04.855 decrease dramatically after twenty four
NOTE Confidence: 0.9833649

00:04:04.855 --> 00:04:06.375 hours. In fact, there is
NOTE Confidence: 0.9833649

00:04:06.375 --> 00:04:07.895 only a fifty percent chance
NOTE Confidence: 0.9833649

00:04:07.895 --> 00:04:08.635 of survival
NOTE Confidence: 0.9980534

00:04:09.095 --> 00:04:10.295 of a missing person with
NOTE Confidence: 0.9980534

00:04:10.295 --> 00:04:10.795 dementia
NOTE Confidence: 0.99867386

00:04:11.175 --> 00:04:12.375 that is not found within
NOTE Confidence: 0.99867386

00:04:12.375 --> 00:04:13.435 twenty four hours.
NOTE Confidence: 0.9838386

00:04:14.240 --> 00:04:16.000 Many Indigenous communities are in
NOTE Confidence: 0.9838386

00:04:16.000 --> 00:04:18.100 remote areas with harsh terrains,
NOTE Confidence: 0.9838386

00:04:18.320 --> 00:04:20.020 which can also influence survival

NOTE Confidence: 0.9838386

00:04:20.080 --> 00:04:20.580 rates.

NOTE Confidence: 0.9873285

00:04:20.960 --> 00:04:23.060 This toolkit supports tribal sovereignty

NOTE Confidence: 0.9918991

00:04:23.600 --> 00:04:25.860 by providing a customizable resource

NOTE Confidence: 0.9918991

00:04:26.080 --> 00:04:27.520 that communities can use and

NOTE Confidence: 0.9918991

00:04:27.520 --> 00:04:29.060 adapt to their own needs.

NOTE Confidence: 0.96801627

00:04:29.895 --> 00:04:31.254 If a community you serve

NOTE Confidence: 0.96801627

00:04:31.254 --> 00:04:32.535 is interested in building a

NOTE Confidence: 0.96801627

00:04:32.535 --> 00:04:34.375 community response and you are

NOTE Confidence: 0.96801627

00:04:34.375 --> 00:04:35.414 interested in being a part

NOTE Confidence: 0.96801627

00:04:35.414 --> 00:04:36.935 of that, this toolkit may

NOTE Confidence: 0.96801627

00:04:36.935 --> 00:04:38.375 be of use. If any

NOTE Confidence: 0.96801627

00:04:38.375 --> 00:04:39.815 questions come up about using

00:05:05.384 --> 00:05:06.844 plan in collaboration
NOTE Confidence: 0.99181527

00:05:07.625 --> 00:05:09.884 with local agencies having jurisdiction
NOTE Confidence: 0.9749307

00:05:12.270 --> 00:05:13.710 However, it is important to
NOTE Confidence: 0.9749307

00:05:13.710 --> 00:05:15.150 know the tribal code with
NOTE Confidence: 0.9749307

00:05:15.150 --> 00:05:17.089 regard to addressing issues concerning
NOTE Confidence: 0.9749307

00:05:17.150 --> 00:05:17.650 elders.

NOTE Confidence: 0.9705558

00:05:19.070 --> 00:05:20.430 Then, it walks you through

NOTE Confidence: 0.9705558

00:05:20.430 --> 00:05:22.510 assessing the community, the people,

NOTE Confidence: 0.9705558

00:05:22.510 --> 00:05:23.169 the terrain,

NOTE Confidence: 0.9865431

00:05:23.805 --> 00:05:25.345 establishing communication methods,

NOTE Confidence: 0.98532176

00:05:25.645 --> 00:05:26.705 and a phone tree.

NOTE Confidence: 0.9596495

00:05:27.165 --> 00:05:28.525 There is a template for

NOTE Confidence: 0.9596495

00:05:28.525 --> 00:05:30.205 a missing persons flyer and

NOTE Confidence: 0.9596495

00:05:30.205 --> 00:05:31.745 a detailed elder profile.

NOTE Confidence: 0.95189434

00:05:32.685 --> 00:05:34.125 There is also guidance on

NOTE Confidence: 0.95189434

00:05:34.125 --> 00:05:35.965 conducting a mock search or

NOTE Confidence: 0.95189434

00:05:35.965 --> 00:05:37.025 tabletop exercise,

NOTE Confidence: 0.9991732

00:05:37.485 --> 00:05:39.230 offering different scenarios so you

NOTE Confidence: 0.9991732

00:05:39.230 --> 00:05:40.589 can practice your plan before

NOTE Confidence: 0.9991732

00:05:40.589 --> 00:05:41.970 an incident occurs.

NOTE Confidence: 0.9926632

00:05:43.230 --> 00:05:44.610 Finally, there is a debrief

NOTE Confidence: 0.9926632

00:05:44.670 --> 00:05:45.810 analysis section
NOTE Confidence: 0.9956657

00:05:46.110 --> 00:05:46.910 to help you look back
NOTE Confidence: 0.9956657

00:05:46.910 --> 00:05:47.790 at the mock search or
NOTE Confidence: 0.9956657

00:05:47.790 --> 00:05:49.550 tabletop exercise to see what
NOTE Confidence: 0.9956657

00:05:49.550 --> 00:05:51.310 worked, what didn't, and what
NOTE Confidence: 0.9956657

00:05:51.310 --> 00:05:52.290 could be done differently.
NOTE Confidence: 0.93670785

00:05:53.074 --> 00:05:54.835 The toolkit is customizable for
NOTE Confidence: 0.93670785

00:05:54.835 --> 00:05:56.595 each community and encourages use

00:05:56.595 --> 00:05:59.175 of utilizing local traditional knowledge,
NOTE Confidence: 0.97195023

00:05:59.555 --> 00:06:00.935 tracking methods, etcetera.
NOTE Confidence: 0.99243027

00:06:01.955 --> 00:06:03.074 A nice feature that we've
NOTE Confidence: 0.99243027

00:06:03.074 --> 00:06:04.195 added at the very end
NOTE Confidence: 0.99243027

00:06:04.195 --> 00:06:05.895 is the quick reference guide.
NOTE Confidence: 0.9319538

00:06:06.770 --> 00:06:07.970 So the toolkit is a
NOTE Confidence: 0.9319538

00:06:07.970 --> 00:06:08.949 fillable PDF.
NOTE Confidence: 0.99487615

00:06:09.650 --> 00:06:10.690 When the user goes through

NOTE Confidence: 0.99487615
00:06:10.690 --> 00:06:12.289 the workbook step by step
NOTE Confidence: 0.99487615
00:06:12.289 --> 00:06:13.569 and fills in the worksheets
NOTE Confidence: 0.99487615
00:06:13.569 --> 00:06:14.310 on a computer,
NOTE Confidence: 0.96538216
00:06:14.849 --> 00:06:16.470 the worksheets will auto populate
NOTE Confidence: 0.96538216
00:06:16.610 --> 00:06:18.069 at the end altogether.
NOTE Confidence: 0.96867245
00:06:19.089 --> 00:06:20.870 This way, the most important
NOTE Confidence: 0.96867245
00:06:20.930 --> 00:06:22.845 information in the Community Response
NOTE Confidence: 0.96867245

00:06:25.884 --> 00:06:26.544 if needed,
NOTE Confidence: 0.985838
00:06:27.004 --> 00:06:28.044 and not have to search
NOTE Confidence: 0.985838
00:06:28.044 --> 00:06:29.324 through the whole toolkit for
NOTE Confidence: 0.985838
00:06:29.324 --> 00:06:29.824 it.
