00:01:10.334 --> 00:01:12.354 specific to the residency program,

NOTE Confidence: 0.99461585

00:01:24.420 --> 00:01:25.540 with them quite a bit
NOTE Confidence: 0.99461585

00:01:25.540 --> 00:01:27.160 in terms of educational goals.
NOTE Confidence: 0.9441998

00:01:27.620 --> 00:01:28.740 And as we talked about
NOTE Confidence: 0.9441998

00:01:28.740 --> 00:01:30.100 the schedules overlapping with the
NOTE Confidence: 0.9441998

00:01:31.220 --> 00:01:32.420 rotations, we have to balance

NOTE Confidence: 0.9441998

00:01:32.420 --> 00:01:33.860 it all out. So Adrian

00:03:49.470 --> 00:03:50.910 have a postdoc from Germany

NOTE Confidence: 0.94503886

00:03:50.910 --> 00:03:52.670 who's doing, funded research from

NOTE Confidence: 0.94503886

00:03:52.670 --> 00:03:53.870 the German Research Foundation. We

NOTE Confidence: 0.94503886

00:03:53.870 --> 00:03:54.910 got a grant for him.

NOTE Confidence: 0.94503886

00:03:54.910 --> 00:03:55.950 I work with doctor Porro,

NOTE Confidence: 0.94503886

00:03:55.950 --> 00:03:57.470 Wysniak, and myself. And then

NOTE Confidence: 0.94503886

00:03:57.470 --> 00:03:58.510 we always have some research

NOTE Confidence: 0.94503886

00:03:58.510 --> 00:03:59.950 students, especially through doctor Wysniak

NOTE Confidence: 0.94503886

00:03:59.950 --> 00:04:01.784 and doctor Grauer's groups, who

NOTE Confidence: 0.94503886

00:04:01.784 --> 00:04:02.905 interact with our division and

NOTE Confidence: 0.94503886

00:04:02.905 --> 00:04:03.885 do lots of projects.

NOTE Confidence: 0.9567381

00:04:05.064 --> 00:04:06.344 Our our fellowship has a

NOTE Confidence: 0.9567381

00:04:06.344 --> 00:04:08.105 very busy call base, and

NOTE Confidence: 0.9567381

00:04:08.105 --> 00:04:08.745 and we do a lot

NOTE Confidence: 0.9567381

00:04:08.745 --> 00:04:09.465 of patient. We have a

NOTE Confidence: 0.9567381

00:04:09.465 --> 00:04:10.504 five hundred to five hundred

NOTE Confidence: 0.9567381

00:04:10.504 --> 00:04:11.625 fifty hip fracture in case

NOTE Confidence: 0.9567381

00:04:11.625 --> 00:04:12.504 of the year. We have

NOTE Confidence: 0.9567381

00:04:12.504 --> 00:04:13.830 a new arthroplasty call panel

NOTE Confidence: 0.9567381

00:04:13.830 --> 00:04:15.190 that started January one of

NOTE Confidence: 0.9567381

00:04:15.190 --> 00:04:16.630 last year that does four

NOTE Confidence: 0.9567381

00:04:16.630 --> 00:04:18.070 or five urgent revision cases

NOTE Confidence: 0.9567381

00:04:18.070 --> 00:04:18.870 every week. And that's a

NOTE Confidence: 0.9567381

00:04:18.870 --> 00:04:19.750 great chance to talk to

NOTE Confidence: 0.9567381

00:04:19.750 --> 00:04:20.630 the fellow about that when

NOTE Confidence: 0.9567381

00:04:20.630 --> 00:04:22.070 you're visiting with Tucker to

NOTE Confidence: 0.9567381

00:04:22.070 --> 00:04:22.870 see kind of what things

NOTE Confidence: 0.9567381

00:04:22.870 --> 00:04:23.750 we're seeing. But we see

NOTE Confidence: 0.9567381

00:04:23.750 --> 00:04:25.485 infections, dislocations, fractures

NOTE Confidence: 0.90350795

00:04:26.044 --> 00:04:27.884 every day, every week, every

NOTE Confidence: 0.90350795

00:04:27.884 --> 00:04:29.324 month, every all year long.

NOTE Confidence: 0.90350795

00:04:29.324 --> 00:04:30.205 So you see a ton

NOTE Confidence: 0.90350795

00:04:30.205 --> 00:04:31.884 of cases. Consistently high case

NOTE Confidence: 0.90350795

00:04:31.884 --> 00:04:33.645 volume and revision burden. Doctor

NOTE Confidence: 0.90350795

00:04:33.645 --> 00:04:34.604 Cushing is the the first

NOTE Confidence: 0.90350795

00:04:34.604 --> 00:04:35.724 six months about three hundred

NOTE Confidence: 0.90350795

00:04:35.724 --> 00:04:36.525 and five. You said you're

NOTE Confidence: 0.90350795

00:04:36.525 --> 00:04:37.930 at three hundred and Fifty

NOTE Confidence: 0.90350795

00:04:37.930 --> 00:04:38.970 six years. Three hundred and

NOTE Confidence: 0.90350795

00:04:38.970 --> 00:04:40.810 fifty something, fifty six. Seven

NOTE Confidence: 0.90350795

00:04:40.810 --> 00:04:42.170 months. In seven months. So

NOTE Confidence: 0.90350795

00:04:42.170 --> 00:04:43.050 that gives you a flavor.

NOTE Confidence: 0.90350795

00:04:43.050 --> 00:04:43.930 And we'll have some averages

NOTE Confidence: 0.90350795

00:04:43.930 --> 00:04:45.070 numbers here as well.

NOTE Confidence: 0.91772825

00:04:45.690 --> 00:04:46.970 Our fellows get the international

NOTE Confidence: 0.91772825

00:04:46.970 --> 00:04:48.010 travel experience through the KK

NOTE Confidence: 0.91772825

00:04:48.010 --> 00:04:48.970 Kimbell Fund, which I'll talk

NOTE Confidence: 0.91772825

00:04:48.970 --> 00:04:49.870 about in a moment.

NOTE Confidence: 0.93795276

00:04:50.250 --> 00:04:51.370 Doctor Kwashen went to Paris

NOTE Confidence: 0.93795276

00:04:51.370 --> 00:04:52.730 and Belgium. Doctor Kwasinski went

NOTE Confidence: 0.93795276

00:04:52.730 --> 00:04:53.915 to Germany and Poland for

NOTE Confidence: 0.93795276

00:04:53.915 --> 00:04:55.735 a week each. Doctor Budella

NOTE Confidence: 0.93795276

00:04:55.795 --> 00:04:57.315 went to Johannesburg, South Africa

NOTE Confidence: 0.93795276

00:04:57.315 --> 00:04:58.035 for two weeks and started

NOTE Confidence: 0.93795276
00:04:58.035 --> 00:04:59.555 pushing his planning trip to,
NOTE Confidence: 0.93795276
00:04:59.875 --> 00:05:01.635 India, for two weeks, in
NOTE Confidence: 0.93795276
00:05:01.635 --> 00:05:02.135 May.
NOTE Confidence: 0.91781557
00:05:02.835 --> 00:05:04.275 So who are our graduates?
NOTE Confidence: 0.91781557
00:05:04.275 --> 00:05:05.395 Eric McDonald is our first
NOTE Confidence: 0.91781557
00:05:05.395 --> 00:05:07.315 fellow, and, he did four
NOTE Confidence: 0.91781557
00:05:07.315 --> 00:05:08.699 hundred ninety two cases. Thirty
NOTE Confidence: 0.91781557
00:05:08.699 --> 00:05:10.319 two percent were complex revision.
NOTE Confidence: 0.91781557
00:05:10.380 --> 00:05:11.339 And primary, he's out of
NOTE Confidence: 0.91781557
00:05:11.339 --> 00:05:12.539 California. He was with Kaiser,
NOTE Confidence: 0.91781557
00:05:12.539 --> 00:05:13.580 and he's changed practice to
NOTE Confidence: 0.91781557
00:05:13.580 --> 00:05:15.259 a private group. Doctor Quadra
NOTE Confidence: 0.91781557
00:05:15.259 --> 00:05:15.500 is,
NOTE Confidence: 0.9566342
00:05:16.139 --> 00:05:17.099 was very busy, did six
NOTE Confidence: 0.9566342
00:05:17.099 --> 00:05:18.300 hundred thirty four cases the
NOTE Confidence: 0.9566342

00:05:18.300 --> 00:05:19.419 full year without a COVID
NOTE Confidence: 0.9566342

00:05:19.419 --> 00:05:20.539 shutdown. And, he went to
NOTE Confidence: 0.9566342

00:05:20.539 --> 00:05:21.819 Belgium Paris, and he's practicing
NOTE Confidence: 0.9566342

00:05:21.819 --> 00:05:23.279 out in the Pacific Northwest.
NOTE Confidence: 0.9372452

00:05:24.245 --> 00:05:24.904 Doctor Brzezinski,
NOTE Confidence: 0.86761266

00:05:25.445 --> 00:05:26.885 he was quite busy with
NOTE Confidence: 0.86761266

00:05:26.885 --> 00:05:28.165 five hundred seventy nine cases.
NOTE Confidence: 0.86761266

00:05:28.165 --> 00:05:29.685 Again, the consistent number is
NOTE Confidence: 0.86761266

00:05:29.685 --> 00:05:31.045 about thirty percent complex in
NOTE Confidence: 0.86761266

00:05:31.045 --> 00:05:32.165 revision, and he went to
NOTE Confidence: 0.86761266

00:05:32.165 --> 00:05:33.045 Germany and Poland like I
NOTE Confidence: 0.86761266

00:05:33.045 --> 00:05:34.245 mentioned. And doctor Podell, if
NOTE Confidence: 0.86761266

00:05:34.245 --> 00:05:34.985 we just finished,
NOTE Confidence: 0.8673416

00:05:35.605 --> 00:05:36.725 he did about four hundred
NOTE Confidence: 0.8673416

00:05:36.725 --> 00:05:37.464 fifty cases,
NOTE Confidence: 0.99873525

00:05:37.845 --> 00:05:38.805 and he went to South

NOTE Confidence: 0.99873525

00:05:38.805 --> 00:05:39.305 Africa.

NOTE Confidence: 0.9291595

00:05:39.839 --> 00:05:40.800 He is currently in a

NOTE Confidence: 0.9291595

00:05:40.800 --> 00:05:42.480 different, fellowship now for spine,

NOTE Confidence: 0.9291595

00:05:42.480 --> 00:05:43.520 and he's pursuing a career

NOTE Confidence: 0.9291595

00:05:43.520 --> 00:05:45.120 in Houston after that. Our

NOTE Confidence: 0.9291595

00:05:45.120 --> 00:05:46.080 current fellow, as you see,

NOTE Confidence: 0.9291595

00:05:46.080 --> 00:05:47.460 doctor Cushing is with us.

NOTE Confidence: 0.92159796

00:05:48.240 --> 00:05:49.440 And our next fellow, they're

NOTE Confidence: 0.92159796

00:05:49.440 --> 00:05:50.960 both from Westborough and Northborough,

NOTE Confidence: 0.92159796

00:05:50.960 --> 00:05:52.720 Massachusetts, ironically. Literally right next

NOTE Confidence: 0.92159796

00:05:52.720 --> 00:05:53.360 to me. Right next to

NOTE Confidence: 0.92159796

00:05:53.360 --> 00:05:54.900 each other. Question real quick.

NOTE Confidence: 0.92159796

00:05:55.055 --> 00:05:56.255 How many fellows are you

NOTE Confidence: 0.92159796

00:05:56.255 --> 00:05:57.775 gonna go through before you

NOTE Confidence: 0.92159796

00:05:57.775 --> 00:05:58.654 leave this part out of

NOTE Confidence: 0.92159796

00:05:58.654 --> 00:05:59.695 your presentations? I don't know.

NOTE Confidence: 0.92159796

00:05:59.695 --> 00:06:00.495 We'll see how you perform,

NOTE Confidence: 0.92159796

00:06:00.495 --> 00:06:00.995 doctor.

NOTE Confidence: 0.96702266

00:06:01.295 --> 00:06:02.735 So our average here is

NOTE Confidence: 0.96702266

00:06:02.735 --> 00:06:03.615 five hundred and thirty eight

NOTE Confidence: 0.96702266

00:06:03.615 --> 00:06:04.654 cases. As you see, that's

NOTE Confidence: 0.96702266

00:06:04.654 --> 00:06:06.495 the first four. Tucker's gonna

NOTE Confidence: 0.96702266

00:06:06.495 --> 00:06:07.535 crush the numbers and make

NOTE Confidence: 0.96702266

00:06:07.535 --> 00:06:07.890 that average

NOTE Confidence: 0.9107246

00:06:08.690 --> 00:06:09.410 more. So I think five

NOTE Confidence: 0.9107246

00:06:09.410 --> 00:06:10.850 fifty is a reasonable average

NOTE Confidence: 0.9107246

00:06:10.850 --> 00:06:11.730 number to give you, and

NOTE Confidence: 0.9107246

00:06:11.730 --> 00:06:12.850 twenty five to thirty percent

NOTE Confidence: 0.9107246

00:06:12.850 --> 00:06:13.730 is the the number that

NOTE Confidence: 0.9107246

00:06:13.730 --> 00:06:14.470 I would cite.

NOTE Confidence: 0.9369162

00:06:15.250 --> 00:06:15.970 And like I said, our

NOTE Confidence: 0.9369162
00:06:15.970 --> 00:06:17.250 next, fellow is coming from,
NOTE Confidence: 0.9369162
00:06:17.410 --> 00:06:19.010 UMass. We're very excited to
NOTE Confidence: 0.9369162
00:06:19.010 --> 00:06:20.050 have her join us next
NOTE Confidence: 0.9369162
00:06:20.050 --> 00:06:20.550 year,
NOTE Confidence: 0.8032562
00:06:20.985 --> 00:06:22.525 this year, in August first.
NOTE Confidence: 0.97322726
00:06:22.904 --> 00:06:24.104 So, of course, that brings
NOTE Confidence: 0.97322726
00:06:24.104 --> 00:06:25.065 us to this moment for
NOTE Confidence: 0.97322726
00:06:25.065 --> 00:06:26.345 this this room. We are
NOTE Confidence: 0.97322726
00:06:26.345 --> 00:06:27.544 looking for you, and we're
NOTE Confidence: 0.97322726
00:06:27.544 --> 00:06:28.505 looking for we have one
NOTE Confidence: 0.97322726
00:06:28.505 --> 00:06:30.104 position. That's only one position,
NOTE Confidence: 0.97322726
00:06:30.104 --> 00:06:31.544 but whoever is lucky enough
NOTE Confidence: 0.97322726
00:06:31.544 --> 00:06:32.425 to get the position will
NOTE Confidence: 0.97322726
00:06:32.425 --> 00:06:34.440 be made famous, and will
NOTE Confidence: 0.97322726
00:06:34.440 --> 00:06:35.960 live in this spot right
NOTE Confidence: 0.97322726

00:06:35.960 --> 00:06:37.480 here forever. So We're out

NOTE Confidence: 0.97322726

00:06:37.480 --> 00:06:38.440 there. Hope that you join

NOTE Confidence: 0.97322726

00:06:38.440 --> 00:06:39.800 us. We're excited to meet

NOTE Confidence: 0.97322726

00:06:39.800 --> 00:06:41.240 you all today. So orthopedic

NOTE Confidence: 0.97322726

00:06:41.240 --> 00:06:42.360 surgery residency, we have a

NOTE Confidence: 0.97322726

00:06:42.360 --> 00:06:44.360 very, you know, accomplished group

NOTE Confidence: 0.97322726

00:06:44.360 --> 00:06:45.560 of resident physicians that come

NOTE Confidence: 0.97322726

00:06:45.560 --> 00:06:46.360 out of this program. And

NOTE Confidence: 0.97322726

00:06:46.360 --> 00:06:47.160 I came here in two

NOTE Confidence: 0.97322726

00:06:47.160 --> 00:06:48.235 thousand sixteen at the end

NOTE Confidence: 0.97322726

00:06:48.235 --> 00:06:49.515 of the year and clinically

NOTE Confidence: 0.97322726

00:06:49.515 --> 00:06:50.475 started about ten years ago

NOTE Confidence: 0.97322726

00:06:50.475 --> 00:06:51.515 in two thousand seventeen. So

NOTE Confidence: 0.97322726

00:06:51.515 --> 00:06:52.495 since that time,

NOTE Confidence: 0.9184951

00:06:52.875 --> 00:06:53.835 we have doctor Hughes who

NOTE Confidence: 0.9184951

00:06:53.835 --> 00:06:55.195 went to HFS. Wizzney went

NOTE Confidence: 0.9184951

00:06:55.195 --> 00:06:56.555 to NYU. Nelson went to

NOTE Confidence: 0.9184951

00:06:56.555 --> 00:06:57.055 UVA.

NOTE Confidence: 0.93578774

00:06:57.595 --> 00:06:58.955 Izu went to fellowship in

NOTE Confidence: 0.93578774

00:06:58.955 --> 00:07:00.315 Toronto. He does joints in

NOTE Confidence: 0.93578774

00:07:00.315 --> 00:07:00.815 oncology.

NOTE Confidence: 0.8121907

00:07:01.515 --> 00:07:02.015 Murillo,

NOTE Confidence: 0.9214814

00:07:02.779 --> 00:07:05.020 Induguba, and Vinitag, he went

NOTE Confidence: 0.9214814

00:07:05.020 --> 00:07:06.140 the same year they graduated,

NOTE Confidence: 0.9214814

00:07:06.140 --> 00:07:07.100 which was a challenge to

NOTE Confidence: 0.9214814

00:07:07.100 --> 00:07:07.900 make sure they all got

NOTE Confidence: 0.9214814

00:07:07.900 --> 00:07:09.120 good match, but at OrthoCarolina,

NOTE Confidence: 0.9214814

00:07:09.340 --> 00:07:10.860 NYU, and Stanford. And since

NOTE Confidence: 0.9214814

00:07:10.860 --> 00:07:11.900 then, we've had other residents

NOTE Confidence: 0.9214814

00:07:11.900 --> 00:07:13.440 go to Ottawa, Connecticut Orthopedics

NOTE Confidence: 0.9214814

00:07:13.580 --> 00:07:14.940 locally for a year. Lydia

NOTE Confidence: 0.9214814

00:07:14.940 --> 00:07:15.980 Ani, she went to Nuffield,
NOTE Confidence: 0.9214814

00:07:15.980 --> 00:07:17.280 which was the Oxford program.
NOTE Confidence: 0.9214814

00:07:17.435 --> 00:07:18.475 Zach is currently a fellow
NOTE Confidence: 0.9214814

00:07:18.475 --> 00:07:19.835 at UVA. And in the
NOTE Confidence: 0.9214814

00:07:19.835 --> 00:07:21.035 room here with doctor Kasuba,
NOTE Confidence: 0.9214814

00:07:21.035 --> 00:07:22.235 who's our graduating chief resident
NOTE Confidence: 0.9214814

00:07:22.235 --> 00:07:23.275 this year and current chief
NOTE Confidence: 0.9214814

00:07:23.275 --> 00:07:24.635 resident on our service, who
NOTE Confidence: 0.9214814

00:07:24.635 --> 00:07:25.835 will be touring you around,
NOTE Confidence: 0.9214814

00:07:26.075 --> 00:07:26.975 after the visit.
NOTE Confidence: 0.9376376

00:07:28.155 --> 00:07:29.275 She's going to Columbia for
NOTE Confidence: 0.9376376

00:07:29.275 --> 00:07:30.395 her fellowship next year. We
NOTE Confidence: 0.9376376

00:07:30.395 --> 00:07:32.220 have two threes who are
NOTE Confidence: 0.9376376

00:07:32.220 --> 00:07:33.660 rising stars, Kayla Menes and
NOTE Confidence: 0.9376376

00:07:33.660 --> 00:07:35.420 Rajeev Vasudeva, and that they're
NOTE Confidence: 0.9376376

00:07:35.420 --> 00:07:37.100 applying this fall. So we're

NOTE Confidence: 0.9376376

00:07:37.100 --> 00:07:38.060 very excited as we meet

NOTE Confidence: 0.9376376

00:07:38.060 --> 00:07:38.860 all the fellows to have

NOTE Confidence: 0.9376376

00:07:38.860 --> 00:07:39.980 our own residents going into

NOTE Confidence: 0.9376376

00:07:39.980 --> 00:07:41.460 the programs. Our program has

NOTE Confidence: 0.9376376

00:07:41.460 --> 00:07:42.700 a lot of unique divisional

NOTE Confidence: 0.9376376

00:07:42.700 --> 00:07:44.220 highlights, a vascular necrosis program

NOTE Confidence: 0.9376376

00:07:44.220 --> 00:07:45.340 with doctor Wysnia, doing a

NOTE Confidence: 0.9376376

00:07:45.340 --> 00:07:46.460 lot of three d guided

NOTE Confidence: 0.9376376

00:07:46.460 --> 00:07:47.360 computer navigated

NOTE Confidence: 0.9892466

00:07:47.715 --> 00:07:48.215 surgery.

NOTE Confidence: 0.9531827

00:07:48.995 --> 00:07:50.435 He's got a prospective RCT

NOTE Confidence: 0.9531827

00:07:50.435 --> 00:07:51.875 in motion for hyperbaric oxygen

NOTE Confidence: 0.9531827

00:07:51.875 --> 00:07:53.235 treatment. We have a PGI

NOTE Confidence: 0.9531827

00:07:53.235 --> 00:07:54.435 center of excellence with doctor

NOTE Confidence: 0.9531827

00:07:54.435 --> 00:07:56.195 Malloy looking at infection protocol

NOTE Confidence: 0.9531827

00:07:56.195 --> 00:07:57.795 and policy and research. And,
NOTE Confidence: 0.9531827

00:07:58.035 --> 00:07:59.315 just as an example, last
NOTE Confidence: 0.9531827

00:07:59.315 --> 00:08:00.355 year, MSIS, she had a
NOTE Confidence: 0.9531827

00:08:00.355 --> 00:08:01.475 podium and I think two
NOTE Confidence: 0.9531827

00:08:01.475 --> 00:08:02.295 or three posters.
NOTE Confidence: 0.90529716

00:08:02.599 --> 00:08:03.560 We've we've done pretty well
NOTE Confidence: 0.90529716

00:08:03.560 --> 00:08:04.360 at that meeting with her
NOTE Confidence: 0.90529716

00:08:04.360 --> 00:08:05.639 leadership with doctor Goldin, our
NOTE Confidence: 0.90529716

00:08:05.639 --> 00:08:06.860 infectious disease colleague.
NOTE Confidence: 0.98017573

00:08:07.639 --> 00:08:09.240 All faculty do certain aspects
NOTE Confidence: 0.98017573

00:08:09.240 --> 00:08:10.199 of the three d research
NOTE Confidence: 0.98017573

00:08:10.199 --> 00:08:11.259 and custom design.
NOTE Confidence: 0.89817

00:08:11.639 --> 00:08:12.840 Data science research group, I
NOTE Confidence: 0.89817

00:08:12.840 --> 00:08:13.639 work on that with doctor
NOTE Confidence: 0.89817

00:08:13.639 --> 00:08:15.240 Grauer, especially with our large
NOTE Confidence: 0.89817

00:08:15.240 --> 00:08:16.759 national ministry of databases. We

NOTE Confidence: 0.89817

00:08:16.759 --> 00:08:18.060 publish a lot from there.

NOTE Confidence: 0.97336036

00:08:18.865 --> 00:08:20.065 We have a big, patient

NOTE Confidence: 0.97336036

00:08:20.065 --> 00:08:21.905 optimization research group, which also

NOTE Confidence: 0.97336036

00:08:21.905 --> 00:08:23.025 works on social determinants of

NOTE Confidence: 0.97336036

00:08:23.025 --> 00:08:24.885 health, predictive risk assessment.

NOTE Confidence: 0.95731354

00:08:25.505 --> 00:08:26.945 Elie Mansour is interested. He

NOTE Confidence: 0.95731354

00:08:26.945 --> 00:08:27.745 won't be with us this

NOTE Confidence: 0.95731354

00:08:27.745 --> 00:08:29.105 afternoon, but he's interested in

NOTE Confidence: 0.95731354

00:08:29.105 --> 00:08:31.025 AI and applying risk models

NOTE Confidence: 0.95731354

00:08:31.025 --> 00:08:32.865 to assess, orthopedic patients predict

NOTE Confidence: 0.95731354

00:08:32.865 --> 00:08:34.030 risk. And we have an

NOTE Confidence: 0.95731354

00:08:34.030 --> 00:08:35.309 outpatient surgical program at the

NOTE Confidence: 0.95731354

00:08:35.309 --> 00:08:36.190 time we built it before

NOTE Confidence: 0.95731354

00:08:36.190 --> 00:08:37.070 COVID. It was among the

NOTE Confidence: 0.95731354

00:08:37.070 --> 00:08:38.510 first in academic orthopedics. Now,

NOTE Confidence: 0.95731354

00:08:38.510 --> 00:08:39.309 of course, a lot of
NOTE Confidence: 0.95731354

00:08:39.309 --> 00:08:40.830 people doing outpatient surgery, but
NOTE Confidence: 0.95731354

00:08:40.830 --> 00:08:41.630 we're proud of what we
NOTE Confidence: 0.95731354

00:08:41.630 --> 00:08:42.590 built and all. You'll see
NOTE Confidence: 0.95731354

00:08:42.590 --> 00:08:43.309 a little bit of that,
NOTE Confidence: 0.95731354

00:08:43.470 --> 00:08:44.610 in the videos later.
NOTE Confidence: 0.93221986

00:08:44.990 --> 00:08:46.429 Program highlights just to some
NOTE Confidence: 0.93221986

00:08:46.590 --> 00:08:47.390 you know, this is the
NOTE Confidence: 0.93221986

00:08:47.390 --> 00:08:48.270 chance for me to do
NOTE Confidence: 0.93221986

00:08:48.270 --> 00:08:49.150 photo dump and show you
NOTE Confidence: 0.93221986

00:08:49.150 --> 00:08:50.235 all the great things we've
NOTE Confidence: 0.93221986

00:08:50.235 --> 00:08:51.795 done. Twenty twenty two, this
NOTE Confidence: 0.93221986

00:08:51.795 --> 00:08:52.915 is our first Yale Ortho
NOTE Confidence: 0.93221986

00:08:52.915 --> 00:08:54.515 Fellowship Symposium with doctor McDonald
NOTE Confidence: 0.93221986

00:08:54.515 --> 00:08:56.054 Front Center presenting his research.
NOTE Confidence: 0.9691732

00:08:56.595 --> 00:08:57.635 We had a graduation dinner

NOTE Confidence: 0.9691732

00:08:57.635 --> 00:08:59.155 at doctor Gibson's backyard after

NOTE Confidence: 0.9691732

00:08:59.155 --> 00:08:59.975 that with faculty.

NOTE Confidence: 0.9329983

00:09:00.315 --> 00:09:01.554 It was really nice afternoon.

NOTE Confidence: 0.9329983

00:09:01.554 --> 00:09:02.835 Set the tone for future

NOTE Confidence: 0.9329983

00:09:02.835 --> 00:09:03.795 gatherings. This one was in

NOTE Confidence: 0.9329983

00:09:03.795 --> 00:09:05.580 my backyard with doctor Kwaja.

NOTE Confidence: 0.95567155

00:09:06.120 --> 00:09:07.399 And, it's just his favorite

NOTE Confidence: 0.95567155

00:09:07.399 --> 00:09:08.360 color was purple, so we

NOTE Confidence: 0.95567155

00:09:08.360 --> 00:09:09.640 all surprised him by wearing

NOTE Confidence: 0.95567155

00:09:09.640 --> 00:09:11.080 various shades of purple in

NOTE Confidence: 0.95567155

00:09:11.080 --> 00:09:12.120 case you're wondering why it's

NOTE Confidence: 0.95567155

00:09:12.120 --> 00:09:12.779 color coordinated.

NOTE Confidence: 0.938085

00:09:13.240 --> 00:09:14.839 Doctor Brzezinski graduated the following

NOTE Confidence: 0.938085

00:09:14.839 --> 00:09:15.720 year, and although we did

NOTE Confidence: 0.938085

00:09:15.720 --> 00:09:17.160 not coordinate it, the blue

NOTE Confidence: 0.938085

00:09:17.160 --> 00:09:18.934 matches the hydrangeas pretty nicely.

NOTE Confidence: 0.938085

00:09:19.235 --> 00:09:20.195 And I was very happy.

NOTE Confidence: 0.938085

00:09:20.195 --> 00:09:20.995 My wife was very happy.

NOTE Confidence: 0.938085

00:09:20.995 --> 00:09:22.195 The hydrangeas were in full

NOTE Confidence: 0.938085

00:09:22.195 --> 00:09:23.255 bloom for these photos,

NOTE Confidence: 0.95834184

00:09:23.635 --> 00:09:24.755 which is really exciting. So

NOTE Confidence: 0.95834184

00:09:24.755 --> 00:09:25.635 he's he's doing well. He's

NOTE Confidence: 0.95834184

00:09:25.635 --> 00:09:27.075 now at University Orthopedics in

NOTE Confidence: 0.95834184

00:09:27.075 --> 00:09:27.815 New Jersey.

NOTE Confidence: 0.92256105

00:09:28.195 --> 00:09:29.715 So, two weeks in international

NOTE Confidence: 0.92256105

00:09:29.715 --> 00:09:30.330 education is

NOTE Confidence: 0.95297515

00:09:32.410 --> 00:09:32.438 part of this. So in

NOTE Confidence: 0.95297515

00:09:32.438 --> 00:09:32.467 my interview room, I do

NOTE Confidence: 0.95297515

00:09:32.467 --> 00:09:32.970 wanna hear what your proposals

NOTE Confidence: 0.95297515

00:09:32.970 --> 00:09:34.170 are to where you wish

NOTE Confidence: 0.95297515

00:09:34.170 --> 00:09:35.530 to go and where you

NOTE Confidence: 0.95297515

00:09:35.530 --> 00:09:36.809 dream that you'd go for

NOTE Confidence: 0.95297515

00:09:36.809 --> 00:09:37.690 two weeks. This is doctor

NOTE Confidence: 0.95297515

00:09:37.690 --> 00:09:39.050 Bedell traveling to South Africa

NOTE Confidence: 0.95297515

00:09:39.050 --> 00:09:39.790 in Johannesburg,

NOTE Confidence: 0.9664498

00:09:40.330 --> 00:09:41.370 last February. You can see

NOTE Confidence: 0.9664498

00:09:41.450 --> 00:09:42.330 he showed us some things

NOTE Confidence: 0.9664498

00:09:42.330 --> 00:09:43.130 like this OR, which has

NOTE Confidence: 0.9664498

00:09:43.130 --> 00:09:44.815 actually two ORs. And there's

NOTE Confidence: 0.9664498

00:09:44.815 --> 00:09:45.934 a small divider, but there's

NOTE Confidence: 0.9664498

00:09:45.934 --> 00:09:46.654 only one door, and there's

NOTE Confidence: 0.9664498

00:09:46.654 --> 00:09:47.615 two ORs running at the

NOTE Confidence: 0.9664498

00:09:47.615 --> 00:09:49.054 same time. So it's really

NOTE Confidence: 0.9664498

00:09:49.054 --> 00:09:50.495 interesting. You know? It's, just

NOTE Confidence: 0.9664498

00:09:50.495 --> 00:09:51.214 a different way of doing

NOTE Confidence: 0.9664498

00:09:51.214 --> 00:09:51.934 it. It's not wrong or

NOTE Confidence: 0.9664498

00:09:51.934 --> 00:09:52.894 right. It's just, wow. It's
NOTE Confidence: 0.9664498

00:09:52.894 --> 00:09:54.175 a refreshing way to look
NOTE Confidence: 0.9664498

00:09:54.175 --> 00:09:54.894 at the world and see
NOTE Confidence: 0.9664498

00:09:54.894 --> 00:09:56.115 the world through different eyes.
NOTE Confidence: 0.7730753

00:09:56.540 --> 00:09:58.320 I've seen six in Zurich.
NOTE Confidence: 0.7730753

00:09:58.620 --> 00:10:00.460 Directly. Six over. Six in
NOTE Confidence: 0.7730753

00:10:00.460 --> 00:10:00.960 Melbourne.
NOTE Confidence: 0.9239547

00:10:01.980 --> 00:10:02.940 So we have, got it
NOTE Confidence: 0.9239547

00:10:02.940 --> 00:10:03.820 together. This is our team
NOTE Confidence: 0.9239547

00:10:03.820 --> 00:10:05.179 for taking selfies. This is
NOTE Confidence: 0.9239547

00:10:05.179 --> 00:10:06.220 a known thing for him
NOTE Confidence: 0.9239547

00:10:06.220 --> 00:10:07.360 over there in the corner.
NOTE Confidence: 0.86965346

00:10:07.820 --> 00:10:08.860 Doctor Puar loves to take
NOTE Confidence: 0.86965346

00:10:08.860 --> 00:10:09.980 selfies. Here we are taking
NOTE Confidence: 0.86965346

00:10:09.980 --> 00:10:11.340 selfies, him, Gibson, and and
NOTE Confidence: 0.86965346

00:10:11.340 --> 00:10:11.840 McDonald.

NOTE Confidence: 0.9586263

00:10:12.300 --> 00:10:12.885 This is is the babies

NOTE Confidence: 0.9586263

00:10:12.885 --> 00:10:13.525 talking to each other. We

NOTE Confidence: 0.9586263

00:10:13.525 --> 00:10:14.405 went to August in twenty

NOTE Confidence: 0.9586263

00:10:14.405 --> 00:10:15.045 twenty three. We had a

NOTE Confidence: 0.9586263

00:10:15.045 --> 00:10:16.325 nice group, a good group.

NOTE Confidence: 0.9586263

00:10:16.325 --> 00:10:17.125 We got together, took a

NOTE Confidence: 0.9586263

00:10:17.125 --> 00:10:18.005 nice photo in the front

NOTE Confidence: 0.9586263

00:10:18.005 --> 00:10:19.205 there, but we went last

NOTE Confidence: 0.9586263

00:10:19.205 --> 00:10:20.005 year. We had a really

NOTE Confidence: 0.9586263

00:10:20.005 --> 00:10:21.205 good group, even better. We've

NOTE Confidence: 0.9586263

00:10:21.205 --> 00:10:22.405 grown our faculty. We had

NOTE Confidence: 0.9586263

00:10:22.405 --> 00:10:23.045 four out of five of

NOTE Confidence: 0.9586263

00:10:23.045 --> 00:10:24.405 our fellows. We had a

NOTE Confidence: 0.9586263

00:10:24.405 --> 00:10:25.845 a couple current residents. We

NOTE Confidence: 0.9586263

00:10:25.845 --> 00:10:27.125 had a graduated resident. We

NOTE Confidence: 0.9586263

00:10:27.125 --> 00:10:28.085 had a couple students with
NOTE Confidence: 0.9586263

00:10:28.085 --> 00:10:29.709 us. And so the future
NOTE Confidence: 0.9586263

00:10:29.709 --> 00:10:30.429 is bright. I mean, this
NOTE Confidence: 0.9586263

00:10:30.429 --> 00:10:31.309 was for me really a
NOTE Confidence: 0.9586263

00:10:31.309 --> 00:10:32.750 highlight of my experience there
NOTE Confidence: 0.9586263

00:10:32.750 --> 00:10:33.470 at that meeting and the
NOTE Confidence: 0.9586263

00:10:33.470 --> 00:10:34.670 highlight of my year is
NOTE Confidence: 0.9586263

00:10:34.670 --> 00:10:35.470 to get together all these
NOTE Confidence: 0.9586263

00:10:35.470 --> 00:10:36.429 people that I've been involved
NOTE Confidence: 0.9586263

00:10:36.429 --> 00:10:37.309 with working with, and we
NOTE Confidence: 0.9586263

00:10:37.309 --> 00:10:38.509 built this program from scratch
NOTE Confidence: 0.9586263

00:10:38.509 --> 00:10:39.870 when I came here. So
NOTE Confidence: 0.9586263

00:10:39.870 --> 00:10:40.589 to be a part of
NOTE Confidence: 0.9586263

00:10:40.589 --> 00:10:41.709 this is really exciting. It's
NOTE Confidence: 0.9586263

00:10:41.709 --> 00:10:42.589 a it's a program on
NOTE Confidence: 0.9586263

00:10:42.589 --> 00:10:43.005 the rise.

NOTE Confidence: 0.95794064
00:10:43.565 --> 00:10:44.445 As we continue to add
NOTE Confidence: 0.95794064
00:10:44.445 --> 00:10:45.645 faculty, we're gonna keep growing.
NOTE Confidence: 0.95794064
00:10:45.645 --> 00:10:46.605 We're gonna hopefully grow our
NOTE Confidence: 0.95794064
00:10:46.605 --> 00:10:47.985 residency in the next year,
NOTE Confidence: 0.95794064
00:10:48.045 --> 00:10:49.405 growing to either one or
NOTE Confidence: 0.95794064
00:10:49.405 --> 00:10:50.365 two more positions with the
NOTE Confidence: 0.95794064
00:10:50.365 --> 00:10:51.485 residents and hopefully grow the
NOTE Confidence: 0.95794064
00:10:51.485 --> 00:10:51.985 fellowship
NOTE Confidence: 0.9912138
00:10:52.285 --> 00:10:53.985 the year after or so.
NOTE Confidence: 0.92493063
00:10:55.165 --> 00:10:56.910 But doctor Tucker, he got
NOTE Confidence: 0.92493063
00:10:56.910 --> 00:10:57.950 very involved in the meeting.
NOTE Confidence: 0.92493063
00:10:57.950 --> 00:10:58.830 Here he is, you know,
NOTE Confidence: 0.92493063
00:10:58.830 --> 00:11:00.029 teaching for the microphone That's
NOTE Confidence: 0.92493063
00:11:00.029 --> 00:11:01.309 right. Teaching the podium what
NOTE Confidence: 0.92493063
00:11:01.309 --> 00:11:01.970 he thinks.
NOTE Confidence: 0.9096496

00:11:02.350 --> 00:11:03.070 And here we are hanging
NOTE Confidence: 0.9096496

00:11:03.070 --> 00:11:03.870 out in the on the
NOTE Confidence: 0.9096496

00:11:03.870 --> 00:11:05.070 way out. So at at
NOTE Confidence: 0.9096496

00:11:05.070 --> 00:11:06.029 Yale Orthopedics, we have a
NOTE Confidence: 0.9096496

00:11:06.029 --> 00:11:07.390 bunch of fellowship programs now.
NOTE Confidence: 0.9096496

00:11:07.710 --> 00:11:09.309 We have one position joints,
NOTE Confidence: 0.9096496

00:11:09.309 --> 00:11:10.830 trauma, spine, and sports are
NOTE Confidence: 0.9096496

00:11:10.830 --> 00:11:12.645 two hand fellows. Those are
NOTE Confidence: 0.9096496

00:11:12.645 --> 00:11:13.945 shared with plastic surgery.
NOTE Confidence: 0.93027

00:11:14.405 --> 00:11:15.845 All the clinical benefits and,
NOTE Confidence: 0.93027

00:11:15.845 --> 00:11:17.125 like, the administration of HRs
NOTE Confidence: 0.93027

00:11:17.125 --> 00:11:18.745 through the hospital GME program,
NOTE Confidence: 0.99074525

00:11:19.125 --> 00:11:19.845 and I'll touch on that
NOTE Confidence: 0.99074525

00:11:19.845 --> 00:11:20.485 in a minute with the
NOTE Confidence: 0.99074525

00:11:20.485 --> 00:11:21.684 logistics. There's a bunch of
NOTE Confidence: 0.99074525

00:11:21.684 --> 00:11:23.525 nonclinical research fellows, students, lots

NOTE Confidence: 0.99074525

00:11:23.525 --> 00:11:24.645 of scholars that come through

NOTE Confidence: 0.99074525

00:11:24.645 --> 00:11:25.445 this place as you might

NOTE Confidence: 0.99074525

00:11:25.445 --> 00:11:25.945 imagine.

NOTE Confidence: 0.97252685

00:11:26.390 --> 00:11:27.429 The fellow gets to travel.

NOTE Confidence: 0.97252685

00:11:27.429 --> 00:11:28.309 We do have some funding

NOTE Confidence: 0.97252685

00:11:28.309 --> 00:11:29.690 for CME for travel.

NOTE Confidence: 0.8953884

00:11:31.029 --> 00:11:32.790 So national courses like AOS

NOTE Confidence: 0.8953884

00:11:32.790 --> 00:11:33.910 or AUS are great targets.

NOTE Confidence: 0.8953884

00:11:33.910 --> 00:11:34.950 There's also like the Houston

NOTE Confidence: 0.8953884

00:11:34.950 --> 00:11:36.070 DA course, which I teach

NOTE Confidence: 0.8953884

00:11:36.070 --> 00:11:37.510 every year and lots of

NOTE Confidence: 0.8953884

00:11:37.510 --> 00:11:39.029 robotic courses. There's a doctor

NOTE Confidence: 0.8953884

00:11:39.029 --> 00:11:39.990 Hickernell on the bottom right

NOTE Confidence: 0.8953884

00:11:39.990 --> 00:11:41.975 looking very intense teaching Radford

NOTE Confidence: 0.8953884

00:11:41.975 --> 00:11:43.095 and and Quashua some things

NOTE Confidence: 0.8953884

00:11:43.095 --> 00:11:43.415 about,
NOTE Confidence: 0.92541695
00:11:43.975 --> 00:11:45.035 robotic knee surgery.
NOTE Confidence: 0.9069957
00:11:46.774 --> 00:11:47.815 Fellows going to answer your
NOTE Confidence: 0.9069957
00:11:47.815 --> 00:11:49.415 meeting in August. Just lots
NOTE Confidence: 0.9069957
00:11:49.415 --> 00:11:50.375 of photos. We had some
NOTE Confidence: 0.9069957
00:11:50.375 --> 00:11:51.495 posters, which is always fun
NOTE Confidence: 0.9069957
00:11:51.495 --> 00:11:52.855 to get accepted. And and
NOTE Confidence: 0.9069957
00:11:52.855 --> 00:11:54.270 there's a nice photo of
NOTE Confidence: 0.9069957
00:11:54.670 --> 00:11:56.590 that joining us, August twenty
NOTE Confidence: 0.9069957
00:11:56.590 --> 00:11:57.870 twenty three and, get it
NOTE Confidence: 0.9069957
00:11:57.870 --> 00:12:00.030 together. We hosted, grand rounds
NOTE Confidence: 0.9069957
00:12:00.030 --> 00:12:01.230 with doctor Springer. Now we're
NOTE Confidence: 0.9069957
00:12:01.230 --> 00:12:02.190 back in person, so he
NOTE Confidence: 0.9069957
00:12:02.190 --> 00:12:02.990 came to visit us in
NOTE Confidence: 0.9069957
00:12:02.990 --> 00:12:04.110 April twenty twenty four. That's
NOTE Confidence: 0.9069957
00:12:04.110 --> 00:12:05.550 in front of Brady Auditorium

NOTE Confidence: 0.9069957
00:12:05.550 --> 00:12:06.510 on Cedar Street where you
NOTE Confidence: 0.9069957
00:12:06.510 --> 00:12:07.390 walk by today on the
NOTE Confidence: 0.9069957
00:12:07.390 --> 00:12:09.514 walking tour. There's doctor Lloyd,
NOTE Confidence: 0.9069957
00:12:09.755 --> 00:12:10.795 last month taking a stem
NOTE Confidence: 0.9069957
00:12:10.795 --> 00:12:11.834 out and look at smiling
NOTE Confidence: 0.9069957
00:12:11.834 --> 00:12:13.274 ear to ear inside the
NOTE Confidence: 0.9069957
00:12:13.274 --> 00:12:14.634 helmet there. So, it's a
NOTE Confidence: 0.9069957
00:12:14.634 --> 00:12:15.675 great moment. I just happen
NOTE Confidence: 0.9069957
00:12:15.675 --> 00:12:16.394 to walk in and check
NOTE Confidence: 0.9069957
00:12:16.394 --> 00:12:17.194 on it. And, hey, what
NOTE Confidence: 0.9069957
00:12:17.194 --> 00:12:17.995 are you doing? She's, like,
NOTE Confidence: 0.9069957
00:12:17.995 --> 00:12:18.954 banging this thing. It pops
NOTE Confidence: 0.9069957
00:12:18.954 --> 00:12:20.334 out. That's Stephanie Kasuba,
NOTE Confidence: 0.95746195
00:12:20.795 --> 00:12:21.890 scrubbed in as well. I'm
NOTE Confidence: 0.95746195
00:12:21.890 --> 00:12:22.850 sorry that you you'd have
NOTE Confidence: 0.95746195

00:12:22.850 --> 00:12:23.490 a mask on, so I
NOTE Confidence: 0.95746195

00:12:23.490 --> 00:12:24.290 can't see your face there.
NOTE Confidence: 0.95746195

00:12:24.290 --> 00:12:24.790 But,
NOTE Confidence: 0.8977399

00:12:25.250 --> 00:12:26.130 it's the a team right
NOTE Confidence: 0.8977399

00:12:26.130 --> 00:12:27.090 there getting the stem out.
NOTE Confidence: 0.8977399

00:12:27.090 --> 00:12:27.970 So that was fun. Fun
NOTE Confidence: 0.8977399

00:12:27.970 --> 00:12:28.690 moment. As you know, when
NOTE Confidence: 0.8977399

00:12:28.690 --> 00:12:29.490 you pull that stem out,
NOTE Confidence: 0.8977399

00:12:29.490 --> 00:12:30.290 finally, like, oh, this is
NOTE Confidence: 0.8977399

00:12:30.290 --> 00:12:31.170 great. So that's I've been
NOTE Confidence: 0.8977399

00:12:31.170 --> 00:12:32.070 caught that moment.
NOTE Confidence: 0.9348643

00:12:32.929 --> 00:12:34.050 Our department is pleased to
NOTE Confidence: 0.9348643

00:12:34.050 --> 00:12:35.010 start the this is called
NOTE Confidence: 0.9348643

00:12:35.010 --> 00:12:36.615 the Keggie Memorial Lectureship, which
NOTE Confidence: 0.9348643

00:12:36.615 --> 00:12:37.895 is designed, to host a
NOTE Confidence: 0.9348643

00:12:37.895 --> 00:12:39.115 distinguished international,

NOTE Confidence: 0.9731666

00:12:39.895 --> 00:12:41.175 faculty member from somewhere in

NOTE Confidence: 0.9731666

00:12:41.175 --> 00:12:42.455 the world that's invited to

NOTE Confidence: 0.9731666

00:12:42.455 --> 00:12:43.255 to come to Yale to

NOTE Confidence: 0.9731666

00:12:43.255 --> 00:12:44.615 give grand rounds and do

NOTE Confidence: 0.9731666

00:12:44.615 --> 00:12:46.214 some teaching and symposia with

NOTE Confidence: 0.9731666

00:12:46.214 --> 00:12:47.255 our our team and have

NOTE Confidence: 0.9731666

00:12:47.255 --> 00:12:49.015 some dinners and, instruct our

NOTE Confidence: 0.9731666

00:12:49.015 --> 00:12:50.135 faculty and also see the

NOTE Confidence: 0.9731666

00:12:50.135 --> 00:12:51.334 campus have a nice cultural

NOTE Confidence: 0.9731666

00:12:51.334 --> 00:12:51.834 exchange.

NOTE Confidence: 0.9148344

00:12:52.309 --> 00:12:53.870 The Kehay family hosts this,

NOTE Confidence: 0.9148344

00:12:54.110 --> 00:12:55.010 through their generosity.

NOTE Confidence: 0.94062907

00:12:55.550 --> 00:12:56.910 We started this last year.

NOTE Confidence: 0.94062907

00:12:57.070 --> 00:12:57.950 He was a it's a

NOTE Confidence: 0.94062907

00:12:57.950 --> 00:12:58.750 friend and colleague. He was

NOTE Confidence: 0.94062907

00:12:58.750 --> 00:12:59.429 able to come. We had
NOTE Confidence: 0.94062907

00:12:59.429 --> 00:13:00.269 a packed house. It's a
NOTE Confidence: 0.94062907

00:13:00.269 --> 00:13:01.709 lot of fun. And then
NOTE Confidence: 0.94062907

00:13:01.709 --> 00:13:02.750 this year, on June fifth,
NOTE Confidence: 0.94062907

00:13:02.750 --> 00:13:04.529 we're having professor Cezary Faldini
NOTE Confidence: 0.94062907

00:13:04.670 --> 00:13:06.029 from Rizzoli Institute. He's a
NOTE Confidence: 0.94062907

00:13:06.029 --> 00:13:07.490 director. He's coming from Bologna.
NOTE Confidence: 0.9431546

00:13:08.084 --> 00:13:09.045 Still waiting on his talk
NOTE Confidence: 0.9431546

00:13:09.045 --> 00:13:09.925 titles, so I I wanna
NOTE Confidence: 0.9431546

00:13:09.925 --> 00:13:10.804 update it once I have
NOTE Confidence: 0.9431546

00:13:10.804 --> 00:13:11.605 that, but it's gonna be
NOTE Confidence: 0.9431546

00:13:11.605 --> 00:13:12.245 a lot of fun to
NOTE Confidence: 0.9431546

00:13:12.245 --> 00:13:13.384 have him. He's extremely
NOTE Confidence: 0.9593566

00:13:13.764 --> 00:13:15.865 experienced and world class, surgeon
NOTE Confidence: 0.9593566

00:13:16.004 --> 00:13:17.285 who leads that program. He
NOTE Confidence: 0.9593566

00:13:17.285 --> 00:13:18.644 also travels all over Africa

NOTE Confidence: 0.9593566

00:13:18.644 --> 00:13:20.245 doing mission trips. He he's

NOTE Confidence: 0.9593566

00:13:20.245 --> 00:13:21.045 a joint surgeon, but he

NOTE Confidence: 0.9593566

00:13:21.045 --> 00:13:21.684 does a little bit of

NOTE Confidence: 0.9593566

00:13:21.684 --> 00:13:23.304 pediatric orthopedics, spine,

NOTE Confidence: 0.9797345

00:13:23.630 --> 00:13:25.070 video education. He's a really

NOTE Confidence: 0.9797345

00:13:25.070 --> 00:13:26.429 interesting dynamic guy, so it'll

NOTE Confidence: 0.9797345

00:13:26.429 --> 00:13:28.190 be fun to have, him

NOTE Confidence: 0.9797345

00:13:28.190 --> 00:13:29.309 visit. And this is, some

NOTE Confidence: 0.9797345

00:13:29.309 --> 00:13:30.269 photos from the event with

NOTE Confidence: 0.9797345

00:13:30.269 --> 00:13:31.630 doctor Malhotra with our various

NOTE Confidence: 0.9797345

00:13:31.630 --> 00:13:32.690 residents and faculty.

NOTE Confidence: 0.9137654

00:13:33.470 --> 00:13:34.190 On the right side of

NOTE Confidence: 0.9137654

00:13:34.190 --> 00:13:35.309 the screen, Kayla Mayes is,

NOTE Confidence: 0.9137654

00:13:35.550 --> 00:13:36.269 on the top in that

NOTE Confidence: 0.9137654

00:13:36.269 --> 00:13:37.230 light blue that she's one

NOTE Confidence: 0.9137654

00:13:37.230 --> 00:13:38.350 of our rising threes going
NOTE Confidence: 0.9137654

00:13:38.350 --> 00:13:39.355 to joints. And on the
NOTE Confidence: 0.9137654

00:13:39.355 --> 00:13:40.475 bottom right is Barbara Pierre
NOTE Confidence: 0.9137654

00:13:40.475 --> 00:13:41.515 Lewis, and she's one of
NOTE Confidence: 0.9137654

00:13:41.515 --> 00:13:42.475 our twos rising to the
NOTE Confidence: 0.9137654

00:13:42.475 --> 00:13:43.295 joints world.
NOTE Confidence: 0.9323699

00:13:44.075 --> 00:13:45.515 We host the Japanese hip
NOTE Confidence: 0.9323699

00:13:45.515 --> 00:13:46.955 traveling fellow that Irene was
NOTE Confidence: 0.9323699

00:13:46.955 --> 00:13:47.755 good friends with, so we
NOTE Confidence: 0.9323699

00:13:47.755 --> 00:13:48.795 were able to to host
NOTE Confidence: 0.9323699

00:13:48.795 --> 00:13:49.995 it for a week, from
NOTE Confidence: 0.9323699

00:13:49.995 --> 00:13:50.495 Kyoto.
NOTE Confidence: 0.93164605

00:13:51.035 --> 00:13:51.595 It was a lot of
NOTE Confidence: 0.93164605

00:13:51.595 --> 00:13:53.190 fun. Went to hear his
NOTE Confidence: 0.93164605

00:13:53.190 --> 00:13:54.550 talks. He shadowed us to
NOTE Confidence: 0.93164605

00:13:54.550 --> 00:13:55.770 do some research meetings

NOTE Confidence: 0.92060214

00:13:56.149 --> 00:13:57.350 and posted him for a

NOTE Confidence: 0.92060214

00:13:57.350 --> 00:13:58.309 few beers as well, which

NOTE Confidence: 0.92060214

00:13:58.309 --> 00:13:59.209 is always fun.

NOTE Confidence: 0.9019495

00:13:59.589 --> 00:14:01.910 Deca Lutanza, Wysnia, Tomassini, and

NOTE Confidence: 0.9019495

00:14:01.910 --> 00:14:03.589 Fulkerson and others have founded

NOTE Confidence: 0.9019495

00:14:03.589 --> 00:14:04.825 this three d, lab. They

NOTE Confidence: 0.9019495

00:14:04.825 --> 00:14:05.545 call it the three d

NOTE Confidence: 0.9019495

00:14:05.545 --> 00:14:07.385 Innovation Research Center. They do

NOTE Confidence: 0.9019495

00:14:07.385 --> 00:14:08.105 all sorts of three d

NOTE Confidence: 0.9019495

00:14:08.105 --> 00:14:09.485 models and printing and design.

NOTE Confidence: 0.9019495

00:14:09.545 --> 00:14:10.665 Doctor Lattanzo is really one

NOTE Confidence: 0.9019495

00:14:10.665 --> 00:14:11.785 of the world's experts, especially

NOTE Confidence: 0.9019495

00:14:11.785 --> 00:14:13.785 in upper extremity correction. And

NOTE Confidence: 0.9019495

00:14:13.785 --> 00:14:15.065 so now with Alyssa Glennon

NOTE Confidence: 0.9019495

00:14:15.065 --> 00:14:16.105 in house, they hired her

NOTE Confidence: 0.9019495

00:14:16.105 --> 00:14:17.304 from, she's an engineer from
NOTE Confidence: 0.9019495

00:14:17.304 --> 00:14:17.804 Materialise.
NOTE Confidence: 0.93610334

00:14:18.710 --> 00:14:19.590 She works here. We have
NOTE Confidence: 0.93610334

00:14:19.590 --> 00:14:20.630 a a lab built around
NOTE Confidence: 0.93610334

00:14:20.630 --> 00:14:21.590 her skill set, in fact,
NOTE Confidence: 0.93610334

00:14:21.590 --> 00:14:23.190 Tom Sini's skill sets for
NOTE Confidence: 0.93610334

00:14:23.190 --> 00:14:24.550 biomechanics and three d printing
NOTE Confidence: 0.93610334

00:14:24.550 --> 00:14:25.150 up on the fifth floor
NOTE Confidence: 0.93610334

00:14:25.150 --> 00:14:26.790 of Tompkins building. So now
NOTE Confidence: 0.93610334

00:14:26.790 --> 00:14:27.830 they print all these guides
NOTE Confidence: 0.93610334

00:14:27.830 --> 00:14:28.790 in house. They design them
NOTE Confidence: 0.93610334

00:14:28.790 --> 00:14:29.670 with a CT. They print
NOTE Confidence: 0.93610334

00:14:29.670 --> 00:14:30.550 them, and they go to
NOTE Confidence: 0.93610334

00:14:30.550 --> 00:14:32.070 surgery, sterilize them. It's all
NOTE Confidence: 0.93610334

00:14:32.070 --> 00:14:32.805 in house at Yale.
NOTE Confidence: 0.93304336

00:14:33.445 --> 00:14:34.565 So we've moved everything in

NOTE Confidence: 0.93304336

00:14:34.565 --> 00:14:36.165 house. It's pretty cool. Dan

NOTE Confidence: 0.93304336

00:14:36.165 --> 00:14:37.285 Whiskey in that same group

NOTE Confidence: 0.93304336

00:14:37.285 --> 00:14:38.485 has in our division helped

NOTE Confidence: 0.93304336

00:14:38.485 --> 00:14:39.605 found this master's of science

NOTE Confidence: 0.93304336

00:14:39.605 --> 00:14:40.885 in personalized medicine and applied

NOTE Confidence: 0.93304336

00:14:40.885 --> 00:14:42.165 engineering. So now they have

NOTE Confidence: 0.93304336

00:14:42.165 --> 00:14:43.365 somewhere between twenty and twenty

NOTE Confidence: 0.93304336

00:14:43.365 --> 00:14:44.324 five students every year for

NOTE Confidence: 0.93304336

00:14:44.324 --> 00:14:45.365 a year getting a master's

NOTE Confidence: 0.93304336

00:14:45.365 --> 00:14:46.839 degree And looking at things

NOTE Confidence: 0.93304336

00:14:46.839 --> 00:14:48.279 like three d technologies and

NOTE Confidence: 0.93304336

00:14:48.279 --> 00:14:50.279 custom printing and tissue engineering

NOTE Confidence: 0.93304336

00:14:50.279 --> 00:14:52.120 and subtraction imaging, all these

NOTE Confidence: 0.93304336

00:14:52.120 --> 00:14:52.939 fancy things.

NOTE Confidence: 0.95922035

00:14:53.319 --> 00:14:54.199 And they do all sorts

NOTE Confidence: 0.95922035

00:14:54.199 --> 00:14:55.399 of cool projects and he
NOTE Confidence: 0.95922035

00:14:55.399 --> 00:14:56.759 teaches with them. He's actually
NOTE Confidence: 0.95922035

00:14:56.759 --> 00:14:57.639 part time in the school
NOTE Confidence: 0.95922035

00:14:57.639 --> 00:14:59.160 of engineering, and he's working
NOTE Confidence: 0.95922035

00:14:59.160 --> 00:15:00.040 hard. This is him just
NOTE Confidence: 0.95922035

00:15:00.040 --> 00:15:01.514 mentoring students. So it's a
NOTE Confidence: 0.95922035

00:15:01.514 --> 00:15:02.555 really cool and a unique
NOTE Confidence: 0.95922035

00:15:02.555 --> 00:15:03.514 program, and it it it
NOTE Confidence: 0.95922035

00:15:03.514 --> 00:15:04.315 adds a lot to our
NOTE Confidence: 0.95922035

00:15:04.315 --> 00:15:06.154 orthopedic department here. Dan also
NOTE Confidence: 0.95922035

00:15:06.154 --> 00:15:07.274 runs our AVN center of
NOTE Confidence: 0.95922035

00:15:07.274 --> 00:15:07.774 excellence,
NOTE Confidence: 0.96766806

00:15:08.154 --> 00:15:09.675 looking at early stage AVN
NOTE Confidence: 0.96766806

00:15:09.675 --> 00:15:10.175 treatment
NOTE Confidence: 0.9293605

00:15:11.035 --> 00:15:12.074 and then sort of putting
NOTE Confidence: 0.9293605

00:15:12.074 --> 00:15:13.274 patients, in a position we

NOTE Confidence: 0.9293605

00:15:13.274 --> 00:15:14.954 have joint joint preservation, but

NOTE Confidence: 0.9293605

00:15:14.954 --> 00:15:16.235 also using three d modeling

NOTE Confidence: 0.9293605

00:15:16.235 --> 00:15:17.010 to map it out and

NOTE Confidence: 0.9293605

00:15:17.090 --> 00:15:18.690 do computer navigate delivery of,

NOTE Confidence: 0.9293605

00:15:19.090 --> 00:15:20.470 decompression and stem cells.

NOTE Confidence: 0.95371264

00:15:21.730 --> 00:15:22.450 We had a lot of

NOTE Confidence: 0.95371264

00:15:22.450 --> 00:15:23.730 implants because of my practice

NOTE Confidence: 0.95371264

00:15:23.730 --> 00:15:25.010 doing revisions and doctor Kegi's

NOTE Confidence: 0.95371264

00:15:25.010 --> 00:15:26.130 practice over many, many years.

NOTE Confidence: 0.95371264

00:15:26.130 --> 00:15:26.690 We didn't know what to

NOTE Confidence: 0.95371264

00:15:26.690 --> 00:15:27.250 do with them, and then

NOTE Confidence: 0.95371264

00:15:27.250 --> 00:15:28.130 we decided we're gonna save

NOTE Confidence: 0.95371264

00:15:28.130 --> 00:15:29.410 them all, archive them all,

NOTE Confidence: 0.95371264

00:15:29.410 --> 00:15:30.450 and organize them into a

NOTE Confidence: 0.95371264

00:15:30.450 --> 00:15:32.005 world class collection and is

NOTE Confidence: 0.95371264

00:15:32.005 --> 00:15:32.805 now probably one of the
NOTE Confidence: 0.95371264

00:15:32.805 --> 00:15:33.925 largest collection of HIPAA plants
NOTE Confidence: 0.95371264

00:15:33.925 --> 00:15:34.644 in the world, and it's
NOTE Confidence: 0.95371264

00:15:34.644 --> 00:15:36.084 archived in the securely in
NOTE Confidence: 0.95371264

00:15:36.084 --> 00:15:37.045 the basement of the medical
NOTE Confidence: 0.95371264

00:15:37.045 --> 00:15:38.565 library. This was from an
NOTE Confidence: 0.95371264

00:15:38.565 --> 00:15:39.404 exhibit. You know, we had
NOTE Confidence: 0.95371264

00:15:39.404 --> 00:15:40.404 a in the rotunda of
NOTE Confidence: 0.95371264

00:15:40.404 --> 00:15:41.785 the library, you'll see later
NOTE Confidence: 0.95371264

00:15:41.925 --> 00:15:42.904 on the walk through,
NOTE Confidence: 0.9286076

00:15:43.365 --> 00:15:44.310 and now these are archived.
NOTE Confidence: 0.9135209

00:15:45.430 --> 00:15:46.150 But we we take them
NOTE Confidence: 0.9135209

00:15:46.150 --> 00:15:47.750 out for teaching seminars with
NOTE Confidence: 0.9135209

00:15:47.750 --> 00:15:48.470 the engineering students. So Dan's
NOTE Confidence: 0.9135209

00:15:48.470 --> 00:15:49.590 class, they come once a
NOTE Confidence: 0.9135209

00:15:49.590 --> 00:15:50.470 year. We just did it,

NOTE Confidence: 0.9135209

00:15:50.550 --> 00:15:51.670 with our chief resident, Stephanie,

NOTE Confidence: 0.9135209

00:15:51.670 --> 00:15:52.710 and and Todd was there

NOTE Confidence: 0.9135209

00:15:52.710 --> 00:15:53.910 and others to to be

NOTE Confidence: 0.9135209

00:15:53.910 --> 00:15:55.370 mentors. And we have thematic

NOTE Confidence: 0.9135209

00:15:55.430 --> 00:15:56.870 groups of implants, and the

NOTE Confidence: 0.9135209

00:15:56.870 --> 00:15:58.310 faculty teach and the implants

NOTE Confidence: 0.9135209

00:15:58.310 --> 00:15:59.430 get passed around. The students

NOTE Confidence: 0.9135209

00:15:59.430 --> 00:16:00.945 can actually examine them and

NOTE Confidence: 0.9135209

00:16:00.945 --> 00:16:02.305 and discuss and understand what

NOTE Confidence: 0.9135209

00:16:02.305 --> 00:16:03.425 is the difference, not just

NOTE Confidence: 0.9135209

00:16:03.425 --> 00:16:04.145 look at a picture or

NOTE Confidence: 0.9135209

00:16:04.145 --> 00:16:05.025 textbook, but put in their

NOTE Confidence: 0.9135209

00:16:05.025 --> 00:16:06.225 hands. So it brings the

NOTE Confidence: 0.9135209

00:16:06.225 --> 00:16:08.145 material to life. As Rapport,

NOTE Confidence: 0.9135209

00:16:08.305 --> 00:16:09.925 was invited to to participate

NOTE Confidence: 0.9135209

00:16:09.985 --> 00:16:11.505 in interviews with our Anna
NOTE Confidence: 0.9135209

00:16:11.505 --> 00:16:12.865 Warner from CBS News, and
NOTE Confidence: 0.9135209

00:16:12.865 --> 00:16:14.480 they did a whole investigative
NOTE Confidence: 0.9135209

00:16:14.540 --> 00:16:16.480 report, about proepheer hips.
NOTE Confidence: 0.9514746

00:16:17.020 --> 00:16:17.899 And they came to visit
NOTE Confidence: 0.9514746

00:16:17.899 --> 00:16:19.020 us and film the implants
NOTE Confidence: 0.9514746

00:16:19.020 --> 00:16:20.380 and also interviewed the both
NOTE Confidence: 0.9514746

00:16:20.380 --> 00:16:20.860 of us. So it was
NOTE Confidence: 0.9514746

00:16:20.860 --> 00:16:21.500 a lot of fun to
NOTE Confidence: 0.9514746

00:16:21.500 --> 00:16:23.339 participate in that. I'm I'm
NOTE Confidence: 0.9514746

00:16:23.339 --> 00:16:24.860 greatly honored to contribute this
NOTE Confidence: 0.9514746

00:16:24.860 --> 00:16:25.660 to the world, which was
NOTE Confidence: 0.9514746

00:16:25.660 --> 00:16:27.100 the answer hip textbook, on
NOTE Confidence: 0.9514746

00:16:27.100 --> 00:16:27.899 the left in two thousand
NOTE Confidence: 0.9514746

00:16:27.899 --> 00:16:29.515 sixteen and more recently on
NOTE Confidence: 0.9514746

00:16:29.515 --> 00:16:30.395 the right in twenty twenty

NOTE Confidence: 0.9514746
00:16:30.395 --> 00:16:31.995 four. And doctor Larry Dorr,
NOTE Confidence: 0.9514746
00:16:31.995 --> 00:16:33.195 who many recipes, said the
NOTE Confidence: 0.9514746
00:16:33.195 --> 00:16:34.235 textbook will be the bible
NOTE Confidence: 0.9514746
00:16:34.235 --> 00:16:35.595 for hip surgeons, and he's
NOTE Confidence: 0.9514746
00:16:35.595 --> 00:16:36.875 absolutely right. His words, not
NOTE Confidence: 0.9514746
00:16:36.875 --> 00:16:38.635 mine. So go get the
NOTE Confidence: 0.9514746
00:16:38.635 --> 00:16:39.695 bible, read it,
NOTE Confidence: 0.94514865
00:16:40.235 --> 00:16:41.930 practice with it. It's great.
NOTE Confidence: 0.94514865
00:16:42.170 --> 00:16:42.670 Depew,
NOTE Confidence: 0.95868945
00:16:43.050 --> 00:16:44.410 also has invited me in
NOTE Confidence: 0.95868945
00:16:44.410 --> 00:16:45.490 the past to participate as
NOTE Confidence: 0.95868945
00:16:45.490 --> 00:16:46.250 a teacher, but then we
NOTE Confidence: 0.95868945
00:16:46.250 --> 00:16:47.370 wrote the standard table guide
NOTE Confidence: 0.95868945
00:16:47.370 --> 00:16:48.810 with no no traction tables.
NOTE Confidence: 0.95868945
00:16:48.810 --> 00:16:49.770 Now we have two versions
NOTE Confidence: 0.95868945

00:16:49.770 --> 00:16:51.050 of their technique and was
NOTE Confidence: 0.95868945

00:16:51.050 --> 00:16:51.930 pleased to work with this
NOTE Confidence: 0.95868945

00:16:51.930 --> 00:16:53.530 outstanding group, of individuals to
NOTE Confidence: 0.95868945

00:16:53.530 --> 00:16:54.435 help compose that,
NOTE Confidence: 0.869439

00:16:55.075 --> 00:16:56.035 for them and also to
NOTE Confidence: 0.869439

00:16:56.035 --> 00:16:56.835 a video for them on,
NOTE Confidence: 0.869439

00:16:56.835 --> 00:16:57.975 which is on too many.
NOTE Confidence: 0.9054227

00:16:58.675 --> 00:16:59.635 In terms of other things
NOTE Confidence: 0.9054227

00:16:59.635 --> 00:17:00.355 here at the program, we
NOTE Confidence: 0.9054227

00:17:00.355 --> 00:17:01.875 have an outpatient arthroplasty program,
NOTE Confidence: 0.9054227

00:17:01.875 --> 00:17:02.835 which was first at the
NOTE Confidence: 0.9054227

00:17:02.835 --> 00:17:04.035 Udey Center at Saint Rachel's
NOTE Confidence: 0.9054227

00:17:04.035 --> 00:17:05.715 campus in two thousand seventeen.
NOTE Confidence: 0.9054227

00:17:05.715 --> 00:17:07.155 We developed our protocols launched
NOTE Confidence: 0.9054227

00:17:07.155 --> 00:17:08.615 in eighteen October,
NOTE Confidence: 0.95018584

00:17:09.160 --> 00:17:10.040 updated them in twenty three,

NOTE Confidence: 0.95018584
00:17:10.040 --> 00:17:11.160 and took those protocols through
NOTE Confidence: 0.95018584
00:17:11.160 --> 00:17:12.440 this care signature order set,
NOTE Confidence: 0.95018584
00:17:12.440 --> 00:17:13.080 which is an order so
NOTE Confidence: 0.95018584
00:17:13.080 --> 00:17:13.800 you can use the whole
NOTE Confidence: 0.95018584
00:17:13.800 --> 00:17:15.480 system. All the hospitals now
NOTE Confidence: 0.95018584
00:17:15.480 --> 00:17:17.000 can do outpatient surgery. So
NOTE Confidence: 0.95018584
00:17:17.000 --> 00:17:17.960 we brought it across our
NOTE Confidence: 0.95018584
00:17:17.960 --> 00:17:18.920 whole system in twenty twenty
NOTE Confidence: 0.95018584
00:17:18.920 --> 00:17:19.960 three, and we launched the
NOTE Confidence: 0.95018584
00:17:19.960 --> 00:17:21.240 nurse navigator program to help
NOTE Confidence: 0.95018584
00:17:21.240 --> 00:17:22.200 guide these patients to a
NOTE Confidence: 0.95018584
00:17:22.200 --> 00:17:23.400 good outcome. We published on
NOTE Confidence: 0.95018584
00:17:23.400 --> 00:17:25.165 that the national symposia, etcetera.
NOTE Confidence: 0.956646
00:17:25.865 --> 00:17:27.244 And our nurses are fantastic,
NOTE Confidence: 0.956646
00:17:27.305 --> 00:17:28.665 and they have really improved
NOTE Confidence: 0.956646

00:17:28.665 --> 00:17:29.385 to the point where we
NOTE Confidence: 0.956646

00:17:29.385 --> 00:17:30.345 have all joints and all
NOTE Confidence: 0.956646

00:17:30.345 --> 00:17:31.785 spines covered with nerve navigators
NOTE Confidence: 0.956646

00:17:31.785 --> 00:17:32.285 now.
NOTE Confidence: 0.9212852

00:17:32.744 --> 00:17:34.025 For Julia hip fracture program,
NOTE Confidence: 0.9212852

00:17:34.025 --> 00:17:34.825 we have a very high
NOTE Confidence: 0.9212852

00:17:34.825 --> 00:17:36.105 case volume. It's in it's
NOTE Confidence: 0.9212852

00:17:36.105 --> 00:17:37.225 in a certification program for
NOTE Confidence: 0.9212852

00:17:37.225 --> 00:17:38.619 the joint commission. We have
NOTE Confidence: 0.9212852

00:17:38.619 --> 00:17:39.900 data dashboards that monitor all
NOTE Confidence: 0.9212852

00:17:39.900 --> 00:17:41.260 this stuff. It was just
NOTE Confidence: 0.9212852

00:17:41.260 --> 00:17:42.380 an example of, you know,
NOTE Confidence: 0.9212852

00:17:42.380 --> 00:17:44.220 teaching at the Orthopedic Nurse
NOTE Confidence: 0.9212852

00:17:44.220 --> 00:17:44.720 Association,
NOTE Confidence: 0.93667

00:17:45.659 --> 00:17:46.619 and Kristen there in the
NOTE Confidence: 0.93667

00:17:46.619 --> 00:17:47.659 center pointing. She was our

NOTE Confidence: 0.93667

00:17:47.740 --> 00:17:48.619 she was my nurse down

NOTE Confidence: 0.93667

00:17:48.619 --> 00:17:49.419 here at the lead, and

NOTE Confidence: 0.93667

00:17:49.419 --> 00:17:50.220 now she's in charge of

NOTE Confidence: 0.93667

00:17:50.220 --> 00:17:50.799 the entire

NOTE Confidence: 0.971827

00:17:51.105 --> 00:17:52.705 system. She was promoted recently.

NOTE Confidence: 0.971827

00:17:52.705 --> 00:17:54.065 So, of course, she's moved

NOTE Confidence: 0.971827

00:17:54.065 --> 00:17:55.345 on from my personal practice,

NOTE Confidence: 0.971827

00:17:55.345 --> 00:17:55.845 but,

NOTE Confidence: 0.92568845

00:17:56.225 --> 00:17:57.585 I'm happy and I celebrate

NOTE Confidence: 0.92568845

00:17:57.585 --> 00:17:58.865 her accomplishments. And I'm working

NOTE Confidence: 0.92568845

00:17:58.865 --> 00:18:00.145 with a new nurse who

NOTE Confidence: 0.92568845

00:18:00.145 --> 00:18:01.265 now works with Kristen as

NOTE Confidence: 0.92568845

00:18:01.265 --> 00:18:02.545 well. So Jin Lee Lee

NOTE Confidence: 0.92568845

00:18:02.545 --> 00:18:03.425 there in the photo on

NOTE Confidence: 0.92568845

00:18:03.425 --> 00:18:04.304 on the left is, one

NOTE Confidence: 0.92568845

00:18:04.304 --> 00:18:05.585 of our anesthesiologists who runs

NOTE Confidence: 0.92568845

00:18:05.585 --> 00:18:06.545 the nerve block program. We

NOTE Confidence: 0.92568845

00:18:06.545 --> 00:18:07.799 have a a whole number

NOTE Confidence: 0.92568845

00:18:07.799 --> 00:18:08.919 of research projects with her

NOTE Confidence: 0.92568845

00:18:08.919 --> 00:18:09.640 as well looking at,

NOTE Confidence: 0.94314927

00:18:10.359 --> 00:18:11.720 nerve block protocols. We have

NOTE Confidence: 0.94314927

00:18:11.720 --> 00:18:13.080 a forthcoming level one study

NOTE Confidence: 0.94314927

00:18:13.080 --> 00:18:14.299 that's being published in JVGS

NOTE Confidence: 0.94314927

00:18:14.359 --> 00:18:15.720 soon, which is embargoed. I

NOTE Confidence: 0.94314927

00:18:15.720 --> 00:18:16.440 can't tell you about, but

NOTE Confidence: 0.94314927

00:18:16.440 --> 00:18:17.400 I'm excited to see that

NOTE Confidence: 0.94314927

00:18:17.400 --> 00:18:18.119 come out, so keep an

NOTE Confidence: 0.94314927

00:18:18.119 --> 00:18:18.700 eye out.

NOTE Confidence: 0.91723627

00:18:19.414 --> 00:18:20.615 Total joint dashboard is a

NOTE Confidence: 0.91723627

00:18:20.615 --> 00:18:21.815 data tracking feature. The y

NOTE Confidence: 0.91723627

00:18:21.815 --> 00:18:22.855 axis I've mentioned is the

NOTE Confidence: 0.91723627

00:18:22.855 --> 00:18:24.294 patients being transferred across the

NOTE Confidence: 0.91723627

00:18:24.294 --> 00:18:25.174 state and the region. The

NOTE Confidence: 0.91723627

00:18:25.174 --> 00:18:26.054 one phone call they come

NOTE Confidence: 0.91723627

00:18:26.054 --> 00:18:26.554 in.

NOTE Confidence: 0.939312

00:18:27.174 --> 00:18:27.815 And then we have the

NOTE Confidence: 0.939312

00:18:27.815 --> 00:18:29.494 PGI center excellence concept, and

NOTE Confidence: 0.939312

00:18:29.494 --> 00:18:31.335 we have collaborations with IT

NOTE Confidence: 0.939312

00:18:31.335 --> 00:18:33.330 pharmacy research labs and focusing

NOTE Confidence: 0.939312

00:18:33.330 --> 00:18:34.929 on various treatments and research

NOTE Confidence: 0.939312

00:18:34.929 --> 00:18:35.429 projects.

NOTE Confidence: 0.9590191

00:18:35.970 --> 00:18:37.010 So just a couple words

NOTE Confidence: 0.9590191

00:18:37.010 --> 00:18:38.630 about the Keggy Kimbell Fund,

NOTE Confidence: 0.9590191

00:18:38.770 --> 00:18:39.570 and then we'll talk about

NOTE Confidence: 0.9590191

00:18:39.570 --> 00:18:40.609 logistics, and I'll just show

NOTE Confidence: 0.9590191

00:18:40.609 --> 00:18:41.410 you some fun things about

NOTE Confidence: 0.9590191

00:18:41.410 --> 00:18:43.090 New Haven. So this this

NOTE Confidence: 0.9590191

00:18:43.090 --> 00:18:44.549 fund was established with Koosegee,

NOTE Confidence: 0.9590191

00:18:44.770 --> 00:18:45.809 way back when, and and

NOTE Confidence: 0.9590191

00:18:45.809 --> 00:18:47.010 he raised private money when

NOTE Confidence: 0.9590191

00:18:47.010 --> 00:18:47.730 he was working in the

NOTE Confidence: 0.9590191

00:18:47.730 --> 00:18:48.530 Waterbury area,

NOTE Confidence: 0.95472646

00:18:49.035 --> 00:18:50.315 through donors and and grateful

NOTE Confidence: 0.95472646

00:18:50.315 --> 00:18:51.695 patients. And he helped,

NOTE Confidence: 0.93563306

00:18:52.234 --> 00:18:53.755 train people there, including myself.

NOTE Confidence: 0.93563306

00:18:53.755 --> 00:18:54.635 I did my fellowship with

NOTE Confidence: 0.93563306

00:18:54.635 --> 00:18:55.675 him there to learn the

NOTE Confidence: 0.93563306

00:18:55.675 --> 00:18:56.555 answer approach at a time

NOTE Confidence: 0.93563306

00:18:56.555 --> 00:18:57.435 where there's no other place

NOTE Confidence: 0.93563306

00:18:57.435 --> 00:18:58.494 to go to learn it.

NOTE Confidence: 0.93563306

00:18:58.715 --> 00:18:59.755 And in twenty five years,

NOTE Confidence: 0.93563306

00:18:59.755 --> 00:19:00.635 he hosted about two hundred

NOTE Confidence: 0.93563306

00:19:00.635 --> 00:19:01.835 and fifty foreign fellows, especially

NOTE Confidence: 0.93563306

00:19:01.835 --> 00:19:02.755 from the Baltic States because

NOTE Confidence: 0.93563306

00:19:02.755 --> 00:19:03.660 he was from Latvia.

NOTE Confidence: 0.9613321

00:19:04.140 --> 00:19:05.340 He expanded to Russia and

NOTE Confidence: 0.9613321

00:19:05.340 --> 00:19:06.700 Vietnam and other places and

NOTE Confidence: 0.9613321

00:19:06.700 --> 00:19:08.320 had also not just physicians,

NOTE Confidence: 0.9613321

00:19:08.540 --> 00:19:09.580 but hosted a a number

NOTE Confidence: 0.9613321

00:19:09.580 --> 00:19:10.540 of nurses over the years

NOTE Confidence: 0.9613321

00:19:10.540 --> 00:19:12.160 to advance their nursing education

NOTE Confidence: 0.9613321

00:19:12.300 --> 00:19:13.580 and teach those protocols, and

NOTE Confidence: 0.9613321

00:19:13.580 --> 00:19:14.859 his nurses became leaders as

NOTE Confidence: 0.9613321

00:19:14.859 --> 00:19:15.359 well.

NOTE Confidence: 0.9728335

00:19:16.095 --> 00:19:17.375 So he performed the same

NOTE Confidence: 0.9728335

00:19:17.375 --> 00:19:18.655 thing. He traveled and performed

NOTE Confidence: 0.9728335

00:19:18.655 --> 00:19:19.934 operations all over the, you

NOTE Confidence: 0.9728335

00:19:19.934 --> 00:19:21.135 know, the Russian republics and
NOTE Confidence: 0.9728335

00:19:21.135 --> 00:19:22.674 was hosted for teaching everywhere.
NOTE Confidence: 0.9728335

00:19:22.895 --> 00:19:23.615 So that was part of
NOTE Confidence: 0.9728335

00:19:23.615 --> 00:19:24.914 the program in his mind.
NOTE Confidence: 0.9728335

00:19:24.975 --> 00:19:26.095 And then when when he
NOTE Confidence: 0.9728335

00:19:26.095 --> 00:19:27.054 came down to Yale full
NOTE Confidence: 0.9728335

00:19:27.054 --> 00:19:28.434 time and retired from Waterbury,
NOTE Confidence: 0.9728335

00:19:28.494 --> 00:19:29.534 we brought the program here
NOTE Confidence: 0.9728335

00:19:29.534 --> 00:19:30.674 through Yale endowment,
NOTE Confidence: 0.9736015

00:19:30.990 --> 00:19:32.510 and we hosted before COVID,
NOTE Confidence: 0.87457323

00:19:32.910 --> 00:19:35.170 surgeons, young surgeons, Turkey, China,
NOTE Confidence: 0.9199768

00:19:35.630 --> 00:19:37.230 Republic of Georgia, Vietnam, and
NOTE Confidence: 0.9199768

00:19:37.230 --> 00:19:38.350 Latvia. We had to shut
NOTE Confidence: 0.9199768

00:19:38.350 --> 00:19:39.070 down for a few years.
NOTE Confidence: 0.9199768

00:19:39.070 --> 00:19:39.950 As you can imagine, with
NOTE Confidence: 0.9199768

00:19:39.950 --> 00:19:41.150 COVID, we were banned, but,

NOTE Confidence: 0.9199768

00:19:41.390 --> 00:19:42.350 this is just an example

NOTE Confidence: 0.9199768

00:19:42.350 --> 00:19:43.869 of hosting, doctor Hong and

NOTE Confidence: 0.9199768

00:19:43.869 --> 00:19:44.775 and his wife.

NOTE Confidence: 0.9700131

00:19:45.175 --> 00:19:46.295 And he's back in Vietnam

NOTE Confidence: 0.9700131

00:19:46.295 --> 00:19:47.575 after PhD in Japan. I'm

NOTE Confidence: 0.9700131

00:19:47.575 --> 00:19:48.775 going to visit him now

NOTE Confidence: 0.9700131

00:19:48.775 --> 00:19:50.155 in May, actually.

NOTE Confidence: 0.9539118

00:19:50.695 --> 00:19:52.295 His mentor came thirty years

NOTE Confidence: 0.9539118

00:19:52.295 --> 00:19:53.175 ago as one of Chris

NOTE Confidence: 0.9539118

00:19:53.175 --> 00:19:54.855 Kecky's fellows. So it's really

NOTE Confidence: 0.9539118

00:19:54.855 --> 00:19:56.055 a full circle experience to

NOTE Confidence: 0.9539118

00:19:56.055 --> 00:19:56.855 be part of this kind

NOTE Confidence: 0.9539118

00:19:56.855 --> 00:19:58.200 of exchange. And then more

NOTE Confidence: 0.9539118

00:19:58.200 --> 00:19:59.080 recently in the last year

NOTE Confidence: 0.9539118

00:19:59.080 --> 00:19:59.960 or two, we've had student

NOTE Confidence: 0.9539118

00:19:59.960 --> 00:20:00.919 from Italy who came to
NOTE Confidence: 0.9539118

00:20:00.919 --> 00:20:02.760 visit us. Doctor Kim was
NOTE Confidence: 0.9539118

00:20:02.760 --> 00:20:04.040 a Japanese hip fellow from
NOTE Confidence: 0.9539118

00:20:04.040 --> 00:20:06.200 Japan. Doctor Fifi Bercadu is
NOTE Confidence: 0.9539118

00:20:06.200 --> 00:20:07.559 from University of Ghana. He's
NOTE Confidence: 0.9539118

00:20:07.559 --> 00:20:08.940 a PGY five chief resident.
NOTE Confidence: 0.94467705

00:20:09.575 --> 00:20:11.335 Doctor Sangavi, is from Pune,
NOTE Confidence: 0.94467705

00:20:11.335 --> 00:20:11.835 India.
NOTE Confidence: 0.91448176

00:20:12.375 --> 00:20:14.135 So we've had faculty that
NOTE Confidence: 0.91448176

00:20:14.135 --> 00:20:15.815 have been supported. Aidan, who's
NOTE Confidence: 0.91448176

00:20:15.815 --> 00:20:16.615 here in the room, has
NOTE Confidence: 0.91448176

00:20:16.615 --> 00:20:17.895 traveled to European hip society
NOTE Confidence: 0.91448176

00:20:17.895 --> 00:20:18.555 in Zurich.
NOTE Confidence: 0.92017317

00:20:19.015 --> 00:20:20.215 I traveled to the SIAD
NOTE Confidence: 0.92017317

00:20:20.215 --> 00:20:21.515 meeting in Rome to teach.
NOTE Confidence: 0.92017317

00:20:21.619 --> 00:20:22.500 Aidan and Ilda went to

NOTE Confidence: 0.92017317

00:20:22.500 --> 00:20:23.540 the world expert meeting in

NOTE Confidence: 0.92017317

00:20:23.540 --> 00:20:24.660 Istanbul, and then Ilda went

NOTE Confidence: 0.92017317

00:20:24.660 --> 00:20:25.619 back to represent our group,

NOTE Confidence: 0.92017317

00:20:25.619 --> 00:20:27.080 the ICM infection meeting,

NOTE Confidence: 0.94035757

00:20:27.460 --> 00:20:28.900 last year in Turkey. So

NOTE Confidence: 0.94035757

00:20:28.900 --> 00:20:29.780 the the funds that we

NOTE Confidence: 0.94035757

00:20:29.780 --> 00:20:30.980 have from this program support

NOTE Confidence: 0.94035757

00:20:30.980 --> 00:20:32.820 faculty travel for international education

NOTE Confidence: 0.94035757

00:20:32.820 --> 00:20:33.400 and research.

NOTE Confidence: 0.8456939

00:20:33.945 --> 00:20:34.664 And then the Yale R.

NOTE Confidence: 0.8456939

00:20:34.664 --> 00:20:36.345 Philosophy Fellowship is also supported

NOTE Confidence: 0.8456939

00:20:36.345 --> 00:20:37.304 with a very unique two

NOTE Confidence: 0.8456939

00:20:37.304 --> 00:20:38.744 week traveling fellowship as I've

NOTE Confidence: 0.8456939

00:20:38.744 --> 00:20:39.244 mentioned.

NOTE Confidence: 0.97311336

00:20:40.184 --> 00:20:41.065 So let's talk about our

NOTE Confidence: 0.97311336

00:20:41.065 --> 00:20:42.585 fellowship program, some logistics. We've

NOTE Confidence: 0.97311336

00:20:42.585 --> 00:20:43.784 given you the salary sheets.

NOTE Confidence: 0.97311336

00:20:43.784 --> 00:20:44.664 This is just a digital

NOTE Confidence: 0.97311336

00:20:44.664 --> 00:20:45.945 version of the same thing.

NOTE Confidence: 0.97311336

00:20:45.945 --> 00:20:46.984 Hundred and three thousand is

NOTE Confidence: 0.97311336

00:20:46.984 --> 00:20:48.280 the current base salary with

NOTE Confidence: 0.97311336

00:20:48.280 --> 00:20:49.660 a four thousand dollar discretionary

NOTE Confidence: 0.97311336

00:20:49.720 --> 00:20:50.920 component. And in our internal

NOTE Confidence: 0.97311336

00:20:50.920 --> 00:20:51.640 budget, I think we have

NOTE Confidence: 0.97311336

00:20:51.640 --> 00:20:52.680 another four or five thousand

NOTE Confidence: 0.97311336

00:20:52.680 --> 00:20:53.340 per CME.

NOTE Confidence: 0.936414

00:20:53.640 --> 00:20:55.180 So there is CME funding

NOTE Confidence: 0.936414

00:20:55.240 --> 00:20:56.760 that helps into national meetings,

NOTE Confidence: 0.936414

00:20:56.760 --> 00:20:57.880 and then the various implant

NOTE Confidence: 0.936414

00:20:57.880 --> 00:20:58.840 companies that host a lot

NOTE Confidence: 0.936414

00:20:58.840 --> 00:21:00.200 of good revision meetings. And

NOTE Confidence: 0.936414
00:21:00.200 --> 00:21:01.720 there's the fellows meetings that
NOTE Confidence: 0.936414
00:21:01.720 --> 00:21:02.440 that you can go to
NOTE Confidence: 0.936414
00:21:02.440 --> 00:21:03.740 as a leadership meeting NYU.
NOTE Confidence: 0.936414
00:21:03.960 --> 00:21:04.544 A A lot of those
NOTE Confidence: 0.936414
00:21:04.544 --> 00:21:05.825 are funded separately and don't
NOTE Confidence: 0.936414
00:21:05.825 --> 00:21:06.705 hit the budget at all,
NOTE Confidence: 0.936414
00:21:06.705 --> 00:21:07.984 which is great. So the
NOTE Confidence: 0.936414
00:21:07.984 --> 00:21:09.024 fellows get to travel quite
NOTE Confidence: 0.936414
00:21:09.024 --> 00:21:09.744 a bit and go to
NOTE Confidence: 0.936414
00:21:09.744 --> 00:21:10.705 these meetings. And the the
NOTE Confidence: 0.936414
00:21:10.705 --> 00:21:11.585 funding is good. It's a
NOTE Confidence: 0.936414
00:21:11.585 --> 00:21:12.865 good salary. This is from
NOTE Confidence: 0.936414
00:21:12.865 --> 00:21:14.865 the ACGME website and showing
NOTE Confidence: 0.936414
00:21:14.865 --> 00:21:16.565 that the PGY six resident,
NOTE Confidence: 0.9320259
00:21:16.945 --> 00:21:18.304 resident or fellow salary is
NOTE Confidence: 0.9320259

00:21:18.304 --> 00:21:19.284 eighty four thousand,
NOTE Confidence: 0.99147075

00:21:19.909 --> 00:21:21.350 across this is forty five
NOTE Confidence: 0.99147075

00:21:21.350 --> 00:21:22.570 programs that they surveyed.
NOTE Confidence: 0.94723046

00:21:23.109 --> 00:21:25.109 Academic medical centers are similar.
NOTE Confidence: 0.94723046

00:21:25.109 --> 00:21:26.250 So I think, you know,
NOTE Confidence: 0.94723046

00:21:26.309 --> 00:21:27.909 relatively speaking, Yale pays well,
NOTE Confidence: 0.94723046

00:21:27.909 --> 00:21:28.950 and the the cost of
NOTE Confidence: 0.94723046

00:21:28.950 --> 00:21:30.230 living in this particular area
NOTE Confidence: 0.94723046

00:21:30.230 --> 00:21:31.590 is fairly low. So it's
NOTE Confidence: 0.94723046

00:21:31.590 --> 00:21:32.669 easy to to survive for
NOTE Confidence: 0.94723046

00:21:32.669 --> 00:21:33.510 a year on this this
NOTE Confidence: 0.94723046

00:21:33.510 --> 00:21:34.630 nice salary for one year.
NOTE Confidence: 0.94723046

00:21:34.630 --> 00:21:35.289 It's good.
NOTE Confidence: 0.96991694

00:21:35.725 --> 00:21:37.024 Hopefully, that's well received.
NOTE Confidence: 0.9540975

00:21:37.404 --> 00:21:38.684 Our rotation schedule, I've given
NOTE Confidence: 0.9540975

00:21:38.684 --> 00:21:39.565 you this in print as

NOTE Confidence: 0.9540975

00:21:39.565 --> 00:21:40.924 well. We printed it since

NOTE Confidence: 0.9540975

00:21:40.924 --> 00:21:41.904 this morning's session.

NOTE Confidence: 0.95106596

00:21:42.445 --> 00:21:44.044 And, basically, we have three

NOTE Confidence: 0.95106596

00:21:44.044 --> 00:21:45.244 tracks, a fellow, a PGY

NOTE Confidence: 0.95106596

00:21:45.244 --> 00:21:46.044 five, and three on our

NOTE Confidence: 0.95106596

00:21:46.044 --> 00:21:47.164 service. We also have interns

NOTE Confidence: 0.95106596

00:21:47.164 --> 00:21:48.284 and sub interns and students,

NOTE Confidence: 0.95106596

00:21:48.284 --> 00:21:49.404 but they kinda fill in

NOTE Confidence: 0.95106596

00:21:49.404 --> 00:21:50.125 the gaps. These are the

NOTE Confidence: 0.95106596

00:21:50.125 --> 00:21:51.264 first assistant rotations.

NOTE Confidence: 0.99926883

00:21:51.750 --> 00:21:52.250 So

NOTE Confidence: 0.9686216

00:21:52.869 --> 00:21:53.830 a fellow is on track

NOTE Confidence: 0.9686216

00:21:53.830 --> 00:21:54.630 one. If they're with me

NOTE Confidence: 0.9686216

00:21:54.630 --> 00:21:55.670 for a ten week resident

NOTE Confidence: 0.9686216

00:21:55.670 --> 00:21:56.630 block, we have five blocks

NOTE Confidence: 0.9686216

00:21:56.630 --> 00:21:57.510 a year. So they would
NOTE Confidence: 0.9686216

00:21:57.510 --> 00:21:58.470 spend about a month with
NOTE Confidence: 0.9686216

00:21:58.470 --> 00:21:59.609 me on that first track.
NOTE Confidence: 0.94284284

00:21:59.910 --> 00:22:00.790 Monday and Wednesday, I'm in
NOTE Confidence: 0.94284284

00:22:00.790 --> 00:22:01.590 the OR. I'm in the
NOTE Confidence: 0.94284284

00:22:01.590 --> 00:22:02.950 office Tuesday morning and Thursday
NOTE Confidence: 0.94284284

00:22:02.950 --> 00:22:04.095 all day. So but there's
NOTE Confidence: 0.94284284

00:22:04.095 --> 00:22:05.135 opportunity to get in the
NOTE Confidence: 0.94284284

00:22:05.135 --> 00:22:06.095 OR at least three days
NOTE Confidence: 0.94284284

00:22:06.095 --> 00:22:06.815 a week, and then usually
NOTE Confidence: 0.94284284

00:22:06.815 --> 00:22:07.535 the fellows in the OR
NOTE Confidence: 0.94284284

00:22:07.535 --> 00:22:08.115 on Fridays.
NOTE Confidence: 0.9774357

00:22:08.734 --> 00:22:09.535 And you could ask the
NOTE Confidence: 0.9774357

00:22:09.535 --> 00:22:10.895 fellow more details about that
NOTE Confidence: 0.9774357

00:22:10.895 --> 00:22:12.434 schedule when you sit down.
NOTE Confidence: 0.9300634

00:22:12.815 --> 00:22:14.415 Doctor Malloy has a similar

NOTE Confidence: 0.9300634

00:22:14.415 --> 00:22:15.934 but parallel schedule. She's in

NOTE Confidence: 0.9300634

00:22:15.934 --> 00:22:17.135 the OR on Tuesday and

NOTE Confidence: 0.9300634

00:22:17.135 --> 00:22:18.539 Thursday and has office time

NOTE Confidence: 0.9300634

00:22:18.539 --> 00:22:19.899 Monday, Wednesday. So there's opportunity

NOTE Confidence: 0.9300634

00:22:19.899 --> 00:22:21.019 if you're on that track

NOTE Confidence: 0.9300634

00:22:21.019 --> 00:22:21.820 to go two or three

NOTE Confidence: 0.9300634

00:22:21.820 --> 00:22:22.539 days in the OR and

NOTE Confidence: 0.9300634

00:22:22.539 --> 00:22:23.179 have a full day in

NOTE Confidence: 0.9300634

00:22:23.179 --> 00:22:24.059 the office somewhere along the

NOTE Confidence: 0.9300634

00:22:24.059 --> 00:22:25.019 line. Same thing with doctor

NOTE Confidence: 0.9300634

00:22:25.019 --> 00:22:26.460 Mansour and and Leininger. We

NOTE Confidence: 0.9300634

00:22:26.460 --> 00:22:27.500 split a week there to

NOTE Confidence: 0.9300634

00:22:27.500 --> 00:22:28.859 fill the week, and this

NOTE Confidence: 0.9300634

00:22:28.859 --> 00:22:30.220 is continuously evolving. But if

NOTE Confidence: 0.9300634

00:22:30.220 --> 00:22:32.015 I'm away, doctor Morrison has

NOTE Confidence: 0.9300634

00:22:32.015 --> 00:22:32.975 cases on the same day,
NOTE Confidence: 0.9300634

00:22:32.975 --> 00:22:34.434 Monday, Wednesday at at Milford.
NOTE Confidence: 0.9300634

00:22:34.575 --> 00:22:35.855 Doctor Hickeno operates at Grange
NOTE Confidence: 0.9300634

00:22:35.855 --> 00:22:36.815 in a similar schedule. You
NOTE Confidence: 0.9300634

00:22:36.815 --> 00:22:37.775 can make sure to get
NOTE Confidence: 0.9300634

00:22:37.775 --> 00:22:39.215 down to have experiences working
NOTE Confidence: 0.9300634

00:22:39.215 --> 00:22:39.875 with them.
NOTE Confidence: 0.9725143

00:22:40.494 --> 00:22:41.855 Just some other logistics. All
NOTE Confidence: 0.9725143

00:22:41.855 --> 00:22:43.375 the benefits are online. There
NOTE Confidence: 0.9725143

00:22:43.375 --> 00:22:44.174 used to be a printed
NOTE Confidence: 0.9725143

00:22:44.174 --> 00:22:45.455 brochure. They don't print anymore.
NOTE Confidence: 0.9725143

00:22:45.455 --> 00:22:46.335 As you can imagine, it's
NOTE Confidence: 0.9725143

00:22:46.335 --> 00:22:47.590 all digital. You're welcome to
NOTE Confidence: 0.9725143

00:22:47.590 --> 00:22:48.950 explore that online. Just search
NOTE Confidence: 0.9725143

00:22:48.950 --> 00:22:50.070 search for Yale New Haven
NOTE Confidence: 0.9725143

00:22:50.070 --> 00:22:50.570 Hospital

NOTE Confidence: 0.93648416

00:22:50.869 --> 00:22:52.490 GME benefits program.

NOTE Confidence: 0.92695117

00:22:53.029 --> 00:22:54.309 The family lead policy for

NOTE Confidence: 0.92695117

00:22:54.309 --> 00:22:55.190 faculty is up to twelve

NOTE Confidence: 0.92695117

00:22:55.190 --> 00:22:56.230 weeks. The trainees, it's it's

NOTE Confidence: 0.92695117

00:22:56.230 --> 00:22:57.350 written at it's at discretion

NOTE Confidence: 0.92695117

00:22:57.350 --> 00:22:58.889 of, the program director.

NOTE Confidence: 0.99143004

00:22:59.225 --> 00:23:00.425 We've had two of our

NOTE Confidence: 0.99143004

00:23:00.425 --> 00:23:01.465 first five fellows have a

NOTE Confidence: 0.99143004

00:23:01.465 --> 00:23:02.825 child during, fellowship, and we

NOTE Confidence: 0.99143004

00:23:02.825 --> 00:23:03.865 have given a few weeks

NOTE Confidence: 0.99143004

00:23:03.865 --> 00:23:05.545 off without any without any

NOTE Confidence: 0.99143004

00:23:05.545 --> 00:23:06.744 issues to the fellowship at

NOTE Confidence: 0.99143004

00:23:06.744 --> 00:23:08.265 all. So it's really not

NOTE Confidence: 0.99143004

00:23:08.265 --> 00:23:08.825 an issue,

NOTE Confidence: 0.9982636

00:23:09.145 --> 00:23:09.645 thankfully.

NOTE Confidence: 0.9651264

00:23:09.945 --> 00:23:11.385 We recommend about six weeks
NOTE Confidence: 0.9651264

00:23:11.385 --> 00:23:12.585 total for vacation, two weeks
NOTE Confidence: 0.9651264

00:23:12.585 --> 00:23:14.205 of just purely vacation PTO
NOTE Confidence: 0.9651264

00:23:14.265 --> 00:23:15.430 type time. That could be
NOTE Confidence: 0.9651264

00:23:15.430 --> 00:23:17.210 vacation or job interviews, etcetera.
NOTE Confidence: 0.9651264

00:23:17.430 --> 00:23:19.030 Two weeks for CME or
NOTE Confidence: 0.9651264

00:23:19.030 --> 00:23:20.390 travel. Again, those four weeks
NOTE Confidence: 0.9651264

00:23:20.390 --> 00:23:21.510 are somewhat flexible how you
NOTE Confidence: 0.9651264

00:23:21.510 --> 00:23:22.330 wanna use them.
NOTE Confidence: 0.97229373

00:23:22.790 --> 00:23:23.910 And those are business days,
NOTE Confidence: 0.97229373

00:23:23.910 --> 00:23:25.190 of course. And then, two
NOTE Confidence: 0.97229373

00:23:25.190 --> 00:23:26.710 weeks for the funded international
NOTE Confidence: 0.97229373

00:23:26.710 --> 00:23:27.910 trip, the education trip is
NOTE Confidence: 0.97229373

00:23:27.910 --> 00:23:29.109 recommended. So that's it's some
NOTE Confidence: 0.97229373

00:23:29.109 --> 00:23:30.230 flexibility, but that's kind of
NOTE Confidence: 0.97229373

00:23:30.230 --> 00:23:31.005 what we recommend.

NOTE Confidence: 0.9646786
00:23:31.645 --> 00:23:33.405 Didactic conferences on Monday morning,
NOTE Confidence: 0.9646786
00:23:33.405 --> 00:23:34.285 we have a conference every
NOTE Confidence: 0.9646786
00:23:34.285 --> 00:23:35.484 Monday. That's the fellow led
NOTE Confidence: 0.9646786
00:23:35.484 --> 00:23:36.845 conference. We do indications and
NOTE Confidence: 0.9646786
00:23:36.845 --> 00:23:37.665 case conference.
NOTE Confidence: 0.96729946
00:23:39.165 --> 00:23:40.685 And Thursday morning, same time,
NOTE Confidence: 0.96729946
00:23:40.685 --> 00:23:41.565 we have a resident led
NOTE Confidence: 0.96729946
00:23:41.565 --> 00:23:42.685 conference. We follow the AUKUS
NOTE Confidence: 0.96729946
00:23:42.685 --> 00:23:43.725 curriculum, which is the focal
NOTE Confidence: 0.96729946
00:23:43.725 --> 00:23:45.325 curriculum, which we adopted a
NOTE Confidence: 0.96729946
00:23:45.325 --> 00:23:46.385 couple years ago.
NOTE Confidence: 0.94760984
00:23:47.210 --> 00:23:48.330 And then Friday morning is,
NOTE Confidence: 0.94760984
00:23:48.570 --> 00:23:49.450 usually M and M at
NOTE Confidence: 0.94760984
00:23:49.450 --> 00:23:50.750 seven AM once a month,
NOTE Confidence: 0.9192781
00:23:51.130 --> 00:23:52.410 grand rounds at eight twice
NOTE Confidence: 0.9192781

00:23:52.410 --> 00:23:53.369 a month, and nine to
NOTE Confidence: 0.9192781

00:23:53.369 --> 00:23:54.730 eleven is the resident curriculum
NOTE Confidence: 0.9192781

00:23:54.730 --> 00:23:55.930 as well as anatomy lab
NOTE Confidence: 0.9192781

00:23:55.930 --> 00:23:56.430 course.
NOTE Confidence: 0.9261163

00:23:56.970 --> 00:23:58.010 In April, we usually do
NOTE Confidence: 0.9261163

00:23:58.010 --> 00:23:58.810 a four week block of
NOTE Confidence: 0.9261163

00:23:58.810 --> 00:24:00.010 education with our total joint
NOTE Confidence: 0.9261163

00:24:00.010 --> 00:24:01.210 faculty. So usually in the
NOTE Confidence: 0.9261163

00:24:01.210 --> 00:24:01.710 springtime,
NOTE Confidence: 0.9655005

00:24:02.215 --> 00:24:03.655 there's doctor Cushing presenting at
NOTE Confidence: 0.9655005

00:24:03.655 --> 00:24:05.035 Yale M and M recently.
NOTE Confidence: 0.9706956

00:24:06.215 --> 00:24:07.895 Responsibilities in our fellowship program
NOTE Confidence: 0.9706956

00:24:07.895 --> 00:24:09.175 include call. We we usually
NOTE Confidence: 0.9706956

00:24:09.175 --> 00:24:10.055 say two to three weekends
NOTE Confidence: 0.9706956

00:24:10.055 --> 00:24:11.015 per resident block, which is
NOTE Confidence: 0.9706956

00:24:11.015 --> 00:24:12.295 ten or eleven weeks. So,

NOTE Confidence: 0.9706956
00:24:12.295 --> 00:24:13.255 you know, once a month
NOTE Confidence: 0.9706956
00:24:13.255 --> 00:24:14.375 or so, once every five
NOTE Confidence: 0.9706956
00:24:14.375 --> 00:24:15.630 weeks, something like that. You're
NOTE Confidence: 0.9706956
00:24:15.630 --> 00:24:16.830 really second call. You can't
NOTE Confidence: 0.9706956
00:24:16.830 --> 00:24:17.790 be on first call on
NOTE Confidence: 0.9706956
00:24:17.790 --> 00:24:18.750 our program, so you take
NOTE Confidence: 0.9706956
00:24:18.750 --> 00:24:19.250 second
NOTE Confidence: 0.7789462
00:24:19.630 --> 00:24:20.750 faculty that's on the sign
NOTE Confidence: 0.7789462
00:24:20.750 --> 00:24:21.570 for that weekend.
NOTE Confidence: 0.91923034
00:24:22.030 --> 00:24:23.150 You make rounds and operate
NOTE Confidence: 0.91923034
00:24:23.150 --> 00:24:24.510 it well depending what comes
NOTE Confidence: 0.91923034
00:24:24.510 --> 00:24:25.550 in. In the office and
NOTE Confidence: 0.91923034
00:24:25.550 --> 00:24:26.510 clinic on those tracks, we
NOTE Confidence: 0.91923034
00:24:26.510 --> 00:24:27.710 try to get people targeting
NOTE Confidence: 0.91923034
00:24:27.710 --> 00:24:28.510 about a day a week
NOTE Confidence: 0.91923034

00:24:28.510 --> 00:24:29.390 with three to four days
NOTE Confidence: 0.91923034

00:24:29.390 --> 00:24:30.785 in the hour. Reality has
NOTE Confidence: 0.91923034

00:24:30.785 --> 00:24:32.465 ever expected every day, and
NOTE Confidence: 0.91923034

00:24:32.465 --> 00:24:33.265 participating. And we have a
NOTE Confidence: 0.91923034

00:24:33.265 --> 00:24:34.105 daily sign out seven days
NOTE Confidence: 0.91923034

00:24:34.105 --> 00:24:34.705 a week. So if you're
NOTE Confidence: 0.91923034

00:24:34.705 --> 00:24:35.345 on during the week, we
NOTE Confidence: 0.91923034

00:24:35.345 --> 00:24:36.465 wanna present. If you're on
NOTE Confidence: 0.91923034

00:24:36.465 --> 00:24:37.505 the weekend, there's a seven
NOTE Confidence: 0.91923034

00:24:37.505 --> 00:24:38.544 AM sign out every weekend
NOTE Confidence: 0.91923034

00:24:38.544 --> 00:24:39.044 day.
NOTE Confidence: 0.9376966

00:24:39.424 --> 00:24:40.785 Work hours are expected to
NOTE Confidence: 0.9376966

00:24:40.785 --> 00:24:42.065 be reported to the Yale
NOTE Confidence: 0.9376966

00:24:42.065 --> 00:24:43.265 New Haven Hospital office. We
NOTE Confidence: 0.9376966

00:24:43.265 --> 00:24:44.164 are not ACGME,
NOTE Confidence: 0.95436627

00:24:44.945 --> 00:24:46.440 credentialed here in the fellowship

NOTE Confidence: 0.95436627
00:24:46.440 --> 00:24:48.119 because you're independent license, and
NOTE Confidence: 0.95436627
00:24:48.119 --> 00:24:48.919 you can bill for your
NOTE Confidence: 0.95436627
00:24:48.919 --> 00:24:50.119 time. And we do recoup
NOTE Confidence: 0.95436627
00:24:50.119 --> 00:24:51.159 some of the costs, of
NOTE Confidence: 0.95436627
00:24:51.159 --> 00:24:52.539 the fellowship through that process.
NOTE Confidence: 0.9748233
00:24:52.919 --> 00:24:53.960 But that means we follow
NOTE Confidence: 0.9748233
00:24:53.960 --> 00:24:54.919 the same set of rules
NOTE Confidence: 0.9748233
00:24:54.919 --> 00:24:55.799 at Yale that we have
NOTE Confidence: 0.9748233
00:24:55.799 --> 00:24:56.940 to report work hours.
NOTE Confidence: 0.9701916
00:24:57.639 --> 00:24:59.240 Case log is submitted separately,
NOTE Confidence: 0.9701916
00:24:59.240 --> 00:25:00.119 not to the hospital with
NOTE Confidence: 0.9701916
00:25:00.119 --> 00:25:01.000 the AUKUS. We use the
NOTE Confidence: 0.9701916
00:25:01.000 --> 00:25:02.385 AUKUS case log because we're
NOTE Confidence: 0.9701916
00:25:02.385 --> 00:25:03.984 part of the AUKUS, fellowship,
NOTE Confidence: 0.9701916
00:25:04.305 --> 00:25:05.905 approval for the program. And
NOTE Confidence: 0.9701916

00:25:05.905 --> 00:25:07.025 then research we expect is
NOTE Confidence: 0.9701916

00:25:07.025 --> 00:25:08.465 at least one project suitable
NOTE Confidence: 0.9701916

00:25:08.465 --> 00:25:09.205 for presentation
NOTE Confidence: 0.98851144

00:25:09.585 --> 00:25:10.244 or publication,
NOTE Confidence: 0.97857934

00:25:10.785 --> 00:25:12.225 both at our fellowship symposium
NOTE Confidence: 0.97857934

00:25:12.225 --> 00:25:13.025 in the spring as well
NOTE Confidence: 0.97857934

00:25:13.025 --> 00:25:13.984 as at a regional or
NOTE Confidence: 0.97857934

00:25:13.984 --> 00:25:14.885 national level.
NOTE Confidence: 0.9508823

00:25:15.409 --> 00:25:16.609 Fellows expected to do teaching
NOTE Confidence: 0.9508823

00:25:16.609 --> 00:25:17.649 at these conferences as well
NOTE Confidence: 0.9508823

00:25:17.649 --> 00:25:18.369 as in the OR and
NOTE Confidence: 0.9508823

00:25:18.369 --> 00:25:20.049 on rounds, etcetera. We're always
NOTE Confidence: 0.9508823

00:25:20.049 --> 00:25:22.210 educating students and residents, teaching.
NOTE Confidence: 0.9508823

00:25:22.210 --> 00:25:23.570 There's some physical exam sessions
NOTE Confidence: 0.9508823

00:25:23.570 --> 00:25:24.609 and opportunities to teach with
NOTE Confidence: 0.9508823

00:25:24.609 --> 00:25:25.730 the medical students as part

NOTE Confidence: 0.9508823

00:25:25.730 --> 00:25:27.169 of their formal curriculum. And,

NOTE Confidence: 0.9508823

00:25:27.490 --> 00:25:28.605 M and M is expected

NOTE Confidence: 0.9508823

00:25:28.605 --> 00:25:29.805 and Grand Rounds is expected

NOTE Confidence: 0.9508823

00:25:29.805 --> 00:25:31.085 when it's relevant to total

NOTE Confidence: 0.9508823

00:25:31.085 --> 00:25:32.205 joints. M and M is

NOTE Confidence: 0.9508823

00:25:32.205 --> 00:25:33.565 required. Grand Rounds is not

NOTE Confidence: 0.9508823

00:25:33.565 --> 00:25:34.845 required every week if it's

NOTE Confidence: 0.9508823

00:25:34.845 --> 00:25:36.385 not a total joint surgeon.

NOTE Confidence: 0.95952106

00:25:36.685 --> 00:25:37.405 So you don't have to

NOTE Confidence: 0.95952106

00:25:37.405 --> 00:25:39.265 listen to all spines surgeons.

NOTE Confidence: 0.95952106

00:25:39.325 --> 00:25:40.125 But if you want to,

NOTE Confidence: 0.95952106

00:25:40.125 --> 00:25:40.970 you could. But most of

NOTE Confidence: 0.95952106

00:25:40.970 --> 00:25:41.810 the fellows wanna go and

NOTE Confidence: 0.95952106

00:25:41.810 --> 00:25:43.010 operate those hours. So,

NOTE Confidence: 0.9469247

00:25:43.330 --> 00:25:45.090 credentialing academic appointment, we credential

NOTE Confidence: 0.9469247

00:25:45.090 --> 00:25:46.130 you as an attending surgeon
NOTE Confidence: 0.9469247

00:25:46.130 --> 00:25:46.930 here, so you must have
NOTE Confidence: 0.9469247

00:25:46.930 --> 00:25:47.650 a license. We are not
NOTE Confidence: 0.9469247

00:25:47.650 --> 00:25:49.410 a HCGME program. And the
NOTE Confidence: 0.9469247

00:25:49.410 --> 00:25:50.609 title you earn is clinical
NOTE Confidence: 0.9469247

00:25:50.609 --> 00:25:51.970 instructor orthopedic surgery at Yale
NOTE Confidence: 0.9469247

00:25:51.970 --> 00:25:52.790 School of Medicine.
NOTE Confidence: 0.95305276

00:25:53.815 --> 00:25:54.635 Case volume,
NOTE Confidence: 0.9456072

00:25:55.015 --> 00:25:57.015 we perform somewhere about two
NOTE Confidence: 0.9456072

00:25:57.015 --> 00:25:58.455 thousand cases. It depends how
NOTE Confidence: 0.9456072

00:25:58.455 --> 00:25:59.494 you add that number because
NOTE Confidence: 0.9456072

00:25:59.494 --> 00:26:01.015 we have Granite. We have,
NOTE Confidence: 0.9456072

00:26:01.255 --> 00:26:02.535 cases at Milford and Bridgeport
NOTE Confidence: 0.9456072

00:26:02.535 --> 00:26:03.494 that aren't counted in the
NOTE Confidence: 0.9456072

00:26:03.494 --> 00:26:04.455 sort of the core numbers
NOTE Confidence: 0.9456072

00:26:04.455 --> 00:26:05.494 in New Haven. But in

NOTE Confidence: 0.9456072

00:26:05.494 --> 00:26:06.375 New Haven, we have about

NOTE Confidence: 0.9456072

00:26:06.375 --> 00:26:07.494 twenty five hundred cases here

NOTE Confidence: 0.9456072

00:26:07.494 --> 00:26:08.875 with hip fracture program included.

NOTE Confidence: 0.9456072

00:26:09.150 --> 00:26:10.590 And we are averaging of

NOTE Confidence: 0.9456072

00:26:10.590 --> 00:26:11.710 the first four years for

NOTE Confidence: 0.9456072

00:26:11.710 --> 00:26:13.230 arthroplasty fellows, five thirty eight

NOTE Confidence: 0.9456072

00:26:13.230 --> 00:26:14.430 cases with twenty five to

NOTE Confidence: 0.9456072

00:26:14.430 --> 00:26:16.369 thirty percent complex and revision,

NOTE Confidence: 0.9988184

00:26:16.750 --> 00:26:17.250 cases.

NOTE Confidence: 0.9066719

00:26:18.030 --> 00:26:19.310 For implant vendors, we have

NOTE Confidence: 0.9066719

00:26:19.310 --> 00:26:20.430 all the major vendors, DePuy,

NOTE Confidence: 0.9066719

00:26:20.430 --> 00:26:21.550 Smith, and Nephew, Streicher, and

NOTE Confidence: 0.9066719

00:26:21.550 --> 00:26:22.050 Zimmer.

NOTE Confidence: 0.9853429

00:26:22.505 --> 00:26:23.545 Revisions, we can basically pull

NOTE Confidence: 0.9853429

00:26:23.545 --> 00:26:24.665 anything we need in customs

NOTE Confidence: 0.9853429

00:26:24.665 --> 00:26:25.565 or through Oncos.

NOTE Confidence: 0.9344876

00:26:26.025 --> 00:26:27.145 We do the contracts every

NOTE Confidence: 0.9344876

00:26:27.145 --> 00:26:27.785 couple of years. We're in

NOTE Confidence: 0.9344876

00:26:27.785 --> 00:26:28.585 the middle of a huge

NOTE Confidence: 0.9344876

00:26:28.585 --> 00:26:29.585 cycle right now. Almost done

NOTE Confidence: 0.9344876

00:26:29.585 --> 00:26:30.185 at the end of this

NOTE Confidence: 0.9344876

00:26:30.185 --> 00:26:31.385 month, but we're looking forward

NOTE Confidence: 0.9344876

00:26:31.385 --> 00:26:32.585 to finishing that. And there's

NOTE Confidence: 0.9344876

00:26:32.585 --> 00:26:34.185 doctor Cushing presenting a different

NOTE Confidence: 0.9344876

00:26:34.185 --> 00:26:35.485 imminent with doctor Leslie.

NOTE Confidence: 0.9812673

00:26:36.690 --> 00:26:37.730 So key focus areas for

NOTE Confidence: 0.9812673

00:26:37.730 --> 00:26:38.289 us, we do a lot

NOTE Confidence: 0.9812673

00:26:38.289 --> 00:26:39.730 of anterior hip replacement, partial

NOTE Confidence: 0.9812673

00:26:39.730 --> 00:26:40.869 knee, outpatient arthroplasty,

NOTE Confidence: 0.9439413

00:26:41.330 --> 00:26:42.609 lots and lots of infections

NOTE Confidence: 0.9439413

00:26:42.609 --> 00:26:44.529 and periprosthetic fractures, lots of

NOTE Confidence: 0.9439413

00:26:44.529 --> 00:26:45.029 revisions,

NOTE Confidence: 0.9672785

00:26:45.570 --> 00:26:47.250 lots of hip fractures, everything

NOTE Confidence: 0.9672785

00:26:47.250 --> 00:26:48.049 from the simple to the

NOTE Confidence: 0.9672785

00:26:48.049 --> 00:26:49.490 complex, everything from nails to

NOTE Confidence: 0.9672785

00:26:49.490 --> 00:26:49.990 arthroplasty.

NOTE Confidence: 0.9400463

00:26:50.875 --> 00:26:52.155 In terms of technology, we

NOTE Confidence: 0.9400463

00:26:52.155 --> 00:26:53.695 have IntelliJoint we use routinely.

NOTE Confidence: 0.8731766

00:26:53.994 --> 00:26:55.275 We have two Striker Mangos

NOTE Confidence: 0.8731766

00:26:55.275 --> 00:26:56.875 at Milford, two at Greenwich,

NOTE Confidence: 0.8731766

00:26:56.875 --> 00:26:58.955 and San Ramon's respectively. There's

NOTE Confidence: 0.8731766

00:26:58.955 --> 00:27:00.395 one each. We have a

NOTE Confidence: 0.8731766

00:27:00.395 --> 00:27:01.835 tube tube Velas at Greenwich,

NOTE Confidence: 0.8731766

00:27:01.835 --> 00:27:02.955 and we're looking to increase

NOTE Confidence: 0.8731766

00:27:02.955 --> 00:27:04.155 the number of Velas robots

NOTE Confidence: 0.8731766

00:27:04.155 --> 00:27:05.595 as well as Zimmer Rosa

NOTE Confidence: 0.8731766

00:27:05.595 --> 00:27:06.095 robots.
NOTE Confidence: 0.9449648

00:27:06.580 --> 00:27:07.460 Currently only at the West
NOTE Confidence: 0.9449648

00:27:07.460 --> 00:27:08.980 Haven BAMC. Our fellow does

00:27:08.980 --> 00:27:10.100 not go to the BAMC
NOTE Confidence: 0.9449648

00:27:10.100 --> 00:27:10.920 at this time,
NOTE Confidence: 0.99877024

00:27:11.380 --> 00:27:12.280 just for simplicity.
NOTE Confidence: 0.9089219

00:27:12.820 --> 00:27:13.940 Custom implants are available with
NOTE Confidence: 0.9089219

00:27:15.940 --> 00:27:17.060 just added, and we have
NOTE Confidence: 0.9089219

00:27:17.060 --> 00:27:18.260 some things coming from the
NOTE Confidence: 0.9089219

00:27:18.260 --> 00:27:19.540 various companies that will be
NOTE Confidence: 0.9089219

00:27:19.540 --> 00:27:20.515 finalized in the next month
NOTE Confidence: 0.9089219

00:27:20.515 --> 00:27:21.955 or two to keep improving
NOTE Confidence: 0.9089219

00:27:21.955 --> 00:27:22.934 access to technology.
NOTE Confidence: 0.8588901

00:27:23.475 --> 00:27:24.515 I added this slide, which

NOTE Confidence: 0.8588901

00:27:24.515 --> 00:27:26.035 is fellowship research projects just

NOTE Confidence: 0.8588901

00:27:26.035 --> 00:27:26.715 to give you a flavor

NOTE Confidence: 0.8588901

00:27:26.715 --> 00:27:27.554 of kind of things that

NOTE Confidence: 0.8588901

00:27:27.554 --> 00:27:28.915 have been done. Eric looked

NOTE Confidence: 0.8588901

00:27:28.915 --> 00:27:29.875 at back to shore as

NOTE Confidence: 0.8588901

00:27:29.875 --> 00:27:31.895 adjunct for PGI Doctor cases.

NOTE Confidence: 0.8588901

00:27:32.115 --> 00:27:33.475 On-site looked at, in close

NOTE Confidence: 0.8588901

00:27:33.475 --> 00:27:35.234 and spondylitis impact on, total

NOTE Confidence: 0.8588901

00:27:35.234 --> 00:27:36.700 hip outcomes through pro diabetic

NOTE Confidence: 0.8588901

00:27:36.700 --> 00:27:38.619 database that Brzezinski proposed a

NOTE Confidence: 0.8588901

00:27:38.619 --> 00:27:40.140 study of intracis mancomonics for

NOTE Confidence: 0.8588901

00:27:40.140 --> 00:27:41.580 total hip arthroplasty and is

NOTE Confidence: 0.8588901

00:27:41.580 --> 00:27:42.779 now actually doing this study

NOTE Confidence: 0.8588901

00:27:42.779 --> 00:27:44.000 in his time at UMDNJ.

NOTE Confidence: 0.8588901

00:27:44.299 --> 00:27:45.200 It's my understanding.

NOTE Confidence: 0.905836

00:27:45.580 --> 00:27:47.200 Doctor Perdella looked at manipulation
NOTE Confidence: 0.905836

00:27:47.260 --> 00:27:48.779 rates with, doctor Hickarnell, who's
NOTE Confidence: 0.905836

00:27:48.779 --> 00:27:49.975 in the room, for cemented
NOTE Confidence: 0.905836

00:27:49.975 --> 00:27:51.375 versus uncemented total knee arthroplasty
NOTE Confidence: 0.905836

00:27:51.375 --> 00:27:52.455 in the pro diarom database,
NOTE Confidence: 0.905836

00:27:52.455 --> 00:27:53.575 and that study was presented
NOTE Confidence: 0.905836

00:27:53.575 --> 00:27:54.554 and published nationally.
NOTE Confidence: 0.9752934

00:27:54.855 --> 00:27:56.054 Doctor Cushing, our current fellow,
NOTE Confidence: 0.9752934

00:27:56.054 --> 00:27:57.015 is looking at the impact
NOTE Confidence: 0.9752934

00:27:57.015 --> 00:27:58.395 of methylene blue on PMMA
NOTE Confidence: 0.9752934

00:27:58.455 --> 00:27:59.835 cement preparation and polymerization.
NOTE Confidence: 0.9402558

00:28:00.375 --> 00:28:01.255 So feel free in the
NOTE Confidence: 0.9402558

00:28:01.255 --> 00:28:02.215 session with him to ask
NOTE Confidence: 0.9402558

00:28:02.215 --> 00:28:03.690 more about that. So a
NOTE Confidence: 0.9402558

00:28:03.690 --> 00:28:05.049 couple highlights, you know, just
NOTE Confidence: 0.9402558

00:28:05.049 --> 00:28:06.330 in summary, we have one

NOTE Confidence: 0.9402558

00:28:06.330 --> 00:28:07.929 fellow. We really focus on

NOTE Confidence: 0.9402558

00:28:07.929 --> 00:28:09.389 the mentorship and the development

NOTE Confidence: 0.9402558

00:28:09.450 --> 00:28:10.269 of that individual.

NOTE Confidence: 0.889049

00:28:11.049 --> 00:28:12.570 We highlight the decision making

NOTE Confidence: 0.889049

00:28:12.570 --> 00:28:13.690 process till it join. We

NOTE Confidence: 0.889049

00:28:13.690 --> 00:28:15.049 focus on critical thinking skills

NOTE Confidence: 0.889049

00:28:15.049 --> 00:28:16.889 and planning skills. It's really

NOTE Confidence: 0.889049

00:28:16.889 --> 00:28:17.389 individualized.

NOTE Confidence: 0.9739353

00:28:17.690 --> 00:28:18.730 Everyone's a little different in

NOTE Confidence: 0.9739353

00:28:18.730 --> 00:28:20.305 this room. Talented folks, but

NOTE Confidence: 0.9739353

00:28:20.305 --> 00:28:21.345 everyone learns a little differently,

NOTE Confidence: 0.9739353

00:28:21.345 --> 00:28:22.305 has different skill sets. We

NOTE Confidence: 0.9739353

00:28:22.305 --> 00:28:23.665 try to identify that and

NOTE Confidence: 0.9739353

00:28:23.665 --> 00:28:24.705 find the opportunities for your

NOTE Confidence: 0.9739353

00:28:24.705 --> 00:28:26.065 personal growth. We wanna make

NOTE Confidence: 0.9739353

00:28:26.065 --> 00:28:27.585 a rapid transition towards independent

NOTE Confidence: 0.9739353

00:28:27.585 --> 00:28:28.465 practice knowing that you were

NOTE Confidence: 0.9739353

00:28:28.465 --> 00:28:29.265 going to practice at the

NOTE Confidence: 0.9739353

00:28:29.265 --> 00:28:30.145 end of the year, and

NOTE Confidence: 0.9739353

00:28:30.145 --> 00:28:31.185 we wanna have a responsive

NOTE Confidence: 0.9739353

00:28:31.185 --> 00:28:32.465 and adaptive training experience. We

NOTE Confidence: 0.9739353

00:28:32.465 --> 00:28:33.685 do give quarterly feedback,

NOTE Confidence: 0.94076484

00:28:34.170 --> 00:28:35.950 with the faculty as bidirectional

NOTE Confidence: 0.94076484

00:28:36.170 --> 00:28:37.850 as well. Program growth, we

NOTE Confidence: 0.94076484

00:28:37.850 --> 00:28:39.530 are continuing to host, global

NOTE Confidence: 0.94076484

00:28:39.530 --> 00:28:40.030 surgeons,

NOTE Confidence: 0.88384813

00:28:40.570 --> 00:28:42.090 exchange ideas, and and participate

NOTE Confidence: 0.88384813

00:28:42.090 --> 00:28:43.070 in the KEGG mentor,

NOTE Confidence: 0.9210151

00:28:43.770 --> 00:28:45.930 sponsorship lectures to expose you

NOTE Confidence: 0.9210151

00:28:45.930 --> 00:28:47.150 to world class ideas.

NOTE Confidence: 0.9985798

00:28:47.610 --> 00:28:48.910 We're expanding the residency

NOTE Confidence: 0.9097262
00:28:49.335 --> 00:28:50.375 program hopefully for the next
NOTE Confidence: 0.9097262
00:28:50.375 --> 00:28:51.414 match cycle, one to two
NOTE Confidence: 0.9097262
00:28:51.414 --> 00:28:52.955 more residents. And after that,
NOTE Confidence: 0.93560666
00:28:53.495 --> 00:28:54.375 in the first this is
NOTE Confidence: 0.93560666
00:28:54.375 --> 00:28:55.895 our seventh cycle. Hopefully, by
NOTE Confidence: 0.93560666
00:28:55.895 --> 00:28:56.934 the eighth, ninth, or tenth
NOTE Confidence: 0.93560666
00:28:56.934 --> 00:28:58.375 cycle, we will have a
NOTE Confidence: 0.93560666
00:28:58.375 --> 00:29:00.054 second Yale Art Bassey fellowship,
NOTE Confidence: 0.93560666
00:29:00.054 --> 00:29:00.855 maybe a third, but let
NOTE Confidence: 0.93560666
00:29:00.934 --> 00:29:01.815 let's just try it one
NOTE Confidence: 0.93560666
00:29:01.815 --> 00:29:03.015 at a time. We'll keep
NOTE Confidence: 0.93560666
00:29:03.015 --> 00:29:04.120 growing. What What are we
NOTE Confidence: 0.93560666
00:29:04.120 --> 00:29:05.159 looking for? I get asked
NOTE Confidence: 0.93560666
00:29:05.159 --> 00:29:05.799 this a lot. Who are
NOTE Confidence: 0.93560666
00:29:05.799 --> 00:29:06.360 you what are you looking
NOTE Confidence: 0.93560666

00:29:06.360 --> 00:29:07.640 for here? Well, number one,
NOTE Confidence: 0.93560666

00:29:07.640 --> 00:29:08.200 I want people who have
NOTE Confidence: 0.93560666

00:29:08.200 --> 00:29:09.100 not trained here.
NOTE Confidence: 0.9835232

00:29:09.480 --> 00:29:10.440 I wanna bring people here
NOTE Confidence: 0.9835232

00:29:10.440 --> 00:29:11.400 from other programs. So all
NOTE Confidence: 0.9835232

00:29:11.400 --> 00:29:12.200 of you are from different
NOTE Confidence: 0.9835232

00:29:12.200 --> 00:29:13.400 programs outside of you. That's
NOTE Confidence: 0.9835232

00:29:13.400 --> 00:29:14.919 very important to me, to
NOTE Confidence: 0.9835232

00:29:14.919 --> 00:29:15.960 give you a chance to
NOTE Confidence: 0.9835232

00:29:15.960 --> 00:29:16.919 learn from us and us
NOTE Confidence: 0.9835232

00:29:16.919 --> 00:29:17.720 to learn from you in
NOTE Confidence: 0.9835232

00:29:17.720 --> 00:29:18.255 a new way,
NOTE Confidence: 0.9433507

00:29:18.815 --> 00:29:20.255 to exchange ideas and and
NOTE Confidence: 0.9433507

00:29:20.255 --> 00:29:21.635 and develop our understanding.
NOTE Confidence: 0.9644863

00:29:22.095 --> 00:29:23.295 I want energetic people who
NOTE Confidence: 0.9644863

00:29:23.295 --> 00:29:24.335 are self motivated and goal

NOTE Confidence: 0.9644863

00:29:24.335 --> 00:29:25.635 oriented. You know, we gotta

NOTE Confidence: 0.9644863

00:29:25.775 --> 00:29:26.655 get out there and learn.

NOTE Confidence: 0.9644863

00:29:26.655 --> 00:29:27.535 You have to be have

NOTE Confidence: 0.9644863

00:29:27.535 --> 00:29:28.655 some grit and persistence to

NOTE Confidence: 0.9644863

00:29:28.655 --> 00:29:29.715 drive these projects

NOTE Confidence: 0.9768233

00:29:30.095 --> 00:29:31.455 to completion. Each of you

NOTE Confidence: 0.9768233

00:29:31.455 --> 00:29:32.860 have done research and other

NOTE Confidence: 0.9768233

00:29:32.860 --> 00:29:34.059 projects on on many different

NOTE Confidence: 0.9768233

00:29:34.059 --> 00:29:35.179 ways, but you've driven those

NOTE Confidence: 0.9768233

00:29:35.179 --> 00:29:36.460 successfully to completion. We look

NOTE Confidence: 0.9768233

00:29:36.460 --> 00:29:38.380 for that. Self directed individuals

NOTE Confidence: 0.9768233

00:29:38.380 --> 00:29:39.919 are curious learners to pursue

NOTE Confidence: 0.9768233

00:29:40.140 --> 00:29:41.660 learning questions and start reading

NOTE Confidence: 0.9768233

00:29:41.660 --> 00:29:43.580 daily to grow and find

NOTE Confidence: 0.9768233

00:29:43.580 --> 00:29:45.645 learning questions in everyday clinical

NOTE Confidence: 0.9768233

00:29:45.645 --> 00:29:47.245 practice and and keep pushing

NOTE Confidence: 0.9768233

00:29:47.245 --> 00:29:48.045 the envelope of their own

NOTE Confidence: 0.9768233

00:29:48.045 --> 00:29:49.485 knowledge and advance our knowledge

NOTE Confidence: 0.9768233

00:29:49.485 --> 00:29:49.985 collectively.

NOTE Confidence: 0.96353155

00:29:50.765 --> 00:29:51.885 So last section is just

NOTE Confidence: 0.96353155

00:29:51.885 --> 00:29:52.845 things to do in New

NOTE Confidence: 0.96353155

00:29:52.845 --> 00:29:53.345 Haven,

NOTE Confidence: 0.92223597

00:29:53.965 --> 00:29:54.925 one of which is go

NOTE Confidence: 0.92223597

00:29:54.925 --> 00:29:55.885 to a holiday party with

NOTE Confidence: 0.92223597

00:29:55.885 --> 00:29:56.705 doctor Rubin.

NOTE Confidence: 0.938488

00:29:57.600 --> 00:29:58.640 So I was too late

NOTE Confidence: 0.938488

00:29:58.640 --> 00:29:59.600 to quit according to my

NOTE Confidence: 0.938488

00:29:59.600 --> 00:30:00.799 sweater, but it's just a

NOTE Confidence: 0.938488

00:30:00.799 --> 00:30:02.480 sweater post. It's not? The

NOTE Confidence: 0.938488

00:30:02.480 --> 00:30:03.760 Tucker you know, just anyway,

NOTE Confidence: 0.938488

00:30:03.760 --> 00:30:04.799 we won't no comments here,

NOTE Confidence: 0.938488

00:30:04.799 --> 00:30:05.040 but,

NOTE Confidence: 0.7347678

00:30:05.840 --> 00:30:07.600 there's pictures. There's pictures, so

NOTE Confidence: 0.7347678

00:30:07.600 --> 00:30:09.220 just be aware. My head.

NOTE Confidence: 0.8847675

00:30:10.445 --> 00:30:11.565 If it's doctor poor, right,

NOTE Confidence: 0.8847675

00:30:11.565 --> 00:30:13.165 there's always a camera taking

NOTE Confidence: 0.8847675

00:30:13.165 --> 00:30:14.605 selfies. Just saying. You know?

NOTE Confidence: 0.8847675

00:30:14.925 --> 00:30:15.885 But we would be remiss

NOTE Confidence: 0.8847675

00:30:15.885 --> 00:30:16.925 in this program not to

NOTE Confidence: 0.8847675

00:30:16.925 --> 00:30:18.285 talk about food and pizza.

NOTE Confidence: 0.8847675

00:30:18.285 --> 00:30:19.245 And this program is called

NOTE Confidence: 0.8847675

00:30:19.245 --> 00:30:20.285 a pizza, if you must

NOTE Confidence: 0.8847675

00:30:20.285 --> 00:30:21.405 know, in New Haven. It

NOTE Confidence: 0.8847675

00:30:21.405 --> 00:30:22.770 is claimed to fame. There's

NOTE Confidence: 0.8847675

00:30:22.770 --> 00:30:24.050 lots of famous places like

NOTE Confidence: 0.8847675

00:30:24.050 --> 00:30:25.090 Bar and Sally's and, you

NOTE Confidence: 0.8847675

00:30:25.090 --> 00:30:26.230 know, is it modern,
NOTE Confidence: 0.9681286

00:30:26.530 --> 00:30:27.650 and they all debate who's
NOTE Confidence: 0.9681286

00:30:27.650 --> 00:30:28.610 the best. Shell and Bones
NOTE Confidence: 0.9681286

00:30:28.610 --> 00:30:29.970 and Barcelona are not pizza
NOTE Confidence: 0.9681286

00:30:29.970 --> 00:30:31.250 places, but they're absolutely outstanding.
NOTE Confidence: 0.9681286

00:30:31.250 --> 00:30:32.050 And two of my favorite
NOTE Confidence: 0.9681286

00:30:32.050 --> 00:30:32.790 other restaurants
NOTE Confidence: 0.85512346

00:30:33.170 --> 00:30:34.210 in town is a restaurant
NOTE Confidence: 0.85512346

00:30:34.210 --> 00:30:35.110 we can fall.
NOTE Confidence: 0.9120401

00:30:35.495 --> 00:30:36.535 And depending what you read
NOTE Confidence: 0.9120401

00:30:36.535 --> 00:30:37.735 and what rankings you looked
NOTE Confidence: 0.9120401

00:30:37.735 --> 00:30:38.855 at, there are actually rankings
NOTE Confidence: 0.9120401

00:30:38.855 --> 00:30:40.215 from USA Today, daily meal
NOTE Confidence: 0.9120401

00:30:40.215 --> 00:30:41.275 and pizza today.
NOTE Confidence: 0.9167531

00:30:41.735 --> 00:30:43.575 Pepe's, Sally's Modern, Zuppardi's, and
NOTE Confidence: 0.9167531

00:30:43.575 --> 00:30:44.375 Roseland, which are all in

NOTE Confidence: 0.9167531

00:30:44.375 --> 00:30:45.415 the New Haven area, are

NOTE Confidence: 0.9167531

00:30:45.415 --> 00:30:46.615 consistently ranked in the top

NOTE Confidence: 0.9167531

00:30:46.615 --> 00:30:47.655 fifty, and we usually have,

NOTE Confidence: 0.9167531

00:30:47.655 --> 00:30:48.530 you know, about three of

NOTE Confidence: 0.9167531

00:30:48.530 --> 00:30:49.370 them in the top ten

NOTE Confidence: 0.9167531

00:30:49.370 --> 00:30:50.650 every single year. Modern pizza

NOTE Confidence: 0.9167531

00:30:50.650 --> 00:30:51.850 was ruled the top in

NOTE Confidence: 0.9167531

00:30:51.850 --> 00:30:52.809 the USA in twenty twenty

NOTE Confidence: 0.9167531

00:30:52.809 --> 00:30:54.650 three. Here's Barstool Sports. You

NOTE Confidence: 0.9167531

00:30:54.650 --> 00:30:56.090 know the rules. Let me

NOTE Confidence: 0.9167531

00:30:56.090 --> 00:30:57.049 settle this one ten for

NOTE Confidence: 0.9167531

00:30:57.049 --> 00:30:58.169 all the pizza capital, United

NOTE Confidence: 0.9167531

00:30:58.169 --> 00:30:59.870 States, New Haven, Connecticut. Anybody

NOTE Confidence: 0.9167531

00:30:59.929 --> 00:31:01.549 who says otherwise is wrong.

NOTE Confidence: 0.96271366

00:31:02.005 --> 00:31:02.804 So we can say that

NOTE Confidence: 0.96271366

00:31:02.804 --> 00:31:04.325 with confidence. His words, not
NOTE Confidence: 0.96271366

00:31:04.325 --> 00:31:05.924 mine, but I agree. If
NOTE Confidence: 0.96271366

00:31:05.924 --> 00:31:07.044 you don't like pizza, that's
NOTE Confidence: 0.96271366

00:31:07.044 --> 00:31:08.085 okay. We won't talk about
NOTE Confidence: 0.96271366

00:31:08.085 --> 00:31:08.645 it, but you can go
NOTE Confidence: 0.96271366

00:31:08.645 --> 00:31:09.445 on a winery tour. There's
NOTE Confidence: 0.96271366

00:31:09.445 --> 00:31:10.165 a lot of good, like,
NOTE Confidence: 0.96271366

00:31:10.165 --> 00:31:11.525 local wineries in the state
NOTE Confidence: 0.96271366

00:31:11.525 --> 00:31:12.105 of Santa.
NOTE Confidence: 0.96307695

00:31:12.405 --> 00:31:13.445 Some of them have restaurants,
NOTE Confidence: 0.96307695

00:31:13.684 --> 00:31:14.645 which we found one near
NOTE Confidence: 0.96307695

00:31:14.645 --> 00:31:15.865 our house is really great.
NOTE Confidence: 0.9042274

00:31:16.320 --> 00:31:17.519 Connecticut Brewery map has come
NOTE Confidence: 0.9042274

00:31:17.519 --> 00:31:18.240 out, and then new for
NOTE Confidence: 0.9042274

00:31:18.240 --> 00:31:19.279 twenty twenty three was the
NOTE Confidence: 0.9042274

00:31:19.279 --> 00:31:20.320 chicken wing trail in the

NOTE Confidence: 0.9042274
00:31:20.320 --> 00:31:21.600 Connecticut if you really are
NOTE Confidence: 0.9042274
00:31:21.600 --> 00:31:22.559 looking for other things to
NOTE Confidence: 0.9042274
00:31:22.559 --> 00:31:23.679 do. So there's something for
NOTE Confidence: 0.9042274
00:31:23.679 --> 00:31:24.179 everyone.
NOTE Confidence: 0.8292279
00:31:24.480 --> 00:31:26.000 A little bit. Five hundred
NOTE Confidence: 0.8292279
00:31:26.000 --> 00:31:27.620 and seventy three flavors devoured.
NOTE Confidence: 0.814821
00:31:28.000 --> 00:31:28.659 That's great.
NOTE Confidence: 0.92485106
00:31:29.035 --> 00:31:29.835 Around New Haven, there's a
NOTE Confidence: 0.92485106
00:31:29.835 --> 00:31:30.955 lot of cool places. Lighthouse
NOTE Confidence: 0.92485106
00:31:30.955 --> 00:31:31.595 Point Park is in the
NOTE Confidence: 0.92485106
00:31:31.595 --> 00:31:32.715 point near the ocean, and
NOTE Confidence: 0.92485106
00:31:32.715 --> 00:31:33.835 New Haven Green is downtown,
NOTE Confidence: 0.92485106
00:31:33.835 --> 00:31:35.375 the traditional New Haven center.
NOTE Confidence: 0.9676455
00:31:36.475 --> 00:31:37.435 If you like hiking, there's
NOTE Confidence: 0.9676455
00:31:37.435 --> 00:31:38.315 a lot of good places
NOTE Confidence: 0.9676455

00:31:38.315 --> 00:31:39.675 within a fifteen, twenty minute

NOTE Confidence: 0.9676455

00:31:39.675 --> 00:31:40.795 drive of downtown New Haven,

NOTE Confidence: 0.9676455

00:31:40.795 --> 00:31:41.915 including East Rock Park or

NOTE Confidence: 0.9676455

00:31:41.915 --> 00:31:43.230 West Rock, which are actually

NOTE Confidence: 0.9676455

00:31:43.230 --> 00:31:44.030 in New Haven. You can

NOTE Confidence: 0.9676455

00:31:44.030 --> 00:31:45.390 go hiking there. This is

NOTE Confidence: 0.9676455

00:31:45.390 --> 00:31:46.110 one of the former residents

NOTE Confidence: 0.9676455

00:31:46.110 --> 00:31:46.990 with his dog. He sent

NOTE Confidence: 0.9676455

00:31:46.990 --> 00:31:47.790 all these photos, so I

NOTE Confidence: 0.9676455

00:31:47.790 --> 00:31:48.610 included them.

NOTE Confidence: 0.9414228

00:31:48.910 --> 00:31:49.950 There's, of course, the famous

NOTE Confidence: 0.9414228

00:31:49.950 --> 00:31:51.309 Harvard versus Yale football game.

NOTE Confidence: 0.9414228

00:31:51.309 --> 00:31:52.270 If you like to sports,

NOTE Confidence: 0.9414228

00:31:52.270 --> 00:31:53.150 there's lots of things to

NOTE Confidence: 0.9414228

00:31:53.150 --> 00:31:54.270 see and do. This is,

NOTE Confidence: 0.9414228

00:31:54.510 --> 00:31:55.950 alternates between Yale and Harvard

NOTE Confidence: 0.9414228

00:31:55.950 --> 00:31:57.115 each year. And then this

NOTE Confidence: 0.9414228

00:31:57.115 --> 00:31:58.315 year was hosted at Yale.

NOTE Confidence: 0.9414228

00:31:58.315 --> 00:31:58.875 And one of the things

NOTE Confidence: 0.9414228

00:31:58.875 --> 00:31:59.835 we got a hold of

NOTE Confidence: 0.9414228

00:31:59.835 --> 00:32:01.355 was the Yale Harvard choral

NOTE Confidence: 0.9414228

00:32:01.355 --> 00:32:02.235 concert, which is, like, called

NOTE Confidence: 0.9414228

00:32:02.235 --> 00:32:03.755 the Glee Club battle. So

NOTE Confidence: 0.9414228

00:32:03.755 --> 00:32:05.275 Harvard went first. They performed

NOTE Confidence: 0.9414228

00:32:05.275 --> 00:32:06.315 a bunch of different really,

NOTE Confidence: 0.9414228

00:32:06.315 --> 00:32:08.095 like, beautiful songs and performances,

NOTE Confidence: 0.9414228

00:32:08.315 --> 00:32:09.195 and then they sang their

NOTE Confidence: 0.9414228

00:32:09.195 --> 00:32:10.290 fight song, and they yell

NOTE Confidence: 0.9414228

00:32:10.290 --> 00:32:11.570 that up and performed and

NOTE Confidence: 0.9414228

00:32:11.570 --> 00:32:12.450 did their and they sang

NOTE Confidence: 0.9414228

00:32:12.450 --> 00:32:13.650 their fight song. And the

NOTE Confidence: 0.9414228

00:32:13.650 --> 00:32:14.930 whole audience was singing along
NOTE Confidence: 0.9414228

00:32:14.930 --> 00:32:15.890 and people are dressed up.
NOTE Confidence: 0.9414228

00:32:15.890 --> 00:32:16.770 So this is my family
NOTE Confidence: 0.9414228

00:32:16.770 --> 00:32:18.050 up in Woolsey Mall. It's
NOTE Confidence: 0.9414228

00:32:18.050 --> 00:32:19.090 just a beautiful place to
NOTE Confidence: 0.9414228

00:32:19.090 --> 00:32:19.730 go. And I tell the
NOTE Confidence: 0.9414228

00:32:19.730 --> 00:32:21.170 faculty and and guest that
NOTE Confidence: 0.9414228

00:32:21.170 --> 00:32:22.850 this New Haven Philharmonic performs
NOTE Confidence: 0.9414228

00:32:22.850 --> 00:32:23.490 there. There's a lot of
NOTE Confidence: 0.9414228

00:32:23.490 --> 00:32:25.065 really amazing lectures and and
NOTE Confidence: 0.9414228

00:32:25.144 --> 00:32:26.825 and performances that many of
NOTE Confidence: 0.9414228

00:32:26.825 --> 00:32:27.945 them are free actually, and,
NOTE Confidence: 0.9414228

00:32:28.264 --> 00:32:29.384 this one was a free
NOTE Confidence: 0.9414228

00:32:29.384 --> 00:32:30.024 event. So it was a
NOTE Confidence: 0.9414228

00:32:30.024 --> 00:32:30.684 lot of fun.
NOTE Confidence: 0.9258705

00:32:31.144 --> 00:32:32.184 Ice hockey is a favorite

NOTE Confidence: 0.9258705

00:32:32.184 --> 00:32:33.144 of mine. The Ingles rink

NOTE Confidence: 0.9258705

00:32:33.144 --> 00:32:33.945 is really cool. It looks

NOTE Confidence: 0.9258705

00:32:33.945 --> 00:32:34.745 like a it's called the

NOTE Confidence: 0.9258705

00:32:34.745 --> 00:32:35.945 Yale whale inside. It looks

NOTE Confidence: 0.9258705

00:32:35.945 --> 00:32:36.825 like a whale tail on

NOTE Confidence: 0.9258705

00:32:36.825 --> 00:32:37.510 the front As you see

NOTE Confidence: 0.9258705

00:32:37.510 --> 00:32:39.110 the bottom left photo. Inside,

NOTE Confidence: 0.9258705

00:32:39.110 --> 00:32:39.910 it's like the body of

NOTE Confidence: 0.9258705

00:32:39.910 --> 00:32:40.870 a whale. It's really a

NOTE Confidence: 0.9258705

00:32:40.870 --> 00:32:41.610 cool space.

NOTE Confidence: 0.92754394

00:32:41.910 --> 00:32:43.429 It's just kind of, really

NOTE Confidence: 0.92754394

00:32:43.429 --> 00:32:45.030 futuristic design from the nineteen

NOTE Confidence: 0.92754394

00:32:45.030 --> 00:32:46.070 fifties or sixties. But,

NOTE Confidence: 0.9442453

00:32:46.870 --> 00:32:47.830 family likes to go, and

NOTE Confidence: 0.9442453

00:32:47.830 --> 00:32:48.950 then we recently took a

NOTE Confidence: 0.9442453

00:32:48.950 --> 00:32:50.005 couple of the residents, the
NOTE Confidence: 0.9442453

00:32:50.005 --> 00:32:51.044 Yale Dartmouth games. And my
NOTE Confidence: 0.9442453

00:32:51.044 --> 00:32:51.765 wife on the bottom right,
NOTE Confidence: 0.9442453

00:32:51.765 --> 00:32:53.304 she's a Dartmouth alum, and
NOTE Confidence: 0.9442453

00:32:53.365 --> 00:32:54.405 so she wears her gear.
NOTE Confidence: 0.9442453

00:32:54.405 --> 00:32:55.125 So I said, we gotta
NOTE Confidence: 0.9442453

00:32:55.125 --> 00:32:56.485 bring more people dressed in
NOTE Confidence: 0.9442453

00:32:56.485 --> 00:32:57.525 Yale gear. So we brought
NOTE Confidence: 0.9442453

00:32:57.525 --> 00:32:59.125 Stephanie and Tucker. Mark was
NOTE Confidence: 0.9442453

00:32:59.125 --> 00:33:00.085 a visiting student. So we
NOTE Confidence: 0.9442453

00:33:00.085 --> 00:33:01.125 all got, some tickets, and
NOTE Confidence: 0.9442453

00:33:01.125 --> 00:33:01.725 we had a good time.
NOTE Confidence: 0.9442453

00:33:01.725 --> 00:33:02.245 It was a lot of
NOTE Confidence: 0.9442453

00:33:02.245 --> 00:33:02.745 fun.
NOTE Confidence: 0.98957825

00:33:04.049 --> 00:33:04.950 Following week,
NOTE Confidence: 0.85021806

00:33:05.730 --> 00:33:06.850 UPenn was in town for

NOTE Confidence: 0.85021806

00:33:06.850 --> 00:33:08.309 basketball games to Ellie Mansoor.

NOTE Confidence: 0.85021806

00:33:08.370 --> 00:33:09.409 He took his family as

NOTE Confidence: 0.85021806

00:33:09.409 --> 00:33:10.450 you see in the his

NOTE Confidence: 0.85021806

00:33:10.450 --> 00:33:11.730 little kids there, cute cute

NOTE Confidence: 0.85021806

00:33:11.730 --> 00:33:13.490 button. And, my family went

NOTE Confidence: 0.85021806

00:33:13.490 --> 00:33:14.289 to the game. We met

NOTE Confidence: 0.85021806

00:33:14.289 --> 00:33:15.190 up with Mike and,

NOTE Confidence: 0.911413

00:33:15.490 --> 00:33:17.090 Brett Levine from Georgetown who

NOTE Confidence: 0.911413

00:33:17.090 --> 00:33:18.215 was in town visiting us.

NOTE Confidence: 0.911413

00:33:18.215 --> 00:33:18.815 So he gave us a

NOTE Confidence: 0.911413

00:33:18.815 --> 00:33:20.015 little breakfast, a lunch lecture,

NOTE Confidence: 0.911413

00:33:20.015 --> 00:33:20.655 then we went over the

NOTE Confidence: 0.911413

00:33:20.655 --> 00:33:21.135 game. It was a lot

NOTE Confidence: 0.911413

00:33:21.135 --> 00:33:22.335 of fun. But it was

NOTE Confidence: 0.911413

00:33:22.335 --> 00:33:23.295 it was a good time,

NOTE Confidence: 0.911413

00:33:23.295 --> 00:33:24.575 and it's right downtown. It's

NOTE Confidence: 0.911413

00:33:24.575 --> 00:33:25.795 just easy to get to.

NOTE Confidence: 0.911413

00:33:25.855 --> 00:33:27.135 All the museums from Yale

NOTE Confidence: 0.911413

00:33:27.135 --> 00:33:28.415 are free. It's the public.

NOTE Confidence: 0.911413

00:33:28.415 --> 00:33:29.455 The Art Gallery Center for

NOTE Confidence: 0.911413

00:33:29.455 --> 00:33:31.295 the British Art, Peabody Museum,

NOTE Confidence: 0.911413

00:33:31.295 --> 00:33:32.415 Knights of Columbus, a separate

NOTE Confidence: 0.911413

00:33:32.415 --> 00:33:32.915 museum.

NOTE Confidence: 0.97063094

00:33:33.940 --> 00:33:35.540 Music halls, theaters, and that's

NOTE Confidence: 0.97063094

00:33:35.540 --> 00:33:36.740 just locally. It's not hard

NOTE Confidence: 0.97063094

00:33:36.740 --> 00:33:37.860 to get from here to

NOTE Confidence: 0.97063094

00:33:37.860 --> 00:33:38.900 New York or Worcester or

NOTE Confidence: 0.97063094

00:33:38.900 --> 00:33:40.500 Boston, Rhode Island, Vermont, New

NOTE Confidence: 0.97063094

00:33:40.500 --> 00:33:41.000 Hampshire.

NOTE Confidence: 0.94753605

00:33:41.540 --> 00:33:42.580 I like to go watch

NOTE Confidence: 0.94753605

00:33:42.580 --> 00:33:43.620 baseball games. So up in

NOTE Confidence: 0.94753605
00:33:43.620 --> 00:33:44.580 Connecticut, you have the Yarn
NOTE Confidence: 0.94753605
00:33:44.580 --> 00:33:45.460 Goats in Hartford, which is
NOTE Confidence: 0.94753605
00:33:45.460 --> 00:33:46.740 the Colorado Rockies, double a
NOTE Confidence: 0.94753605
00:33:46.740 --> 00:33:48.325 team. In Worcester, the Woosocks,
NOTE Confidence: 0.94753605
00:33:48.325 --> 00:33:49.524 the triple a team, they're
NOTE Confidence: 0.94753605
00:33:49.524 --> 00:33:50.164 really fun at the end
NOTE Confidence: 0.94753605
00:33:50.164 --> 00:33:50.885 of the season to see
NOTE Confidence: 0.94753605
00:33:50.885 --> 00:33:51.684 all the players that are
NOTE Confidence: 0.94753605
00:33:51.684 --> 00:33:52.725 rehabbing or going up and
NOTE Confidence: 0.94753605
00:33:52.725 --> 00:33:54.485 down, from Boston. So you
NOTE Confidence: 0.94753605

NOTE Confidence: 0.88684213

00:34:03.330 --> 00:34:04.370 world. At least Foxwoods and
NOTE Confidence: 0.88684213

00:34:04.370 --> 00:34:05.330 Manhigan's not too big in
NOTE Confidence: 0.88684213

00:34:05.330 --> 00:34:06.850 the world, within a forty

00:34:27.994 --> 00:34:28.875 They have zip lines, you

NOTE Confidence: 0.9444849

00:34:28.875 --> 00:34:29.675 know, it's a lot of

NOTE Confidence: 0.9444849

00:34:29.675 --> 00:34:30.395 fun. And if you have

NOTE Confidence: 0.9444849

00:34:30.395 --> 00:34:31.435 kids, as I do, my

NOTE Confidence: 0.9444849

00:34:31.435 --> 00:34:32.715 kids are fifteen and seventeen

NOTE Confidence: 0.9444849

00:34:32.715 --> 00:34:33.989 now. It's something we visit

NOTE Confidence: 0.9444849

00:34:33.989 --> 00:34:35.110 over many years, many times.

NOTE Confidence: 0.9444849

00:34:35.110 --> 00:34:35.750 It's a lot of fun

NOTE Confidence: 0.9444849

00:34:35.750 --> 00:34:37.270 to go to. Last couple
NOTE Confidence: 0.9444849

00:34:37.270 --> 00:34:38.630 slides just to highlight, the
NOTE Confidence: 0.9444849

00:34:38.630 --> 00:34:40.070 amazing people in our orthopedic
NOTE Confidence: 0.9444849

00:34:40.070 --> 00:34:41.510 residency program, both faculty as
NOTE Confidence: 0.9444849

00:34:41.510 --> 00:34:42.410 well as residents.
NOTE Confidence: 0.94956934

00:34:42.870 --> 00:34:44.230 We have a great crew.
NOTE Confidence: 0.94956934

00:34:44.469 --> 00:34:45.670 You'll meet a couple of
NOTE Confidence: 0.94956934

00:34:45.670 --> 00:34:47.270 our senior residents that are
NOTE Confidence: 0.94956934

00:34:47.270 --> 00:34:48.385 on our joint service, and
NOTE Confidence: 0.94956934

00:34:48.385 --> 00:34:49.425 they'll give you some tours
NOTE Confidence: 0.94956934

00:34:49.425 --> 00:34:50.225 of the campus. And we'll
NOTE Confidence: 0.94956934

00:34:50.225 --> 00:34:51.105 talk about that in a
NOTE Confidence: 0.94956934

00:34:51.105 --> 00:34:52.305 minute after I close this
NOTE Confidence: 0.94956934

00:34:52.305 --> 00:34:52.805 show.
NOTE Confidence: 0.81268483

00:34:53.185 --> 00:34:54.225 Every year there's a turkey
NOTE Confidence: 0.81268483

00:34:54.225 --> 00:34:55.345 bowl that Don Tuasen from

NOTE Confidence: 0.81268483

00:34:55.345 --> 00:34:56.805 the PD Spine service organizes,

NOTE Confidence: 0.89038354

00:34:57.665 --> 00:34:59.205 and this residence versus attendings.

NOTE Confidence: 0.89038354

00:34:59.345 --> 00:35:00.385 I got really beaten up,

NOTE Confidence: 0.89038354

00:35:00.385 --> 00:35:01.445 even though I looked bigger,

NOTE Confidence: 0.89038354

00:35:01.505 --> 00:35:03.239 they just absolutely pummeled us

NOTE Confidence: 0.89038354

00:35:03.239 --> 00:35:04.200 that day.

NOTE Confidence: 0.9672904

00:35:04.520 --> 00:35:05.480 And I haven't gone back

NOTE Confidence: 0.9672904

00:35:05.480 --> 00:35:06.600 since because I've just, I

NOTE Confidence: 0.9672904

00:35:06.600 --> 00:35:07.640 was very humbled by the

NOTE Confidence: 0.9672904

00:35:07.640 --> 00:35:08.680 physical abuse that I took

NOTE Confidence: 0.9672904

00:35:08.680 --> 00:35:09.420 by the residents.

NOTE Confidence: 0.9287854

00:35:10.760 --> 00:35:11.800 It was fine. It's something

NOTE Confidence: 0.9287854

00:35:11.800 --> 00:35:12.680 to do. And this is

NOTE Confidence: 0.9287854

00:35:12.680 --> 00:35:14.440 our formal biggest exercises that

NOTE Confidence: 0.9287854

00:35:14.440 --> 00:35:15.960 so called disputations, which is

NOTE Confidence: 0.9287854

00:35:15.960 --> 00:35:17.075 our resident
NOTE Confidence: 0.86995465

00:35:17.455 --> 00:35:18.415 graduation day this year. It's
NOTE Confidence: 0.86995465

00:35:18.415 --> 00:35:19.614 going to be in, in
NOTE Confidence: 0.86995465

00:35:19.614 --> 00:35:20.335 may at the end of
NOTE Confidence: 0.86995465

00:35:20.335 --> 00:35:21.214 a Thursday. And then the
NOTE Confidence: 0.86995465

00:35:21.214 --> 00:35:22.494 fellowship research day is the
NOTE Confidence: 0.86995465

00:35:22.494 --> 00:35:23.795 Friday right after.
NOTE Confidence: 0.9193397

00:35:24.094 --> 00:35:25.135 We usually have a visiting
NOTE Confidence: 0.9193397

00:35:25.135 --> 00:35:26.494 speaker or two, who acts
NOTE Confidence: 0.9193397

00:35:26.494 --> 00:35:27.295 as the dis one of
NOTE Confidence: 0.9193397

00:35:27.295 --> 00:35:28.575 the disputants and gives a
NOTE Confidence: 0.9193397

00:35:28.575 --> 00:35:30.060 distinguished lecture. So it's a
NOTE Confidence: 0.9193397

00:35:30.060 --> 00:35:32.080 really nice, faculty, great tradition,
NOTE Confidence: 0.9770504

00:35:32.860 --> 00:35:33.820 and it's a wonderful place
NOTE Confidence: 0.9770504

00:35:33.820 --> 00:35:35.260 to be. So I thank
NOTE Confidence: 0.9770504

00:35:35.260 --> 00:35:36.380 you for watching the video
